

Millions of Americans so Impoverished They are Reduced to Begging for Food!

And yet those who have made it that way have the audacity to publish propoganda like this:

<http://americanoverlook.com/food-stamp-program-skyrockets-in-size-under-the-obama-administration-2/101043>

Propaganda out of control. Your taxes are placed upon you as a means of control; to keep you in your slave mentalities of sending tribute to those who own the mints; print the paper we have to work for. The disabled and elderly paid into their insurance programs which only pay out BELOW POVERTY LEVEL incomes such that they REQUIRE assistance to purchase food or they would starve to death.

Americans (and most all the working poor the world over) are LONG overdue for a significant minimum wage increase! Especially in the service industry! National debt can be eliminated simply by taking back our right to mint our own currency and stop borrowing from the private banksters <http://www.facebook.com/notes/michael-swenson/treatise-on-greed-and-corruption/517410181671279> The minimum wage could be raised to a livable standard without raising the cost of commodities; if only the 1% were not so damn greedy (the REASON why we have to force them to pay a living wage by LAW with financial consequences for not doing so!) just look at CEO increases over the last 40 years, compared to minimum wage increases over the same period. We could have proper wages AND low cost goods if the people at the highest levels stopped hoarding all the wealth to themselves! And the tired argument that minimum wage jobs are not supposed to be livable violates the very reason for minimum wage and a proper understanding of what corporate greed has done to jobs in America; in its systematic approach to creating larger profits at all costs; which included the rapid disappearance of benefits, pensions, and lower wages, poorer working conditions, and overseas migration to slave labor; laying off millions of Americans in the process. If you are not familiar with the fact that highly educated persons are now competing for minimum wage jobs; you do not realize the severity of the problem of just what GREED is doing to our nation and the people in it and around the world. You might check the references in this note:<http://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101> and try to understand that economics 101 at a collegiate level is just brainwashing by the ruling elite; because prices of all goods are set by the billionaires and trillionaires telling the rest of the world it's acceptable to work for slave wages that demand 2 and 3 jobs just to pay their excessive bills for goods and services already! In addition by not paying a living wage corporate greed causes increased taxation as they put impoverished working citizens in need of assistance programs totaling billions of dollars annually. So if you are a citizen against raising minimum wage; then don't complain about higher and higher taxes as YOU supplement the greedy wealthy who refuse to PAY a proper wage to all those who are making them RICH!<http://www.youtube.com/watch?v=CZFO1tq5OeI> It will only get worse if the public falls for the political bias the wealthy oppressors create in this regard using the Hegelian principle (in distracting you with "two" party politics (ruled by ONE GREED); to make a living wage seem distasteful by calling it a liberal issue when it is a human rights issue and has absolutely nothing to do with two or many political parties, but is directly caused by GREED of the wealthy against the poor) as their enslavement and depopulation agenda marches on.

Instead the fascist propoganda is creating an anger upon those still healthy enough to work against the elderly and disabled and otherwise impoverished citizens in our nation. The real anger needs to be directed against the wealthy elite controlling propoganda such as this; who are not paying living wages, who are not creating jobs with living wages; who plunder our nation and accept political bribes to the point where it seems acceptable to them to give themselves luxurious retirements and leave all the rest of us to have to beg for food assistance or die! Stop allowing media to create the illusion that YOUR TAX DOLLARS PAY FOR ANY PUBLIC SERVICE whatsoever when it doesn't! <http://www.facebook.com/notes/michael-swenson/treatise-on-greed-and-corruption/517410181671279> All taxation goes to pay interest to the wealthy criminals running the world who print money out of thin air and then not only force us to slave for it with poverty wages but even send it back to them in ever increasing oppressive and unnecessary taxation. IF you think there is not enough money for public assistance programs that literally keep people from dying in the streets; then you are ignoring the multi-billion and multi-trillion dollar developments of megalithic skyscrapers these bankers build in cities all over the world and their luxurious mansions in every nation; their claims that they own the vast majority of usable real estate worldwide; and have been successfully brainwashed by THEM and their control of media through propoganda like this! They not only have reduced the vast majority to unacceptable levels of poverty but now they are encouraging death to the elderly and disable by inciting class wars between those who still feel their whips and those who have already been crushed by them! Get angry; yes, get real angry but make sure it is directed against the greedy ruling elite; not your fellow citizens! <http://www.nationalreview.com/corner/244324/interest-national-debt-may-consume-half-your-income-taxes-2020-brian-riedl>
