

Even though the greatest message the people of the world will ever hear is that they can KNOW GOD here and now and receive Divine Guidance for their personal problems and the problems of the world, what I am divulging is NEWSWORTHY!

- 1) A prevalent genetic trait that is the number one link to all ailments globally (affects hundreds of millions of people) now popularized as rare – “Wilson’s Disease”. When I state all ailments, I mean just that! #1 genetic link to all physical disabilities and terminal illnesses, #1 genetic link to all “psychiatric” conditions and emotional disabilities. How? Because the blood is compromised! Inefficient blood function causes death/malfunction of every organ of the body! Heavy metal toxic build up does the same because the blood can’t keep up with cleansing the body and all organs therein, thus brain damage, hormonal imbalance, adrenal imbalances, ETC., ETC., ETC! This is a HUGE STORY that affects the entire global populace!!!! Probably one of the most important medical discoveries of the age! If people realize the blood link to LIFE and proper system function (good health), then they can start addressing the ROOT cause of the one problem rather than allowing so many to profit from their suffering and deaths by treating a wide variety of symptoms!
- 2) Eugenics philosophy is leading to mass genocide in this country and globally.
- 3) Uncontrolled, immoral capitalism (GREED) is INTENTIONALLY (and unintentionally) doing the same!

These are NOT just wild allegations but well founded research and life experience! Now is a time to get past your own prejudice and stop thinking of me negatively and objectively look at all the evidence and start investigating further into these topics yourself so that you and your children can be prepared and stand against these evil individuals that have arisen in our life times! You MUST stand together (stop societal function – mass strike by the tens of millions) every time your government tortures and murders fellow citizens and so obviously is exterminating either by negligence or (as I believe) INTENT the “less fortunate” among us! Every time you let oppressors and tyrants take your rights and lives away NONE of you are safe! We are so close to having mad hordes of armed demonic lunatics raping, pillaging plundering even in this country that I can not STRESS enough that you MUST STAND UP NOW FOR YOUR RIGHTS AND YOUR LIVES and put people in power that do not fear death and will clean up the corruption in all branches of our government! (and restore our GOD GIVEN, Humanitarian and Constitutionally protected rights)!!!

I realize everyone’s time is precious, but THIS IS SOMETHING WORTH LOOKING INTO! SPEND YOUR PRECIOUS TIME RESEARCHING THESE DVD’S AND THE TOPICS RAISED IT JUST MAY SAVE YOU OR SOMEONE YOU LOVE AND CARE ABOUT FROM DEATH OR FATES WORSE THAN DEATH!
