

To Those Who Care:

When my own life came under attack a decade ago, I did what I had been raised to do: informed authorities. I did not realize at the time that the form of the attacks on my life were actually one of many implemented policies of "population management" now underway worldwide against the masses; so when authorities joined in crimes against my person and estate, I was alarmed indeed.

In the years that followed, as I have never given up my attempts to secure the arrests of murderers and sex offenders in places of public trust and authority (for the safety of the public), I realized that the reason such corruption is growing and unchecked is that authorities at the highest levels have become all too corrupt themselves.

After exhausting all known remedies afforded a citizen of the United States on a local, state, and federal level and in all three branches of the executive, legislative and judicial powers that be, I was left no other choice as a concerned citizen than to inform the general population that such pervasive corruption is a serious threat to their own lives; not just their freedoms.

But as I looked more and more deeply into what is happening to our nation and nations all over the world, I began to uncover that the problems we are facing are much more dangerous than I had imagined. I had thought we were facing a problem of apathy, ignorance, personal greed, and such vices as arbitrarily cause an erosion of civilization, law and order, but what I uncovered was malicious attempts to infiltrate and destroy the sovereignty of our nation on many levels and by many factions.

I realized that had I not been a rare survivor and driven to uncover why I could not secure the arrests of murderers and sex offenders; no matter how hard I tried; that I would not have been left so disabled and infuriated; thereby motivated to research into these matters day and night for the past decade. Each day my personal agony has driven me to intensely look into why so much death and destruction is growing worldwide and threatens to plunge even America into widespread bloodshed. And then I realized as I began to uncover international policies of death, destruction and enslavement of the masses that the general population for the most part is oblivious that their own lives are intentionally already under growing attack. From chemicals put into drinking water that damage the brain and make people docile and have learning disabilities to the actual air we breathe having tons of nano-metals sprayed into it that do the same; to outright forced indoctrination via public education and media (black ops brainwashing intentionally causing brain damage to the masses).

But it is far more sinister and dangerous than just these methods that cause slow and agonizing early deaths (from cancer to every form of terminal illness); no! virtually everything you breathe, eat, drink, put on your skin has been made intentionally toxic with the purpose of brain damage, organ damage, sterilization, and population control, control of birth rates and death rates; in so many ways that your food, hygiene, cosmetics, air, water, beverages have virtually all become poisonous in varying degrees; not so obviously that the masses would recognize it immediately, just enough to increase disease, chronic conditions, lower IQs, lower birth rates, cause premature death slowly enough everyone just allows it to happen.

In addition, MILLIONS each year are MURDERED in local hospitals ALL OVER THE WORLD; even here in America, and hacked up for their organs by mass murdering doctors and nurses and profit driven hospitals. Hospital CAUSED deaths (iatrogenic deaths) ARE THE THIRD LEADING CAUSE OF DEATH WORLDWIDE! NEVER LEAVE A LOVED ONE UNATTENDED IN A HOSPITAL! Friends and family stay by such persons throughout their stay! I am a rare survivor of hospital homicides and as such you may never hear about this growing grave danger from anyone else!

Some think as a result of the hell I've been through that I've become paranoid, but those who know better know that the facts I expose with pictures, documents, video documentaries, personal eye witness accounts in my notes linked to thousands of online references know that there is no way I can appropriately raise the alarm loudly or strongly enough.

As unappealing as the news may be, I need citizens everywhere to become informed and unite against the policies of death, destruction and enslavement growing day by day against us all. WE ALL MUST UNITE AND SPREAD THE WORD! Or the dark days ahead may very well unleash a nightmarish hell on earth no one could believe or imagine.

PLEASE! NO MATTER HOW BUSY YOU ARE; (while online; so you can view the references in them) READ MY NOTES ON DEPOPULATION, ON POLICE STATE, ON CONSPIRACY THEORIES, ON WHAT IS HAPPENING TO AMERICA, PLANNED DEMORALIZATION RIGHT NOW, AND IF YOU BEGIN TO SEE WHAT I AM CONCERNED ABOUT AND WHY, READ THE REST OF THEM; AND THEN...

HELP ME SPREAD THE WORD!!!!!!! <https://www.facebook.com/notes/michael-swenson/why-care/814117475333880>

Thank You.

Sincerely; From Someone Who Cares.
