<http://www.silverweapon.com/atheismdestroyed.html> - there is no thought/knowledge without a Thinker, no word without a Speaker/Author, no student without a Teacher, no deed done without a Doer, no law without a Lawgiver; no structure without a Builder, no breath without a Breather and no life/creation without a Creator.

Atheists are the most religious/sacrilegious (their negative connotations regarding the term of "religion" is what they are

guilty of practicing) of all! <https://www.facebook.com/notes/michael-swenson/the-religion-of-evolution-versus-the-science-of-creation/729829070429388>

"living fossils" <https://www.facebook.com/photo.php?fbid=899139900104625&set=gm.502029029937933&type=1&theater> found even in the so called "lowest levels" or earliest records of the fictional "geologic column" are but one of many, many observable facts that soundly disprove evolutionary imaginations taught in the name of science in public indoctrination/brainwashing institutions.

Simply ask anyone to identify anything, even one thing, that has no antecedent in all the universe. If not even one idea, imagination, let alone what is observed in all the universe, exists without a cause, then it is completely preposterous to suggest the universe and all it contains, causeless came. If NOTHING presently observed exists without a cause, then we KNOW there is a CAUSE for EVERYTHING.

Furthermore, ask anyone to identify anything, even one thing, observed in all the universe that is without beginning (causeless) and without end (indestructible). IF NOTHING OBSERVED is causeless or eternal, then EVERYTHING MUST exist by an ETERNAL CAUSE that is not observed by our physical perceptions but is nonetheless understood by our unobserved intellect and knowledge. That Eternal CAUSE must be present to explain not just the origin but the ongoing observations of all creation.

(Eternal, Supreme, Divine Intelligence, Power and Life that not only initiated Creation; but sustains and presents it as the observable universe moment by moment) That Eternal Cause is GOD and provably the GOD who has made Himself known to us in all Creation and in declaring Himself in the contents of the HOLY BIBLE <https://www.facebook.com/notes/michael-swenson/god/719346771477618>; as my notes cited above and below explain in sufficient detail to convince any rational mind of such Truth.

(especially anything having to do with the Truth - Christianity).

If "atheism is a religion, like off is a TV channel", why are they starting churches?

Evolution and Atheism Intertwined Religions of the Insane

1. in·san·i·ty

/inˈsanɪtē/

Noun

1. The state of being seriously mentally ill; madness.
2. Extreme foolishness or irrationality.

Synonyms

madness - lunacy - craziness - derangement - dementia

1. fool

/fūl/

Noun

A person who acts unwisely or imprudently; a silly person: "what a fool I was to do this".

Verb

Trick or deceive (someone); dupe.

Adjective

Foolish or silly.

Synonyms

noun.

simpleton - dolt - tomfool - ninny - nincompoop

verb.

cheat - deceive - dupe - bamboozle - hoodwink - kid

adjective.

foolish - daft - goofy - fatuous - idiotic - asinine

I write the following in the hope that if there are to be any future generations of mankind they will consider the act(s) of intentionally deceiving/brainwashing innocent children a felony crime because it fits the definition of aggravated assault and should be punished with incarceration.

<https://www.facebook.com/notes/michael-swenson/brainwashing/643617432383886>

I also hope that if there are to be any future generations of mankind upon the earth that never again will such mass lunacy take hold of them but will know and acknowledge our Creator from whom we all come and by whom we all exist openly from the time they are born and forever.

aggravated assault

Web definitions

a reckless attack with intent to injure seriously (as with a deadly weapon)

A person is guilty of aggravated assault if he or she attempts to cause serious bodily injury to another or causes such injury purposely, knowingly, or recklessly under circumstances manifesting extreme indifference to the value of human life; or attempts to cause or purposely or knowingly causes bodily injury to another with a deadly weapon. In all jurisdictions statutes punish such aggravated assaults as assault with intent to murder (or rob or kill or rape) and assault with a dangerous (or deadly) weapon more severely than "simple" assaults.

This is not an attempt to reason with the truly insane religious adherents to Darwin's Theory of Evolution and atheists as it is impossible to reason with an irrational mind which is argumentative proof that childhood brainwashing has caused them irreversible serious harm outside of Divine Intervention and supernatural healing, but is written to expose what has happened to them has been intentional and has successfully turned them into fools. Their madness is obvious to all persons still in their right minds by God's grace; but my many vain attempts to reason with them show that the brain damage by programming in our public education system is so severe they are simply incapable of rational thought and understanding simple concepts any longer.

"The Law of Cause and Effect states that every material effect must have an adequate antecedent or simultaneous cause. The mass of a paper clip is not going to provide sufficient gravitational pull to cause a tidal wave. There must be an adequate cause for the tidal wave, like a massive, offshore, underwater earthquake ("Tsunamis," 2000, p. 1064). Leaning against a mountain will certainly not cause it to topple over. Jumping up and down on the ground will not cause an earthquake. If a chair is not placed in an empty room, the room will remain chairless. If matter was not made and placed in the Universe, we would not exist. There must be an adequate antecedent or simultaneous cause for every material effect. Perhaps the Law of Cause and Effect seems intuitive to most, but common sense is foreign to many when God is brought into the discussion." -

To paraphrase something MUST exist to act upon anything else.

"Aristotle on Non-contradiction

First published Fri Feb 2, 2007; substantive revision Wed Jan 26, 2011

According to Aristotle, first philosophy, or metaphysics, deals with ontology and first principles, of which the principle (or law) of non-contradiction is the firmest. Aristotle says that without the principle of non-contradiction we could not know anything that we do know. Presumably, we could not demarcate the subject matter of any of the special sciences, for example, biology or mathematics, and we would not be able to distinguish between what something is, for example a human being or a rabbit, and what it is like, for example pale or white. Aristotle's own distinction between essence and accident would be impossible to draw, and the inability to draw distinctions in general would make rational discussion impossible. According to Aristotle, the principle of non-contradiction is a principle of scientific inquiry, reasoning and communication that we cannot do without." -<http://plato.stanford.edu/entries/aristotle-noncontradiction/>

"Law of noncontradiction

From Wikipedia, the free encyclopedia

This article uses forms of logical notation. For a concise description of the symbols used in this notation, see List of logic symbols.

In classical logic, the **law of non-contradiction** (LNC) (or the **law of contradiction** (PM) or the **principle of non-contradiction** (PNC), or the **principle of contradiction**) is the second of the three classic laws of thought. It states that contradictory statements cannot both be true in the same sense at the same

time, e.g. the two propositions "A is B" and "A is not B" are mutually exclusive." -

http://en.wikipedia.org/wiki/Law_of_noncontradiction

1) Something must exist to act upon anything else.

2) Something cannot act upon itself before it actually exists.

By these two obvious principles the Universe did not create itself or bring itself into existence.

Creation did NOT bring itself into existence! (despite the absolute madness these fools have embraced <http://www.youtube.com/watch?v=fWq0lahNNyY> AND http://www.youtube.com/watch?v=vlvZ_oqV1w) It is obvious to all sane persons; but religious adherents to Darwin's Theory of Evolution and Atheism have proven incapable of grasping this simple truth. The ones who have not gone completely raving mad; drooling on themselves in their own waste; can still acknowledge the use of their primary perceptive abilities such as seeing, hearing, touching etc. and yet at the same time while acknowledging the existence of creation through their use adamantly deny the existence of the Creator. They fail to grasp even with whatever critical thinking that might still remain to them how this violates the above two scientific laws. **Laws that are so critical that without them; as Aristotle put it "...we could not know anything..."**. This fact proves these persons have gone insane and become fools just as our Creator tells us. <http://biblehub.com/romans/1-22.htm>

But to be more specific regarding how it is being forced upon children during the years of their development and growth intentionally <http://www.foxnews.com/opinion/2014/01/14/first-grader-told->

to-stop-talking-about-bible/?intcmp=latestnews, I will discuss some of the most obvious problems showing the madness they embrace and yet are seemingly incapable of realizing it.

1) The Big Bang Theory - no matter how many times you ask them just what exploded and where did it come from they cannot declare it; let alone agree on it. Nevermind that it fails to explain why so many celestial objects are rotating, spinning, revolving instead of just flying outward from the explosion. And nevermind that in all of known history we have never once observed an explosion anywhere making something more complex but by ubiquitous evidence and definition disintegrates something complex into less complex, smaller particulates.

ex·plo·sion

/ik'splōZHən/

Noun

1. A violent and destructive shattering or blowing apart of something, as is caused by a bomb.
2. A violent expansion in which energy is transmitted outward as a shock wave.

Synonyms

burst - detonation - blast - outburst - outbreak

Their initial premises on the theory of their own existence (and that of the whole universe) is obviously ludicrous as NOT ONE of them can explain this very first principle of the complete load of crap they believe in let alone then acknowledge the truth that what they believe in is clearly religious in nature and in no way "scientific". But these fools want everyone else to believe their chosen insane worldview is just that.

2) Abiogenesis - According to the worldview of these adherents to metaphysical concepts in the name of science fools, life came from inorganic substances that coalesced and became the first single living cell. This occurred from the something that they cannot define; nor tell us where it came from; that exploded in the void of space; which is an environment that we know from observation is so hostile that it brings virtually instantaneous death to all known life forms on our planet; especially and even to single celled organisms.

3) And their religious belief in the name of science goes on... that from that single cell all the myriad of species we know today came into existence. Plants became animals, animals became plants, fish

became reptiles, reptiles became fish, some fish became mammals, some mammals became fish, and somewhere in the figments of their wild imaginations bananas became the chimps that eat them which turned into the fruit bowl upon their necks within their cranial region for what should be a brain. Nevermind in the fossil record not ONE transitional form exists. Nevermind the fossil record clearly disproves the so called "geologic column" which is just fiction created by Charles Lyell, who was a lawyer; not a geologist. Nevermind that every attempt by evolutionists to claim they found the missing link has failed though they have searched frantically in all the world. Nevermind all of the things they still force on innocent children has been proven fraudulent with regards to so called "human evolution". <http://www.nwcreation.net/evolutionfraud.html>

No matter how you slice it or dice it everything these persons believe and claim is scientific fact has been proven FALSE not only by the sciences; but by ubiquitous evidence. No one in all of history has seen macroscopic evolution. All the mutations ever recorded by toxins, radiation, have not resulted in new life forms but death to the mutation. Any actual modifications that have taken place have happened by intentional alteration of genetic material which took many advances in science even to discover; let alone record some of that information encoded in the genetic makeup of species. Information that is so complex and lengthy it has taken supercomputers to even attempt to store the data. This presentation has a way of showing just how ludicrous atheism and evolutionary religions really are: <https://www.youtube.com/watch?v=mtBz1roiQR8>

In short, virtually everything the persons who call themselves evolutionists and especially atheists believe in regarding the origin of the Universe and of Life in general has been proven by the sciences; they want everyone else to think that they champion, as FALSE. They are incapable of seeing it all as the load of crap that it is and mock people who try to bring them out of their insanity and obvious brainwashing.

When professors of evolutionary theory are confronted about all the lies published in text books for children in our public schools they acknowledge that they know what is being taught the children is false. http://www.youtube.com/watch?v=b8GgrUposII&list=PLImVnuWDQ6_JNBH7TGMLVV5Pd6OgmOrF7

Furthermore, some evolutionists; when confronted, have at times even stated why they are lying to the children as <http://archive.org/details/DarwinsDeadlyLegacy> aptly points out. <http://www.youtube.com/watch?v=4mxXICZ9mXo&list=PL7F9B57EBDCCEECF8> and even more astutely <http://www.youtube.com/watch?v=j7XR9yH2ETk> (teaching your kids to think they are nothing more than animals and to act like it; to satisfy their own perversions https://www.google.com/search?q=teachers+having+sex+with+students+and+minimal+sentences&rlz=1C1GIGM_enUS535US535&oq=teachers+having+sex+with+students+and+minimal+sentenc

Remember that our modern public education was taken out of the Church into government control by Rockefeller and such wealthy oppressors/exploiters of the masses like him. http://en.wikipedia.org/wiki/General_Education_Board In other words, our so called education system was set up by the ultra wealthy to socially engineer the masses and force their own opinions upon them regardless of scientific facts or truth. <https://www.facebook.com/notes/michael-swenson/brainwashing/643617432383886> These same wealthy persons who exploit and intentionally enslave the masses <http://www.youtube.com/watch?v=oygBg6ETYIM> ; need slave mentalities; and have socially engineered it successfully as the existence of evolutionists and atheists prove. Funding puppets in politics but especially secretive agencies and practices of government such as all the mass Psy-Ops programs http://www.google.com/#sclient=psy-ab&q=funds+american+Psy-Ops&oq=funds+american+Psy-Ops&gs_l=serp.12...26002.33862.1.36126.14.14.0.0.0.0.155.1144.7j4.11.0...0.0.0..1c.1.17.psy-ab.GkexrS5n-XU&pbx=1&bav=on.2,or.r_qf.&fp=4c4cd8b5332e1507&biw=1067&bih=702 ; the wealthy openly state their desire to control populations and recently their desire to reduce the number of persons by over 6 billion <http://www.youtube.com/watch?v=MIjrirW3Gno> ; but people who have had their brains apparently turned to unthinking mush are incapable of understanding that brainwashing has been successfully used on them by these wealthy, evil individuals. <http://www.youtube.com/watch?v=i46RI2twVao> I put only one of many Psy-Op programs and only one link not because there are not many more <http://www.youtube.com/watch?v=uOoR5D73Huo> but because I want sane persons to research on their own these topics such that the enlightenment that follows will eradicate the cruelty of intentionally brainwashing innocent children (and other people in general); especially in the name of science. <https://www.facebook.com/notes/michael-swenson/too-many-are-turning-science-into-a-religion/711197568959205>

<https://www.youtube.com/watch?v=meIg-TyDm-g> In this debate the evolutionist makes a statement that no way does a single pair of horses etc. produce all the variations we see today, but that is because he is drawing his conclusion from a false premise and lack of knowledge. <http://biblehub.com/genesis/7-2.htm> notice all clean animals had SEVEN pairs and unclean had one pair. <https://www.youtube.com/watch?v=Iktmmd7YnD8> Further the math behind population growth rates of species easily arrives to current population numbers on earth from just thousands of years ago, while the evolutionary claims of long time would have filled this world with species beyond the total living and fossilized remains "BILLIONS" OF TIMES OVER. (evolutionary "deep time" claims is disproven by mathematics) And he furthermore must be lacking knowledge behind observations of the silver fox: <https://www.youtube.com/watch?v=ZEOjlsUd7j8> widespread variations in short time proves the BIBLICAL ACCOUNT; NOT evolution! (evolutionists think creationists are denying variations within the kinds WHEN WE ABSOLUTELY DO NOT; what we are OPPOSED TO is teaching that a single cell produced all the billions of multi-celled organisms on earth today or that cats became dogs or a common carnivore produced both when the DNA for each KIND felines vs. canines is radically different. horse kinds can breed and produce other horse kinds - <http://www.dailymail.co.uk/news/article-2118901/The-strangest-zoo-Britain-See-zedonk-zorse-Zonkey-cross-bred-horses-show.html> but a donkey and cat no, a cat and walrus no, etc. the KINDS can breed and produce variations, but a single cell CANNOT and DID NOT ADD DNA INFORMATION TO ITSELF TO BECOME A MULTI-CELLED ORGANISM (no matter how many "scientists" choose to foolishly espouse such incredible nonsense!) If evolution were true (it is NOT) but IF then throw out entropy! and if what they teach regarding the origin of life is true, then throw out the Law of biogenesis! Another snide comment by the evolutionist is that all the public universities teach evolution and none teach creation while IGNORING HOW THAT CAME TO PASS, (they systematically FIRED creationists), and removed prayer and the BIBLE from public education through corrupt persons in the courts; formerly for the majority of public education in our nation they would have laughed (and still should at the nonsense of evolutionary theory) all one has to do is look at the funding behind public education to see that these people have INTENTIONALLY placed such fools in public education to brainwash the masses!

<https://www.facebook.com/notes/michael-swenson/strategies-of-war/674592165953079> (this is foolish! NOTHING IN ALL THE WORLD supports as "evidence" evolutionary theory; except their wild imaginations!) - <https://www.youtube.com/watch?v=ED32UZT06sc> and (repost) WATCH IT!

<https://www.facebook.com/notes/michael-swenson/the-modern-evolutionary-paradigm-is-not-science-it-isnt-even-good-science-fictio/747467775332184>

Attempting to censor even the mention of God in public education, automatically leads to promoting ignorance, lies and deceptions. Who or what defines what is knowledge? and who or what defines what

is truth? it can't be popular agreement; as we see great numbers of people have been in error in history even though they were in agreement. all the superseded scientific theories http://en.wikipedia.org/wiki/Superseded_scientific_theories also show that it cannot be defined by those the masses may esteem as their most intelligent. <http://biblehub.com/romans/1-22.htm> Without an ULTIMATE AUTHORITY, "truth" and "knowledge" clearly remains purely subjective in the minds of observers. (Mentally imagining and vainly, intentionally putting "God" out of mind, has the effect of attempting to do away with the very definitions of absolutes; does away with the ability to KNOW and UNDERSTAND TRUTH). Doing away with GOD results in endless debates, uncertainty, ignorance, and ultimately leads to insanity <http://biblehub.com/romans/1-28.htm>, suffering, death and destruction. <http://biblehub.com/hosea/4-6.htm> The only way to absolutely be certain about KNOWLEDGE and TRUTH is to KNOW GOD, because HE DEFINES and is THE SOURCE of KNOWLEDGE and TRUTH! <http://biblehub.com/john/14-6.htm> and <http://www.facebook.com/notes/michael-swenson/evidence-of-god-our-creator/568134419932188>

I hope very soon people all over the world will cast off the many deceptions in the world and Repent and Call Upon the One True GOD, our Eternal Creator, LORD and Savior!!!!!!!

<https://www.facebook.com/notes/michael-swenson/how-to-know-truth-in-a-world-of-lies/622590531153243> and <https://www.facebook.com/notes/michael-swenson/the-eternal-creator-can-be-known/495815193830778> In the meantime, I ask people who do know our Creator to pray that He will either save the many insane fools the brainwashing in our public education system has produced and supernaturally give them all sound minds or remove them from the earth so they don't cruelly do so to innocent little children of the coming generations of mankind. Many of those who cling to their religions of evolution and atheism; I have personally noted, are the modern sodomites (which is exactly why the Messiah says they refuse to come to Him and be enlightened <http://www.biblegateway.com/passage/?search=John+3%3A15-21&version=KJV>); so their transformation or removal is absolutely necessary before they destroy the whole world in their madness. They are already intentionally ignoring all the warning signs. http://www.youtube.com/watch?v=e_nIAswAEG0, <http://www.youtube.com/watch?v=z1TS9C2bi-0>, http://www.youtube.com/watch?v=t6WVZJ_CFHQ,

<http://www.youtube.com/watch?v=lf9yzHwOeUc>. The Theory of Evolution (used in public education to brainwash children by the satanic NWO to keep them from KNOWING GOD - <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-1/633571873388442> and <https://www.facebook.com/notes/michael-swenson/satanism-fools-who-want-to-burn-forever-represent-a-threat-to-themselves-and-all/554580804620883>) is not only FALSE <http://www.youtube.com/watch?v=Gjvuwne0RrE&feature=youtu.be> but is DANGEROUS and responsible as a worldview for the most bloodshed on earth of all worldviews in the entire history of mankind <https://www.youtube.com/watch?v=4mxXICZ9mXo&list=PL7F9B57EBDCCEECF8>. Not only is this LIE called the Theory of Evolution sowing death and destruction in all the world; it's deceptive evil is robbing souls of fulfilling their Divine Purpose and leading them into the everlasting flames of

damnation (a deception that not only destroys physical beings; but attempts to destroy souls); as they dwell in such stupidity they are a danger to themselves and all life on the planet.

<http://www.facebook.com/notes/michael-swenson/stupidity/527894057289558>

The use of Psy-Ops on innocent children who have grown up and are demonstrating they are incapable of rational thought any longer proves that brainwashing/programming is a weapon that causes great bodily harm (to the brain). If any mortals survive the coming desolations, make certain the little children are never lied to by the complete nonsense of "The Theory of Evolution" and atheistic insanity; like what has occurred in recent history and is still in process, despite all the sciences have done to try to bring them out of their strong delusion, to this day - Yes, we who KNOW our Creator and are taught by the Creator directly beseech you, NEVER ALLOW THIS TERRIBLE CRUELTY FORCED UPON INNOCENT LITTLE CHILDREN IN THE NAME OF AN EDUCATION TO HAPPEN EVER AGAIN! http://biblehub.com/1_john/2-27.htm If there is anyone anywhere still sane enough to care about your own soul as it exists now and into eternity you must act as quickly as possible and obey this commandment from our Creator right away!:

Acts 2:38-39

King James Version (KJV)

38 Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost.

39 For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call.

An evolutionist replied: "So talking snakes, making a women from a rib bone, virgin birth, putting every kind of animal on a boat, turning water into wine, walking on water is believeable but, a species evolving from one from into another is unbelievable? I can see your point."

To which I replied: talking snakes = satanically influenced beings <http://biblehub.com/luke/3-7.htm>, women from rib bone = http://stemcells.nih.gov/info/Regenerative_Medicine/Pages/2006Chapter4.aspx (if modern scientists can utilize raw organic material and modify it by programming with DNA <http://healthland.time.com/2013/06/06/5-discoveries-that-will-change-the-future-of-organ-transplants/slide/stem-cells/> and <http://janmeador.wordpress.com/teachings-2/why-god-used-adams-rib-to-create-eve/> why do you find that impossible for the Creator of the Universe)?, virgin birth (if mankind created in the image of GOD was given sperma/seed for the process of procreation from the Creator, what makes you think the Almighty is incapable of producing His own)?, GMOs on countless varieties of species these days and you think that difficult for the Creator of the Universe (water into wine)?, we have people walking on the moon, performing tasks in outer space; is walking on water so unbelievable?, but despite ALL that you can observe today proving these things are not only possible by technology and mankind (let alone the Creator of the Universe), you don't just believe in one kind of species such as a plant becoming an animal or an animal becoming a plant, but to actually believe the nonsense of evolution you are believing life itself came from non-life and that one life form became ALL life forms, but worse by denying Intelligent Design of the Universe by an Eternal Creator, you have no rational explanation for the existence of EVERYTHING as the entire line of atheistic and evolutionary thought is IMPOSSIBLE in concept let alone the stages of it's scope.

If you disdain the Holy Bible you are doing so to your own peril and in great ignorance as to the magnificence of it's unique qualities! It has been inerrant in thousands of prophecies to date, it has scientifically encrypted messages (the Bible Code series by Drosnin and you can even get the software that shows encrypted messages even dates of current events that have taken place in recent history), it has thousands of original manuscripts pre-dating all others in the whole world to compare its modern translations to, it is the only book in the whole world that if you were able to destroy completely could be reassembled just from all the quotes to it from other books and reference materials in history, its historicity scientifically proven and actually utilized by archaeologists to discover long ago buried cities such as Jericho and the walls that fell; Noah's Ark; Sodom and Gomorrah's ashen ruins, and countless other artifacts, cities and sites in the world, it is a Book like NO OTHER and deserves more than just the marxist' philosophy brainwashed into children these days as a brush off. In Josh McDowell's Evidence that Demands a Verdict series there are so many unique aspects as to why the Holy Bible is the Greatest Book in the World BY FAR that an entire apologetic set the size of encyclopedias have been written regarding those aspects. ultimately, the rubbish of atheism and theory of evolution has demonic/satanic origins and funding behind propagating such evil nonsense: <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-1/633571873388442>

atheism is in fact another form of satanism - <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-2/633572213388408> it is another anti-christian worldview that is responsible for oppression, death and destruction everywhere that religion/worldview predominates. it attempts to elevate self as the sole determiner of right and wrong; which automatically creates chaos, death and destruction as people disagree and then vie for domination in the resulting might makes right mentality. Any attempt at doing away with Truth, our Eternal Creator, is a form of deception; deception is a tool of satanil: atheism is factually a form of satanism.

There is no doubt that atheism is satanic in origin, thought and practice; as are the prolific lies of the popular evolutionary paradigm being forced upon mass millions of innocent children.

In response to all the ridiculous lawsuits filed by atheists to remove crosses, ten commandments, etc. why don't people countersue every atheist that complains and turn their own complaints against them?

WE ARE OFFENDED THAT THEY DO NOT HAVE A CROSS ON THEIR LAWN! THEY DO NOT HAVE A CROSS over the vast majority of land on earth! Their LACK of FAITH in the ONE TRUE GOD is OFFENSIVE! The ABSENCE of religious expression of Christian symbols in a Christian nation is HIGHLY OFFENSIVE! and if the courts continue to favor atheists, satanists, islamists, and all other worldviews over Christianity, then DEBENCH THE JUDGES PERMANENTLY FOR VIOLATING THE HIGHEST LAWS OF OUR LAND (that are so clearly subverting our Constitutional Rights with such treasonous acts)!

We should not let ignorant (people lacking so much knowledge that they fail to acknowledge or have any rational explanation for the existence of the universe; that is they have no logical, rational, reasonable explanation for what we all observe ubiquitously), insane or wicked persons shape our culture by claiming to be "offended" every time they see a cross or hear someone acknowledge our Creator. If being offended is all it takes to change the world, then know that I am personally offended by all things satanic, including and especially those so willfully ignorant that they believe in evolution and atheism. <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-2/633572213388408> I am offended by every person at every location on earth that does NOT honor the One True GOD, all buildings and places that does NOT bear a reminder of the Most Awesome Display of Love and Great Sacrifice for us all (the Cross of Christ)! If the insanity of atheism is valid to bring law suit over seeing a cross, then Christians can; by that same incredibly irrational intolerance, bring law suits at all locations where a cross isn't displayed and claim that those locations are establishing the insanity of atheism! If there is any reason to be offended on earth, it is virtually everything an atheist, thinks, says and does!

<https://www.facebook.com/video.php?v=10153084284774899>

Some people would STILL ask "HOW is atheism and the theory of evolution a religion?"

<https://www.facebook.com/notes/michael-swenson/the-religion-of-evolution-versus-the-science-of-creation/729829070429388>; due to a lack of reading comprehension of all that has been stated thus far and in regarding the definitions of religion. Atheists have a set of beliefs (irrational, illogical and insupportable, but nevertheless beliefs) about the origin of the universe, the origin of life, and choose to willfully ignore any facts or evidence contrary to those beliefs. In so doing, each and every atheist is willfully making themselves the "supreme being", gods and goddesses in their own mind that shape

reality according to their own self-delusions (willfully turning eyes and ears away from reality and facts). They support just about any theory or idea that comes along that in any way seems to ratify any part of their chosen cognitive dissonance (they exist and some still are sane enough to acknowledge the universe exists; but they insist on denying the logical and rational facts proving as to WHY it exists - <http://www.facebook.com/notes/michael-swenson/evidence-of-god-our-creator/568134419932188>), in a vain attempt to try and go on believing "there is no God". Thus they make an idol out of any "scientist" or any idea or thought that would seem to pose confirmation bias for their delusions. That is a belief system that takes monumental faith indeed! Likewise, there is not one shred of evidence in support of the constantly changing theory of evolution (constantly changing because of all the actual science that disproved it as originally stated) and so it morphs constantly in a vain attempt to try and hold on to another belief system or worldview or religion that takes the ONE TRUE GOD out of their consciousness; willfully to place any idol of their choosing in His stead (in this case darwin or even the theory itself becomes the idol or supreme being for them; providing them with their religious beliefs that they cling to; despite ubiquitous evidence to the contrary.) Idolatry is such because such religious persons make idols out of themselves or others or objects or ideas, ANYTHING but rationally and reasonably acknowledge the reality of our Eternal Creator. <https://www.facebook.com/notes/michael-swenson/too-many-are-turning-science-into-a-religion/711197568959205> and <https://www.facebook.com/notes/michael-swenson/religion-in-the-name-of-science/710078699071092> and <https://www.facebook.com/notes/michael-swenson/blasphemy-and-idolatry/568026456609651> So, by definition, both atheism and the theory of evolution are religions; religions that are perhaps the most irrational and insupportable ever in the history of the world.

ATHEISM

Time is a human's most valuable resource. So what do Atheists do with it? They waste it looking for forums where they can argue that God doesn't exist. That's right, they expend their most valuable and scarce commodity thinking about and talking about something they claim doesn't even exist. That is completely irrational behavior.

IS A WASTE OF TIME
USELESS

[Atheism on the Slide](#)

I wonder if these atheists ever realize that they are wasting their one and only life on a God they don't believe in. A lot of them dedicate as much of their life to God, as Christians do.

Evolutionary and atheistic worldviews cannot account for logic and science. The biblical worldview can, however. When Darwin and others try to disprove God, creation, and so forth, they are actually relying on the truth of the Bible to do so!

[Quantum Prophecies](#)

Once upon a time there was nothing. Then there was something. Then something became alive! It originated from inanimate pond-scum and then it grew in complexity. It defied the principles of information theory and software engineering by self-programming the most complex algorithms in the known universe. Then through chance, time and necessity, that previously inanimate pond-scum also created quality control and repair mechanisms & complex communication systems (most of which exceeded our level of understanding) which harnessed digital languages and decoding systems (and it stored the information in the memory banks) which were governed by a control system with proofreading and adaptive coding. Then a process called natural selection chose the most suitable organs and limbs (and a bunch of other stuff) and it worked alongside mutations, which also occurred, and they helped. Then after a real long time bacteria turned into butterflies and frogs turned into snakes and apes, then finally, yes finally MAN CAME and MAN was GOOD. He was relieved that nature was capable of creating the multi-level encryption and multiple semiotic coding systems within his body.

Then, one day, along came the Neo-Darwinists, and they were dogmatic. When it was discovered that no physical or chemical process can give rise to life or the information within living systems, they became frustrated and poked fun at the Christians and accused them of believing in silly fairy tales. They tried desperately to hide behind intellectuals, they misused and misunderstood science and appealed to peoples ignorance. Sadly, they couldn't provide a rational theory (which consisted of a plausible mechanism, a level of prediction and empirical evidence) to illustrate how life and information systems can originate. Many of them couldn't accept that their worldview had been operationally falsified. The end.

“If it could be demonstrated that any complex organ existed which could not possibly have been formed by numerous, successive, slight modifications, my theory would absolutely break down.”

"Charles Darwin said (paraphrase), 'If anyone could find anything that could not be had through a number of slight, successive, modifications, my theory would absolutely break down.' Well that condition has been met time and time again. Basically every gene, every protein fold. There is nothing of significance that we can show that can be had in a gradualist way. It's a mirage. None of it happens that way."

Progressive loss of DNA sequences from terminal chromosome deficiencies in *Drosophila melanogaster*.

Abstract

Terminal deficiencies at the tip of the X chromosome can be induced at a high frequency (0.2-0.3%) by irradiating *Drosophila* females carrying a homozygous mutator (μ -2) with low doses of X-rays. These terminal deficiencies are unstable, since over a period of 3 1/2 years DNA sequences were lost from their distal ends at a rate of 75 bp per generation, presumably due to the absence of a complete wild-type telomeric structure. Breakpoints of these deletions in the 5' upstream regulatory region of the yellow gene, giving rise to a mosaic cuticle pigmentation pattern typical of the y_2 type, were used to define the location of tissue-specific cis-acting regulatory elements that are required for body, wing or bristle pigmentation.

The Amazing Evo Parrot

1. Evolution is a fact

(Unicellular organisms gradually morphing into all life on Earth is as much fact as the tooth fairy riding the Easter bunny to Narnia)

2. Evolution has mountains of evidence
(more like mountains of bull, erroneous speculation, and mountains of faith in naturalism)

3. If you don't believe in evolution then you just don't understand it

(saying someone doesn't understand evolution is like saying they don't understand alchemy)

4. All scientists believe in evolution

(except for THOUSANDS that do not believe in it, www.dissentfromdarwin.org)

5. The flu virus is proof of evolution

(biologists don't even consider viruses to be living organisms you ignorant evo-disciple)

6. Evolution has done a lot for science

(Wrong. Intelligence, design, inventions, engineering, and the scientific method did a lot for science)

7. Disbelief in evolution is belief in a magical sky daddy

(No. Disbelief in evolution is disbelief in evolution. It's also disbelief in a magical nature fairy)

If you consistently use these tired arguments, then you are an evo parrot that is devoid of free thought. Get out of the house and visit a zoo, you evo twit.

Creatures that are supposedly extinct are not extinct, they've just been given different names for example: On the left we have the supposedly extinct "Belemnobatis Sismondæ" a fossil carbon dated at [supposedly] "148 million" years old... and on the right we have a modern Shovelnose Ray "Rhinobatos productus" Same size. Same skeletal structure. Same body

shape.<http://www.halleethehomemaker.com/.../03/shovelray-640x170.png>

Same as trilobite and horseshoe crab. Which have suffered a loss.

"Horseshoe crabs are famous for having changed little in morphology since they first show up in the fossil record [supposedly] over 400 million years ago (!): they are thus called "living fossils". (In fact, the title of Richard Fortey's new book on living fossils is Horseshoe Crabs and Velvet Worms. Well, living

species are remarkably similar in general external features to their long-dead (and extinct) relatives, but there are distinct differences, and of course we know nothing about the difference in their internal features, nor in the structure of the DNA of ancient species (go here for more criticisms of the notion that horseshoe crabs are living fossils). Nevertheless, there is surprising “stasis” of morphology over a very long period of time, and we’re not sure why that is. ...What has happened, evolution-wise? Obviously, an entire set of limbs, the outer member of each biramous pair, has disappeared somewhere during the evolution of modern horseshoe crabs. We don’t know exactly why this happened, or, if it was due to selection, what form of selection would favor such loss. But the authors do speculate about the genetic basis of the loss. ...Regardless of its cause, the difference in limb number between ancient and modern horseshoe crabs shows that what are regarded as “living fossils” may well be at one extreme of “changeability” among long-lived groups, but they have by no means remained completely unchanged." (Horseshoe crabs aren’t really “living fossils”)

<http://whyevolutionistrue.wordpress.com/.../horseshoe-crabs-.../>

"The basic arrangement of limbs in euarthropods consists of a uniramous head appendage followed by a series of biramous appendages. The body is divided into functional units or tagmata which are usually distinguished by further differentiation of the limbs. The living horseshoe crabs are remnants of a much larger diversity of aquatic chelicerates. The limbs of the anterior and posterior divisions of the body of living horseshoe crabs differ in the loss of the outer and inner ramus, respectively, of an ancestral biramous limb. Here we report a new fossil horseshoe crab from the mid-Silurian Lagerstätte in Herefordshire, United Kingdom (approximately 425 Myr B.P.), a site that has yielded a remarkably preserved assemblage of soft-bodied fossils. The limbs of the new form can be homologized with those of living *Limulus*, but retain an ancestral biramous morphology. Remarkably, however, the two limb branches originate separately, providing fossil evidence to suggest that repression or loss of gene expression might have given rise to the appendage morphology of *Limulus*. Both branches of the prosomal limbs of this new fossil are robust and segmented in contrast to their morphology in Cambrian arthropods, revealing that a true biramous limb was once present in chelicerates as well as in the mandibulates." "Conventional neo-Darwinian theory views organisms as infinitely sensitive and responsive to their environments, and considers them able to readily change size or shape when they adapt to selective pressures. Yet since 1863 it has been well known that Pleistocene animals and plants do not show much morphological change or speciation in response to the glacial–interglacial climate cycles. ...none of the Pleistocene pit samples is statistically distinct from the rest, indicating complete stasis from 35 ka to 9 ka. The sole exception was the Pit 13 sample of dire wolves (16 ka), which was significantly smaller than the rest, but this did not occur in response to climate change. ... None showed directional change; all were either static or showed a random walk. Thus, the data show that birds and mammals at Rancho La Brea show complete stasis and were unresponsive to the major climate change that occurred at 20 ka, consistent with other studies of Pleistocene animals and plants." (Size and shape stasis in late Pleistocene mammals and birds from Rancho La Brea during the Last Glacial–Interglacial cycle, Quaternary Science Reviews, Volume 56, 21 November 2012, Pages 1–10)

<http://authors.library.caltech.edu/36172/>

<http://www.sciencedirect.com/.../article/pii/S0277379112003289>

"Sure enough, there was complete stasis with no statistically significant size or shape changes through the entire interval, even during the peak glacial when cooler and drier conditions might predict that they would have larger body size (Bergmann's Rule) or shorter limbs (Allen's Rule). Why stasis is so prevalent in the region is still not completely understood. It may be, as Bruce Lieberman and Niles Eldredge have suggested, that most species are much more broadly adapted than we realize, and can live in a wider

variety of climatic settings without a noticeably difference in size or proportions than we used to think. Either way, it shoots down the oversold idea from Neo-Darwinism that organisms are delicately adapted to small environmental changes and adapt in response to every little blip in climate, as in the famous example of the Galapagos finches." (MYSTERIES OF THE TAR PITS by DONALD PROTHERO, Mar 27 2013)
<http://www.skepticblog.org/.../.../27/mysteries-of-the-tar-pits/>

"After six years of work and publication, the conclusion is clear: none of the common Ice Age mammals and birds responded to any of the climate changes at La Brea in the last 35,000 years, even though the region went from dry chaparral to snowy pinon-juniper forests during the peak glacial 20,000 years ago, and then back to the modern chaparral again. ...

In four of the biggest climatic-vegetational events of the last 50 million years, the mammals and birds show no noticeable change in response to changing climates. No matter how many presentations I give where I show these data, no one (including myself) has a good explanation yet for such widespread stasis despite the obvious selective pressures of changing climate. ...

Such stasis, along with the examples documented from nearly all other Pleistocene mammals and birds, argues that organisms are not as responsive to environmental change as classical neo-Darwinian theory predicts." (Stasis in Pleistocene mammals and birds, Oct. 26, 2012)

The fossil record

<http://www.answersingenesis.org/articles/ee2/fossil-record>

"In the evolutionary story, environmental change, or the development of new environmental niches, drives evolution as organisms adapt to new environments. So they argue that living fossils are the creatures whose environment did not change. However, in the evolutionary view Earth has sustained multiple global catastrophes (but not a global flood; the Bible speaks about that!) and multiple ice ages. How could there be any place on earth that has remained static, including no change in predators? And living fossils occur across the spectrum of life; and they are very common.

Combine the observations of stasis and the scarcity of transitional fossils (there should be millions of them) and you have to ask, "Where is the fossil evidence for evolution?" (Don Batten, Evolutionists can't dodge 'Living Fossils')

[Atheism on the Slide](#)

Many atheists accuse Christians of only being Christians because we were born into and grew up in the church. That of course is refuted instantly because I grew up in a non-religious home, became an atheist and now I'm a Christian.

I don't think they realize that that same fallacious argument can be turned on them, concerning their beliefs in evolution. Of course I wouldn't recommend it because it would be the same exact fallacy that they commit. But, it is true that although this may not be the case for all atheists, but many only believe in evolution because they've been indoctrinated into it from childhood. From their little cartoons, all the way up to high school and college, they've been taught that it's indisputable fact and that it is not to be questioned.

Atheist call creationists "non-thinkers" That never question what we were taught. That's odd because most creationist I know are creationists because we did question what we were taught. We didn't grow up learning about it in school. In fact, I didn't even know about creation research until later on in life. We had to actually go out and search for information that is generally hidden from many people.

"Evolutionary theory teaches the ancestors of gorillas interbred with the ancestors of humans and chimps, and human ancestors and chimpanzee ancestors interbred, with humans descending from the hybrid population. The Bible clearly forbids humans interbreeding with animals, saying it's a perversion [distortion or corruption of the original course, meaning, or state of something]. How do Theistic evolutionists reconcile this?

The ancestors of gorillas supposedly interbred with the ancestors of humans and chimps: <http://www.newscientist.com/.../bonobo-genome-hints-at...> Chimpanzee and human ancestors supposedly interbred: <http://www.nature.com/.../060515/full/news060515-10.html> "Neither shalt thou lie with any beast to defile thyself therewith: neither shall any woman stand before a beast to lie down thereto: it is confusion." ~ Leviticus 18.23 (KJV)

The word "confusion" [Hebrew word: tebel], means perversion, unnatural bestiality; the violation of nature, or the divine order. The word "perversion", means distortion or corruption of the original course, meaning, or state of something, sexual behaviour that is considered abnormal and unacceptable.

Some other translations: "And you shall not lie with any animal and so make yourself unclean with it, neither shall any woman give herself to an animal to lie with it: it is perversion." ~ Leviticus 18.23 (ESV)

"Don't have sex with an animal and violate yourself by it. A woman must not have sex with an animal. That is perverse." ~ Leviticus 18.23 (MSG)

"Also you shall not have intercourse with any animal to be defiled with it, nor shall any woman stand before an animal to [a]mate with it; it is a perversion." ~ Leviticus 18.23 (NASB)

"Do not have sexual relations with an animal and defile yourself with it. A woman must not present herself to an animal to have sexual relations with it; that is a perversion." ~ Leviticus 18.23 (NIV)

"Nor shall you mate with any animal, to defile yourself with it. Nor shall any woman stand before an animal to mate with it. It is perversion." ~ Leviticus 18.23 (NKJV)

Michael Swenson I never said atheists were immoral. I said atheism is amoral.

Just as a person can stand on the Charles bridge while denying it exists, so a person can behave ethically while denying any possible rational basis for ethics.

So atheists exercise the blindest faith, simultaneously denying that there is any purpose for the universe and all it contains while claiming they (or anyone else) can be "good".

Everyone knows this is absurd, except the atheists who insist they are no different from everyone else.

THE POPES OF ATHEISM

King James Bible 2 Timothy 3:6

For of this sort are they which creep into houses, and lead captive silly women laden with sins, led away with divers lusts,

GENTLE PEDOPHILES

"reports of child abuse cover a multitude of sins, from mild fondling to violent buggery...just because some pedophile assaults are violent and painful, it doesn't mean that all are. A child too young to notice what is happening at the hands of a gentle pedophile will have no difficulty at all in noticing the pain inflicted by a violent one."

[Michael Swenson](#) per Anthony Jan Yap "1. Fossils are tangible. It can give us an idea if evolution ever took place. But does the fossil record shows evolution? Absolutely not. From Charles Darwin, to S. Gould, to Richard Dawkins, they all admit that the fossil record does not show any signs of evolution. Only the lay evolutionists who knows nothing about the matter believes that the fossil record proves evolution. In fact, if you read Charles Darwin's book, you will find that his greatest problem with his theory is the fossil record because it speaks AGAINST evolution. Read Darwin's book so you will get an idea.

But let me give a sample:

"It is as though they [fossils] were just planted there, without any evolutionary history. Needless to say this appearance of sudden planting has delighted creationists. ...Both schools of thought (Punctuationists and Gradualists) despise so-called scientific creationists equally, and both agree that THE MAJOR GAPS ARE REAL, that they are true imperfections in the fossil record. The only alternative explanation of the sudden appearance of so many complex animal types in the Cambrian era is divine creation and both reject this alternative." - Richard Dawkins, *The Blind Watchmaker*, pp. 229-230, emphasis are mine

Now I don't care what "special pleading" (a fallacy, pathetic excuse) that Richard Dawkins made after he said those things (he even admitted in that same book that he is doing a special pleading fallacy). The fact is he admits the reality that the fossil record speaks highly AGAINST evolution.

2. Genetics is observable indeed. But does it show evolution? NO. A big fat NO. In fact, it also speaks highly AGAINST evolution. Our genes are DETERIORATING negatively, not evolving at all. To evolve a frog into a reptile requires addition of NEW functional and purposeful information in the DNA such as the programming for the positioning of all the scales, new organs, and so on. This is impossible to achieve by deteriorating the genome or by chance. It is the same with hoping that a WindowsXP operating system would turn into a Windows8 operating system via natural data loss and copying errors in the hard drive (assuming that you keep on copying the hard drive and destroying the original to simulate a realistic

living population). Yet the programming for DNA (even for just the eye) is far, far too complex than a Windows8 software. But what will you get from that hard drive if you extrapolate forward? You will get a dead software that will not even boot up and that's what will happen to us in the future. So therefore, genetics is the most powerful evidence that Evolution is not happening today nor even possible.

3. Geology and Archaeology you said? Dinosaur fossils are found with soft-tissues (meat), blood, osteocytes, and even some remnants of DNA. Furthermore, they still contain Carbon14 (detectable half-life of only 90,000 years max) inside. These things don't even last a million years, especially if they are just laying there in the dirt. Carbon dating shows that dinosaurs are only around 10,000 to 50,000 years old. That's a mortal blow to the theory of evolution. And all the evolution scientists could offer as an excuse is that fraudulent Iron Preservation (by Mary Schweitzer et al). It was found that they lied, there was no iron on so many samples (they just cropped those images of areas with iron). Even if there was, it can't even preserve the proteins for millions of years. It was a hastily made-up excuse to silence the lay evolutionists who would just accept any explanation, no matter how stupid it is, just to defend their precious Evolution. I don't care what the textbooks says. They are all relying on assumptions. But this right here is empirical evidence that trumps all evolutionary assumptions of millions of years.

In light of those very solid evidences, it is clear that Evolution did not happen in the past (fossil record), is not happening now (genetic deterioration), and will never even happen (genetic complexity).

But I know evolutionists won't understand these things because evolutionists cling to imaginary evidences that don't even exist or on fraudulent evidences that they deliberately made while Creationists rely on honest empirical science. Evolutionists are science deniers. "

Freedom From Atheism Foundation (FFAF)

Mr. Mikhail Mashin, the director of the ZIL, has built a thriving business on the refutation of this particular Dawkinsian myth. Under Soviet rule, ZIL made cars, but the competition ZIL faced from Western automotive manufacturers after the fall of the Soviet Union forced the company to creatively explore other markets. ZIL now manufactures church bells because there is a booming business in church construction due to the fact that from 1917 to 1969, the atheist Soviets destroyed "thousands of churches, monasteries and convents across the country":<http://www.washingtontimes.com/.../apr/24/20040424-105838-4.../...>

"The Secularization Experiment included not only a wide range of coercive tactics intent on driving the individual from any public expression of religion but also a denial of meeting places for religious groups. In seizing all private property, Communist Party officials were able to determine the fate of all churches, mosques, and synagogues. In 1914, before Communist rule, there were approximately 54,000 functioning Russian Orthodox Churches; by 1941, only 4,200 churches remained open. In 1941, less than

8 percent of the Russian Orthodox Churches functioning in 1914 were still in existence. The number of Russian Orthodox Churches then grew during World War II as restrictions on church activities were briefly lifted; this number subsequently shrank as postwar antireligious policies reemerged. Monasteries and convents were also closed in great numbers; by 1964, only ten Orthodox monasteries and convents were still in existence from the hundreds that functioned before Communist rule.

Churches were not only closed but, as an additional insult to the religiously devout, the structures were often converted into Communist offices or other buildings. Most dramatically, Communist officials remade the beautiful St. Petersburg cathedral of Our Lady of Kazan into the Museum of the History of Religion and of Atheism, which provided exhibits to demonstrate the "folly" of religion. In many cases, exquisite church buildings were simply demolished. The ornate and architecturally unique Cathedral of Christ the Savior was blown up to make way for a proposed shrine to Lenin. ... Church bells were confiscated and melted down for their precious metal, and holy relics were ransacked. ... These acts of vandalism display not only a hatred for religious ideology but also an intense loathing of the existence of religious artifacts." - Paul Froese, *The Plot to Kill God: Findings from the Soviet Experiment in Secularization*. There are a number of common arguments for the existence of God. But most of these arguments are not as effective as many Christians would like to think.

Antony Flew Became a Theist

Shortly after the 2000 debate on the John Ankerberg show with Gary R. Habermas—leading scholar and foremost expert in world on the resurrection of Jesus, **the leading and most published atheist scholar of the 20th century Antony Flew renounced his atheism.** Antony Flew never did give his life to Christ but became a deist (a theist who rejects a personal God). **He passed away April 8, 2010.** This only goes to the point not whether theism is true or not but which theism, and very rarely does someone give their life to Christ at such an advanced age.

Flew said the reason he became a theist was because of the complexity of the cell. *Whereas, I accepted Jesus was, is and always will be God by realizing all things sum up in Christ through observing the unsatisfied searching of another person. It would take the equivalent of a hundred thousand encyclopedias to explain all the workings of the cell; or all the books in the entire Library of Congress, or all the knowledge we currently have about the universe.*

However one may want to define life, it is hard to fathom how non-life can spontaneously turn into the simplest replicating life, let alone how unconscious processes with no mind, will, emotion, conscience, communion and intuition can produce these qualities and attributes for sentient life to exist. Can two rocks banging together for a very long time generate beings with self-consciousness and able to say, "I think, therefore I am." If it sounds absurd it probably is.

Leading and most published atheist scholar of the 20th century Antony Flew renounced his atheism.

Dr. Gary Habermas describe the leading atheist Antony flu as one of the kindest man he's ever met. In the debate Anthony flew converted to theism. His reason the cell. The complexity of the human cell. Dr. Haber Mas is one of the leading apologist who also sat on the committee to decide if Josephus was a frog or true history. 52 scholars around the The world would decide. 39 said Josephus spoke of Jesus and only 13 said he didn't. THEY FIND A TOOTH AND NOW WE HAVE NEW SPECIE.

A 27-million-year-old fossil tooth could be the "missing link" between modern elephants and their ancestors, scientists have concluded.

Researchers led by Jeheskel Shoshani of the University of Amara in Eritrea recently discovered the lower part of a mandible in the northeast African country of Eritrea. **The unearthed tooth had a structure intermediate in shape between modern and ancient elephants.**

"This is really pointing toward the Horn of Africa as being a real hot bed for the evolution of elephants," said study team member William Sanders of the Museum of Paleontology at the University of Michigan, Ann Arbor.

Restoration of the new Proboscidean species, Eritreum melakeghebrekristosi, compared with the modern elephant ancestor, Gomphotherium angustidens.

As it turns out, the tooth upon which *Nebraska Man* was constructed belonged to an extinct species of pig

Daily Prayer for Government read "GOD'S PLAN FOR THE USA"

Father, You are the God of the USA. We Recognize Your Supreme Authority and Just Government in all the affairs of men and of nations. We seek You and obey the Holy Bible with all our heart and soul. Jesus is our King. Americans repent from sin. We pray for government, schools, courts and military to love You and to love Americans. Help government:

- Fear You • Be honest • Hate covetousness • Serve Americans, and
- Demand our God-given unalienable rights, including Christian life, liberty, the pursuit of happiness and conscience.

As You say, we cry out for Christians to immediately replace those in sin.

One Nation Under God. In God We Trust. In Jesus' name. Amen.

Extreme variation - However, they are both still canines.

"Officials with the American Kennel Club are trying to decide what to call the new breed of dog that is, somehow, a cross between the tiny Chihuahua and the very large Great Dane." (New dogbreed: Chidane-dane or Great Mexican?)

<http://ponderingsfrompluto.wordpress.com/.../new-dogbreed-ch.../>

The IGF1 gene plays a role in body size for dogs, in small dogs [like chihuahuas] the activity of the gene is suppressed, which inhibits growth.

Chihuahuas have "... a particular piece of DNA sitting in their sequence, next to the gene that codes for the hormone insulin-like growth factor 1 (IGF1). The IGF1 gene plays an important role in body size for dogs. ... The "small dog" variant suppresses the activity of the gene, inhibiting growth." (How DNA sequence divides chihuahua and great dane, The Guardian, 6 April 2007)

<http://www.guardian.co.uk/scien.../.../apr/06/uknews.sciencenews>

"The domestic dog exhibits greater diversity in body size than any other terrestrial vertebrate. We used a strategy that exploits the breed structure of dogs to investigate the genetic basis of size. First, through a genome-wide scan, we identified a major quantitative trait locus (QTL) on chromosome 15 influencing size variation within a single breed. Second, we examined genetic variation in the 15-megabase interval surrounding the QTL in small and giant breeds and found marked evidence for a selective sweep spanning a single gene (IGF1), encoding insulin-like growth factor 1. A single IGF1 single-nucleotide polymorphism haplotype is common to all small breeds and nearly absent from giant breeds, suggesting that the same causal sequence variant is a major contributor to body size in all small dogs." (A single IGF1 allele is a major determinant of small size in dogs, April 2007)

<http://www.ncbi.nlm.nih.gov/pubmed/17412960>

"...the work of Sutter et al. [21], who used a genome-wide survey and association analysis in the Portuguese water dog to identify a QTL (quantitative trait locus) on chromosome 15 that sorted with body size. In particular, IGF1 (insulin-like growth factor 1) was suggested as a candidate gene for body size variation in domestic dogs and variation at 116 SNPs (single nucleotide polymorphisms) for 526 dogs clustered into two major groups, small and large breeds. Gray et al. [20] expanded upon these findings

by using specific molecular markers (SNPs, microsatellite loci, insertion/deletion of a SINE element and nucleotide sequences) to characterize the segregation of domestic dogs into two major groups, small and large body size. As shown by their study, most small breeds of dog have two unique markers (SINE element insertion in intron 2 of the IGF1 gene and a SNP allele) not found in either wolves or large breeds." (Rodney L Honeycutt, Unraveling the mysteries of dog evolution, March 2010)

<http://www.biomedcentral.com/1741-7007/8/20>

"The gene seems to work by setting how much of the growth factor dogs make. In Portuguese water dogs, smaller animals make less of the growth factor than big ones." (One gene between tiny dogs and giant ones?, Nature, 13 October 2006)

<http://www.nature.com/n.../2006/061009/full/news061009-12.html>

The chihuahua is evidence of the devastating affects of sin in God's creation!

Like other "pure breed" dogs, Chihuahuas suffer from problems that are specific to their breed, Some of those are:

> A major problem that affects them is the Patella luxation [loose kneecaps], where the kneecap of the dogs rear legs slip out of the grooves.

>They can suffer from Hypoglycemia [low blood sugar disease].

> As Chihuahuas have a very small mouth there can be an overcrowding of the teeth.

>They can suffer from Hydrocephalus [characterized by a build up of fluid around the brain].

> Collapsing trachea could be a problem [the symptoms include coughing, shortness of breath, and exhaustion].

> Molera, which is a soft spot on the top of their head [similar to a human baby's soft spot], but most Chihuahuas don't outgrow it, so care must be taken when petting or handling its head.

> As Chihuahuas have large protruding eyes they may develop an eye problem known as dry eyes. And due to their large eyes and as they are closer to the ground, they are more prone to eye injuries than many other breeds.

"Giant George, a 43-inch-tall Great Dane ...holds two world records: tallest living dog and tallest dog ever." compared to "the smallest living dog is Boo Boo, a long-haired female Chihuahua [who is] just 4 inches tall" (15 pets with Guinness World Records, AUGUST 24, 2013)

<http://www.mnn.com/.../15-pets-with-guinness-worl.../tallest-dog>

Even though most (if not all) dog breeds are the result of artificial selection by humans, they show that a huge variation can be achieved within a species/kind. If the different dog breeds were found as fossils, we may have assumed they were different species. I wonder how many fossils which are classified into different species, are actually the same species/kind?

Dogs are a good example of deterioration within a population, and most breeds emerged within within the last two centuries; therefore, long periods of time are not required for extreme variation within kinds/species.

"Since the formation of breed clubs and official breed standards only happened in the 1800s, it's really surprising that we've found such a high degree of distinction between different breeds," said geneticist Leonid Kruglyak....." (John Pickrell., Dog DNA Study Yields Clues to Origins of Breeds, National

Geographic News, May 20, 2004)

http://news.nationalgeographic.com.au/.../0520_040520_dogbree...

"Because the mixed dog breeds draw from a broader genetic pool, they are not prone to genetic illness that is predictable in many pure breed dogs." (Mixed Dog Breeds - Mixed Breed Dogs, doggieparadise.com)

"As expected, however, the level of genetic diversity within any single breed is considerably less than the species as a whole [10]. Most breeds demonstrate a pattern indicative of two population bottlenecks—domestication and breed formation [9],[11]. In support of that, Gray et al. modeled the demographic history of wild canid populations and domestic dog breeds and showed that domestication resulted in a 5% loss of nucleotide diversity, while breed formation caused a 35% loss" (Abigail L. Shearin., Elaine A. Ostrander., Canine Morphology: Hunting for Genes and Tracking Mutations, Plosbiology, March 2, 2010)

<http://www.plosbiology.org/.../i.../10.1371/journal.pbio.1000310>

Short segments of genes from the gray wolf, were found in every sample of the dogs' genetic information. However, the nucleotides that make dogs look different were only found in a few areas of the DNA. Many if not all dog breeds are the result of artificial selection by humans, which has created gene bottlenecks through selectively breeding different dogs for different traits, which explains why only a few areas on the genome are responsible for how dogs look. Diversity is lost in this process [i.e. lots of those nucleotide puzzle pieces get eliminated]. "Domestic dogs exhibit tremendous phenotypic diversity, including a greater variation in body size than any other terrestrial mammal, [however only a small number of genes actually account for different phenotypes] ...we show that the remarkable diversity of form in the dog, in contrast to some other species studied to date, appears to have a simple genetic basis dominated by genes of major effect." (Boyko AR, Quignon P, Li L, Schoenebeck JJ, Degenhardt JD., A Simple Genetic Architecture Underlies Morphological Variation in Dogs, 2010)

<http://www.plosbiology.org/.../info%3Adoi%2F10.1371%2Fjournal...>

Researchers "analyzed genetic signals of diversity and relatedness in a special region (the hypervariable region) of the mitochondrial genome of ancient dogs from the Americas. ...The researchers found four never-before-seen genetic signatures in the new samples, suggesting greater ancient dog diversity in the Americas than previously thought." (Study of ancient dogs in the Americas yields insights into human, dog migration, January 7, 2015)

<http://www.sciencedaily.com/releases/2015/.../150107123932.htm>

"Rather than gaining new cognitive abilities that wolves never had, such as so-called "theory of mind" required to learn complex tasks by watching others perform, dogs may have undergone an evolutionary tradeoff: losing some of the ability to learn from their own kind, but gaining the ability to learn from humans. ...The jury is still out on whether dogs have lost a mental ability." (Who's (Socially) Smarter: The Dog or the Wolf?, 28 May 2013)

<http://news.sciencemag.org/.../whos-socially-smarter-the-dog-...>

"It might be easy to forget that our dogs are the descendants of wolves, but not after seeing this! They're dogs, alright. You can see it in the tail wag." (She Was Approached By A Pack Of Ferocious Wolves. And What They Did To Her Is Unbelievable, February 24, 2015)

<http://boredomtherapy.com/woman-wolf-reunion/...>

"Today, the wolf is the largest of wild canids. But [supposedly] 8 million years ago there was a dog species that would have dwarfed any wolf. *Epiyon heydeni* was as large as a lion, and it sported jaws armed with massive premolar teeth and as powerful as those of a hyena, which could crush the bones of its prey almost effortlessly." (Giant dogs of the past, 22/10/2014)

<http://chasingsabretooths.wordpress.com/.../giant-dogs-of-th.../>

"Darwinian evolutionists propose that genetic variability is the result of random mutations that have accumulated gradually over millions of years. In contrast, creationists generally assume that God made all useful genetic information during the creation of the world. Both largely agree that groups such as the Family Canidae evolved from a common ancestor, and the rapid development of variety during the domestic dog breeding, was simply the result of shuffling preexisting genes. This common genetic theory fails to explain the rapid production of the significant diversity when presented with the assertion that the wolf was a pure breed while in nature. A purebred organism is a genetic homozygote for the characteristics in question, and will therefore pass its traits to every offspring produced. In other words, wolves only give birth to wolf pups, but from them a tremendous genetic and morphologically diverse number of dogs have been isolated in a relatively short period of time."

"Arguably, the wolf did not already possess the variability we now find among the domestic dogs. Instead, diversity began to increase following domestication, which effectively removed the selective pressures that kept the animal true to form. It would appear that selection must persistently remove new alleles to keep a bloodline pure. That assertion is adequately demonstrated by the need to continuously remove variants from registered breeds in order to maintain desired traits."

[Atheism on the Slide](#)

Recently we've been getting dozens of trolls who are enraged about a meme that I made that says: "Atheism, the religion With the least amount of evidence to support it".

So because of that, I'm going to keep asserting that atheism is a religion, because it most certainly is. The fact that atheists churches are a thing is proof enough.

Some more proof:

-Atheist symbols. Can't have a religion without symbols.

-Atheist evangelists. The late Pastor Hitchens, Arch Bishop Dawkins, Youth Leader Nye, and all of the millions of atheists who actively try to spread the atheist "gospel".

-Atheists who hold their atheism at utmost importance. Most serious religious people hold their religion as among the most important things to them. Atheists have made it clear that their atheism is a critical part of their identity and how they view life and reality in general.

PILTDOWN SKULL SUPPOSED MISSING LINK

The Piltdown Man was a paleoanthropological hoax in which fragments were presented as the fossilised remains of a previously unknown early human

This reconstruction, by Prof. (later Sir) [Arthur Keith](#), was called *Homo piltdownensis* in reflection of its more human appearance. The Piltdown hoax is perhaps the most famous paleoanthropological hoax ever perpetrated. It is prominent for two reasons: the attention paid to human evolution, and the length of time (more than 40 years) that elapsed from its discovery to its full exposure as a forgery.
