

On this 4th of July, 2010; I, Michael Swenson, have decided to continue my fight against growing evil by our own and other governments around the world that are increasingly implementing policies of death upon innocent and unsuspecting citizens in the name of "population management". My personal sufferings makes it unconscionable for me to allow the people that committed heinous crimes against me, with intent to murder me, to roam free to do their evil to others. I have decided that the brave patriots who died fighting eugenic fascism in WWII did not do so because it was what they wanted to do with their lives, but because when such evil on earth is done by wicked and insane persons, it unfortunately demands all sane and honorable individuals efforts at either arresting them or stopping them even if ultimately lethal force is necessary. I agree with all those who fought that evil in WWII, and I agree with our founding presidents, who publicly stated the 4th of July, Independence Day should forever be a holy day unto our Lord Jesus Christ, who they publicly declared by Divine Acts won our freedom as an independent nation and people against the then tyrannical oppressors of their day. Sadly, after years of seeking a competent and honest investigation into heinous crimes I witnessed and survived first hand, it appears that our own governing officials and other national governments are supporting and practicing quite similar atrocities as those committed by the Nazis. After devoting all my strength and energy to contacting all responsible persons of authority that had any jurisdiction in the matters I survived and witnessed first hand and have supporting evidence as proof, I am left with no other reasonable action than to warn all citizens that mass murderers are being left loose in hospitals across the country and the ones I witnessed first hand are practicing their homicides for illegal organ harvesting and other evil motives at Deaconess Medical Center in Spokane, WA and Kootenai Medical Center, NIBH division in Coeur d' Alene, ID. The first authorities I notified of these crimes occurred where I was living because local physicians were covering for the murderous ones and purposefully were not running requested tests as further proof of what these criminals did to me. So my first attempts at securing public safety were by signed affidavits sent to the Spokane, Bonner County and Sandpoint Police Departments. Sadly, our society through it's unfortunate departure from God and reality to the brainwashed religion of evolutionary thought that people came from monkeys has resulted in some of the most deplorable behavior in the history of mankind, as local law enforcement instead of arresting my complicit wife; blackmailed her for sex acts and left a poisoner loose in society, as well as the mass murdering doctors and nurses that joined in for their share of the life insurance and for the revenue generated by illegal organ harvesting which is usually well over a million dollars in gross cash flow. I did not realize at the time I reported these crimes how widespread these practices are now; nor how hospital administrators threaten jobs, pensions and lives to keep any would be whistle blowers on a tight leash. Nor did I realize the government's own involvement in supporting human experimentation and population management practices through these death squads in local hospitals nationally. It has been a horrific process of personal discovery as I have tried in vain to find even one sane and competent person in government anywhere willing to address these crimes in the name of public safety.

For years I wondered at the prophecies in the Holy Bible condemning pharmaceutical manufacturers and all their pill-pushing colleagues to the flames of hell and the lake of fire. And I quote the original text in the Holy Bible Revelation 21:8 But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and pharmacists, and idolaters, and all liars, shall have their part in the lake which burns with fire and brimstones: which is the second death. And in Revelation 22:14,15 in original text,

Blessed are all they that do His Commandments, that they may have the right to the tree of life, and may enter in through the gates into the city. For without are dogs, and pharmacists, and whoremongers, and murderers, and idolaters, and whosoever loves and makes a lie. I wondered at the prophecy that said all nations would be deceived by pharmaceutical medications until I witnessed first hand what is going on in the name of medical "treatment". The prophecy is quoted in its original text in Rev 18:23 as stating, "And the light of the candle shall shine no more at all in you; and the voice of the bridegroom and of the bride shall be heard no more at all in you: for your merchants were the great men of the earth; for by pharmaceutical medications were all nations deceived." Despite reading the warnings of "Brave New World" and "1984", I asked myself why would pharmaceutical manufacturers, and their pill-pushing colleagues be condemned by God to the lake of fire? Did this not seem like a harsh judgment to throw them into the flames with murderers? Until I witnessed first hand while being betrayed by my murderous ex-wife into the hands of these psycho-quacks calling themselves psychologists and psychiatrists. Consider the origin of their religion! It is based on the opinion of the likes of Freud, Jung and other individuals of secular humanistic world view philosophies! This field has been experimenting on animals and humans and are associated with some of the worst horrors in human history! This cult through brainwashing the public has tricked the masses into thinking they are scientists and doctors! They are the individuals who devised tortures in Nazi Germany and performed horrendous experiments on innocent human beings, psychological hospitals are so notorious for their crimes against humanity that movies such as, "One who flew over the cuckoo's nest" were made to warn us all that these cultists think that torture in the forms of electroshock therapy, lobotomies, chemical induced permanent brain and organ damage and premature death of their "patients" is all acceptable medical practice! I witnessed first hand local psychiatrists giving toxic pharmaceutical medication to a man who was clearly jaundiced and dying from the administered "medications". This medication carried a written warning from the manufacturer not to administer that substance to anyone with liver damage clearly! So doctors and nurses who all can read or they could not be doctors and nurses and who monitored this patient's vitals daily were literally poisoning this man to death and there was nothing he could do about it! He knew they were killing him and told me plainly as much and I asked him why he didn't refuse the medication and he told me had tried repeatedly in vain. He told me first hand that they would overwhelm him, hold him down and force feed the medication, or give him injections of it against his will. He testified to me that the whole way he even ended up there was that he had inherited a significant amount of money from his mother when she died and his wife concocted a scheme with an attorney to get him committed so she could spend the funds herself. He stated most of the shrinks go along with such things because they get paid off all committed persons. He testified of being assaulted and force fed toxic substances that he knew was killing him repeatedly and that he was without strength to fight any longer. I testify first hand that sadistic psychotic quacks that work there deliberately ENJOYED destroying persons lives by forcing these FDA approved euthanizing and organ damaging pharmaceuticals on innocent Americans and other global citizens who have not been found guilty of committing any crimes whatsoever but are nonetheless being illegally confined and tortured and in some cases where victims have no outside ties being experimented on and even murdered at will by these cultists. If there are any investigations or when victims escape their clutches and try to tell others these crimes are occurring, people have been so successfully brainwashed through propaganda, that these individuals are medical professionals and that all their patients are "mentally ill" no one believes

their sworn testimonies; despite the fact that even public advertisements are now telling us plainly that the FDA is approving substances that are known to cause permanent organ, brain damage and even DEATH! Ask yourself truly who is really in fact “mentally ill”, an innocent person, who having committed no crime whatsoever, is locked up against their will by these people, an innocent person who struggles for their freedom and life in vain against these people who libel, slander and torture them, an innocent person who risks public ridicule and perhaps even their very life to warn others these things are going on and governments around the world including our own are condoning these practices, or the psychotic quack who parades around like he or she is a sane doctor or nurse and intentionally gives toxic poisons that leaves their patients; rather their victims, in a vegetative or comatose state, or causes and early demise some sooner than later? That smile as they watch their “patients” drool on themselves or twitch uncontrollably due to their medical “treatments”? Hundreds of thousands of documented deaths have occurred due to these pharmaceutical drugs and millions of undocumented cases classified under other causes because it took the victims longer to die from them being poisoned over a prolonged period of time. People face it! God is RIGHT! We have all been duped by propaganda into thinking pharmaceutical manufacturers, doctors and nurses all mean well when in fact the evidence is overwhelming that the chemicals they put in the natural substances God made for our health actually are harmful to us in varying degrees! There is no way doctors and nurses are innocent of heinous crimes when they intentionally poison someone to death against their own wishes and give medications that state plainly not to administer to any person with liver damage to someone overtly jaundiced! They are guilty of the same atrocities that we went to war over in Nazi Germany and I will fight this evil until I either succeed in their justified apprehension and confinement for their tortures and murders or until the whole world knows how depraved and degenerate these persons are and can no longer get away with their heinous actions! Let’s face it if doctors and nurses really cared about their patients, they would not force upon them substances they would NEVER take themselves under any circumstances! Let’s face it if pharmaceutical manufacturers really cared about us, they would not intentionally add toxic chemicals, poisons to medications that make us more ill, so we buy more of their medications and put us on drugs getting rich off poisoning us and making us ill, in the name of acceptable medical treatment! If they really cared for us they would grow the flowers, the herbs, the roots, and give us the barks, leaves and other natural substances God made, in its natural unaltered state, with no harmful additives and these substances would help us recover; not keep us on chemicals for the rest of our lives as the modern pharmaceutical and medical complex does to us now. And finally face it, that there is no way our leaders that go to the best colleges on earth, that get letters like this from myself and other surviving victims, that have access to all the class action suits filed for all the deaths and injuries these drugs are causing, do not leave such poisons on the market in ignorance! They are allowing the torture and deaths of innocent Americans by doctors and nurses now, just like CNN exposed during Katrina. Doctors and nurses have been busted globally doing illegal organ harvesting, and for every news story that we hear about there are millions of victims dead by the ones not caught! I for one will not and cannot remain silent at this outrage! As a result of what these wicked persons did to me, I suffer in my person so horribly at times that I have to struggle to find the will to live! As such whatever days I have left on earth, I will use whatever strength and abilities God gives me to alert all citizens this evil is becoming epidemic and if we do not unite together and hold our leaders accountable for allowing such heinous atrocities to go on unaddressed, and if we do not demand public oversight of all hospitalized

procedures specifically in the manners I suggest on this website then these crimes will become so prevalent that not just the secretive ones already in practice but open exterminations upon innocent citizens truly loom in the very near future! PLEASE help me put public pressure on all authorities and create public awareness so these criminals in government and in hospitals will find themselves properly behind bars or better yet executed for their mass murders and heinous tortuous atrocities!

I affirm the truth of this statement this 4th of July, 2010, before all heaven and earth; after years of trying in vain; in documented efforts to contact any and all responsible parties that could help me ensure public safety from criminals that I cannot and will not tolerate on the loose. This is just another documented effort of mine to ensure you and your loved ones safety. I will not give up fighting along with living and brave deceased patriots and global heroes and heroines against this kind of evil in our midst until I prevail or die trying!

Respectfully; for all who stand against these abominations with me: Michael Swenson

Keep in mind the letter I am about to read and sending to responsible and presiding authorities; including respective governors and the president as proof that their offices have been notified repeatedly by me and as to the content of what I am sending them is the result of my frustration over years of polite pleas submitted to them all to date in vain...
