**when will the poor realize police and militant powers are essentially mercenaries of the wealthy; they do not protect average citizens in general (we all WISH they would); instead they are pawns of the arrogant would be rulers of the world!** <http://revolution-news.com/brazil-unleashes-new-terror-favelas-aims-silence-anti-capitalist-social-movements/#prettyPhoto> (the wicked, devils, rule by deceit, blackmail, bribes, threats, fear, and every kind of evil - this is what the satanic NWO is all about - <https://www.facebook.com/notes/michael-swenson/police-state-prison-big-business-modern-slavery-by-design/619672408111722>; so they control the world, (enslave the masses) by social engineering through public education, media, then they bribe, hire pawns for their schemes in all walks of life, they threaten them and their loved ones if any would expose the evil they do, and through control of money, religion, indoctrination, media, and military enforce their will upon everyone else; as my notes detail).

Raising minimum wage in the past actually helped to create and preserve jobs.

<http://www.raisetheminimumwage.com/pages/job-loss> and

<http://www.sfgate.com/opinion/reich/article/Raising-minimum-wage-creates-jobs-boosts-economy-5298319.php> and <http://robertreich.org/post/45333866908> in short, the economy is NOT driven by

the wealthy but by the consumer. When consumers have more income, they buy more products, they even buy some luxury items, eat out, movies, etc. Raising minimum wage has always increased worker's salaries for more skilled positions; basically improving quality of life for the 99% while the 1% bemoan the practice solely because they are so arrogant and evil that they don't want to encourage the poor masses to breed. (economic hardship, low slave wages exist PRIMARILY to decrease birth rates, increase death rates, slow population growth as planned by the eugenic fascists that the public allows to remain in place despite the fact they treat them this way). <http://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101>

1) There is no such thing as “national debt”!

1. Did you as an individual borrow from some unknown creditor or creditors to enslave yourself and your offspring to indentured servitude? There is no such thing as “national debt”!

2. Did you authorize anyone in your behalf to consign your livelihood to one of servitude to anyone or anything by your own free will? There is no such thing as “national debt”!
3. Let the creditors that claim billions of souls owe them personally come forward; if they dare! There is no such thing as “national debt”!
4. Especially in the United States of America
  1.
    - i. The founders, persons of wisdom, knowledge and understanding, identified that government was necessary to SERVE the people; hence the term “public servants”; NOT the other way around! If there is any debt it is to us the people; NOT the other way around! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
  2.
    - ii. Persons are elected and selected as public servants in a form of government that is “consent by the governed”. THERE IS NO SUCH THING AS “NATIONAL DEBT”!
      1. I gave no and will never give consent to pay greedy corrupt politicians tribute in the form of excessive taxation! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
      2. I gave no and will never give consent to have armed goons break our doors down and steal house, home, business or anything from my person or any other free born United States citizen by armed force in the name of the IRS or any other illegal entity currently or futuristically in operation in the United States of America! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
  3.
    - iii. I gave no and will never give consent that any private person or corporate entity or any organization or establishment of any kind (like the Federal Reserve) has the right to mint money out of thin air; then charge me as a member of the free born citizens of the United States of America real tangible assets, time, energy or work in exchange for their play money! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
  4.
    - iv. In fact, the founders of the United States of America gave this power to the people to print currency as necessary for the operations and solvency of the United States of America; therefore any politician claiming there is a national debt is guilty of deceit, fraud and perhaps even treason! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
  5.
    - v. Taxation always has been and always will be a form of oppression by persons who claim all the rest of us exist to pay them tribute! We declared independence from Britain under such oppression and it is time the free born citizens of the United States of America embraced and regained their heritage! WE ARE FREE! NO MORE TAXES! THERE IS NO SUCH THING AS “NATIONAL DEBT”!

6.
  - vi. Politicians, law enforcement, and all governing entities and persons exist to serve us! NOT THE OTHER WAY AROUND! We tell them when to print money and when not to! NOT THE OTHER WAY AROUND! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
5. Selling U.S. Treasury bills is unnecessary as we the people are empowered and clearly defined as such in the United States Constitution to mint our own currency. THERE IS NO SUCH THING AS “NATIONAL DEBT”!
  1.
    - i. The act of selling real property or interest in real property of the United States of America to foreign entities, governments and persons is completely unnecessary and can even be construed as acts of treason! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
      1. The act of elected officials knowingly subjugating free born citizens to service foreign entities, persons and governments in this manner is tantamount to turning over the nation, it’s interests, and it’s people to be ruled by foreign powers. They are doing this in exchange for money and other personal benefits to themselves and to our detriment and that of the true patriotic American interests! These persons are traitors and as a free born citizen, I call for the arrests, trials and convictions of any and all persons selling real property interests, treasury bills or any other form of creating indentured servitude to foreigners; of myself and all free born citizens of the United States of America! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
      2. Toll ways are being constructed within the borders of the United States of America against my will and consent; where the revenues go to persons in foreign nations and to foreign governing powers! This is an open act of treason against the free born citizens of the United States of America and, as a free born citizen of this nation, I call for the arrests, trials and convictions of all responsible persons! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
    2.
      - ii. I gave no and will never give consent to any public servant to borrow money in my behalf! Therefore there is NO authorization or necessity of any governing person to print or sell United States Treasury bills! THERE IS NO SUCH THING AS “NATIONAL DEBT”!
    3.
      - iii. I concur with our founding fathers that we the people have the absolute right to mint currency as necessary for the operations and solvency of this nation! Therefore, the act of creating and maintaining the Federal Reserve by private persons creating a fictional “national debt” is by all the aforementioned and all accounts an act of open treason against all free born citizens of the United States! I call for the people to seize the Federal Reserve and all assets! These wicked persons have attacked the United States Constitution and all free citizens of the

United States of America; operated illegally within our borders and have attempted to subjugate and enslave us to their wills! If they do not willfully turn over all assets to the people at once; they must be arrested immediately for treason! THERE IS NO SUCH THING AS "NATIONAL DEBT"!

6. Every time government controlled propaganda tells us that WE'RE broke; they are telling us they have discarded the United States Constitution giving them direct authority to mint currency as necessary for the operations and solvency of this nation and are in fact publicly and openly attempting to defraud hundreds of millions of us out of our earned wages and real property holdings! I CALL FOR THE IMMEDIATE ARREST OF ALL SUCH PERSONS! THERE IS NO SUCH THING AS "NATIONAL DEBT"!
7. Every time our elected public servants get on TV and tell us we can't "afford" to pay for universal healthcare, universal education, social security retirement and disability, or any other service that we the people have requested; they are telling us that they no longer represent our interests, the interests of our welfare and that of our offspring! At the very least demand these incompetent and corrupt persons step down from public service immediately!
  1.
    - i. Look at these bribe taking persons and study their lives! It is OPENLY known and practiced that "lobbyists" aka bribers contribute to campaigns aka "bribe public officials" and these corrupt persons accept said bribes to their personal benefit and our detriment!
      1. Deregulation of environmental standards increase profits for energy moguls (contributors/ bribers) but pollute air, water and food supplies causing suffering and deaths for mass millions.
      2. Deregulation of monopolies in telecoms create strong government ties in government controlled media and illegal spying and huge profits for the persons involved in both enterprises which now are politicians with direct corporate ties like Dick Cheney.
      3. Lobbyists/bribers regularly "contribute" to politicians who then grant huge profitable "government contracts" to said contributors.
      4. Although bribing public officials and accepting bribes as a public official is illegal; it is now done openly in the sight of the whole world at the expense of all the rest of us! No one is arresting these insanely corrupt criminals! THERE IS NO SUCH THING AS "NATIONAL DEBT"!
    2.
      - ii. These persons have the audacity to get on television in between their multiple vacations and luxurious living and tell the rest of us who are losing our homes, livelihoods and lives that we are "over burdening the system"!

1. It's okay for them to pay themselves salaries in the top one percent of the nation!
2. It's okay for them to fatten their personal bank accounts and accept bribes overlooking monopolies to ever higher increases in the cost of living for all the rest of us.
3. It's okay for them to take multiple vacations every year, dine sumptuously, get all kinds of perks and kickbacks to have a great time on planet earth.
4. BUT for all the rest of us:
  1. Work harder slave! YOU'RE in debt!
  2. Work longer slave! You don't die quick enough after getting on "social security"
  3. Work till you die slave! You're "over burdening the system"!
  4. Pay us tribute slave! Or we'll break your doors down with shotguns armed and armored persons who put you properly in your place under our illegal retaliatory arm of the IRS.
  5. You and your children and even your unborn children must work harder slaves! Pay more taxes slaves! Serve us slaves! While we live lives of luxury less than .0001% of the population on earth can even imagine!
  6. What's more we'll openly murder you and your children when we deem it necessary like 911 and blame it on foreigners we've targeted for subjugation to our agenda of global domination and commandeering of the natural resources on earth!
  7. Send YOUR sons and daughters to DIE slaves! While we get rich and horde the blood soaked bills of the military industrial complex! We'll get the oil and charge all the rest of you exorbitant prices for it; even though it was the blood of your sons and daughters that commandeered it for us in the first place! <http://www.youtube.com/watch?v=VM5Yv-TbzJU>
  8. Yup you retarded slaves! Can't even look around at the trillions and trillions and trillions of dollars of assets in every city across this nation and understand the simple truth that there is PUHLENTY of money to do WHATEVER **WE** WANT! And we want to rule the world! So work till you drop dead slaves!

9. If you're no longer productive; you're a "burden" to the "system" slave! (the system we(speaking of them) designed and manage).
10. THERE IS NO SUCH THING AS "NATIONAL DEBT"!
5. Let the brainwashing continue! (in their way of thinking)
  1. You must pay income tax – the 16th amendment was never ratified; it is unconstitutional and ILLEGAL but the US government wields the IRS with dread and terror over the rest of us!  
<http://www.youtube.com/watch?v=ZKeaw7HPG04>
  2. Your taxes pay for services that they provide – WRONG! we the people empowered ourselves to mint currency as necessary to pay for all such services of government!
  3. YOU'RE in debt! WRONG! If THEY borrowed money; THEY'RE in debt!
6. Let the myths continue:
  1. Social security –
    1.
      - i. Pay into this public form of insurance for your benefit in case you become disabled or miraculously live long enough in your overworked, underpaid, polluted, toxic environs to actually reach the age of retirement
        1. The myth is you will get disability benefits if you become disabled; the reality is many people are so disabled they end up homeless or dead unable to fight for their own life in a bureaucratic nightmare of obstacles that many can't suffer through once they're truly disabled
        2. The myth is you will get retirement benefits if you live long enough through the many policies of death and destruction these days  
<http://www.facebook.com/notes/michael-svenson/depopulation-by-intent-or-accident/544721958940101>) to make it to "retirement"; the reality is corrupt politicians living in luxury want the world free from overpopulation; so they are lobbying you to work harder even in old age to increase the death rate and pay out no benefits at all

just collect from you on top of the excessive tribute they already extract from you in dozens of ways in the form of so many kinds of taxes it's virtually impossible to recite them

all! [http://whatistaxed.com/other\\_taxes.htm](http://whatistaxed.com/other_taxes.htm)

3. The myth is Social Security, Medicare, Medicaid will cover your necessities if you become disabled or somehow survive to the age of retirement; the reality is not only are you paid poverty level wages now for your slave labor; if you become disabled you will get well below poverty level subsistence and while disabled in need of more finances not less; politicians will have you believe Medicare and Medicaid covers those expenses but the truth is you poor, foolish, brainwashed slave, you won't be able to afford to feed yourself; cloth yourself; pay rent; or in any way take care of your worthless, disabled, burdensome self (by design with hopes you DIE sooner than later; take it from someone who knows this PERSONALLY); let alone pay for all the CO-PAYS; CO-INSURANCE PREMIUMS or even be able to afford pain relieving medication for your poor, disabled; possibly mutilated self! Because IT'S OKAY **FORTHEM TO LIVE LUXURIOUSLY WHILE YOU GET SLAVE WAGES AND IF YOU'RE NO LONGER A PRODUCTIVE SLAVE TO LET YOU DIE ALONE IN AGONY!** So get with the program slave! **WORK HARDER TO PAY EVEN MORE BECAUSE THERE'S A "NATIONAL DEBT!"**

4. THERE IS NO SUCH THING AS "NATIONAL DEBT"!

5.

ii. Medicare/Medicaid

1. Only APPROVED treatments and APPROVED medications for you slave! THEY can choose whatever doctors; specialists; treatments; medications; etc. THEY want; but you slave must accept treatments that more often than not lead to an early demise!
2. Medical equipment like oxygen concentrators MUST be RENTED by law not paid for;

purchased and owned outright! This lobby has won! A bribed politician got richer; oxygen providers get richer but joe blow slave taxpayer gets poorer!

3. If you get even poverty level income slave YOU will NOT get Medicaid; it's only for those so far below poverty level it's a wonder they can pay to fart; let alone live on the planet!
  4. If you're not so poor you can't even afford to call someone who cares; you will NOT get Medicare and even if you did get some means of it; you will still have premiums to pay; co-pays so high you can't afford to see a doctor in your time of distress; that is, if you didn't exhaust yourself to death in the near impossibility of finding any healthcare provider that treats Medicare/Medicaid patients (at least with any competence and compassion)
  5. The message will be all too clear when it's your time to come slave – DIE! DIE QUICKLY! YOU'RE A BURDEN TO THE SYSTEM, you unprofitable slave! We're not even going to give you pain relief as you lie alone in your bed or on the streets in abject poverty and suffer to death! (unless perhaps even a billionth of the rage I feel passes on to healthy readers that will change things now RADICALLY for the better)!
7. The next time a politician has the audacity to raise taxes or tell you that you pay for public services while yet telling you that you're a burden to the system; I hope people are at least mad enough to tell that (\*^&\*(%&\*&^\*&\*& to step down! To be polite about it - Pray fervently that righteousness, honor and integrity be restored to all offices of public trust and service. For if people in authority don't recognize the plight and condition of the citizens entrusting and empowering them; if things continue in this downward direction of oppression, greed, corruption and tyranny; then perhaps the only message these corrupt, greedy, bribe taking individuals will understand is the one that comes from justice! TRAITORS! When a citizen commits a crime or crimes they are charged with as many counts as there are victims; so when politicians conspire to cover up murders and mass murders; frauds and embezzlements; and systematically

commit numerous offenses against hundreds of millions of innocent citizens by their individual and corporate corruption and greed; then justice means real and serious consequences! EVERYONE; EVERYWHERE REPEAT AFTER ME:

**THERE IS NO SUCH THING AS “NATIONAL DEBT”!** <http://www.youtube.com/watch?v=7ZXFba1WRN4>

2) Greed is NOT good! It is the root of all evil! (1Timothy 6:9,10)

1. Because of Greed people who think of themselves as decent individuals invest in corporations and entities that are exploiting other people with slave wages and working conditions so they can return a profit to these willfully blind investors. Profit without accountability is the result of Wall Street public trading and systematically robs and oppresses the poor working class (the 99% of the world’s population) while making 1% rich off their slave wages, suffering and deaths! Multi-nationals and public trading of stocks, options and speculation on commodities must cease immediately if quality of life is to be restored to the masses! Small entities with conspicuous responsible individuals is the only way to ensure living wages, accountability of actions of said entities, and bring together the employer and employees in a common understanding that they both need each other for their livelihoods! A free market is great when there is a true and viable chance at real competition; but monopolies with huge reserves make such a “free market” impossible as they can undercut any start-up even if they sustain small losses in the process. This is the reality of huge monopolies with government ties; “free market” and real competition is becoming a fictional topic in today’s society; a topic that is only historically accurate in describing our capitalistic culture.
2. Because of Greed the only way to ensure quality education and healthcare for all citizens is to make it a right that is guaranteed by law! Yes, socialized healthcare and education is a necessity in a culture that has become so greedy doctors blackmail citizens out of house and home in their astronomical fees; insurance companies charge ever higher premiums even in a depression and then don’t keep their contractual obligations when clients get ill; and the vast majority are left to suffer and die in agony unable to fight huge armies of sell-out attorneys defending these oppressive giants as a result.
3. Because of Greed people who think of themselves as decent individuals speculate on commodities that the world relies on for life sustaining nourishment and as a result riots and revolutions ensue as people starve to death unable to afford even a loaf of bread on a days’ wages!
4. Because of Greed inexpensive grains such as corn, soy and even some vegetables are used for “bio-fuel” to brainwashed masses that don’t realize they just did away with affordable food worldwide and left mass millions to starve to death all because they were led to believe “bio-fuel” was the way to go by the deceitful advertisements that should have been promoting universal hydro-electric; solar powered transits instead and left affordable commodities to feed

the starving masses! (But due to the same Greed; innovations that make sense are squashed in lieu of polluting the world by continued fossil fuel burning because the people with lots of money have made it this way and are too drunk with selfishness and greed to change things for the better for us all).

5. Because of Greed bio-diversity that saves ecologies and lives are done away with in lieu of the simplicity of using genetically modified seeds sold to the corporate farming conglomerates to the degradation of the entire planet and systematic reduction in food supplies worldwide as these insane individuals undercut small local farms in order to gain control of the world's food supplies and ultimately then charge whatever they like. If things continue in this manner unchecked a few persons will be literally able to dictate who lives and dies on the planet by restricting food and water to any person or even nation(s) that doesn't worship them as the new gods and goddesses in the New World Order; paying them every last red cent in tribute to their unbridled GREED!
6. Because of Greed food and water supplies are ACTIVELY being targeted and controlled by very few individuals worldwide now; cheap genetically modified seeds today; exorbitant food and water prices once all competition is gone.
7. Because of Greed RFID bio-chips have been manufactured to brand every item, every animal and even every person on earth – wake up SLAVE! You are targeted for complete control by persons who have lost their minds in their insane greed and lust to rule the world!
8. Because of Greed people who think of themselves as decent support wicked, greedy persons in politics just so they also can profit from relations to said corrupt individuals!
9. Because of Greed politicians pass laws and overlook crimes that adversely affect hundreds of millions of souls on earth causing suffering and death in manifold multiple ways!
10. Because of Greed some parents sell their own children into slavery or worse sexual abuse and death!
11. Because of Greed some people kidnap children or buy them; cut off their hands and feet and turn them into professional beggars for life; profiting from these atrocities!
12. Because of Greed some parents pimp out their own offspring and because of Greed some women detest themselves as they turn to prostitution by choice (because due to Greed they can't find any live-able wages in honest labor).
13. Because of Greed instead of cherishing the wisdom of elders, relatives excitedly wait for their deaths coveting properties and possessions they didn't work for or earn in any way to be given them in the misfortune or departure of a supposed loved one.

14. Because of Greed some people don't even wait for the demise but some beneficiaries actually plan and plot schemes of murder of their benefactors to hasten inheritances or life insurance policies.
15. Yes, because of Greed some people taking out life insurance policies are actually creating their own death warrants.
16. Because of Greed CEOs and upper management of corporations make hundreds of millions of dollars to billions of dollars while the poor slaves working for them are told they're expendable and to accept slave wages, little or no benefits, arduous working conditions or they'll be replaced!
17. Because of Greed politicians, pentagon officials, and almost everyone in power "fudges the books" to privately embezzle funds while they publicly sentence poor men and women to lives of slavery in penal institutions for far lesser offenses.
18. Because of Greed, drugs are approved, preservatives and additives that are known to cause chronic ailments and even death for human consumption as regulators accept bribes to put these harmful substances on the market. And because of the same Greed pill-pushin' quacks getting kickbacks force these harmful toxic poisons on their patients/victims.
19. Because of Greed, doctors don't tell their patients with gall or kidney stones that they can expel them naturally; instead they sell them on the insane notion that removing body parts God gave you for your health is the solution because they make much more in the process.
20. Because of Greed, medical practitioners worldwide make money off treating all the manifestations of poor health rather than creating international wellness programs of inexpensive preventative maintenance for all citizens.
21. Because of Greed, billions of citizens on earth are kept in ignorance about a genetic trait (currently called Wilson's Disease and Hereditary Hemochromatosis) that affects the blood and leads to all known serious to terminal medical conditions; when if they knew they would at least have the choice of maintaining their health with fitting life style choices. Instead the pharmaceutical and medical industries make billions and billions off "treating" the various manifestations which are all designed to make citizens habitually dependable on products not designed to heal; but designed to make both entities huge profits in lifelong increased dependency. The two common laboratory early warning signs of the blood degradation of this genetic trait is high blood pressure and high cholesterol which just happens to be the two highest grossers for big Pharma worldwide!
22. Because of Greed, human slave traffickers, drug traffickers, murderers, rapists, pedophiles and other serious offenders buy off police officers, judges and lawyers and remain loose in society while some poor citizen gets life imprisonment trying to self medicate by taking unregulated substances.

23. Because of Greed wars have been started and are currently underway in which millions of innocent persons suffer, are displaced, tortured and/or slain.
  24. Because of Greed and selfishness, people all over the world suffer so much lack they look for rags to wear in garbage heaps and so hungry that not even the flies that wallow in their sewage streams these poor souls wade through are off the menu!
  25. Because of Greed people are murdered for a pair of shoes or a pack of cigarettes!
  26. Because of Greed people are so selfish they live in palaces and while living in such extravagance tell the persons they laid off in their greed to go get a job and stop “free loading”!
  27. Because of Greed people are so selfish they have wardrobes the size of some retail outlets while people die of parasites from walking shoeless in filthy slums!
- bb. Because of Greed people spend millions of dollars storing items for years that they never see or use!
1. Because of Greed landlords actually raise rents during economic recessions and depressions because so many people are losing their homes that affordable rentals become scarce!
- dd. Because of Greed politicians bail out millionaires and billionaires and let the vast majority be evicted so these few “connected” individuals can keep their extravagant lifestyles.
1. Because of Greed loan sharking bankers actually make the majority of their profits from cash strapped, impoverished, slave wage citizens! (in overdraft fees, cash advances, and other emergency types of credit, further crushing the already oppressed masses)!
  2. Because of Greed politicians “fine” big corporations for damages done to the environment and citizens but none of those fines actually go to aid the real victims.
  3. Because of Greed Insurance companies accept premiums lifelong but when a citizen client of theirs becomes chronically ill choose to either slow pay, partially pay or not to pay at all for even covered expenses. They do this because they know sick persons are too ill to fight them in court and very sick persons will soon be unable to pay the healthcare premiums let alone attorney fees fighting them!
- hh. Because of Greed some doctors and nurses murder their patients and sell their organs to the highest bidders!
1. Because of Greed these same doctors and nurses have been getting away with mass murder of innocent citizens and illegal organ harvesting for decades by paying off attorneys, cops, and anyone who actually survives to keep silent through settlements and bribes!
  2. Because of Greed providers of energy and natural resources calculate that even a penny increase makes them millions of dollars because politicians have allowed these persons to

monopolize to such an extent that their personal profits are as large as some international GNPs!

3. Because of Greed all the rest of us must ever pay higher and higher costs for the very same item or items we purchased yesterday until we can no longer afford said item and are left to starve to death literally.
4. Because of Greed persons in various places on earth have ALREADY been reduced to cannibalism!
5. Because of Greed persons aspire to rule the world and even though they're already billionaires desire to become trillionaires!

nn. Because of Greed people are reduced to begging only to be kicked, spit on, beaten, murdered, shunned, banished, arrested, ridiculed, mocked, insulted and maltreated in every possible way by the very persons responsible for their misfortune in their unbelievable selfishness and short-sightedness in that could very easily be them!

- oo. Because of Greed caste snobbery exists in unjustified arrogance that makes those who have money insanely think they are superior to those who don't.

pp. Because of Greed people buy their way into political office with an eye only to increase their personal wealth and stature; not with an eye to leadership in service for the public they are supposed to care about

qq. Because of Greed mothers and fathers murder their own babies in abortion mills.

1. Because of Greed doctors and nurses rip infants limb from limb while they're still in the womb, crush their skulls and suck out the remains all to profit from slaughtering the most innocent and defenseless.
2. Because of Greed, I was poisoned over an extended period of time by my own wife (now ex); and because of Greed, doctors and nurses instead of reporting her to authorities actually joined in additional homicide attempts on my life; because of Greed even law enforcement officers instead of arresting these murderers decided to ALSO join in; having sex with my now ex-wife and expecting part pay-offs once the life insurance policies paid out in addition to helping her defraud me of my estate in this whole process. [www.blastthetrumpet.org](http://www.blastthetrumpet.org)
3. Because of Greed the attacks on my life have left me in daily excruciating pain so severe, horrible malaise and weakness that I have not only to fight to stay alive but to fight with all my strength to even find the will to endure my suffering moment by moment. (However that same intense agony gives me the fury, during any "good" days to do everything I can to reach out and warn all the rest of humanity with the hope public awareness will effect radical changes for the better!)

uu. Because of Greed I have experienced hell on earth in so many forms and fashions that my entire being screams throughout the Universe to all evil doers, "REPENT! Or you will surely burn in hell with all your blood drenched pieces of paper; you call money!"

<http://conservativeangle.com/60-minutes-bust-extortion-how-politicians-extract-your-money-buy-votes-and-line-their-own-pockets/>

1. Because of Greed every evil imaginable exists proving once again that God's Word is absolutely true! "The love of money is the root of all evil..." 1Tim 6:10 [http://biblehub.com/1\\_timothy/6-10.htm](http://biblehub.com/1_timothy/6-10.htm)
2. People needed a religion to enable them to be so blood-thirsty, murderously greedy so most of the atrocities being perpetrated today are increasing due to the theory of evolution; "survival of the fittest", and rise of the insane worldview/religion of atheism which is linked to the slaughter of more people; especially infants than any other religion in the history of the world.

7. <http://www.census.gov/econ/smallbus.html> - until the 1% stops hoarding so much of the wealth; even small business owners are on a quick path toward poverty and abject slavery. (billions are spent on their wars, and whatever programs they see fit); but how much funding is actually pumped back into hard-working Americans, entrepreneurs, innovators, inventors? (unless it is R&D for government funded military programs) The 99% need to stop accepting how the 1% are treating them and need to gain some self respect and courage to stand up to the greedy 1% oppressing the world and tell them where the funding is really needed! (Like a living wage and LOWER the cost of basic staples by having farmers grow bio-diverse crops (instead of paying them not to (because them and their rich buddies have bought futures/options and scarcity drives the prices up; making them richer even though people starve to death as a result

After seeing propaganda both on and offline denigrating those fast food workers, I have become plenty angry at just how ignorant masses of people are allowing the wealthy elite to get away with oppressing honest laborers! Perhaps a dozen or more memes appear on my facebook wall daily mocking those who work for minimum wage and especially in the fast food industry. Rather than begrudging honest workers a living wage, you shouldn't settle for low wages either!

[http://thechoice.blogs.nytimes.com/2012/04/27/one-in-two-new-college-graduates-i-jobless-or-underemployed/?\\_r=0](http://thechoice.blogs.nytimes.com/2012/04/27/one-in-two-new-college-graduates-i-jobless-or-underemployed/?_r=0) For far too long the 1% by greed have been hoarding more and more of the wealth; while working Americans (including those on minimum wage) make less and less. the 99% SHOULD BE FOR minimum wage increase AND raises for skilled labor across the board! instead of making the oppression of the 1% seem acceptable by denigrating honest laborers; even those "flipping burgers". In fact, I wonder how many who think "flipping burgers" is so menial and so easy that those doing it deserve slave wages far below the poverty level; could actually stand behind a hot grill on their feet 8 or more hours a day and keep up with a 12, 24 or 48 patty turn and slam that many patties down consistently every 90 seconds for 1 or more hours during the rush hours of lunch and dinner. I wager most whining about how easy and insignificant these jobs supposedly are couldn't do them! (Have you ever watched *undercover boss* on television? [http://www.cbs.com/shows/undercover\\_boss/](http://www.cbs.com/shows/undercover_boss/) Virtually all of the CEOs **cannot do the jobs** of those working for them (and making them rich)!

<https://www.facebook.com/photo.php?fbid=604551092955664&set=a.495770773833697.1073741828.495680573842717&type=1&theater>

Americans (and most all the working poor the world over) are LONG overdue for a significant minimum wage increase! Especially in the service industry! National debt can be eliminated simply by taking back our right to mint our own currency and stop borrowing from the private banksters <http://aattp.org/if-the-minimum-wage-rose-with-the-pay-of-the-top-1-it-would-be-nearly-23hour/> The minimum wage could be raised to a livable standard without raising the cost of commodities; if only the 1% were not so damn greedy (the REASON why we have to force them to pay a living wage by LAW with financial consequences for not doing so)! just look at CEO increases over the last 40 years, compared to minimum wage increases over the same period. We could have proper wages AND low cost goods if the people at the highest levels stopped hoarding all the wealth to themselves! And the tired argument that minimum wage jobs are not supposed to be livable violates the very reason for minimum wage and a proper understanding of what corporate greed has done to jobs in America; in its systematic approach to creating larger profits at all costs; which included the rapid disappearance of benefits, pensions, and lower wages, poorer working conditions, and overseas migration to slave labor; laying off millions of Americans in the process. If you are not familiar with the fact that highly educated persons are now competing for minimum wage jobs; <http://thecontributor.com/40-americans-now-make-less-1968-minimum-wage> you do not realize the severity of the problem of just what GREED is doing to our nation

and the people in it and around the world. You might check the references in this note:<http://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101> and try to understand that economics 101 at a collegiate level is just brainwashing by the ruling elite; because prices of all goods are set by the billionaires and trillionaires telling the rest of the world it's acceptable to work for slave wages that demand 2 and 3 jobs just to pay their excessive bills for goods and services already! In addition by not paying a living wage <http://lowpaysnotok.org/1205-reich> corporate greed causes increased taxation as they put impoverished working citizens in need of assistance programs totaling billions of dollars annually. So if you are a citizen against raising minimum wage; then don't complain about higher and higher taxes as YOU supplement the greedy wealthy who refuse to PAY a proper wage to all those who are making them RICH!<http://www.youtube.com/watch?v=CZFO1tq5OeI> It will only get worse if the public falls for the political bias the wealthy oppressors create in this regard using the Hegelian principle (in distracting you with "two" party politics (ruled by ONE GREED); to make a living wage seem distasteful by calling it a liberal issue when it is a human rights issue and has absolutely nothing to do with two or many political parties, but is directly caused by GREED of the wealthy against the poor) as their enslavement and depopulation agenda marches on.

<http://www.newswithviews.com/Wood/patrick9.htm> personal greed is plundering the wealth of America and destroying our nation

I thank GOD for every kind and generous act on earth; it is these acts of love manifest in all its forms that makes living on the planet even slightly bearable despite the hell that greedy persons are creating in their selfish destruction of themselves and everything around them like insatiable black holes of bottomless darkness and evil. The abyss they were during incarnation showing they are part of the kingdom of hell and hell bound every such person will go; unless they invite the True Light of JESUS CHRIST into their souls in Truth and learn from God how to become part of the Kingdom of Heaven giving generously, unpretentiously, willfully, just because it is the right thing to do as the sons and daughters of the Most High GOD!

And so I pray weeping, may mankind collectively decide to create Heaven on earth instead of hell; by sharing with each other! Stop being so selfish hoarding multiple homes, cars, clothes, and things of no consequence whatsoever to yourselves while souls are left destitute in slums dying in the streets! Stop storing treasures in buildings that will have no worth whatsoever in eternity and instead for such a very small sum save a soul today that will shine with you forever!

Instead of raping, robbing, pillaging, plundering, insatiably consuming and murdering one another; the earth and everything in it; Give! Replenish! Replant! Resupply all good things! This is the first instruction God gave mankind in the Holy Bible! <http://biblehub.com/genesis/1-28.htm> (please understand that our Creator made us stewards of all life on the planet! and He holds us responsible for tending it well; so plant fruit and nut trees and bushes, gardens, don't just consume all your life; give back so that you may be blessed by our Creator!) DO IT and EVERYONE will be MUCH HAPPIER!

Thank you; all who love GOD and are showing it; and to the rest; even those who have done me great personal injury and offense, I will ever hope and think that you will finish far better men and women than you began as; by allowing the Holy Power of GOD, the Holy Ghost to work within and upon you and by following God's Instructions for Life contained in the Holy Bible; and I trust you all are praying the same for me. I pray that not only will the best of humanity become even better in thoughts, words and deeds, but that even the worst deeds; done by the most selfish and sinister, will perish forgotten forever as even those who have done great evil repent and chose to live now and forever as the true sons and daughters of the Most High GOD!

"Be you Perfect, as Your FATHER in HEAVEN is PERFECT!" (Mt 5:48) The Words of our Living LORD and REIGNING KING, JESUS CHRIST, YAHOSHUAH AM MESCHIACH.  
Amen!!!!HALLELUJAH!!!!!!!!!!!!Amen!!!!!!!!!!!!!!!!!!!!!!!!!!!!

the satanic NWO by their personal greed and arrogance is responsible for the social engineering, enslavement, brainwashing, and depopulation procedures currently underway. through infiltration into nations including America they took over issuance of currency (thereby hire all the mercenaries they want; also known as police powers) and infiltrated education (check it yourself -

Who actually owns the Federal Reserve Central Banks? The ownership of the 12 Central banks, a very well kept secret, has been revealed:

Rothschild Bank of London

Warburg Bank of Hamburg

Rothschild Bank of Berlin

Lehman Brothers of New York

Lazard Brothers of Paris

Kuhn Loeb Bank of New York

Israel Moses Seif Banks of Italy

Goldman, Sachs of New York

Warburg Bank of Amsterdam

Chase Manhattan Bank of New York

These bankers are connected to London Banking Houses which ultimately control the FED. When England lost the Revolutionary War with America (our forefathers were fighting their own government), they planned to control us by controlling our banking system, the printing of our money, and our debt.

I'm Barack Obama, and my Justice Department provides Mexican drug cartels with the automatic weapons they use to kill people.

It's called Operation Fast And Furious. I won't allow Congress to see the Justice Department's records, because that's a secret between me and the Mexican drug cartels.

## [Greg Palast](#)

Hedge Fund Hog Found Guilty of Insider Trading  
by [Greg Palast](#)

On Thursday, a federal jury found Mathew Martoma guilty of insider trading. Martoma, who's only worth a hundred million or so, is small potatoes. He's taking a fall for his boss—and his boss' mommy—and her monkey.

<http://www.gregpalast.com/hedge-fund-hog-makes-mommys-monk.../>

Martoma's boss is Steven A. Cohen, worth about \$9 billion, who directs a criminal enterprise masquerading as a hedge fund called SAC Capital. The description of SAC as a crime scene is drawn from the findings of the jury, Securities and Exchange Commission charges and Cohen's own confessions. While eight of Cohen's partners-in-crime have been convicted and Martoma is about to join them in the Big House, Cohen has performed enough ju-ju on the system to keep charges filed against him personally to civil, not criminal, counts. So far.

Why would a guy who's stuffed billions of dollars of tainted money in his pocket risk SEC charges just to get another billion? The answer: Steve needs to make his mommy's monkey jump.

The story's a lot of fun—and extraordinarily important, as Congress decides between tax breaks for "job creators" like Cohen and extending unemployment benefits for their victims.

Read more on this, the SAC and his mom, in the original story I filed for Truthout:

"Thank you Mr. Obama. I am a disabled single woman, with limited resources, no savings, and barely making it on disability. I thought I was one of those your Affordable Health Care Act was suppose to "help". Well, yesterday, I was scheduled to get a PET scan, which is being used to make sure we catch any new outbreaks of cancer (which I have had two battles with so far) are caught early, and stopped dead in it's tracks.

I was informed by the hospital that my co-pay for this test is going to be \$1100. Last year, it was a couple hundred. So I called my insurance company to find out what happened. It seems, that I went from a 20% co pay, to a 30% co pay, AND the price of the test jumped to almost double. I cannot switch plans now, I have to wait till October, and there is nothing anyone can do to reduce this. So, if I want to get this test, I

have to pay almost 80% of one month of my disability income. Guess I can do without electricity, food, water, and gas this month.

Thanks, your plan is coming together beautifully. (heavy sarcasm)"

When in 1996 I recommended the minimum wage be raised, Republicans screamed it would cause job losses.

In fact, in the four years after it was raised, the U.S. economy created more jobs than were ever created in any four-year period.

## [EVOLVEFEST](#)

From Claire West: "Stop paying mortgages and other 'loans' since they did not loan anything so we can't be in debt.

Hopefully more will realize and we will undo all the damage....in the meantime, many of us are stuck in the trap and none of us want to be the sacrificial lamb.

We need to get a mass movement of civil disobedience going rather than conform and 'go with the flow'.

This is why their cunning plans and systems are so genius"

They never "loaned" you anything of substance- they just pressed buttons and "POOF", they made credit appear- and now you are paying them back with the substance of your time, sweat, tears and life-force?

WHY?

Who died before they collected Social Security?

KEEP PASSING THIS AROUND UNTIL

EVERY ONE HAS HAD THE OPPORTUNITY TO READ IT...

THIS IS SURE SOMETHING TO THINK ABOUT!!!!

THE ONLY THING WRONG WITH THE

GOVERNMENT'S CALCULATION OF AVAILABLE SOCIAL SECURITY IS THEY FORGOT

TO FIGURE IN THE PEOPLE WHO DIED BEFORE THEY EVER COLLECTED A SOCIAL SECURITY CHECK!!!

WHERE DID THAT MONEY GO?

Remember, not only did you and I contribute to Social Security but your employer did, too.

It totaled 15% of your income before taxes.

If you averaged only \$30K over your working life, that's close to \$220,500.

Read that again.

Did you see where the Government paid in one single penny?

We are talking about the money you and your employer put in a Government bank to insure you and

Me that we would have a retirement check from the money we put in, not the Government.

Now they are calling the money we put in an entitlement when we reach the age to take it back.

If you calculate the future invested value of \$4,500 per year (yours & your employer's contribution) at a

simple 5% interest (less than what the Government pays on the money that it borrows).  
After 49 years of working you'd have \$892,919.98. If you took out only 3% per year, you'd receive \$26,787.60 per year and it would last better than 30 years (until you're 95 if you retire at age 65) and that's with no interest paid on that final amount on deposit!  
If you bought an annuity and it paid 4% per year, you'd have a lifetime income of \$2,976.40 per month.

THE FOLKS IN WASHINGTON  
HAVE PULLED OFF A BIGGER PONZI SCHEME  
THAN BERNIE MADOFF EVER DID.

Entitlement my foot; I paid cash for my social security insurance!  
Just because they borrowed the money for other government spending, doesn't make my benefits some

Kind of charity or handout!!

Remember Congressional benefits?

--- free healthcare, outrageous retirement packages, 67 paid holidays, three weeks paid vacation, unlimited paid sick days.

Now that's welfare, and they have the nerve to call my social security retirement payments entitlements?

They call Social Security and Medicare an entitlement even though most of us have been paying for it all our working lives, and now, when it's time for us to collect, the government is running out of money.

Why did the government borrow from it in the first place?

It was supposed to be in a locked box, not part of the general fund.

Sad isn't it?

99% of people won't have the guts to forward this.

I'm in the 1%

I JUST DID

In the 1930s and 1940s the American banks JP Morgan and Chase Bank (Chase is now part of JP Morgan) invested heavily in Nazi Germany, helping Adolf Hitler to remain in power.

In 2013 JP Morgan released a document in which they outlined what they think is wrong with Europe:

- Strong legislatures (or "weak executives" as they put it)
- Local and regional representation in politics
- Too many constitutional rights
- Too many labour rights
- Too much consensus building in politics
- Too many rights to protest
- Too much democracy

3 CITIES ~ 3 RULERS ~ and a few men ...

Have a close look at the picture attached, and read the summary below....

London:

London is the real financial capital of the planet. The final calls on global finance are made here. British and European bankers form 80% (or more) of the board, and control the US Federal Reserve AND the IRS. It has an inner part called "the two square mile". This is the actual "City of London". The rest is called greater London. This area is a sovereign state in own right (just like the Vatican). All its borders are marked by a statue of a dragon, also called "the gates". The palaces and other significant institutions are found in this area. The palaces stretch between 7 and 22 storeys underground, and host all kinds of laboratories, tunnels and "beings" not found on the nation's national registry. (This is actually on record). Surrounding Buckingham palace all heads of state own property as signs of submission to the throne of Great Britain. Britain means "covenant", which refers to GB as the land of "The Great Covenant". But "which" covenant...and with "whom"? There is only one power above the Queen...and that is the power that holds "her" ransom...the House of Rothschild. Why so? The Rothschild family financed/finances the Bank of England which controls the rest of Britain's banks. Rothschild is also regarded as the biblical "king of the north" as he controls every central bank on the planet except Cuba, North Korea and Iran...for now. The queen also, of course, bows to the pope/Vatican. When meeting with "his filthiness" ...clothed in white, the head of state HAS to wear black.

Washington D.C.

This little town is also a very interesting place...behind all the "white" and the obvious. The term "America" in its purist and original source means "land of the big fat snake". Washington's land, White House, Capitol Hill etc., does not belong to the United States. Its ownership goes back as far as the Virgin Company...belonging to the British Royal Family. Most of the US Presidents are related to the British Royal family. The US government's core is therefore also a sovereign power in own right, and it is NOT part of America. It is the financier of the global elite's global army. Bush Jnr has himself signed over the military to the UN. The CIA and FBI and NASA are all used as global espionage facilities and space war authority for the global elite. From the White House and Pentagon there runs a network of tunnels across America. The latest and most famous are the underground speed highways between CIA HQ in Langley, and Denver Airport with its underground city already exposed for hosting "alien" beings...amongst other things. The US also possesses aircraft travelling at Mach 2.4 to transport selected individuals to several countries on the planet in one single day!

Vatican:

By now most know the Vatican to also be a sovereign nation within Italy. Few know WHY the pope is the global spiritual leader through the catholic church, the biblical "whore who rules over many waters". The Vatican controls a great portion of the planet's cash. The Vatican also established Islam, which in the end time is destined to be the SWORD of the Vatican, and has the primary purpose of conquering the Middle East and destroy Yisra'El...land of ELOhim. Then there are the issues of the false prophet, the long expected Petrus Romanus as end-time pope, the anti-Messiah, and the Muslim 12th Imam/messiah

expected to rise to power between 2012 and 2015. There is much to more say about this...but summaries are meant to be short.

A few men:

Illuminati means "the enlightened ones". So...what light do they have? Satan worshipers believe that Eve had the wisdom and insight to perceive that Lucifer..the reptilian..had more wisdom than Elohim. She believed him and...well the rest is history. I just read the other day in the scriptures that Yah (God/Elohim) actually states that Lucifer deceived man by giving him a bit of scattered/incomplete information wherewith he could not do much. It is basically the same as eavesdropping and sending out info that only the author knows what to do with. These men believe Lucifer has more wisdom than Yah and actually deserves to rule the planet. Interesting enough that in these days they replace many prime political positions with female rulers... They are also part of the bloodline of the daughters of men who have been impregnated by the fallen angels of the book of genesis. They are the 13 royal families ruling the planet and sold out to the luceferian agenda. It is well documented that their blood-type is genetically different...amongst other things.

The illuminists rule the planet with a "shadow" pyramid concept. This means that politics, finance, military and religion all have a visible front for the people (sheeple) to believe in, behold, and follow. Behind all of these hide the real agenda done in secret and busy with a set-up to control them all in the end...which is nearly ready and in place. Lucifer is in the cap-stone of the pyramid, while the group of 3, 30, 100, 300 and so forth complete the ranks...to cut it very short.

Let's wake up and smell the roses!

**Did you know?**  
The sinking of the Titanic led to the creation of the U.S. Federal Reserve

The novel *Futility*, an 1898 creation of Morgan Robertson, detailed the sinking of an unsinkable ship, the largest vessel afloat. This imaginary ship, named Titan, collided with an iceberg during April, resulting in a high loss of life because the ship carried too few lifeboats. Fourteen years later, with uncanny similarities, the real ship Titanic re-created what happened in the novel: The two ships had almost identical names; both ships were designated unsinkable; both were touted as the largest ships at sea; both collided with icebergs in April; both resulted in many deaths due to a shortage of lifeboats. Plus, both had strikingly similar floor plans and technical descriptions. Benjamin Guggenheim, Isador Strauss, the head of Macy's Department Stores, and John Jacob Astor, probably the wealthiest man in the world were all killed when it sank. Those three men were the main opposition to the creation of the U.S. Fed. By April, 1912, all opposition to the Federal Reserve was eliminated. In December of 1913, the Federal Reserve came into being in the United States controlled by the Illuminati Banksters.

Capitalism is religion. Banks  
are churches. Bankers are  
priests. Wealth is heaven.  
Poverty is hell. Rich people are  
saints. Poor people are sinners.  
Commodities are blessings.

**Money is God.**

Where does money come from is a question that most of us never think to ask, even though in one way or another money affects almost every aspect of our lives.

Now, if you give the question a few seconds thought, the answer may seem obvious; take any note out of your wallet and you'll see the words "Bank of England" printed on the front.

But the twist in the story is that the only money that the Bank of England creates is the cash that and this cash makes up just 3% of the money we use.

So where does the other 97% come from? The surprising fact is that the vast majority of money that exists is actually just numbers in computer systems. Money now is electronic. And these numbers are created through an accounting process used whenever a bank makes a loan.

In fact, the number that you see at the bottom of your bank statement or on the screen of an ATM doesn't represent a pile of money in the bank's safe; that number is the money.

So, when we borrow from a bank, we're not borrowing money from someone else's life savings; it's actually newly created money. In fact, brand new money is created by banks every time somebody takes out a loan, overdraft or credit card.
