

Ideas

I. Solutions – see www.blastthetrumpet.com for more

A. Economies

1. Premises

- a) Global is dependent upon strong national GNPs*
- b) National is dependent upon strong state/provincial GNPs*
- c) State or Provincial is dependent upon strong Local GNPs*
- d) Local is dependent upon strong business entities and individuals*

(1) All economies are based on providing needed or perceived necessary products and services

(2) Proverbs 8:12 Individual innovations leads to continued supply of needed products and services

(3) All economies are dependent upon Wisdom; Wisdom comes from GOD (James 1:5,17) therefore strong economies on all levels are based on individuals KNOWING GOD and praying for WISDOM!

2. Remedies

- a) Know GOD! (Jer 31:31-34; 29:11-13; Acts 2:38,39; Jn 14:26; 1Jn 2:27)*
- b) Pray for Wisdom (James 1:5, 17; Proverbs 8:12)*
- c) Provide a needed or desired product or service!*
- d) Do away with all taxation!*

(1) Taxation always has been and always will be oppressive and unnecessary!

(2) Citizens should demand of their governing officials to print currency as necessary for the nation's solvency and governing operations without demanding tribute from them at all!

(3) The IRS should exist in the future as an accounting service to the public for all revenues brought in by the natural resources, energy providers and utilities owned by the people, managing the operating costs of all public servants in all aspects of government, all branches, all levels, all public service entities giving posted annual accounting of all revenues and expenditures, providing true and accurate profit and loss statements to the public for all governing operations; clearly itemized and available publicly in printable format via the Internet.

(4) No more taxes include real property taxes! Never again should citizens lose their home and lands to extortionist governing corrupt officials! All revenue for governments on all levels come from the natural resources provided by GOD for all mankind and those services such as energy and utilities that should be owned and managed by the people! (All citizens working in those fields become regulated public servants)

(5) No more taxes means no more estate taxes! Intestate situations should be eliminated altogether by mandating annual revisions to last will and testaments for all citizens of legal age to designate such; and real properties should fall by law to the beneficiaries so declared by legal mandate and sealed by the same encryption methods that secure legal tender internationally. Public servants in the form of legal executors that are authorized by the people to open such sealed records upon the demise of the benefactors such that it is impossible any longer for insurance companies to avoid paying on policies needs to be implemented immediately. (Sealed Wills, Testaments, and Life Insurance Policies will save some benefactors from being murdered by perspective beneficiaries as no one will know if they are a beneficiary with this method unless the benefactor trusts them enough to tell them personally.) The public servant executors would only be authorized to open such sealed legal documents in the presence of the beneficiaries listed on the first document opened. (In other words the first page of such legal declarations would simply list the beneficiaries who would then be notified by law to appear for the opening of the rest of the declarations and policies) Only by confirming identities of the beneficiaries such as by registered finger print scan, or retinal, or voice or whatever standard becomes the secure standard of practice in the 21st century and beyond; could the rest of the documents be opened; such that beneficiaries know that no tampering of the deceased' declarations occurred. For non-compliant citizens that still die intestate; possessions and properties should fall to charitable organizations designated by the people or the proceeds from such government sales clearly declared by the annual accounting statements by the future services of the IRS who monitors all aspects of government and governing officials; NOT the people! Public servants must be virtually incorruptible; otherwise the masses inevitably SUFFER and die!

e) Citizens should demand all natural resources are to benefit all citizens equally! (Fund all agreed social services like education, police powers, correctional facilities, fire prevention, water, sewage, healthcare, etc.) Taxes are unnecessary! Funding for all social services is the prerogative of the people empowering citizens from among themselves to govern them and provide these services by minting currency as necessary to maintain all such agreed operations!

f) Free your thinking from brainwashed, slave mentalities! Governments do NOT exist to rule over, oppress or dictate to the masses; but to SERVE them! You tell them how you want your quality of life to be! NOT the other way around!

(1) Elected Officials salaries must be approved by the people by popular vote! At the highest levels to attract the most qualified citizens the pay should be commensurate; but the elected officials should NOT be able to grant themselves raises without public approval and any public officials taking bribes of any kind (monetary, services, sex or anything at all) should be permanently barred from holding public office; have their assets liquidated to benefit common services after paying any respective victims, and find themselves working as an indentured servant to the public who are the ones that are inevitably ripped off by political and plutocratic corruption.

(2) Absolutely no bribes, kickbacks, or incentives to pass laws favoring wealthy contributors which always comes at the expense of oppressing the poor masses! (Increase the penalties until corrupt politicians and the bribers are either all in prison, working as indentured servants to the public or if that fails to correct the problem increase the penalty to capital punishment because their oppression leads to the death and destruction of many)!

(3) No public service is to be extracted from the working masses in the form of taxation or any other tribute to elected PUBLIC SERVANTS! Instead those persons elected to govern or working in the fields of agreed social services have their salaries approved by the rest of the citizenry by regular annual public votes with the cost of living clearly known in the process! (This would give the public regular chances to address minimum wage; for if your politicians didn't grant the public a livable wage, then citizens could mandate they have to work for the sorry slave wages they think others deserve!) All funding for all social services are provided by minting currency as necessary for all such operations and the natural resources sold to manufacture products and services in behalf of the masses! (Thus the billions being pocketed by a few greedy individuals claiming ownership of all the oil, all the coal, all the trees, etc. would be profiting all citizens equally in the form of high quality of life as everyone would have the RIGHT to all publicly agreed social services!

(4) Even quality education and health care could be paid by the proceeds of natural resources and by the will of the people to mint currency as necessary to pay all associated expenses! People just have to agree to make it so! All of society benefits because as long as people show the aptitude and attitude they could choose the profession of their Divine calling; no longer dependant on personal or familial resources to pay exorbitant private education fees; only dependent upon each individual maintaining the standards set by society to pursue education for that particular trade or profession! (In my opinion all healthcare providers should be required to maintain at least a 3.7 GPA (out of a 4.0) in their fields of specialization and at least 120 hours annually of current education; as people's lives are at stake and individual errors result in lifelong tragedies, agonies, and even death of their patients!)

g) Citizens must unite for their common welfare to change the world in which they exist for the better. (Universal Unions with firms of attorneys representing workers' rights against employers publicly funded through the proceeds of natural resources, energy and utilities and the empowerment of minting currency as necessary to cover citizens public rights; including legal representation against the greedy megalomaniacs of today that have amassed so much wealth the poor no longer have a legal voice in civil or criminal arenas.)

h) Citizens must make sure all other citizens are obedient to God's Instructions or they will be cursed according to Deuteronomy 28 and 1Tim 1:8,9; this includes becoming impoverished!

i) Citizens should demand that there be no public trading on commodities! (and in my opinion the entire stock market should be done away with)

(1) Investors speculate on grain prices driving it higher and higher until the poor are literally starving to death; so the masses should demand of their governments that a portion of land belong to the masses to grow affordable staples sufficient to provide daily nourishment for the entire population! Subsidize the farmers as necessary to keep staples affordable for the poorest members of society so no one is starving and yet the farmers working for the people are receiving commensurate income with the private sector.

(2) Investors speculate on oil which is a resource that currently drives the price on virtually all other products and services for all developed nations.

(a) Oil (and all natural resources) must become essentially owned by the people and social workers in behalf of the people harvest it, refine it, at salaries set by the people just like salaries set for politicians, law enforcement, firefighters, teachers and in my opinion should become for healthcare workers and persons dealing with the harvesting and refining of all natural resources (I know people working in these professions dread such an idea; but how many in these professions today don't get paid in a so called "free market" and do you really think the public will underpay persons responsible for their health, safety, welfare and their very lives? Have faith in the innate human desire to live and live well! None of these professions would suffer by socialization and the public making sure quality professionals are rewarded with incentives for providing quality services and products!)

(b) Prices are then set by annual vote of the public and with respect to the poorest members of society; not by a few wealthy individuals' literally driving people out of their homes to starve to death in their unbridled greed! The poor uninsured masses are turned out in the street to die; even insured persons are told what treatments are covered and which are not; whether or not it is in their best interest. Socialized medicine as a right of all citizens would insure that quality health care workers remain in practice while those who are not would be fired! (Because the system would include annual public review of all public servants and the compilation of citizen surveys for all serviced by each public servant made public in a database for easy viewing on the Internet. That is, the public should have the absolute right to know the quality of service being provided by their public servants(especially health care workers that citizens have to trust with their very lives) based on mandatory reviews of all citizens coming into direct contact with those public servants) In addition, no one would be left to suffer and die and all could choose the treatment of their choice by mandating the creation of an International database of all known ailments; diagnostics, treatments and the success rate of recovery for each together with the absolute right of all citizens to choose the treatment of their own personal desire based on those statistical facts and all such treatments are covered without exception! (even those considered "alternative medicine") (see www.blastthetrumpet.org for more details)

(c) Trade only such commodities as are unable to be produced locally; avoid shipping costs as much as possible by planned demographic development that mandates all future residential structures are as self-sufficient as possible; and by creating urban tiered farming and ranching (reduce petrol needs until solar; hydro-electric conversion of all transit occurs)

(3) Doing away with publicly traded stocks and huge multi-nationals has the following benefits

(a) Currently investors often throw money at entities expecting profitable returns without conscience reflection as to how those profits are generated; history now proves this results in slave wages; poor working conditions; lay-offs; excessive work hours; unpaid hours; lack of benefits; and destroys economies making a few wealthy people very wealthy by consolidating profits in this manner while the masses become impoverished slaves; in addition many entities are so large they place or bribe corrupt politicians that enable them to charge ever higher fees to the oppressed masses and break ever more laws without consequence often causing lifelong illnesses and death as they cut costs such as adhering to environmental regulations

(b) Where there is no accountability there is crime! Publicly traded stocks enable personal profits without personal accountability; it fundamentally leads to criminal behavior; exploitation of every kind; and brings out the worst in human nature – pure greed even though it means the suffering and deaths of millions if not billions of citizens worldwide as a result

(c) If the only way to increase ones wealth was to continue to provide products and services; it would force wealthy persons to continuously innovate and employ people.

(d) If huge multinationals are done away with and all business must have conspicuous persons posted responsible for all operations and working closely with all employees as these owners and upper management officials would be criminally and civilly liable for all actions of entity owned then it forces once again the connection between the common laborer and the white collar owners and managers and thus better pay and quality of life results. When ownership is some detached investor; it is easy to pay slave wages; but when owners and upper management are personally and conspicuously liable for all products and services of the entity and actually see the employees at work it is not so easy to treat them like slaves. Furthermore, when profits are dependent upon producing high quality products and services; as opposed to cutting corners at the expense of the workers, all society benefits. Individual entities, small business, and conspicuous accountability is a must! Laws should mandate all owners/CEOs have to personally meet with all their employees at least annually face to face and spend at least 4 hours in every position annually (as long as their health allows) the entity has working as their employees do. If the entity becomes so large that this becomes impossible then it has become too large. Frankly, the business model I prefer over all others is employee ownership.

(e) When only a few enormous entities exist; it enables corrupt political ties more easily. Monopolies owned by a few ultra wealthy individuals can be coerced by corrupt politicians to do things such as spy on citizens, ignoring the 4th and 14th amendments of the US Constitution (as has already occurred with certain telecoms and the illegal executive orders created primarily during the terms of George W. Bush) Government controlled propaganda is also the result; causing an ignorant and brainwashed society as has occurred in virtually all nations; including the United States as so much of what we see on the networks is censored. (Like the news stories of the millions of Americans that have died in hospital caused deaths, the prevalent genetic trait that leads to all known serious to terminal conditions (causing the pharmaceuticals to make billions in profits due to this willfully created public ignorance); and even such simple stories as the disabled cruise ship which was caused by an EMP missile attack that the public was kept in complete ignorance of; or the oil drilling disaster in the gulf which was also an attack by foreign powers the US public was kept in ignorance of; or the 911 treasonous and murderous act of US officials against US citizens that the public has been intentionally lied to by the corrupt politicians controlling the media (over 98% of all media is now owned and controlled by only 6 entities in the United States); etc. etc. etc.). Diversification; competition and redistribution of wealth and independent media rights; ensures more people have more of an opportunity to resist coercion, bribes and alert the public to dangerous political corruption! (see www.blastthetrumpet.org for more news worthy stories that have been censored by corrupt US government controlled major media.)

j) All government contracts MUST be OPEN to bids from the private sectors of the public at large and Correctional Industries consisting of prison labor should be regulated only to such associated tasks as the private sector is unwilling to do (such as cleaning litter from highways) but printing government brochures, constructing public park benches, fashioning license plates or any other service the private sector of the public is willing and able to do must again become bid to citizens not being punished for bad behavior. Correctional Industries has become a multi-billion dollar enterprise and a few crafty businessmen and corrupt politicians have gotten wealthy off robbing the private sector of these contracts and employing the modern slave population of the huge penal colonies in the United States now. What would be a better use of prison labor is working with charitable organizations like the red cross; or disaster relief efforts; some noted examples are the refitting of discarded wheel chairs, crutches, other medical equipment, manufacturing blankets, emergency supplies, which will become more necessary if nations continue to depart from GOD and His Instructions in the Holy Bible; as more and more "natural disasters" will result. Prisoners that have reached trustee status should continue to assist in wildfire and other disaster relief efforts to alleviate costs of such needed social services in times of crises that the private sector does not have enough workers to handle.

k) Stop brainwashing innocent little children with the metaphysical, fictional concept of evolution. Teaching little kids that they came from pond scum and monkeys instead of the Truth of the Creator of the Universe is causing massive ignorance, degradation of character, degradation of quality of services and products universally and destroying the economy thereby.

(1) Fossilized footprints of dinosaurs and homosapiens have been found literally embedded in each other; so dinosaurs and man existed simultaneously and the theory that they became extinct millions, tens of millions, hundreds of millions of years ago is factually; scientifically disproven by this evidence set in stone

(2) Living dinosaurs have been found that were thought to have been extinct for hundreds of millions of years like the coelacanth and strong evidence exists that Plesiosaurs or similar creatures have also been found living in the 20th century.

(3) Artifacts and newspapers exist showing many varieties of dinosaurs existing simultaneously with modern man in recent history.

(4) Living animals fit the description of dinosaurs in all respects; but because they are living they are not given such fancy scientific names by the religious extremists; ludicrous acolytes of the theory of evolution; such as alligators, crocodiles, rhinos, horseshoe crabs, and an almost endless list of species that if they were extinct would be considered as one of many on the fictional “evolutionary tree” as dinosaurs, pre-historic, Cambrian, pre-Cambrian, etc. incorrectly labeled, classified, dated and documented species. Of course, when you can brainwash someone by showing them animations of how they came from an explosion of something that came from nothing, of inorganic chemicals that spontaneously generated into a life form with all necessary aspects to live, reproduce, and then spontaneously mutate into more of the same again with all such necessities to sustain life and reproduce even that singular mutation; and then to suddenly mutate from single celled life forms to multi-celled; with all the necessities to sustain that mutation and reproduce (together with the inherent knowledge to do so) and so on until they show a cartoon of pond scum, turning into a tadpole; turning into a four legged land animal; turning into a monkey; and finally “presto-boomo” little, pond scum for brains, beings; just like them! With that kind of monumental brainwashing it’s no wonder we have a decline of quality of character, sound knowledge, wisdom and understanding, a decline in sanity, a decline in happiness and wellness, a decline in stable marriages and families and society as a whole; and a decline in products and services across the board. Yup when you can get an innocent little kid to believe that mountainous load of crap; you destroy their ability to think critically altogether and even innovation ceases. The standards of education in America have gone ever lower trying to keep up with the ignorance that has resulted from teaching little kids that completely fictional; scientifically disproven load of crap called “the theory of evolution”! If America is to regain its glory and pre-eminence in products and services (again have a populace of happy, stable marriages and families and people who take pride in their work) then public education should return to the Christian Church; not the state and the Primary Text Book needs to once again be the Holy Bible! Yes; we need to return to GOD and return to our public education system as it was founded to be in this country mandating that all citizens should know what the Word of God contained in the Holy Bible states as its primary purpose! The Holy Bible was the primary text book in our public education in this country for more than a century and when it was; together with reading the literary classic of

“Pilgrim’s Progress”; our nation excelled and became blessed above all nations on earth! But now that we’re brainwashing little kids by telling them they came from pond scum and monkeys; that came from the something that exploded; coming from nothing; we have fallen behind virtually all developed nations in educational standards and achievement! All fields of true and sound science; practiced by rational, intelligent, reasonable, sane persons; support Intelligent Design by an Intelligent Creator! When you study Creation scientifically it will always lead to the Creator because that is in fact the TRUTH; and the Reality in which we all exist! (the theory of evolution is NOT scientific and has not one single shred of scientific evidence to this date to support it; it never has and never will because it is factually complete fiction!)

So if you want a strong economy stop turning innocent little minds into mush by lying to them and **tell them the Truth: that they are a complex being Created lovingly, carefully and thoughtfully by GOD, the Creator of the Universe; that they each have been given gifts, talents, skills and abilities to accomplish their Divine Purpose!**

l) Citizens should take over not only the minting of national currencies, but demand one national bank that handles all financial transactions. A One Bank Solution regulated directly by the people would solve much of the exploitation of the poor and oppressed by the wealthy of today. (www.pinkoski.com)

m) Nations should come out from under the existing control of the IMF and privatized control of national monetary systems altogether. Never again allow a few wealthy persons to control national currencies and exchange rates. No nation needs to borrow money from private persons or entities and never let a few people lend to the many by this means of universal oppression and tyranny.

n) Recent NAFTA “free trade” and other influences by such persons as the WTO and Bildeburger group favor only a few ultra wealthy elites at the exploitation of the masses; turning the vast majority of citizens worldwide into an expendable slave workforce without rights and devoid of livable wages. Citizens worldwide need to form unions powerful enough to employ and retain attorneys and maintain political influence to make sure this trend toward enslavement of the masses is reversed and a redistribution of wealth occurs such that many more citizens have decent opportunities at a fair quality of life. The concentration of the world’s wealth in the hands of a few persons is highly dangerous as these persons have demonstrated eugenic philosophies in their greedy and corrupt practices of controlling nations by controlling their respective currencies. “Bankers” should therefore become public servants regulated by the commonwealth. National currencies must be controlled by individual governments that are under constant scrutiny of the public they represent and exchange rates must be dependent on whether or not nations are providing desired products or services to other nations; not set and controlled by a handful of elitists as it is this day that have openly stated they are establishing a “New World Order”. (In which these wealthy eugenicists are the lords and ladies; and the expendable masses are completely controlled by bio-chip implants linked to credits at the banks these elitists control to shut off access to by anyone they label a “terrorist”, dissident, etc.) They have stated and intend to brand all citizens globally as their slaves with the RFID bio-chip (this is the “mark of the beast” forewarned of in the Holy Bible) and will take over all agricultural commodities and potable water sources. In a cashless global economy; no one will be able to buy or sell (including your food and water) that does not submit to their “New World Order” agenda; which is enslavement and complete control of the masses via the RFID bio-chip implants linked to Internationally Regulated (IMF, Bildeburger Group) universal banking system.

o) Support nationalism. All nations need to be responsible for ensuring your citizens have the basic necessities for life; completely independent of other nations in that regard! Make sure you have sufficient staples and potable water such that your people cannot be reduced to this NWO takeover!

(1) This is possible if nations will now concentrate on desalination units that border oceans and large precipitators that are landlocked. With potable water available; then concentrate on agriculture by mandating composting of all organic wastes and developing bio-diversity appropriate for your region and growing seasons.

(2) Nations that are wise enough to have leadership that makes the laws of GOD found in the Holy Bible their laws; will be shown by GOD where undiscovered natural resources are and the citizens will be given Wisdom that will cause that nation and its inhabitants to prosper; no matter how small and/or impoverished it is today. Governments under GOD; our Living LORD JESUS CHRIST, have the Old Testament laws to convict of crimes and designate criminal and civil justice. All convicts are to be given the opportunity of Mercy under the New Testament. If the convict elects Mercy they are to be disciplined by Holy Ghost filled elders. Until that individual also is filled with the Holy Ghost, they are to be under close discipleship. Anyone rejecting Mercy; is to be disciplined EXACTLY as GOD states in the Old Testament. Any nation that makes laws and consequences contrary to GOD's Clear Instructions in the Holy Bible is in rebellion against GOD and our Lord Jesus Christ. All such nations will now be receiving judgments of all the curses written in Deuteronomy Ch. 28 ("natural disasters", diseases, death and destruction) increasing in severity and rapidity until you either Repent and Receive the LORD JESUS CHRIST and follow His Instructions contained in the Holy Bible or perish in your willful rebellion against the Instructions for Life; the Lord our GOD, our Creator.

(3) Any nation murdering, oppressing, invading other nations strictly for selfish greed and control of natural resources is demonstrating to the world their leaders; controlling their military, are under the influence of the spirit of anti-christ. All other nations should unite against such aggressive, imperialistic, destructive greed and universally cease any trade or other agreements that benefit such a nation until it's people are able to again have honorable persons in their positions of public service; government.

(4) Any nation persecuting Christians, or desirous to murder Christians and Jews are demonstrating to the world their leaders are under the influence of the spirit of anti-christ. All other nations should unite against such a nation(s), seek to correct peacefully if possible by encouraging citizens worldwide to have only persons filled with the Holy Ghost in positions of public trust, power and authority!

(5) Any nation embracing the abominations listed in the Holy Bible (the Torah, Leviticus 18, (Numbers 5:11-31 needs to be implemented to stop all the whoredoms and adulteries)); such as nations that are now legalizing homosexual unions; while simultaneously making criminal laws against “hate speech” to include even reading the text contained in the Holy Bible is demonstrating willful and open rebellion against GOD, the LORD JESUS CHRIST, and it’s people and entire nation are on the verge of complete destruction such as the ashen ruins of Sodom and Gomorrah that exist to this very day as a warning to us all not to become as wicked, perverse and corrupt such that you punish Christians while embracing every form of sexual perversion! All nations should beware of becoming this corrupt such that you insanely bring about your own decimations! The Holy Bible records “there is a way that SEEMS right to man, but the end thereof are the ways of death.” And nations equivocating homosexuality or any other choice of who or what you choose to sexually engage with; or any choice of action with inherent genetic traits of race, or other choiceless facts of life such as when a person is born (age), or where they are born (nation) are falling into this category! It may SEEM right to embrace sexual perversion; especially in a culture where pleasure has become everything; but it will only result in your utter ruin! Anti-discriminatory laws violating the First Amendment or any laws in the US that have been created that are unconstitutional are unenforceable. The US and all nations have to ask themselves do you want to be blessed or cursed? Do you want to live or die? When a nation makes laws so contrary to God’s such that they embrace crimes worthy of capital punishment; then that nation is ripe for destruction; judgments will now be increasing upon the United States and all nations that wickedly depart from Almighty God and His Instructions for Life! If you do not repent and place only leaders full of the Holy Ghost and return to teaching your children the Instructions for Life contained in the Holy Bible; judgments will increase in severity and rapidity until you do. If you still rebel as a nation; increasing weapons for the purpose of oppressing the masses, invading nations, greedily consuming, making laws embracing abominations, making movies violating all the instructions for life and celebrating all that is expressly forbidden (Torah, Leviticus 18) in unbridled greed and sexual immorality, then judgments will be poured out upon you with Vengeance! If you punish God’s Messengers (Christians (body of Christ), Israelites, Jews (body of Moses); (Many descendents of Ishmael are in the Islamic religion; thus many Muslims represent the body of Ishmael); all

Israelites and Jews practicing the Torah devoid of Faith in the One and Only Messiah, YAHOSHUAH, represent the body of Mosiah (Moses) it is time they ALL found freedom in the Faith of the common father, Abraham such that Israel and Ishmael are reconciled and unite against the spirit of anti-christ that seeks to destroy you both; cease to embrace leaders who are at enmity with Christianity and the Israelites; all such persons are under the influence of the spirit of anti-christ regardless of what religion, philosophy or traditional world view they claim for themselves)) for telling you the Truth; not just judgments but Divine Vengeance will come upon you in the sight of the whole world!

(6) Nationalism until the return of the Lord Jesus Christ is essential for maintaining “checks and balances” which ultimately is between the Spirit of Christ and the spirit of anti-christ. Just as the solution for a strong economy is the competition of an honorable free market that motivates constant innovations and improvements in products and services; so also do nations refine and improve each other in this manner. The NWO seeks to unite through control of each citizen through the RFID bio-chip implant linked to the NWO cashless monetary system. This move of centralization by these ultra-wealthy eugenicists is the clear and overtly prophesied rise of the anti-christ and should be resisted on all levels by all persons loving freedom and GOD! Christians need to stop fantasizing of floating off the planet and realize they are here on earth during a time of open warfare and persecution by these wicked and greedy persons under the influence of the spirit of anti-christ. Christians in the USA and all who love freedom must NEVER give up the right to bear arms until Christ returns and establishes His Glorious Kingdom on earth! Not just your lives depend on receiving Jesus Christ and resisting the anti-christ and his perverse, depraved and degenerate followers; but your welfare and that of your children! Satanists, satanism, cannibalism, vampirism is on the rise in the USA and being practiced by members of the United States government; including child molestation and sacrifice, molech worshipping and other such demonic activity that will lead to open torture and murder of Jews and Christians in this nation, and the enslavement of all other citizens through the RFID bio-chip implants. This activity must be addressed and arrested NOW in this nation! Shine the light in all the dark places out of public sight! (Pentagon, CIA, FBI, military, Bohemian Grove, Orion, MK-Ultra, prisons, mental wards, graveyards of such as die in these places need to have remains exhumed which will prove these atrocities are going on; there are real “Hannibal Lectors” loose in hospitals now that are taking human flesh off murdered victims in addition to all the illegal organ harvesting going on in the process. These types of atrocities are being actively covered up by organized satanism; as there are now members in various levels of government, agencies and police departments and controlling the media, from shining the light exposing these dreadful atrocities occurring in our nation now and must be stopped if the United States is to remain unto the coming of our Lord and Savior Jesus Christ from being annihilated and incinerated and if Christians don’t want their homes invaded by satanic maniacs that will rape your wives and children in front of you. NEVER give up the right to bear arms until Christ returns and stop pretending these things of

which I write are not occurring by choosing to remain willfully ignorant!

(a) Join me now in placing pressure on the media to shine the light on all the "secret" places in our nation and any place off limits to the media must be told to the public; there is no greater threat to an economy, the health and welfare of people and the nation than these types of excessive evil practices

(b) Join me all Holy Ghost filled persons in active spiritual warfare!

(i) In the Name of JESUS CHRIST (YAHOSHUAH THE MESSIAH), address every xxx store, every satanic church, every structure that houses foul and unclean spirits. Face these structures and say, "In the Name of JESUS CHRIST (YAHOSUAH THE MESSIAH), I tear down this stronghold of darkness and evil and let a meeting place for Holy Ghost filled citizens be erected in its place!"

(ii) In the Name of JESUS CHRIST, Let the Spirit of Repentance come upon the citizens of the United States and the whole world now; followed immediately by the Holy Ghost; let the lies and deceptions of the anti-christ cease now and forever; let Truth prevail and expose all the acts of darkness and those who are doing atrocities such as satanism, cannibalism, vampirism, (and ARREST these evil doers immediately). Let the darkness be exposed by the Light everywhere and let all practicing wickedness either repent now or be arrested spiritually and physically; immediately!

(iii) In the Name of JESUS CHRIST (YAHOSHUAH THE MESSIAH), I command every foul and unclean spirit to come out of our nation's leaders and to be silent! All you devils are not allowed to move upon anyone or anything to do evil of any kind! I bind you all and cast you out of the heavens once and for all! You are not allowed to touch, harm, move upon anyone or anything to do harm or evil to the Children of GOD! I cast out the spirit of anit-christ out of this nation! It was founded upon the Gospel of JESUS Christ, sound Wisdom, Knowledge and Understanding; so let the people return of one accord to the One True GOD and Creator of the Universe now! And Let the United States remain a haven for freedom! For justice! For Righteousness! For God's people! For the distribution of the Gospel of Jesus Christ and Holy Bibles throughout the nation and the world! Let all citizens see the evil of the RFID bio-chip implants and refuse and reject the mark of the beast! Let the "New World Order" fail and fall in its conception and practice! And instead; Let the Kingdom of GOD come in all its Glory upon the earth; the world entire!!!!!!!!!!!!!!

(iv) In the Name of JESUS CHRIST (YAHOSHUAH AM MESCHIACH), I bind all powers and principalities of darkness and command them to depart from the United States and whole world now and forever!!!! Let the darkness be forever bound in the Abyss and no longer loose in the heavens or earth! Let all such concepts of wickedness forever depart from the hearts minds and souls of mankind and instead only imaginations of righteousness, honor and praiseworthy notions of every kind abide forever!

(v) In the Name of and to the Glory of the LORD JESUS CHRIST (YAHOSHUAH AM MESCHIACH), Let all the nations, all the people of the whole world shout of one accord, "COME, LORD JESUS, COME!" until He Returns to earth in all His Glory! Amen and Amen!!!!

(vi) *In the Name of YAHOSHUAH AM MESCHIACH, let all who Love GOD; join me now in shouting, "The LORD rebuke thee, satanil" for concerning the body of Moses (those thinking salvation comes through adherence to the Instructions (Torah) given to Moses by GOD); it is time they all recognized the One True Messiah, YAHOSHUAH AM MESCHIACH (commonly known in English as the LORD JESUS CHRIST)! And let all who Love the LORD join me in shouting yet again, "The LORD rebuke thee, satanil!" for concerning the body of Ishmael; those in bondage in the Islamic faith thinking they can earn their way into Paradise through works of the flesh and carnal will-worship. For I repeat what has been shouted by the True Messengers of the Most High GOD; saying unto the body of Moses and the body of Ishmael and to all souls everywhere; if SALVATION could come by any other person, method or means, than the ONLY HOLY INCARNATE MAN, BLAMELESS IN ALL RESPECTS, WOULD NOT HAVE NEEDED TO BE SACRIFICED ON THE ALTAR OF THIS EARTH FOR US ALL! Born of the Virgin; Fulfillment of the Law and Prophets, YAHOSHUAH THE MESSIAH, the Incarnate Holy One prophesied to take away the sins of the world; was ALONE found worthy to take our death penalty for breaking GOD's Commandments! GOD has stated ALL have sinned and fallen short of His GLORY! (ALL but ONE) Therefore let us no longer rebel in foolishness; neglecting so great SALVATION; for there is but ONE GOD, ONE LORD and RULER OF ALL! EVERY KNEE WILL BOW AND EVERY TONGUE CONFESS THAT YAHOSHUAH THE MESSIAH (JESUS CHRIST) IS LORD! Let every man, woman and child on the planet now do so to your everlasting JOY! There is SALVATION in none other! None other demonstrated and yet demonstrates to this day; that He and He alone is fulfillment of the Law and the Prophets; none other incarnated in flesh and blood; tempted in all ways such as we and yet without sin; none other was blameless before GOD and worthy to die in our place for our personal crimes against the Almighty!*

What is this SALVATION? It is to save your soul from present and lasting ignorance, apathy, evil imaginations and deeds, torment within and without; it is to save your soul from the frustration of meaningless, purposeless existence in confusion, depravity, degenerate chaos, it is to save you here and now from the darkness of insanity of self and others, from insatiable desires that destroy you in every way, and from the flames of hellfire and the lake that burns forever! It is to save you from your endless search for personal happiness and fulfillment and to bring you even NOW into the Holy Presence of the Living GOD and Creator of the Universe! To save you from the sins that separate you from communing with in holy fellowship Divine here and NOW and forever! It is SALVATION so GREAT that it sets you in every way RIGHT before ALMIGHTY GOD and enables you to learn directly from the Creator of the Universe! It enables you to KNOW and EMBRACE the LIVING GOD as your own HEAVENLY FATHER! It is SALVATION so AWESOME that you actually become one of GOD's TRUE SONS or DAUGHTERS and communicate with Him (and He with you) here and now and forever! It is SALVATION so incredible as to lift you out of the abyss of darkness, suffering and torment you are already in and set you in Heavenly Places to see the Universe clearly as it really is; to supernaturally behold angels and demons; yet to fear such devils never again having Divine Authority over them all! It is SALVATION so ineffable as to restore to you true Adamic Dominion granting you the ability to speak with animals and all manner of creatures and to understand them as well; the barrier of darkness lifted such that all creation is filled with the Light of True Understanding! It is SALVATION beyond any words to describe as you spend NOW and forever with the Eternal GOD; the Source of all Virtues, all Wonders, all that is Praiseworthy and Commendable and as you mature begin to demonstrate the Creative Power supernaturally imbued upon and within all who KNOW the ONE TRUE GOD by simply repenting of all your sins; receiving YAHOSHUAH THE MESSIAH (JESUS CHRIST) as your personal LORD and SAVIOR and

becoming filled with the HOLY SPIRIT OF GOD, THE HOLY GHOST! When that occurs; you will in fact be a new creation; no longer of darkness, confusion, apathy and ignorance, whose vile passions will only torment and destroy you in every way; but you will become a Radiant Son or Daughter of the Most High GOD here and now! You won't believe only and struggle only with your own strength ever seeking for Truth; but you will KNOW the POWER OF GOD within and upon you; aiding you and transforming your very thoughts into righteousness! You will come to know, understand and demonstrate that ALL things are possible for you who KNOW and LOVE the LORD, the One True GOD, the One and Only SAVIOR, of all mankind! (1John 5:20) Let every incarnate soul now OBEY with ACTION what is implored in Acts 2:38,39 and Pray until you KNOW beyond all doubt you have received the Holy Ghost of GOD's Promise! (John 14-17; Acts 1:8) Then KNOWING your Divine Purpose; fulfill it! Do it! JOYFULLY here and now and to your everlasting Joy when you rest from the journey of your incarnation and are ascendant with all confidence in the Grace and Love and SALVATION of our Living LORD, YAHOSHUAH AM MESHCIACH (JESUS CHRIST). Yes, all who KNOW and LOVE the LORD are no longer fearful of "death" for they know by the Spirit in and upon them; that when their journey of incarnation is over; they will ascend into Paradise and so will they ever be with the LORD; seeing Him face to face clearly in all His Glory! There is no Greater SALVATION and indeed no SALVATION in any other! (In the Holy and Omnipotent Name of YAHOSHUAH THE MESSIAH, JESUS CHRIST, I command every devil; every foul and unclean spirit to come out of; depart from and never return to torment anyone reading these words! You are not allowed to move upon anyone or anything to distract the reader from this moment and from this Prayer of SALVATION! In the Holy and Omnipotent Name of YAHOSHUAH THE MESSIAH, every foul and unclean spirit everywhere in all the world BE SILENT! And prevent not any soul who would come to know the LORD know the Truth, Know GOD from reading and fulfilling these words! Amen. And Amen!!!!!!!!!!!!!!!!!!!!!!) Won't all

who possess at least the instinct of self preservation; bow the knee with me now wherever you are and call out from your heart, mind and soul with all your strength; "SAVE ME LORD YAHOSHUAH (JESUS)! Thank YOU for dying for me, LORD! Raise me up LORD! Empower me to live a life that pleases YOU, LORD; to show my gratitude for SAVING me in every way! Remove from me every sinful and wicked way! Cleanse me from all sin and unrighteousness! Fill me with the Holy Ghost and let me KNOW YOU Now and Forever!" Then renew your mind, grow and mature spiritually by reading God's Words recorded in the Holy Bible daily and following His Instructions and Personal Guidance for the rest of the journey of your incarnation! And, if you are willing, continue in prayer with me, "FATHER IN HEAVEN; LORD YAHOSHUAH (JESUS), cause me to hunger and thirst after righteousness! Inspire my prayers, thoughts and actions to be pleasing in Your Sight! Move upon my tongue and lips to speak boldly Your Words and let not the accursed thing depart from my mouth or well within my soul! Let not any vile way have place in my thoughts, words or deeds! Instead fill me to overflowing with Your Divine Holy Will for Your Creation! Let Life and Light, Truth and Wisdom; together with all the Virtues, well within my soul like a gushing spring flowing into all creation! Let Your Saving and Healing Power be so present with me that everywhere I go souls come out of darkness and are healed of every ailment, injury, malady, birth defect and are made whole in every way to Your Glory, LORD!!!! Change me into Your Glorious and Holy Image and transform me so wonderfully that You are Pleased to Show Yourself in my life always! Have Mercy Upon Your Creation O LORD and Let Your Glory flood my soul, the heavens and the earth! Drive away the darkness forever LORD! And let the words written by Jeremiah the Prophet in 31:31-34 be fulfilled; such that everyone from the least to the greatest and greatest to the least KNOWS You LORD! Let me not love in word only; but fill me with the LOVE that You demonstrate for my own soul to motivate me and Faith to work supernaturally all my days. Cause me to LOVE what You LOVE, and HATE what You HATE with the same

Intensity as YOU, O' LORD! Grant me and all Your Children; Miracle working Faith, Inexhaustible LOVE, and the Wisdom, Knowledge and Understanding to apply Your Good Works to Your Glory; here and now and Forever! Establish me, and all who agree with this prayer before You forever and never let us stray from You, the Path of Life and Righteousness; but keep us always as Your Beloved; so will we Give You Thanks and Praise Now and Forever!!!! We know it is Your Grace and Mercy alone that Saves and Keeps us, LORD, and Your Creative Power that transforms us and empowers us; so let us never be desirous of vain glory or become prideful or arrogant as if we ourselves did such wonderful things; but let us soberly and truthfully Remember Always Your Work on the Cross; we also SAVED BY GRACE; and, as the elders, cast our crowns at Your Feet; for YOU alone are Worthy of ALL the Power, ALL the Honor, ALL the Virtues, ALL the Praise, ALL the Thanksgiving, ALL the Worship, ALL the Treasures, ALL the Strength, ALL the Blessings and ALL the GLORY; Now and Forever and Ever!!!!!! Amen; HALLELUJAH; Amen!!!!!!!!!!!!!!!!!!!!!! (Now all of you who have called upon the Living LORD JESUS CHRIST; show forth your first act of willingness to do GOD's will; and go and be baptized according to the commandment! (Acts 2:38,39) When you do, pray that the LORD Himself would baptize you with the Holy Ghost according to the Promise! And may the truly repentant and truly desirous to KNOW GOD; knowing they will apply themselves to becoming a mature disciple of Christ; be so filled with the Holy Ghost that the presence of GOD is seen within their lives in Power and Authority now and forever! (Jn 14:1-12-26; through Jn 17; 1Jn 2:27) Amen and Amen!!!!!!!!!!!!!!)

B. Healthcare

- 1. Make Wellness a Universal Right of all citizens**
- 2. Healthcare and wellness needs to be an integral part of education**

3. Create an international database of all known signs and symptoms, ailments, respective diagnostics and treatments with the statistical facts posted with each treatment for percentage of successful recovery from the ailment via that treatment. Mandate its use in all healthcare professions from general practice to specializations.
4. Optional bracelets, necklaces, rings carrying medical information can be worn alerting medical practitioners to personal living wills; or conditions that might not be so obvious; such as antibodies against the – Rh factor; (no O-blood) or genetic traits that can cause complications with various treatments.
5. Medical care along with all agreed Universal Rights can be funded by public control of renewable energy revenues, natural resources and utilities.

C. Education

1. Make Education a Universal Right of all citizens
2. Use “My Baby Can Read” method to teach all children to be fluent in at least three languages (of their choosing- recommend most influential and widespread culturally). In a global society of global trade; people need to be fluid and multi-skilled to keep up with change in demands and needs with all the change caused by innovations.
3. Identify learning styles of children and preferences through increased diversification during primary and secondary years; such that by the time students are 18 years old they can choose with guidance counselors; professional, technical trade schools; two-year colleges with professional hands on training; or 4 year or higher education. Regardless, of higher education choices; only students showing aptitude and attitude can continue. Otherwise, they are working in fields commensurate with their training; entry level general laborers; etc. Much as it is today; but the difference is no longer will students become indentured servants to wealthy persons; just to get an education; nor will families lose their homes just to put their children through college.

4. Make it mandatory that for a full year one hour class (seniors) is spent personally interviewing at least one neighborhood of retired individuals, rest home, hospice, care facility and documenting in an International database the Wisdom of Elders; with standardized questions (optional for all citizens to choose whether or not they wish to respond); such as What is the most important thought/idea/concept you would like to pass on to the world? What is your greatest regret? What do you consider to be the most important products and services today? What product or service has vanished that you wish was still present? What would you like to see invented? What is your religion? Why do you adhere to this worldview? What was your profession(s)? What did you enjoy most about working in your profession(s)? What would you like to see done about _____ (waste management, energy, food, water, sewage, air quality, environmental standards, space exploration, space colonization, creation of living wages for all, etc. (any and all matters of significant importance at that time and the near future)?

5. Increase teacher salaries to attract the best and brightest in fields and include regular visits from inventors, innovators, entrepreneurs, and large variety of professions; with a one year, one hour class, that exposes high school seniors to as large a variety of qualified professionals as possible; together with each student spending one semester in two week long internships in the field(s) they are most interested before designating their choice of professional, technical, trade schools or 4 year colleges of higher education. Minors should not be allowed to “drop-out”. If conventional class schedules are not working out for some reason; then secondary professional; trade school and life management classes need to be an alternative for teen parents, etc. For youngsters set on being rebellious juvenile delinquents; the “scared straight” program might be necessary or disciplinary measures such as military schooling. (Even so; I would like to see it mandatory that all citizens be fluent and literate in their national language and that the Holy Bible remains the primary text book in all educational settings). I would hope that each class setting begins with prayer to the One True GOD (1Jn 5:20) by choice of the people, students and instructors or facilitators.

6. Knowledge is increasing at such a rate as to necessitate lifelong continued education in virtually all fields. Skilled Professionals after 20 or more years should be required to share knowledge as instructors during mandatory continued education in their respective fields. Any innovations/inventions resulting during these annual continued education meetings; should give residual percentages to the originator(s) of all gross sales following.

II. Counsel to nations

A. Egypt

1. You are choking your own life in the physical realm by developing the delta of the Nile. In the physical world, the Nile is the life's blood of your nation; your people. If you want your nation and your people to live:

a) *Stop poisoning the Nile with your refuse!*

(1) Remove all developed structures within a linear mile of the banks of the Nile and the entire delta region! You heard me! Level and remove entire cities! Relocate into the desertified regions by:

(a) Building huge water precipitators on a scale capable of creating rivers in the desert

(b) Mandating by law composting of all animal and human excrements by your sewage treatment facilities

(c) Mandating by law composting of all food wastes by all food processing plants and restaurants and asking citizens to do the same by a national training policy and conspicuous composting turbines within easy walking distance spaced throughout all residential developments

(d) Recapturing the fertile delta and banks of the Nile for agricultural purposes; encouraging the next generation to keep it that way by implementing agricultural training, gardening, harvesting within your public education by giving each child a small patch for their personal garden each year of their primary and secondary education and grading them on the results. (Teach your children to speak unto the plants in faith saying; grow, become strong and fruitful; let your roots find water and nourishment and let no weeds or pest choke your life; etc. Teach them to not only care about the physical realm with the physical necessities; but with the spiritual faith of proper stewardship of the earth that makes for life!

(e) Take the composting material and start Terraforming as far into the desertified regions as temperatures will allow for agriculture. (Remember silver and gold will do you and your people no good whatsoever if there is no food or potable water to be had and so a nation's true wealth is not the black gold of oil; or the shiny bits of metal; but whether or not it has food and water enough to sustain the lives of its citizens!

(f) In relocating cities and developments determine which structures are worth salvaging; otherwise demolish; remove and recycle building materials; large structures can be moved with specialized systems these days; seek structural relocation specialists if you do not know how to do this

(2) Build not only huge precipitators but individual ones for homes and apartments and even atop commercial structures for as much potable water as possible from the air

(3) Build desalination units along your sea fronts and aqueducts inland from the sea for additional desalination units and sea salt processing

(4) Employ as public servants agricultural specialists to maintain the delta and Nile bank regions along with fresh and salt water fisheries respectively in the Nile and coastal regions

(5) Encourage your people in these regions to keep the Nile protected for the life of your nation and future generations by opening walking regions through herbal, medicinal, botanical gardens interspersed along the walkways of groves of regional fruit and nut varieties and agricultural crops for your staples

(6) Become completely independent of any other nation for your food and water (all nations need to do this or you will be at the mercy of megalomaniacs so greedy they will turn you all into complete slaves or laughingly watch you and your children die; as starvation and dehydration sets in and people are reduced to murder and cannibalism!)

(7) Encourage the development of tiered farming for all urban residential developers. (Mandate by law that developers building apartment superstructures need to provide within the structure composting shoots for all food wastes, recycling shoots for all recyclables, and provide a tiered farming structure that uses solar collectors and solar tubes to bring the growing season into each level. Include honey bee hives; sufficient to pollinate each tier intrinsically in the process.)

(8) Learn the 21st century process of waste incineration for energy leaving virtually no toxins in the process or physical waste. You are in a region where solar collectors easily generate enough heat to melt even metals! Make advancements therefore in solar collectors/concentrators and photo-electric power cells to lead the way in renewable energies and waste matter/energy converters!

b) The sand itself is a natural resource for the construction of solar collectors and solar farms; attract innovators with whatever incentives entice them to help your nation out! (Get knowledge, wisdom and understanding in the spiritual and physical realms; keep it always a priority!) The Middle Eastern and North African regions stand to become the world leaders of solar power and so even a small percentage of gross revenue would amount to enough to attract investors/contractors in this wise endeavor.

2. It is not enough to address only the physical self destructive path you have been on; but spiritually I call you to the Light of Truth that you may live at peace and be Blessed! Your people were blessed when Pharaoh received Joseph/Imhotep and God's counsel thereby and it is time to receive the Messengers of God again if your people would be blessed! **BE AT PEACE WITH ISRAEL AND THE GOSPEL OF JESUS CHRIST!** If you war against God's Message of Salvation; then you war against GOD! And if you do that; no matter what physical measures you take; your people will not be Blessed.

B. Israel

1. **Woe unto the nation that puts its trust in man, in weapons, in anything at all and forgets the LORD their GOD!**

a) Your salvation does not lie in alliances with any other nation or nations on earth!

b) Your salvation is not dependent on nuclear bombs or any other weapons of any kind!

c) If your people would live and not die; be Blessed and not Cursed:

(1) Reject the RFID bio-chip implants you have already started to use! Stop branding citizens! These implants are the manifestation of the mark of the beast and no matter how deceptive the lies of the spirit of anti-christ (i.e. it's for your safety and security, it will make it easier for you to identify yourself; all your medical records will be available if you are unconscious; you will be able to shop without ever having to carry a wallet, purse, money; thus also safer from robbery and mugging; identity theft, etc.) It ultimately will enslave each citizen and their very lives will depend upon submitting to the will of the anti-christ as their credits will be linked to the RFID implant and shut off at will (not able to purchase even food and water). The snake slithers in apparently harmlessly until it strikes!

(2) Your people; young people especially need to return to YAHOVAH by finally recognizing your MESSIAH! YAHOSHUAH AM MESCHIACH! As the fulfillment of the Torah and Prophets!

(3) By the spirit of anti-christ; nations will be moved by greed and spiritual hatred against you; even ones that pretend they are your friends and allies are NOT to be trusted! (Stop sharing innovations; especially military weapon's advancements!)

d) If you remember nothing else; THE LORD YOUR GOD IS YOUR SALVATION, YOUR HOPE, YOUR LIFE! No one and nothing else! In the time of trouble; He will provide food and water when there is none to be had! He will provide strategies of warfare to defeat modern battalions and fleets with earth, wind, fire and the seas themselves! GOD gives your people Wisdom above the nations round about as long as you are FAITHFUL to Him! You cannot be defeated in battle as long as your people; especially your warriors are not sinning! GOD AND GOD ALONE IS YOUR REFUGE! YOUR MOUNTAIN OF STRENGTH! YOUR FORTRESS! YOUR PROVIDER! YOUR LIFE! YOUR HEALER! RECOGNIZE! HE AND HE ALONE IS YOUR SALVATION! GIVE HIM THANKS AND PRAISE NOW AND FOREVER! YAHOSHUAH! YAHOSHUAH! YAHOSHUAH! YAHOSHUAH AM MESCHIACH! NOW AND FOREVER!!!!!!! He raises from the dead! Keeps your soul from Sheol, hell, the Abyss, outer darkness and the Lake that burns forever. Gives hope to the downtrodden and oppressed! Nourishment to the starving! Comfort to the brokenhearted! Heals every disease; ailment; malady; deformity and injury and makes whole in all respects every wounded soul! Makes even the fearful so bold as to face a whole world of enemies! Feeds the hungry; gives drink to the thirsty and lifts into Paradise all who Love Him! There is NO GOD LIKE YOUR GOD!!!!!!!!!!!!!! Let your people KNOW and LOVE the LORD by finally of one accord receiving their one and only True Messiah! YAHOSHUAH! YAHOSHUAH! YAHOSHUAH! YAHOSHUAH AM MESCHIACH!! NOW AND FOREVER!!!! GOD AND GOD ALONE IS YOUR ALL IN ALL!!!!!!!!!! YOUR EVERYTHING!!!!!!!!!!!!!! ALL YOU'LL EVER NEED!!!!!!!!!! AND YAHOSHUAH IS YOUR ONE AND ONLY SALVATION NOW AND FOREVER!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Amen and Amen!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! HALLELUJAH!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!AMEN!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

TRULY, THERE IS NO GOD LIKE THE GOD OF ISRAEL!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! MAY ISRAEL AND ISHMAEL FIND PEACE IN THEIR COMMON FATHER, ABRAHAM, NOW AND FOREVER!!!!!!!!!! ABRAHAM BY FAITH RECEIVED FROM YAHOVAH THE BLESSINGS THAT HAVE MADE YOUR DESCENDENTS GREAT TO THIS VERY DAY. LET THEREFORE, THESE BROTHERS CEASE TO WAR WITH EACH OTHER;

FOR A COMMON ENEMY ARISES TO GREEDILY DESTROY YOU BOTH! LET ALL WHO LOVE GOD JOIN TOGETHER AGAINST THE SPIRIT OF ANTI-CHRIST NOW RISING IN PERSONS SO WICKED, GREEDY AND SELFISH THEY WOULD ENSLAVE THE WORLD AND DESTROY ANY PEOPLE AND NATION THAT GETS IN THEIR WAY! LET ALL WHO LOVE FREEDOM REJECT THE "NEW WORLD ORDER", THE RFID BIO-CHIP (MARK OF THE BEAST), AND THE WICKEDNESS OF GREED AND CORRUPTION IN ACCEPTING BRIBES FROM THEM AND THEIR LIES TELLING YOU WILL GET A POSITION OF POWER IN THE NEW WORLD ORDER IF YOU ONLY ACQUIESCE TO THEM AND THEIR INSANE DESIRE TO RULE THE WORLD! LET ALL OF THE FAITH FACE THIS WICKEDNESS TOGETHER OF PERSONS SO DELUSIONAL THEY WANT TO TAKE THE PLACE OF GOD ON EARTH AND ENSLAVE YOU ALL!!!!!!! BE NOT DECEIVED! BOWING TO THE WILL OF THE PERSONS OF THE "NEW WORLD ORDER" WILL BE SUBJUGATING YOU AND YOUR CHILDREN TO COMPLETE SLAVERY TO THEIR WHIMS! IT WILL NOT BE FOR YOUR SAFETY AND WELFARE BUT FOR YOUR LIVES! ALREADY THEY ARE TURNING YOUR SONS INTO GIGALOS AND YOUR DAUGHTERS INTO PROSTITUTES; NO GOOD THING WILL COME OF RECEIVING THE MARK OF THE BEAST (RFID IMPLANTS); OR THE PERSONS NOW FORMING THE "NEW WORLD ORDER"! LET EVERYONE, EVERYWHERE, NOW COME TO KNOW THE ONE TRUE GOD AND CREATOR OF THE UNIVERSE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! YAHOSHUAH! YAHOSHUAH!!! YAHOSHUAH!!!! YAHOSHUAH AM MESCHIACH!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! FOR GOD AND GOD ALONE IS FIT TO RULE HEAVEN AND EARTH; THE UNIVERSE ENTIRE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

C. Japan

- 1. You have the resources, technology, and self-disciplined, motivated people to construct the first successful prototypes of wave generators set at a distance to trigger tsunami retainers and wave bafflers in emergencies; that will save lives and billions of dollars in damages to infrastructure**
- 2. Wave and wind generators can be improved to a standard that replaces all nuclear generators and any other bio-hazardous method of generating energy; lead the way in these improvements, by leading your already disciplined society to the One True GOD and away from religious traditions that cannot save! The Creator of the Universe will then give you knowledge of innovations in these areas and more!**
- 3. Lead the way in wave baffling technologies, artificial reef creations in the process; use naturally growing sea forests as much as possible**
- 4. With limited land mass; consider expansion via carbon nano-tubes into a portion of the population that resides and manages the man-made reefs, baffles, sea farms, hatcheries and fisheries that should be massively underway now and into the 21st century addressing global hunger.**

D. United States of America

- 1. Return to your Christian Heritage Proudly**
- 2. Investigate and hold the treasonous and murderous public officials of 911 accountable.**
- 3. Apologize to the world for selfish greed motivating wars for oil; the slaughtered innocent civilians; rebuild those nations; give them the right to govern themselves and their own natural resources**
- 4. Stop policing other nations until your own internal corruption in all levels of government and law enforcement has been dealt with.**
- 5. Christians in America; take the Gospel to each house; every town or city that rejects the Gospel of Jesus Christ; leave from; shake the dust off your feet!**

6. “Christians” in America, will also be receiving the Divine Judgments coming upon the ungodly as long as you continue to compromise your life in ungodly practices; sinful ways as Romans 1:21-32 speaks so clearly of. Until God’s people stop playing with pornography, committing adultery, sinning in every way like unbelievers, greedy, covetous, ambitious, and in all ways no different in practice of their way of life from heathen, the people will continue to suffer judgments in continued increase in severity and rapidity; upon your nation, including those claiming to be “Christians” but in no way acting like such. Only when God’s people fulfill what is written in 2Chronicles 7:14 will the USA again rise up blessed in all respects.

7. Restore public education with the original intent to make sure every citizen knows what GOD states as the Instructions for Life contained in the Holy Bible!

8. When all citizens know the word of God then your politicians and law enforcement will not be so corrupt that they commit false flag operations like 911; accept bribes to allow rapists, robbers, murderers, pedophiles, drug dealers etc. to get away with their crimes at the expense of innocent victims lives! They will not be so deceitful that they lie to the whole world in order to invade nations and rob those people of natural resources for their own personal greed and ambitions to rule the world!

9. As long as you as citizens are remaining willfully ignorant of these crimes and oppressive, imperialistic measures, don’t whine to GOD when judgments come upon you all to humble you for your greedy, selfish, bloodthirsty ways!

10. Stop shedding innocent blood! Military bases in the majority of nations on earth! Using weapons of mass destruction on others while publicly disdaining their use for political purposes, slaughtering infants and even funding the murderous institutions ripping babies limb from limb, making millions to suffer and die if you want their oil or anything of value from them; (instead of peaceful coexistence and trade negotiations), inciting wars and riots in nations that don’t favor your imperialistic agenda, spending trillions of dollars on weapons and distribution of such worldwide, leaving chemical toxins, bio-hazards, radioactive materials, mines, to cause loss of life, birth defects and unimaginable human suffering as your footprint of death and destruction for decades now upon the planet, embracing the murderous rich and wealthy, blaming the poor and innocent, enslaving the masses and in all ways turning what was once a great nation founded by the Wisdom, Knowledge and Understanding of GOD and true Christians, into a filthy stench in the presence of GOD and the whole world in your degenerate debauchery and GREED!

11. May the true Christians now within your borders be strengthened and empowered mightily to do supernaturally the will of GOD so gloriously, that this trend in America towards perverse evils and greed of every kind is stopped immediately and America ends far more glorious than she began instead of falling into ruin and corruption (due to individual sin and depravity of the masses) like all other empires that have ever existed on earth!

12. It is amazing how Americans trumpet their generosity worldwide that really have not contributed to the altruistic outreaches themselves! Most all charitable organizations that have existed in America were Christian based and due to the benevolence of these Christian organizations many Americans are thought well of despite the atrocities aforementioned. These same people all too willing to take a bow nationally and internationally and benefit from these charitable acts are the very ones cursing Christians and opposing the Gospel of Jesus Christ in our nation!

13. Stop comparing yourselves to other nations that have never heard the Gospel of Jesus Christ or had Bibles available for every citizen; for before GOD you are not justified by the even worse behavior of others! You have known the Truth and are rejecting it for lies! Teaching innocent little kids that they are descendents of monkeys! (Such ignorance is not to be tolerated by a sane civilization)

14. Repent! Turn from your wicked, greedy ways or great will your fall be in the sight of the nations of the whole world!

15. Americans (and every nation) are suffering due to Greed at the highest levels; the Stock Market; all a wealthy person does to become wealthier is lend money (buy stocks) and expect returns (usury; whether or not you call it dividends), all this does is concentrate wealth without providing products or services and enslaves the masses in ever lower wages while actually driving higher and higher the cost of living (expecting ever larger profits) and ever worse working conditions. This results in exactly what we see today more than 90% of the world's wealth controlled by less than 2% of the population and an increasing percentage of impoverished citizens worldwide. Make no mistake people are starving to death; dying homeless because of this incredible unrestrained GREED! Why not be the first nation to do away with publicly traded stocks and commodities? Make people with money have to provide a product or service to get more wealth (employ people that provide a quality product or service)! One national bank regulated by the people to set usury rates commensurate to the lowest demographics so all have a chance at home/flat ownership again. Boycott or put such high tariffs on corporations that relocate manufacturing jobs to other nations that it's no longer profitable for them to do so; such that manufacturing jobs remain in America. Again place quality control measures such that made in America means the best you can buy anywhere! Only when children are taught properly that they came from GOD will you again be able to find honest, competent employees who take pride in their work rather than people who work harder at hardly working; expecting top dollar for less than mediocre labor.

16. Concentrate on 21st century innovations, sharing of renewable energy innovations in exchange for usage rates set by the beneficiaries of the energy that now contribute to the innovations and construction globally of renewable energies. Hydro-carbons, fossil fuels need to be utilized for materials; not wasteful and unnecessary burning!

17. In addition to focusing on rebuilding America's infrastructure via transcontinental sub-system as an underground backbone for all infrastructures (electrical, black and white water, high-speed transit, smart truck superhighways, information network, communications network), focus on 21st century superstructure models, that free up green space, and are virtually self-sufficient.

18. Coordinate with nations making such innovations already and champion this cause by mandating all autos be refitted with hydro-electric motors and/or solar boosted by the year 2025.

19. Mandate by law to shut down all coal, nuclear, fossil fuel power plants worldwide by the year 2050 and improve the existing wind turbines by refitting them with the turbo systems similar to jet aircraft; create instantaneous step-up transformers within the turbines by placing wind generators within windings such that a smaller generator is the rotor of the next size and so on. Wave generators need to be radically improved think of buoy/pendulum/gyro models as opposed to the snake-like compression models currently.

20. Cooperate and support the African equatorial regions and start building cities in the desert of state of the art solar collectors and generators, with water precipitators and create international agreements based on contribution to such an endeavor of knowledge, materials and labor to build a worldwide virtually inexhaustible solar farm along those nations for electrical energy globally. (This does not mean nations should not continue improving their own wind, wave and solar renewable energy sources and innovations; just an alternative to destroying the planet and killing all life by continued poisoning through fossil fuel harvesting, refining, and burning and pretending that due to “shortages” is the reason people are starving to death and dying of all the associated ailments.)

21. Chemical toxins are NOT medication for health and wellness! It is time the pharmaceutical companies made available health remedies in the natural form that God created; unaltered genetically or in any way! All nations should concentrate on bio-nano technology of creating programmable “cells” of bio-assimilated substances that have NO harmful side-effects and can be programmed to remove all cell abnormalities, viral, bacterial, coccal or parasitic infections. That can even be programmed to replicate healthy cells the body may be in short supply of. Already tissues and organs have been biologically generated and now it is time to address all ailments on a cellular level in this manner!

E. Australia

1. Work on building one of the largest desalination processes in the world as your central region that sits below sea level (America can do this with “death valley”) Create an aqueduct system that takes in sea water into this low region and using high grade translucent plastics or glass (or the newer semi-osmosis materials becoming available) take advantage of all the natural evaporation processes along the way and the natural condensation set to funnel into freshwater man made aquifers. You and I both know fresh water holds much of your continent back from agricultural and demographic expansion.

2. Stop considering uranium for sale to other nations at this time; the global political climate is far too unstable. Instead also lead the way in solar collectors and generators and wave and wind renewable energy sources. Until mankind can come up with a way to have no radio-active waste with fusion reactors that consume all usable energy until the material is virtually completely stable; radio-active materials should be prohibited from use globally.

3. The LORD sends rain upon the faithful and gives increase to the generous! Practice His Instructions for Life contained in the Holy Bible and droughts will cease and your land will yield bountifully!

4. The amount of sunshine you receive is also ideal for building solar powered waste incinerators/refiners. Using solar collectors and concentrators enough heat can be generated to melt even metals and then refining processes already available can be utilized to separate the waste into usable recyclables.

5. Champion national and global mandates to build easily accessible automatic composting centers for all food wastes. (Or a choice between slopping the pigs and composting for all food wastes) And/or integrate composting as part of universal proper waste management.

6. Champion salt water farms, hatcheries and fisheries and chefs to prepare gourmet meals as part of a global effort of sustaining populations with adequate and tasty nutrition.

F. Indonesian Region, Fiji, portions of New Zealand

1. Beware of the very darkness that once had cannibals roaming your lands! This dark power must be constantly spoken against in the Name of Yahoshuah the Messiah (JESUS CHRIST), and forbidden from having any place in any of your citizens. If anyone is found committing cannibalism, execute them immediately and send their dark spirit to the Abyss (or the will of the Lord Jesus Christ) to remain bound until the final judgment of all souls! (You control unclean, foul, dark spirits by commanding them in the Name of JESUS CHRIST (YAHOSHUAH AM MESCHIACH)); but you must also be filled with the Holy Ghost or your words will have not the Power of GOD behind them (Acts 19:13-16).

2. Continued idolatry brings continued judgments upon your people and lands; only by embracing the Gospel of JESUS CHRIST will your people and lands be healed.

G. Haiti; Gulf regions, Island nations, into Central America

1. Hurricane Alley – Hurricanes the size of continents and more powerful than ever will sweep through these regions if people fail to Repent of their many sinful ways, idolatries, sexual immoralities, murders, child abuse, slave trades, You cannot serve both God and idols! Repent of voodoo; get your shamans to Repent; stop playing with devils and foul and unclean spirits; or judgments stand ready to sweep you all away and purge the lands of blood guiltiness and idolatries.

2. Stop the hidden ways of darkness while claiming to be Christians or you'll be reproved by GOD in the Light of Day! Until the people truly repent and truly receive the Living LORD JESUS CHRIST; all the curses of the Torah remain; destroying you in the sight of the whole world. Only true Repentance will bring your nations and people into a state of healing and Blessedness and the hostile winds will blow warm and friendly once again.

3. All island nations must learn to properly steward (increase desalination units, sea farms, hatcheries and fisheries enough to support all citizens without trade from other nations) the surrounding waters that will sustain the people; or over-population will result in mass starvation.

H. Denmark, Holland and other northern European countries

1. Well done in mandating hydro-electric autos; share the method with political systems analysts and show how you succeeded in this endeavor.

2. Wind farms; tell the world of the pros and cons thus far as you've expanded this renewable energy more than other nations.

3. Higher sea levels, dike systems, aqueducts, etc. what automation advancements have you made; please share with the world as flooding will become more of a problem until the nations return to GOD and His Instructions for life. In addition mankind should be creating rivers to renew dwindling spawning populations of certain species of fish.

I. Norway

1. You have made advancements in proper sewage to white water, and irrigation procedures; please share your innovations with the nations.

2. Your natural resources benefit social services in a commendable manner; please share the pros and cons (if any) you have experienced by this most sane culture concerning natural resource management.

J. China

1. You are in an economic boom as your hard working populace is manufacturing much of the world's goods currently. As such you are in an ideal place to model demographic development of self-sustaining superstructures that marry both residential and professional services in one building.
2. Consider mandating smart cars powered by renewable energies and prohibiting fossil fuel burning engines.
3. Consider innovating HPVs and modeling a whole town or city primarily around HPVs. Maybe giving economic incentives or cultural incentives to citizens choosing HPVs as primary transit.
4. Monitor closely the melting ice caps on the Himalayans; once gone; rivers will dry up if you have not adequately prepared water precipitators and desalination plants to provide potable water for your people.
5. It would be commendable to champion universal health care and make certain eastern practices are included in treatment options globally.

K. Iceland, Polynesian Islands, Volcanic activities globally

1. Geo-thermal energy may seem like a renewable energy source and can be weighed against cost of structures, management and improvement based on life of the plant; but solar, wind, wave technologies are more cost effective. Geo-thermal activity is unstable by comparison and especially as the world continues to depart from God will become more unstable; destroyed geo-thermal plants will be the least of your problems compared to major eruptions though. So make sure your people KNOW and LOVE GOD the Creator of the Universe! (Where geo-thermal is the most stable is along the oceanic ridges; massive underwater plants could be constructed there as a global fail safe for energy; even though just the energy the equatorial regions can produce via solar technology is enough for the whole planet) I state this because as much as I would like to see nations cooperate and share renewable energy to everyone's benefit; history shows a propensity toward selfishness; so geo-thermal might be needed if GREED prevents global prosperity through sharing of this ideal renewable energy of the equatorial regions on earth.
2. All islands need to train marine biologists that work with the fishermen; find out which populations have declined where and start immediate construction on sea farms (vegetations for human consumption), hatcheries and fisheries; enough that if trade ceases for any reason your people can live off your own efforts. Desalination units around your land base for adequate fresh water supplies need to be constructed and maintained until the Glorious return of our Lord and Savior, JESUS CHRIST.

L. Russia

- 1. You have a large reserve of gems and some unique to your region; advertising is key to retailing and liquidating.**
- 2. Concentrate on bringing your infrastructure current with the information age; Wireless transponders are less expensive than hardwire infrastructure.**
- 3. Overcome western disdain by embracing more capitalism and freedom of religion in some fields while maintaining high standards of socialism in other areas.**
- 4. You have plenty of fresh water and oil reserves; one of your less capitalized resources is raising animal populations for quality furs. The same animals that produce quality furs can be used for food; hire chefs to prepare tasty dishes so the raised animals aren't wasted. Many societies have become hypocritical in this regard; as they lounge on leather furniture, leather car seats, wear leather jackets, and at the same time snub furs. Luxury furs and gems aforementioned are only lacking wise advertising to increase your GNP.**
- 5. Northern seas contain some of the least polluted species of fish in the world. Building hatcheries and fisheries in these climates will have high yields of those species; keep your ice breakers in good repair.**
- 6. Embrace the Gospel of JESUS CHRIST; and innovations and prosperity will be upon you; but attack Israel or Christians in your nation or neighbors and Divine Consequences will come upon you.**
- 7. God has much more to say to you and your people; only embrace the Gospel of JESUS CHRIST and Wisdom will inspire your citizens to achieve great advances.**

M. India

- 1. False religions will lead to starvation of the masses; the worship of creatures must cease; instead turn to the One Creator**
- 2. While feeding your children is commendable; neglect not spiritual enlightenment which is achieved by knowing the One True GOD! (Jeremiah 29:11-13; 31:31-34; 1Jn 5:20; Acts 2:38,39; Jn 14-17)**
- 3. Tsunamis; floods; and other "natural disasters" will continue as judgments as long as idolatries are adhered to by your people; only true Repentance will bring relief from judgments coming in increased severity and rapidity.**

4. Outdated productions and services may sustain briefly; but innovations cause you to prosper. Embrace bio-diversity and small farms; reject monopolies that will place you and your people in strangleholds.
5. Just taking over dental paste production can result in billions of dollars of revenue. Replace the highly toxic fluoride products with Neem and other natural healthy herbals, botanicals and medicinals. A portion of cosmetics and perfumes that also are not toxic chemicals can be a large source of revenue for your GNP.
6. Maintain your naturally unaltered grain stores such as millets that grow in drought regions; these naturally occurring grains; not genetically modified can mean the difference of starvation or life in harsh climatic regions of the world. Reject genetically modified foods and cheap grain supplies (In my opinion, if even bugs with microscopic brains won't eat it; it can't be healthy). It is a capitalistic method to put out of business competitors in the short term; so they monopolize in the future for long term gains by creating a stranglehold on what matters most (food and water). Free your people from this threat of global enslavement and encourage your small farmers; if necessary by boycotting imports of cheap staples and subsidizing your farmers with grants and education to bring back local produce diversity and competition. Just like citizens don't have a legal voice against the armies of attorneys representing multi-national entities; individual farmers can't compete against corporate conglomerate agricultural giants; without aide from the people and political powers. In America we see superstore giants like Wal-Mart drive small retailers out of business; only to raise their prices when all the competition is gone. This is the danger of monopolies. (Cheap today and costs you your lives tomorrow).
7. Ayurvedic remedies and other eastern practices should also be included in treatment options of universal healthcare for all citizens.

N. Nations near world super powers

1. Greed and pride moves upon megalomaniacs to desire more and more endlessly. If you do not have people willing to fight to the death for your freedoms and independence; careful negotiations with nearby superpowers are in your interest.

2. Certain nations possessing natural resources or in the path of natural resources (oil today, food and water for the unprepared future) are being targeted under international façades. It is therefore in your interests to sell such resources to powers nearby and form alliances thereby; until you and your people are strong and willing enough to fight for independence and freedom. Keep the resources at affordable rates or history and current events show invasion and militant conquest is virtually inevitable.

3. Such nations should make sure all citizens significantly benefit from such trade negotiations or caste instability will create years of corruption, warlords, riots and revolutions as all history shows clearly. If you want to be a nation of free, peaceful and happy families; citizens must unite to demand equal benefit from existing natural resources. True personal and national security is in knowing the One True GOD! And even bully's learn to respect their victims if only punched hard enough. Sadly, freedom in all of history has been purchased by souls willing to fight to the death by whatever means available to them and until Christ returns in Glory; that is the way it is; so one of the first things all citizens in smaller nations should demand is the right to bear arms; and to receive competent training in their use!

O. Arabia, Middle Eastern; Oil-Rich Nations

1. Have no fear, oil will continue to be a necessary resource for materials such as plastics; so your economic status is not threatened by a shift to renewable energies.

2. However, you have the wealth and the days of sunlight to fund solar power farms and make innovations to make generators even more productive than at present. By crossing over into building solar generators and water precipitators, regions once thought uninhabitable or hostile will become veritable oasis's!

3. You house some geographic holy sites (such as the fenced off Mt. Sinai); opening these up to the world will increase knowledge, tourism, and benefit your people thereby through good will of the visitors.

4. Share more of the national wealth with your citizens (by employing them all with living wages toward construction of the solar generators, water precipitators, desalination plants and new cities in the desert thereby); a happy and prosperous people makes for a strong and stable government; which in turns improves global relations.

P. South American nations

1. The Rain Forest has the largest variety and most potent forms of naturally occurring medicinals in the world; stop burning and leveling acreage of the rain forest throwing out billions and billions of dollars of revenue in the process by properly maintaining the forest and harvesting all the remedies!
2. Fresh water fisheries throughout the Amazonian region could supply the world's population with the largest variety of fresh water species anywhere!
3. The Andes steppe regions (large concentration of micro-climates) are ideal for identifying climatic and elevation limitations for a large variety of agricultural commodities. (In the process of creating more tolerant varieties of fruits, nuts, grains, vegetables, legumes and tubers.)
4. Certain species of fish migrate to the waters off Chile, Argentina, Peruvian coasts to spawn; these giant varieties should be protected species and added to those regions' hatcheries and fisheries until their numbers return.
5. Coffee and Cocoa will continue to be in demand as long as mankind is still populating the earth; to increase yields; learn to speak in faith over your agricultural endeavors in addition to improving composting and irrigation methods.
6. Farmers all over the world should divide their lands into eight sections to ensure they let one section rest completely every seventh year according to God's counsel. (Rotate such that each section is ensured of full rest for one out of every seven years). I recommend the eight sections such that one section can be left for the "poor among you" to glean.
7. Patagonia region; legalize beaver trapping (ones that cause instantaneous death) and fur products to solve the wetlands problem destroying forests and the natural eco-system that existed before the beaver was brought in there.

Q. Central African nations

1. Unite to prevent genocides.

2. Your nations should unite to deal with malaria. Until bio-nano tech creates injectible, nano-bot cells that target parasitic infections, deal with high mosquito populations with bat and sparrow hotels; and in high concentrations of malaria by entrapping the bloodsuckers by taking some of the byproducts of meat processing facilities and use to incinerate them by solar concentrators heating the flight path of the mosquitoes coming to partake. (lure and funnel populations that are naturally incinerated by solar lenses)
3. Build waste recycling centers to handle the dumping contracts you have with other nations and turn it into profits by salvaging the materials for resell for manufacturing.
4. Expand your agriculture; especially coffee and chocolate.
5. Retail your precious metals and gems directly instead of wholesaling to existing distributors. Form unions for the harvesters and miners to be given living wages.
6. Mandate white water septic systems and stop polluting your rivers and lakes with human sewage.
7. Capitalize as a nation on your unique species of wildlife and fauna. Don't let a few benefit from these natural resources; by uniting as a people and demanding rights for all citizens such as education, healthcare, mandatory minimum wages, etc. etc.
8. Document/ film the bi-pedal dinosaur still living in your dense jungle regions and don't let evolutionists talk you into lying to the rest of the world about its existence. (This goes for all extremely rare species worldwide; such as Sasquatch; Oki; Nessi; Yeti; and all the species currently classified as crypto zoological.) (On a side note; don't kill "Big foot" or treat that species as an animal; they have families and talk with each other and are otherwise more civil in some respects than modern man and no, they are NOT the "missing link".) For my part, I hope certain species remain hidden from modern man that has a propensity to experiment on anyone or anything they are just willfully too ignorant to understand just as it is.

R. Mediterranean Region

1. The sea is being overrun by invader vegetation; continue to find species that eat these foreign invaders, hopefully turn this into a positive occurrence by harvesting the species fed by the invaders or creating edibles from the invading vegetation itself.

2. Find out which species are in decline and immediately employ fishermen and citizens in numerous hatcheries and fisheries with a mandate to release a certain percentage of all species into the wild to rebuild dwindling populations.

3. All island nations really need to concentrate on expanding their resources to include desalination units; sea farms (vegetation), hatcheries and fisheries. Eventually, even superstructures will be limited by land space; so it is necessary to develop underground and oceanic residential living models. Island nations also need to mandate composting and build tiered farming structures. Island nations are the litmus paper to the health of the world. If an island nation can't support its population; it is an indicator that it is possible to reach critical mass regarding numbers of persons inhabiting the earth and a warning to us all. Remember trade relations are not guaranteed; learn to be as self-sufficient as possible.

4. You are near the north African equatorial regions and would make sense to help fund the construction of the solar generators for a perpetual use agreement in reduction of energy costs. Much can be done in your own nations; but I am speaking to smaller nations without as much land mass and sun exposure. Perhaps even profit sharing agreements depending on the amount of initial and ongoing contributions or maintenance of the solar generators.

5. All nations that embrace the Gospel of JESUS CHRIST are embracing God's Blessings; so make the Holy Bible available to all citizens. Encourage citizens that hold to different religions or worldviews to debate verbally; never violently. If one is confident they hold the Truth in their way of life they should be able to peaceably defend their rationale. In free discourse lies real freedom!

III. Things the public is willfully kept in ignorance of by governments:

A. Existence of extra-terrestrials

1. Extra-terrestrial contact has been made on numerous occasions. This does not mean the God of the Holy Bible is not the Creator of the Universe; even the extra-terrestrials have acknowledged the existence of GOD.

2. Holding extra-terrestrials in confinement rather than helping them rebuild crashed craft and letting them go is endangering peaceful relations with others of their kind. Mankind needs to stop being afraid of their own shadows and Hollywood should stop producing movies that make aliens to be war-like and predatory or otherwise frightening. People are already naturally afraid of anything or anyone they don't understand and with an epidemic of ignorance the last thing we need are frightened masses that shoot first and ask questions later.

3. An International database should be created documenting especially all evidences of Close Encounters; especially of the fourth and fifth kinds; with audio-visual evidence of any supporting implant artifacts. Abductees claim a special interest in reproductive systems because according to rumors from SETI personnel some aliens are seeking hybrids in order to handle our gravity and bio-hazards.

4. Supposedly Martians once existed and some global extinction event left only a relative few survivors in spacecraft and have been attempting for millenniums to adapt to our increased gravity. (These are described as small and frail bipedal about 4-5ft with large craniums and eyes; small mouths and nostrils)

5. Alpha-Centauri's and grays are supposedly the other two species of extra-terrestrials documented with SETI and kept secret by governments so far to date. These are both described as tall and lanky, bi-pedal 6-7ft. and even elongated craniums. The grays are apparently from some planet among the Pleiades systems and are taller than the Alpha-Centauri's. According to one former SETI member both the Martians and the Alpha-Centauri's are cooperative and have shared technologies; such that we have advancements that are released by plan so as not to alarm the public. However, the grays are more hostile and uncooperative and are responsible for most of the invasive abductions. While I cannot confirm the existence of which species of extra-terrestrials have made contact; I will say I am firmly convinced not only by evidence; but by revelations (vision methods known as "remote viewing") that extra-terrestrial contact has been made and even at least one extra-terrestrial confined and kept secret from the public.

B. Technologies (I have been amazed how many people just assume someone telling them something they are in complete ignorance of is “crazy” and will even argue about something they know nothing about; rather than acknowledge their own ignorance and learn something new; so much so, they embrace and even fortify being willfully ignorant rather than knowledgeable. I could probably list 100 or more advancements that exist today and have even been publicly televised and yet still find people who would rather assume I’m lying, hoaxing, crazy or anything but telling them factual truth; like the hospital homicide attempts I personally survived).

- 1. Holographs and VR gear already exist; DOD members can confirm.**
- 2. X-ray glasses that look like a standard pair of sunglasses exist; in addition to multi-goggles that possess available light, infra-red and x-ray technologies on demand.**
- 3. Smart clothing like the movie Predator demonstrated is nearly perfected.**

4. New weapons technologies that are “slow and silent kill” methods allow governments to target citizens and make them appear to die of natural causes when in fact they were targeted with intensified RF energy weapons; some weapons are actually capable of targeting isolated (12’ or less radius) locations on earth from satellites! These are used on dissidents or high-priority targets that the government doesn’t want to turn into a martyr by outright assassinations as in the former days. (There are many methods governments utilize to assassinate targets these days that challenge these criminals in places they don’t belong). Food and beverage poisoning is a favorite method and very easy to accomplish upon targets that enjoy dining out. Agents get hired under false identities or even bribe existing employees to turn the other way or flash a badge; distract and poison the target’s food and beverages. If you dine out regularly and know you are a high priority target beware of food and beverage poisoning. The agent hired under the false identity just disappears under a new government issued identity after their target is assassinated in this manner. Once a target is under government surveillance; you are being scrutinized for weaknesses in how to murder you successfully or frame you for wrongful arrest and imprisonment. As such, spies pose as new girl-friends, boy-friends as the case may be and gain entrance to your private quarters for information gathering and/or framing. Governments worldwide regularly murder; assassinate those who present the greatest challenge to their continued criminal practices. Very few governments are devoid of criminal corruption of some kind sadly and at worst many protect murderers and mass murderers as these corrupt politicians get ultra wealthy from their criminal alliances with corrupt businesses and even such organizations that participate in human slave trafficking.

5. Force field technologies are emerging.

6. Sonic weapons designed for warfare are being utilized on civilians by police powers as well.

7. Laser weapons ground to space and in flight, even handheld cutting devices presently exist.

8. Plasma technologies are in process as interplanetary drives; incinerators, drillers, and weapons.

9. Nano-technology has increased so as to make the RFID implants to be remotely powered to become transceiver devices. (Ability to listen to private conversations/ moments)

10. Chips the size of a grain of coarse ground pepper can be remotely activated to send hi-res digital images and can be sealed from water damage and painted even into toilets; yes, some government agents can actually spy even on your bowel movements! (Some of the voyeur feeds online have corrupt government ties)
11. Digital cameras have become so small they can ride on the abdomens of beetles and other insects and used to spy in this manner as well.
12. Digital cameras can even look like power indicators on TVs, smoke detectors, etc. and in home security systems can be used to spy on the inhabitants.
13. I encourage MIT to cease and desist with neural implant technologies as the government wants to use these implants to make programmable assassins and soldiers that receive directives via the implants much like cyborgs.
14. I encourage anti-gravitational technologies. There are technologies that could wipe mankind off the earth faster than exploding all the nuclear weapons to date at once. Not all knowledge is good knowledge; if you are an inventor make certain you don't manifest technologies that maniacs in power would use for great evil and destruction. (Like atomic fission; scientists should have known it would be used destructively)
15. The perpetual motion machine and centripetal propulsion should be looked into in further detail.
16. One of the significant factors keeping the world from advancing sanely into the 21st century are too many existing wealthy persons clinging to the old ways that have made them wealthy and fearing change for the better. The public needs to insist on these innovations because the existing wealthy are so comfortable in general that they would rather watch the world drown in pollution and mass millions die off than embrace the needed innovations to prevent those tragedies! In other words, the masses need to get angry enough and realize you are fighting for your lives and that of your children!

17. Genetic splicing and mutation. When the Nazis were assimilated into our government; horrible things came along with them. Like the desire to breed a super race. Human DNA has been spliced with animal and even sea life such that mutations exist in secret locations of these hybrid species. (Don't believe anyone who says this isn't possible; they are LYING) Genetically modified foods and animals are well documented and made public; and the distasteful clones and genetic mutations imagined by "science fiction" have occurred as well and are kept from public knowledge; so these insane "scientists" aren't justly and swiftly executed for their abominable and tortuous practices. In addition eugenic fascism in our government has also caused sterilization and abortion upon the poor masses; while secretly funding "breeders"; government agents (identified as genetic desirables) instructed to procreate with certain members of society for money.

18. New body armors superior to even Kevlar and the "dragon scale" varieties and individual flight devices have come into existence.

19. Transformer autos that can fly exist.

20. Individual jet craft that fly just like "jet ski" water craft exist.

21. Individual sub craft exist.

22. Plasma drillers exist and so underground cities should begin to be made public; not just secretive government organizations.

23. Almost any technology you've seen in the movies exists except for such notable exceptions such as the "beam me up Scotty" transporters, interplanetary; intergalactic spacecraft of our origin, food replicators, but much more "science fiction" technologies exist presently than the public is made aware of. I am not for robot technologies as presently exist in the area of warfare. Our greatest advancements in robot technologies all deal with death and destruction. If robotic development was restricted to constructive uses it would be fine but the day robots are used against us; as we have been using them against other people and nations; will be the day you'll understand my point of view.

24. No nation should ever get so confident in its technological terrors or innovations that their respective politicians think to subjugate other nations; or God will humble you quickly by giving foreign powers an advancement that puts yours to shame and gives you "a taste of your own medicine".

C. Population management

1. Policies of death

- a) *Death rate is increased by willfully creating economic recessions and depressions*
- b) *Abortion clinics exist in poor demographics and encouraged in public education settings (poor masses targeted)*
- c) *Most harmful additives and preservatives exist in the cheapest food products and government handouts*
- d) *Pharmaceutical medications contain harmful chemicals intentionally. (Drugs are designed not to cure or make well the patient but rather to make the patient have to take them indefinitely; and even more "medications" until they die (prematurely))*
- e) *Environmental regulations are lifted; water supplies polluted upon the poor and unsuspecting masses*
- f) *Sterilization is offered regularly to mothers with C sections (convinced of needing such); the mentally ill and all such citizens the government deems undesirable*
- g) *Fluoride is championed though highly toxic for use upon the ignorant masses*
- h) *Military recruiting centers exist primarily in the poorest demographics (next to the Planned Slaughterhood Clinics)*
- i) *Ads target poor demographics for pharmaceutical experimentation (FDA approval processes)*
- j) *FDA approves additives, preservatives, drugs known to cause serious injuries and death and leaves such substances on the market for distribution to any and all citizens ignorant enough to take them*
- k) *Citizens are being murdered/euthanized without government prosecution by mass murdering doctors and nurses in local hospitals across the nation, and government mental institutions, even prisoners are being experimented on causing premature deaths.*
- l) *Prisoners are under the constant threat of death regardless of their offense in the event of certain natural disasters, enemy invasions or anytime the overall security is threatened due to some catastrophe.*
- m) *Designated battalions are being trained to suppress rioters or civilian unrest in addition to increased police powers.*

- n) *Law enforcement using lethal measures are constantly justified publicly even when there was no legitimate reason for the shooting/murder.*
- o) *Lower ranking soldiers are victims of bio, chemical and radioactive warfare and experimentation (the poor are expendable to the eugenic fascists in the Pentagon and other government agencies)*
www.beyondtreason.com
- p) *Wars are incited not just for political reasons but to reduce global populations (why there are so many “civilian casualties” and “collateral damage”. And why no significant effort is made to deal with the tens of millions of land mines still buried globally; and the lasting effects of agent orange, depleted uranium war heads, etc.)*
- q) *New terms are being created as diseases, mental illnesses, and political enemies to target citizens at will for incarceration and “treatments” that lead to permanent injuries and even death (the most recent psychotropics carry “lethal” side effects)*
- r) *Lending policies put the largest usury on the poor as “stress related illnesses” has become well documented*
- s) *The poor work in the most environmentally harmful positions and can't afford legal remedies against the armies of attorneys the wealthy corporate entities purchase to insulate themselves and these criminal ways*
- t) *The poor are suckered into hazardous environmental clean-ups while the wealthy; if they show up at all, have superior hazmat gear to all the slave laborers*
- u) *The wealthy have ways of avoiding drafts or anything they don't want to participate in; while the poor are on the “front lines” (The family gets a flag or some trinket; while the wealthy eugenic fascists get multi-million/billion dollar contracts and revenue in perpetuation of the military/industrial/political complex)*
- v) *The wealthy get preferential treatment and extraordinary healthcare measures; while the poor are kicked out of hospitals to die on the streets*

w) *The wealthy get quality “at home care” if they become disabled; but even Medicare and Medicaid is of no assistance to persons so poor they can’t afford even the co-pays! If you’re truly poor, the message the greedy USA culture clearly sends is DIE! DIE! You’re worthless and an unwanted burden to all the rest of us!*

x) *Mountain blasting for coal and sludge is allowed to decimate ecologies (typically around communities too poor to fight the major money interests); shale fracturing is allowed to destroy aquifers; toxins are allowed to fill the air we breathe; the wealthy have water purification and revitalization processes; and even air purification systems in their residences and “work” places. Organic foods, and quality beverages are the most expensive commodities because policies of death are upon the poor; while the wealthy are given every assistance and encouraged to procreate. Our society is designed by the wealthy to favor the wealthy and cause the poor (genetically undesirable) to die as quickly as many be possible and still maintain “plausible deniability”. Even genetic desirables are paid “breeders” in our eugenic fascist nation.*

y) *Disabled veterans are left to die in the streets; too poor to obtain any adequate legal representation for just compensation from the eugenic fascists responsible for their disability*

z) *Certain “inoculations” cause “accidental” deaths of infants in regions the government knows has a high concentration of Christians (because they have a reputation of “forgiving” without filing wrongful death and malpractice suits)*

aa) *Cures for cancer and other ailments have existed for decades for the wealthy; but the poor are systematically told they have a limited time to live by “doctors” when they’re diagnosed and in desperation people are suckered into thinking chemicals and radiation that makes their hair fall out is actually going to help them (statistics show it helps them; that is, all the quicker to the grave). Antidotes are readily available for the wealthy elite for bio-chemical warfare; but the masses can be exterminated at will and during epidemics there are always “shortages” of anything that could save the masses from dying.*

bb) *Slow responses during natural disasters are intentional but just enough to still maintain plausible deniability that the elite wanted more of the poor masses to die off.*

cc) Mass murdering doctors and nurses are set free to murder even more of the naively trusting poor masses; but you can bet if a poor citizen intentionally killed as many of them as they were nationally exposed of by CNN; that poor citizen would have fried in the chair. (Over a million hospital caused deaths occur every year with no investigations and no media attention; more Americans have died at the hands of doctors and nurses in hospitals across the nation than all the wars our country has been in combined)!

dd) Public schools now have sexual education in which abortion is likened to just another means of birth control and the homosexual lifestyle is actively promoted. (because eugenicists know the statistical facts that homosexuals have less longevity and serve to reduce the birth rate; furthermore; brainwashing the poor masses with reasons to disdain marriage and pregnancies, babies in general is a successful means at reducing birth rates among the undesirable poor slave masses)

ee) If you could access the US treasury records you would find out that the most outspoken activists in such things as “abortion rights” (leadership in government subsidized Planned Parenthood (Planned Slaughterhood) have direct political ties) are government agents inciting the brainwashed masses to such a degree they insanely demand their right to murder their own progeny! (Just like the “theory of evolution”, population management by brainwashing children in these manners in our public schools is all intended by our eugenic fascist leaders who look at the masses as a plague on earth and completely expendable) Creationists and Christians are systematically forced to be silent or resign from colleges and public education forums; all as intended.

2. Price setting

a) To decrease populations oil is raised and coincide with publicly staged crises in order to drive prices of all goods and services out of the reach of the poorest members of society (suicide rate goes up and stress related illnesses)

b) Commodities aren't subsidized at former levels raising the price of basic staples so citizens starve

c) The public is lied to by government controlled propaganda claiming shortages of water, food, crops, energy, virtually anything to raise stress levels and costs of goods and services even when there is plenty

d) Government friendly monopolies aren't really "regulated" but rather allowed to set unjustified prices upon the public masses simply by bribing law makers and government "regulators"

e) Having babies is expensive and ever increased the more governments want to discourage population growth; and associated costs of raising a child is repeatedly increased and spread through government controlled major media "news broadcasts"

3. Enslavement of the poor masses

a) The poor regularly end up in prison for even minor offenses while the wealthy committing even worse offenses buy their freedom regularly

b) The poor imprisoned are not procreating so sentences of many years are given out for even minor offenses to the poor

c) The poor cannot afford legal representation to help form labor unions so minimum wage stays ever lower with relation to the real cost of living

d) The cost of living goes up while government controlled media tells the public who can't afford to purchase the same groceries for themselves as they did last year that the cost of living has gone down (lies to the public while quality of life of the poor masses is in rapid decline)

e) The poor regularly have their rights and lives abused by the wealthy insurance companies, corporations, doctors and nurses and even the government agencies and have no legal recourse or any recourse at the abuse and maltreatment as attorneys now almost entirely work for the wealthy and almost none exist taking pro-bono cases or payment based on prevailing.

f) The wealthy exercise political power upon even local governments while poor citizens trying to report crimes are mocked by public servants too lazy and too ignorant to competently perform their jobs. (A wealthy victim of crime gets not only civil remedies but assistance from law enforcement authorities; while the poor is shuffled out the door with an excuse or two that often makes them feel as if they've been victimized not only by criminals but by the apathetic authorities)

D. Secret Organizations

1. Federal Reserve

- a) *Members and operations not conspicuous*
- b) *Authority to operate not clearly stated*
- c) *Procedures for minting currency not publicly stated*
- d) *Lending to the US government not constitutionally authorized*
- e) *Existence not constitutionally authorized*
- f) *Paper currency not backed with any substance of internationally agreed real value*

2. **Government programs such as MK-Ultra I and II, Orion, School of the Americas**

3. **Satanism and other occult practices by members of our government; including molech worshipping in the Bohemian Grove**

4. **Skull and Bones men**

5. **Masons**

6. **Rosicrucians**

7. **Bildeburger Group**

8. **Illuminati**

9. **IMF**

10. **WTO**

11. **Tri-lateral commission**

12. Public figures of the President, House and Senate, operate in the light only during planned televised broadcasts but the government lifers in the CIA, FBI, Pentagon, NSA, and the many other organizations run the USA in the dark; in addition to the popular political figures that put on scientifically planned speeches and shows for the public. (Campaigns, State of the Union addresses all tell the public completely fabricated stories as the politicians put on orchestrated acts that have nothing to do with actual operations which now is politicians with corrupt corporate ties and global political ambitions to rule the world; these multi-millionaires and multi-billionaires increase their personal wealth by knowing which corporations are going to make profits based on the bribed political ties and many have ownership interests in the same. Bribes and kickbacks are regular practice (contributions, lobbyists) and even “fines” or payoffs to avoid them, disappear into private bank accounts doing nothing for the public; while the show goes on through government controlled propaganda and clever orations causing the masses to focus on anything but the real operations of what has basically become organized crime! (Not all but far too many are so corrupt that this standard of practice has become expected in free items of anything from pens and paper to vacations, etc. of luxurious living; while the masses are lied to continuously by the psychologically savvy speech writers.) Even FDA approval processes are just a matter of money or someone give me some other plausible rationale of how substances with LETHAL side effects get approved for human ingestion and other substances causing chronic ailments and death to millions remain on the market. (You might argue that FDA members are given fictional data by the food and drug industries; but when statistics of body counts rise with proven links to additives, preservatives and highly toxic “medications” (poisons) are in such numbers as to alarm even the most ignorant among us; then explain how these persons neglect to remove such substances from the market.) You and I know that the pervasive corruption present today; torturing and murdering the poor masses is the direct result of personal GREED in the unholy marriage (plutarchy) between big business and politicians currently.

13. Many of these secret organizations have pledges that are outside and apart from oaths to our Constitution, nation and interest of the citizens of United States in general. Some even have luciferian pledges of allegiance at the highest levels. Some of the persons in these organizations are involved in creating a New World Constitution and New World Order; which supersedes the US Constitution and, in my opinion, could easily be construed as treasonous!

14. Christ and His Followers operated in the Light and shone before the whole world; beware of any “secret” knowledge or organization for whatsoever makes manifest is of the Light (Eph 5:13); but the hidden things in darkness the wise will expose rather than participate in.

Christians need to cease having the attitude that God said it would come; so let's just sit back and let the devil and his unholy horde do whatever they want. Sadly many “Christians” are so apathetic and complacent to this threat to their welfare and lives; that they are practically lining up to be branded as a slave to the anti-christian “New World Order” and remaining so in love with this present world and the things of this world; that they might even accept the RFID bio-chip implants (mark of the beast) rather than suffer any hardship resisting these megalomaniacs; intending to enslave everyone on earth. I call the true Christians today to unite, expose the plans and works of the anti-christ, and foil their plans by bringing as many souls as possible into the knowledge of Truth; our LORD AND SAVIOR JESUS CHRIST; and then making sure all such souls understand the counsel of GOD as contained in the Holy Bible. I wish a Holy Fire of Zeal would come upon all who Know and Love the One True GOD and see all souls such that everyone who rejects JESUS CHRIST will become a mortal adversary and everyone who receives Him a Present and Everlasting Friend! Apathy, Laziness, Cowardice are not traits becoming of the Gospel of JESUS CHRIST. Salvation is NOT a spectator sport! PARTICIPATE and do in the journey of your incarnation what you would be remembered for in Eternity!!!!!!!
