<https://www.facebook.com/notes/michael-swenson/strategies-of-war/674592165953079> - arrogant persons who think they rule the world have concluded that the world is overpopulated and have ALREADY taken measures against the general population to effect depopulation in many methods; in such ways as to make people think they are dying from natural causes, when in fact their lives are under attack INTENTIONALLY.

<http://www.truthandaction.org/former-darpa-director-wants-swallow-id-microchips/> - WE ARE NOT YOUR SLAVES! Brand yourselves, you insanely delusional, arrogant, greedy, globalists!

<http://bit.ly/1IWH5cG>

These are matters of life and death, and if you don't have a few moments to read or watch documentaries, then you need to recheck your priorities. I try and tell the short of it. Weather warfare, geo-engineering is a fact; it has been in research well over the past 50 years. nano-particles and chemicals are being sprayed into the atmosphere and then being manipulated through HAARP ionospheric heating, controlling the natural jet stream, causing draughts, storms, at will, but not to such a degree they can control the outcomes of their global meddling. These maniacs are blasting holes in the ionosphere, upper regions of our atmosphere in all their lunatic aspirations! (letting harmful radiation from the sun through, in addition to poisoning our air, water, vegetation. IN ADDITION, monsanto has genetically modified food to ABSORB the toxins they are spraying (not die off like other vegetation is all over the world) as a gambit to control food and water supplies. THE CHEMICALS are TOXIC, they cause brain and organ damage! REGARDLESS of whatever reasons ANYONE might use to justify this insanity it MUST BE STOPPED IMMEDIATELY! <https://www.youtube.com/watch?v=XCQ7rljcfdc>

<https://www.youtube.com/watch?v=lf9yzHwOeUc>

Besides the overt genocides going on under everyone's noses in local hospitals:

<https://www.facebook.com/notes/michael-swenson/end-abortion-fund-life-and-wellness-not-death-and-destruction/611604255585204> and all the open procedures and policies of death and

destruction: <http://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101> I want to draw attention to the not so obvious ones or as yet well known enough to stop them (as should be done immediately by any and all sane citizens that care about their own lives, that of their children and all life on the planet).

1) Genetically Modified Organisms - - (supposedly a fb censored link for some kind of threat... censorship is the real threat - facebookDOTcom/ExposeTheTPP.USA/photos ("detected to be unsafe") /a.***inserted to let others know this is what is getting censored 559197950803491.1073741828.557710050952281/726592800730671/?type=1&theater

<https://www.facebook.com/FarmageddonTHEMOVIE> The persons engaging in this activity are either so evil they deserve to be locked up or so ignorant as to need dramatic re-education.

https://www.google.com/search?q=kissinger+control+the+food&rlz=1C1GIGM_enUS535US535&oq=kissinger+control+the+food&aqs=chrome..69l57&sourceid=chrome&es_sm=0&ie=UTF-8 It is an obvious move of the satanic NWO and unless you intend to be enslaved or exterminated THEY HAVE GONE TOO FAR! All of the persons involved in this evil can be properly arrested for crimes against humanity if the public would only unite and demand it! Our Creator has carefully designed life on the planet, such that it is interwoven in a complex web of interdependence. Plants consist of genetic structure to be bioavailable to herbivores and omnivores; but altering that genetic structure even slightly is making them toxic and indigestible. If microbes don't eat it; can't live on it; if insects don't eat; can't live on it; it is not bio-available to other higher life forms; but toxic and is causing an increase in chronic diseases in such populations where GMOs are rampant. A disruption in the web of interdependency is fundamentally a danger to all life on the planet. Currently, GMOs represent one of the most, if not the

most serious threat to all life on the planet. They are genetically similar enough to invade organic varieties and disrupt entire ecosystems. They are not controllable in that fashion. Designed to be toxic or indigestible to lower lifeforms; makes these genetically altered foods toxic to humans and other higher life forms causing ailments from food allergies and malnutrition thereby; to more serious chronic conditions; cancers and such. The science overwhelmingly shows that GMO monocultures disrupt ecologies in a most harmful manner wherever they have been introduced and are a leading cause of the rise in chronic ailments today. The danger is severe; such corporations and persons on earth meddling in altering the designs of our Creator are in fact so dangerous they must be put under arrest immediately. The genetic alteration of Intelligent Design by the LORD GOD ALMIGHTY is among the worst of all crimes against humanity and all of creation.

<https://www.minds.com/blog/view/315466343296012288/the-era-of-chimeras-scientists-fearlessly-create-bizarre-human-animal-hybrids>

Life is sustained on this planet in an interwoven cycle of bio-availability from the most basic lifeforms to the most complex; that cycle is being disrupted globally now by the presence of GMOs!

<http://livefreelivenatural.com/dna-gmos-can-pass-directly-humans-study-confirms/> Putting an end to this practice should be one of the highest worldwide concerns and among the very chiefest priorities. Citizens are advised to keep their own organic seed supplies and grow their own food until these persons are properly put under arrest for their crimes against humanity (and all life on the planet).

<https://www.youtube.com/watch?v=1H9WZGKQeYg> yes, we do know GMOs are HARMFUL to our health https://www.youtube.com/results?search_query=gmos+causing+digestive+disorders and the health of our world! (see the citations below)

<https://www.facebook.com/notes/michael-swenson/how-to-discern-good-god-from-evil-devil/793806584031636>

Some people don't understand what I am saying; so let me clarify. Genetic modification of plant life, vegetables, etc. whether eaten by insects or higher life forms have been proven to CAUSE illnesses and premature deaths. Some might think that I am exaggerating though when I say this is not the worst danger of GMOs. GMOs have a very real possibility of causing runaway extinction events. How? you ask. Simply because people that are so greedy they want to control the world's seed and food supply decided it was a good idea to modify the plants in such a way as to produce natural toxins in increased amounts. The idea was to make plants more pest and disease resistant. (seems at first like a good idea) but what is the result? massive widespread die offs of lower life forms (INCLUDING POLLINATORS). http://berkeley.edu/news/media/releases/2006/10/25_pollinator.shtml It has been the cause of law suits that organic crops are being invaded by GMOs; proving that GMOs can spread beyond control and continue to cause extinction events of essential species necessary for life on the planet (including mankind). like killer bees, genetic modification has yet to produce one positive result when objectively analyzed. The goal of these people to control food supplies is EVIL, the process is EVIL, and the results are anything from chronic ailments, mass suffering and premature deaths to causing runaway extinction events! (and all because the rest of the world is failing to arrest greedy persons who are so insane they want to control the entire world's food supply and are ignoring all the studies showing what they are doing is not just harmful but is leading to global catastrophes and the real possibility of uncontrollable runaway extinctions).

I am astonished at how many people will try to argue against COMMON SENSE! your body, your physical form is comprised of what you eat (and drink and absorb by breathing or through your skin)! "you are what you eat." is COMMON KNOWLEDGE! So why would you argue that genetically modified food isn't harmful WHEN IT HAS BEEN ALTERED IN SUCH A WAY as to be fundamentally incompatible with YOUR EXISTING DNA! They have FACTUALLY altered plants that reject metals inherently because too much metals would make them toxic (heavy metal toxicity leads to all kinds of ailments -

<https://www.google.com/webhp?sourceid=chrome->

instant&rlz=1C1GIGM_enUS535US535&ion=1&espv=2&ie=UTF-

<8#q=heavy%20metal%20toxicity%20causes%20all%20kinds%20of%20diseases>) They altered plants that would normally die in the presence of too much metals to actually be able to live and incorporate excessive amounts of metals into their foliage. (read the citations and study the details of what they have already modified and HOW!) LOOK AT THE FACTS! If for some reason common sense is failing you in this regard. (of knowing that genetically altering food to be toxic to lower lifeforms is inherently HARMFUL to higher life forms; TO US; most OBVIOUSLY and INTRINSICALLY!)

<http://covha.net/the-world-according-to-monsanto-full-length-video>

<http://earthweareone.com/monsanto-ordered-to-pay-93-million-to-small-town-for-poisoning-citizens-2/> - it would be interesting to find out if the victims ever see one penny.

<https://www.facebook.com/notes/michael-swenson/not-one-thin-dime/553459898066307>

<http://www.activistpost.com/2011/06/chemtrails-monsanto-olgacom-connection.html> - chemtrails are NO DOUBT TOXIC to organic lifeforms, INCLUDING HUMANS, therefore IT REALLY DOESN'T MATTER ALL THE THEORIES AS TO WHY CHEMTRAILS EXIST! They are KILLING PEOPLE! and other lifeforms as a result! BUT after studying all the many theories about them, I conclude that the FACTS are there ARE TOXIC CHEMICALS AND METALS in the mass spraying (whether for weather control or other reasons) THESE CHEMICALS ARE IN FACT TOXIC! IT IS ALSO A FACT that Monsanto has genetically modified crops to continue to grow EVEN WITH THOSE TOXINS AND METALS.

<http://www.thelibertybeacon.com/2013/07/29/from-hells-kitchen-gm-heavy-metal-plants10706/> and

<http://www.undergroundhealth.com/chemtrails-kill-crops/> IT IS A WELL KNOWN AGENDA OF THE NWO TO ATTEMPT TO CONTROL FOOD AND WATER SUPPLIES!

http://www.democraticunderground.com/discuss/duboard.php?az=view_all&address=389x2578928 Ki ssinger has been involved in the NWO most all of his life. Together with the Global Depopulation agenda <http://www.depopulation.newworldorderuniversity.com/Wordpress/> that the OBVIOUS result of chemtrails is it makes humans very ill; it harms organic crops and most all life forms (that alone is enough to arrest all involved with chemtrails for crimes against humanity); BUT the chemicals being sprayed have been tested on Monsanto's GM crops! (they intentionally modified plants to keep growing even with the heavy metal toxins that would otherwise kill them off). As such, MOTIVE DEPOPULATION AND CONTROL FOOD SUPPLY; METHOD DESTROY ORGANIC CROPS BY AEROSOL SPRAYING OF TOXIC CHEMICALS into the atmosphere. It's what is occurring; NOW IT'S UP TO THE PEOPLE OF THE WORLD TO UNITE AGAINST THESE MANIACS AND STOP THEM, before these unbelievable INSANE IGNORAMUSES CAUSE RUNAWAY EXTINCTION EVENTS WORLDWIDE!

<http://www.trueactivist.com/geneticist-david-suzuki-says-humans-are-part-of-a-massive-experiment/>

If you are wondering why I have included chemtrails in the exposure of the threat of GMOs; it is because those responsible for GMOs have intentionally modified their seeds, plants to live in the toxins that are being sprayed in the atmosphere destroying other vegetation and organisms PROVING collaboration! (or as some aptly call it conspiracy) So the unbelievable greed of these people and desire to control the world's food supply currently is showing evidence that they have FOREKNOWLEDGE that what is being sprayed worldwide is toxic to lifeforms all over the planet; that they have INTENTIONALLY modified their seeds to survive those toxins; in an effort to monopolize food and seed supply for the world! THESE ARE

CRIMES AGAINST HUMANITY OF THE WORST KIND; WHAT THEY HAVE DONE ALREADY IS SUFFICIENT TO WARRENT THEIR DEATHS MANY TIMES OVER!!!!!!! (living in denial will not save you and your children from these wicked people; look at the evidence)

THESE CRIMINAL IDIOTS ARE A SERIOUS THREAT TO ALL LIFE ON THE PLANET!!!!!!!

http://health.usnews.com/health-news/articles/2014/05/07/scientists-create-1st-living-organism-from-artificial-dna?src=usn_tw seriously, these people are intellectual idiots! The entire world is a complex web of interdependent species, (cycle of life depends on bio-availability, bio-compatibility, ecological harmony) THESE GENETIC ABERRATIONS INTERRUPT that fabric of designed interdependency, and have the potential to easily cause runaway extinction events!

I suppose they didn't learn from those meddling and produced the killer bees, or other destructive nightmares to date. BUT NOT ONE GMO has produced any GOOD benefit; all have been varying degrees of harmful to deadly! **TIME TO ARREST THESE PEOPLE SINCE THEY JUST CAN'T SEEM TO THINK BEYOND TO SEE THE CONSEQUENCES OF THEIR ACTIONS!**

All of those committing the worst crimes against humanity are focused on their personal profits; amassing wealth; regardless of the consequences to our planet and all life on it; including other human beings. http://library.uniteddiversity.coop/More_Books_and_Reports/Silent_Spring-Rachel_Carson-1962.pdf When you become informed and see the connections between their personal greed, their attitudes toward humanity and global depopulation, their arrogant disdain for God our Creator and His Instructions for Life contained in the Holy Bible, their evil, selfish, greedy commonalities result in massive suffering and deaths on earth; then you; AS I DO NOW, will call for their immediate arrests worldwide. <http://www.facebook.com/notes/michael-swenson/treatise-on-greed-and-corruption/517410181671279> and <http://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101>

<http://earthweareone.com/monsantos-power-two-reporters-fired-for-revealing-health-dangers-in-milk/> - more evidence that those in power are funding genocides; rather than arresting those committing them.

Genetic modification of the designs encoded by our Creator for His Creation represents one of the most serious threats to all life on the planet. The only thing more dangerous is a human being that does not know and learn from our Creator directly; thereby capable of every kind of evil; including genetic modifications done either by intent or ignorance and which are already having devastating consequences worldwide. If I were empowered by the people; I would be IMMEDIATELY arresting all persons involved in these atrocities and assaults on our world and all life therein; including human life. Since, I am not empowered to do so and have not the means to individually place all such wicked, depraved, STUPID, and insane persons under arrest that are doing these things, I CALL FOR ALL PEOPLE AROUND THE WORLD TO UNITE AND MAKE THAT HAPPEN!!!!!!!!!! Genetic modification of anything is a most serious threat to YOUR LIVES! (STOP BELIEVING THE LYING PROPAGANDA of anyone who claims otherwise; most everyone that does so is directly and/or indirectly making millions to billions of dollars to lie to you and commit these offenses against humanity and all life on the planet).

2) Intentional toxins in our food, water, air, hygiene and cosmetic products, and medications.

Apparently, Chemtrails are a global phenomenon. WHEN HAVE YOU KNOWN IN ALL OF HISTORY ALL NATIONS ON EARTH TO AGREE TO ANYTHING? LET ALONE UNIVERSAL GLOBAL RELEASE OF TOXINS AND METALS INTO THE EARTH'S ATMOSPHERE? Chemtrails APPEAR TO SURPASS even the UN membership and authority. WHO ON EARTH CAN MUSTER SUCH A CONCERTED EFFORT? How can ALL NATIONS BE ALLOWING TOXINS AND METALS TO BE GENEROUSLY SPRAYED INTO THE AIR OF THE WHOLE WORLD?! What meeting took place? HOW WAS UNIVERSAL AGREEMENT REACHED ON THIS ISSUE? So far NO ONE IS CLAIMING RESPONSIBILITY, BUT CHEMTRAILS ARE PROLIFICALLY IN USE! As I see it, this should be a very high priority for the public and of a most urgent nature! HOW HAS THIS UNIVERSAL PHENOMENON HAPPENED IN A WORLD WHERE NATIONS FIGHT EACH OTHER CONSTANTLY! How and why are militaries and governments allowing chemicals and metals to be sprayed generously over the entire world? If ANYONE knows answers to these questions PLEASE COMMENT; even if you only have some theories as to how this can even happen (global spraying of the entire world's atmosphere - WHO HAS THE POWER OR AUTHORITY TO COORDINATE SUCH AN OPERATION? AND HOW DID THEY GET ALL NATIONS ON EARTH TO AGREE TO IT?)

But is universal agreement really necessary to spray the entire world with toxic chemicals and metals? <http://www.un.org/en/sc/members/> there are only a few world powers on earth and all of them UN members the rest of national airforces are insufficient to fight against the super powers (at least in the thinking of the superpower bullies of the world - the rest of humanity COULD and SHOULD stand up to them; at least if they value their own lives and that of their children, friends and the innocent masses on earth); so this could easily be a mandate of the few against the many and still adversely affect the whole world. (thus universal agreement isn't necessary to implement such a global strike; just agreement of the most powerful). So if the most powerful are using global warming as an excuse and weather control as a cover for global depopulation; even if other nations disagreed, it could continue. So then I go on to think are the most powerful nations on earth ruled and governed by people so mentally challenged they would intentionally poison earth's atmosphere; risking not just human life but mass species worldwide? Are they so mentally challenged they would poison their own air? As difficult as it is to believe some of the most diabolical maniacs currently ruling/ruining the world right now are elderly; so they know they are about to die regardless, but would they be that heartless against their own progeny?

Poisoning the air is about the stupidest thing I have ever seen; but there is no doubt it is occurring. REGARDLESS of the reason, the so called global ruling elite ARE CLEARLY DEMONSTRATING they are too incompetent to hold office. Even if it's a depopulation agenda, would they be so insane as to poison their own air (or so mentally challenged that they don't realize they are doing so)? Sadly, with blunders like chernobyl and fukushima we see people do things all the time that are a real danger to their own existence and life on the planet. But I want to know just HOW ANYONE convinced even the most moronic to POISON OUR ATMOSPHERE, and themselves in the process. How could someone say GLOBAL WARMING! and scare ANYONE so badly, that they agree POISONING OUR AIR AND WORLD is a good idea? If the nations of the world (so called ruling elite) don't stop spraying chemtrails immediately, the citizens of the world should depose the idiots who are doing so by force ASAP.

No More Sea Life Means No More Oxygen In Our Atmosphere

(NaturalNews) The Pacific Ocean appears to be dying, according to a new study recently published in the journal Proceedings of the National Academy of Sciences. Scientists from the Monterey Bay Aquarium Research Institute (MBARI) in California recently discovered that the number of dead sea creatures blanketing the floor of the Pacific is higher than it has ever been in the 24 years that monitoring has taken place, a phenomenon that the data suggests is a direct consequence of nuclear fallout from Fukushima.

Though the researchers involved with the work have been reluctant to pin Fukushima as a potential cause -- National Geographic, which covered the study recently, did not even mention Fukushima -- the timing of the discovery suggests that Fukushima is, perhaps, the cause. According to the data, this sudden explosion in so-called "sea snot," which is the name given to the masses of dead sea creatures that sink to the ocean floor as food, has skyrocketed since the Fukushima incident occurred.

"In the 24 years of this study, the past two years have been the biggest amounts of this detritus by far," stated Christine Huffard, a marine biologist at MBARI and leader of the study, to National Geographic

Michael Swenson And in every nation where the Holy Bible is banned exists the worst atrocities; the most evil crimes against humanity are manifest. <http://www.persecution.com/public/restrictednations.aspx...> and https://www.hrw.org/sites/default/files/wr2013_web.pdf atheists and muslims primarily scream about the evils of the Holy Bible and yet the nations where atheists and sharia (islamic) laws are prevalent also are where the worst crimes in history and to date are being committed. The [#TPP](#) Is A Monster That Could Be Your Worst [#Fracking](#) Nightmare!

Behind closed doors, the American government is negotiating an international trade agreement called The Trans-Pacific Partnership (TPP) that could "dramatically increase exports of liquefied natural gas" – which, in short, means more fracking in the US. Included in this expansive agreement are provisions that would vastly reduce oversight on such activities. It truly is a nightmare waiting to happen, that could increase pollution and put even more sensitive ecological areas at risk.

Let's stop this monster in its tracks!

<http://www.stopfasttrack.com/>

For more on the TPP and Fracking, read this Sierra Club fact sheet:

What is F.E.M.A. ? “Federal Emergency Management Agency”

What is the Federal Emergency Management Agency? Simply put, it is the “secret government”. This agency has powers and authority that go well beyond any other agency in the nation. What can FEMA do? It can suspend laws. It can move entire populations. It can arrest and detain citizens without a warrant and can hold them without a trial. It can seize property, food supplies, and transportation systems. And it can even suspend the Constitution of the United States.

When the first concept had been presented, its original mission was to assure the survivability of the United States Government in the event of a nuclear attack. It’s secondary function was to be a Federal coordinating body during times of domestic disasters. These disasters consisted of earthquakes, floods, and hurricanes.

The “secret” black helicopters that are reported throughout the US, mainly in the West California, Washington, Arizona, New Mexico, Texas, and Colorado areas are flown by FEMA personnel. It has been given the responsibility for many new national disasters such as forest fires, home heating emergencies, refugee situations, riots, and emergency planning for nuclear and toxic incidents. It works together with the Sixth Army in the West.

A series of Executive Orders (EO) was used to create FEMA. It does not matter whether an EO is Constitutional or not, it becomes a law simply by being published in the Federal Registry. These orders go around Congress.

There over 800 prison camps in the United States, all fully operational and ready to receive prisoners. They are all staffed and even surrounded by full-time guards, but they are all empty. These camps are to be operated by FEMA (Federal Emergency Management Agency) should Martial Law need to be implemented in the United States and all it would take is a presidential signature on a proclamation and the attorney general's signature on a warrant to which a list of names is attached. Ask yourself if you really want to be on Ashcroft's list.

The Rex 84 Program was established on the reasoning that if a "mass exodus" of illegal aliens crossed the Mexican/US border, they would be quickly rounded up and detained in detention centers by FEMA. Rex 84 allowed many military bases to be closed down and to be turned into prisons.

Operation Cable Splicer and Garden Plot are the two sub programs which will be implemented once the Rex 84 program is initiated for its proper purpose. Garden Plot is the program to control the population. Cable Splicer is the program for an orderly takeover of the state and local governments by the federal government. FEMA is the executive arm of the coming police state and thus will head up all operations. The Presidential Executive Orders already listed on the Federal Register also are part of the legal framework for this operation.

When you have a government that becomes so big that the members think they are above the laws of the land and the people they serve, it's time for a new government.

Welcome to the Monsanto-GMO lie apparatus. Proposals to have GMO foods labeled are gaining traction in many states. While a labeling bill in St. Louis was recently discussed at Monsanto's annual share holder meeting, it was openly admitted that more propaganda was needed to defeat the growing surge of legislation. Monsanto Co. wants you to know just how good their poison crops are for you – and you really don't need to know what's in your food, do you? Just shut up and eat it already. Anti-GMO protestors rallied just outside the building during the meeting, and they are equally prepared to take real information to the people to combat the lies that without GMO food the world will starve, or that food prices will sky-rocket. What baloney. We don't need to eat anything – GMO or not – when we're dead from pesticides and herbicide exposure. Ever thought of that small detail?

Agreed STAND !

You will be hated by everyone because of me, but the one who stands firm to the end will be saved. (Matthew 10:22 NIV)

through whom we have gained access by faith into this grace in which we now stand. And we boast in the hope of the glory of God. (Romans 5:2 NIV)

So be subject to God. Resist the devil [stand firm against him], and he will flee from you. (James 4:7 AMP)

So, if you think you are standing firm, be careful that you don't fall! No temptation has overtaken you except what is common to mankind. And God is faithful; he will not let you be tempted beyond what you can bear. But when you are tempted, he will also provide a way out so that you can endure it. (1 Corinthians 10:12, 13 NIV)

Be on your guard; stand firm in the faith; be courageous; be strong. (1 Corinthians 16:13 NIV)

Whatever happens, conduct yourselves in a manner worthy of the gospel of Christ. Then, whether I come and see you or only hear about you in my absence, I will know that you stand firm in the one Spirit, striving together as one for the faith of the gospel without being frightened in any way by those who oppose you. This is a sign to them that they will be destroyed, but that you will be saved—and that by God. For it has been granted to you on behalf of Christ not only to believe in him, but also to suffer for him, (Philippians 1:27-29 NIV)

You too, be patient and stand firm, because the Lord's coming is near. Brothers and sisters, as an

example of patience in the face of suffering, take the prophets who spoke in the name of the Lord.
(James 5:8, 10 NIV)

Consider it wholly joyful, my brethren, whenever you are enveloped in or encounter trials of any sort or fall into various temptations. Be assured and understand that the trial and proving of your faith bring out endurance and steadfastness and patience. But let endurance and steadfastness and patience have full play and do a thorough work, so that you may be [people] perfectly and fully developed [with no defects], lacking in nothing. If any of you is deficient in wisdom, let him ask of the giving God [Who gives] to everyone liberally and ungrudgingly, without reproaching or faultfinding, and it will be given him. Only it must be in faith that he asks with no wavering (no hesitating, no doubting). For the one who wavers (hesitates, doubts) is like the billowing surge out at sea that is blown hither and thither and tossed by the wind. For truly, let not such a person imagine that he will receive anything [he asks for] from the Lord, [For being as he is] a man of two minds (hesitating, dubious, irresolute), [he is] unstable and unreliable and uncertain about everything [he thinks, feels, decides]. (James 1:2-8 AMP)

The works of His hands are [absolute] truth and justice [faithful and right]; and all His decrees and precepts are sure (fixed, established, and trustworthy). They stand fast and are established forever and ever and are done in [absolute] truth and uprightness. (Psalm 111:7, 8 AMP)

The wicked plot against the [uncompromisingly] righteous (the upright in right standing with God); they gnash at them with their teeth. (Psalm 37:12 AMP)

The wicked are overthrown and are not, but the house of the [uncompromisingly] righteous shall stand. (Proverbs 12:7 AMP)

My soul yearns for You [O Lord] in the night, yes, my spirit within me seeks You earnestly; for [only] when Your judgments are in the earth will the inhabitants of the world learn righteousness (uprightness and right standing with God). (Isaiah 26:9 AMP)

Who can stand before His indignation? And who can stand up and endure the fierceness of His anger? His wrath is poured out like fire, and the rocks are broken asunder by Him. (Nahum 1:6 AMP)

And when He comes, He will convict and convince the world and bring demonstration to it about sin and about righteousness (uprightness of heart and right standing with God) and about judgment: (John 16:8 AMP)

Establishing and strengthening the souls and the hearts of the disciples, urging and warning and encouraging them to stand firm in the faith, and [telling them] that it is through many hardships and tribulations we must enter the kingdom of God. (Acts 14:22 AMP)

Namely, the righteousness of God which comes by believing with personal trust and confident reliance on Jesus Christ (the Messiah). [And it is meant] for all who believe. For there is no distinction, Since all have sinned and are falling short of the honor and glory which God bestows and receives. [All] are justified and made upright and in right standing with God, freely and gratuitously by His grace (His unmerited favor and mercy), through the redemption which is [provided] in Christ Jesus, (Romans 3:22-24 AMP)

THEREFORE, SINCE we are justified (acquitted, declared righteous, and given a right standing with God) through faith, let us [grasp the fact that we] have [the peace of reconciliation to hold and to enjoy] peace with God through our Lord Jesus Christ (the Messiah, the Anointed One). Through Him also we have [our] access (entrance, introduction) by faith into this grace (state of God's favor) in which we

[firmly and safely] stand. And let us rejoice and exult in our hope of experiencing and enjoying the glory of God. Moreover [let us also be full of joy now!] let us exult and triumph in our troubles and rejoice in our sufferings, knowing that pressure and affliction and hardship produce patient and unswerving endurance. And endurance (fortitude) develops maturity of character (approved faith and tried integrity). And character [of this sort] produces [the habit of] joyful and confident hope of eternal salvation. Such hope never disappoints or deludes or shames us, for God's love has been poured out in our hearts through the Holy Spirit Who has been given to us. While we were yet in weakness [powerless to help ourselves], at the fitting time Christ died for (in behalf of) the ungodly. Now it is an extraordinary thing for one to give his life even for an upright man, though perhaps for a noble and lovable and generous benefactor someone might even dare to die. But God shows and clearly proves His [own] love for us by the fact that while we were still sinners, Christ (the Messiah, the Anointed One) died for us. Therefore, since we are now justified (acquitted, made righteous, and brought into right relationship with God) by Christ's blood, how much more [certain is it that] we shall be saved by Him from the indignation and wrath of God. For if while we were enemies we were reconciled to God through the death of His Son, it is much more [certain], now that we are reconciled, that we shall be saved (daily delivered from sin's dominion) through His [resurrection] life. Not only so, but we also rejoice and exultingly glory in God [in His love and perfection] through our Lord Jesus Christ, through Whom we have now received and enjoy [our] reconciliation. [Jer. 9:24.] Therefore, as sin came into the world through one man, and death as the result of sin, so death spread to all men, [no one being able to stop it or to escape its power] because all men sinned. [To be sure] sin was in the world before ever the Law was given, but sin is not charged to men's account where there is no law [to transgress]. Yet death held sway from Adam to Moses [the Lawgiver], even over those who did not themselves transgress [a positive command] as Adam did. Adam was a type (prefigure) of the One Who was to come [in reverse, the former destructive, the latter saving]. [Gen. 5:5; 7:22; Deut. 34:5.] But God's free gift is not at all to be compared to the trespass [His grace is out of all proportion to the fall of man]. For if many died through one man's falling away (his lapse, his offense), much more profusely did God's grace and the free gift [that comes] through the undeserved favor of the one Man Jesus Christ abound and overflow to and for [the benefit of] many. Nor is the free gift at all to be compared to the effect of that one [man's] sin. For the sentence [following the trespass] of one [man] brought condemnation, whereas the free gift [following] many transgressions brings justification (an act of righteousness). For if because of one man's trespass (lapse, offense) death reigned through that one, much more surely will those who receive [God's] overflowing grace (unmerited favor) and the free gift of righteousness [putting them into right standing with Himself] reign as kings in life through the one Man Jesus Christ (the Messiah, the Anointed One). Well then, as one man's trespass [one man's false step and falling away led] to condemnation for all men, so one Man's act of righteousness [leads] to acquittal and right standing with God and life for all men. For just as by one man's disobedience (failing to hear, heedlessness, and carelessness) the many were constituted sinners, so by one Man's obedience the many will be constituted righteous (made acceptable to God, brought into right standing with Him). But then Law came in, [only] to expand and increase the trespass [making it more apparent and exciting opposition]. But where sin increased and abounded, grace (God's unmerited favor) has surpassed it and increased the more and superabounded, So that, [just] as sin has reigned in death, [so] grace (His unearned and undeserved favor) might reign also through righteousness (right standing with God) which issues in eternal life through Jesus Christ

(the Messiah, the Anointed One) our Lord. (Romans 5:1-21 AMP)

Now it is evident that no person is justified (declared righteous and brought into right standing with God) through the Law, for the Scripture says, The man in right standing with God [the just, the righteous] shall live by and out of faith and he who through and by faith is declared righteous and in right standing with God shall live. [Hab. 2:4.] (Galatians 3:11 AMP)

Put on God's whole armor [the armor of a heavy-armed soldier which God supplies], that you may be able successfully to stand up against [all] the strategies and the deceits of the devil. For we are not wrestling with flesh and blood [contending only with physical opponents], but against the despoticisms, against the powers, against [the master spirits who are] the world rulers of this present darkness, against the spirit forces of wickedness in the heavenly (supernatural) sphere. Therefore put on God's complete armor, that you may be able to resist and stand your ground on the evil day [of danger], and, having done all [the crisis demands], to stand [firmly in your place]. Stand therefore [hold your ground], having tightened the belt of truth around your loins and having put on the breastplate of integrity and of moral rectitude and right standing with God, And having shod your feet in preparation [to face the enemy with the firm-footed stability, the promptness, and the readiness produced by the good news] of the Gospel of peace. [Isa. 52:7.] Lift up over all the [covering] shield of saving faith, upon which you can quench all the flaming missiles of the wicked [one]. And take the helmet of salvation and the sword that the Spirit wields, which is the Word of God. Pray at all times (on every occasion, in every season) in the Spirit, with all [manner of] prayer and entreaty. To that end keep alert and watch with strong purpose and perseverance, interceding in behalf of all the saints (God's consecrated people). Peace be to the brethren, and love joined with faith, from God the Father and the Lord Jesus Christ (the Messiah, the Anointed One). Grace (God's undeserved favor) be with all who love our Lord Jesus Christ with undying and incorruptible [love]. Amen (so let it be). (Ephesians 6:11-18, 23, 24 AMP)

So be subject to God. Resist the devil [stand firm against him], and he will flee from you. (James 4:7 AMP)

SO YOU, my son, be strong (strengthened inwardly) in the grace (spiritual blessing) that is [to be found only] in Christ Jesus. And the [instructions] which you have heard from me along with many witnesses, transmit and entrust [as a deposit] to reliable and faithful men who will be competent and qualified to teach others also. Take [with me] your share of the hardships and suffering [which you are called to endure] as a good (first-class) soldier of Christ Jesus. No soldier when in service gets entangled in the enterprises of [civilian] life; his aim is to satisfy and please the one who enlisted him. And if anyone enters competitive games, he is not crowned unless he competes lawfully (fairly, according to the rules laid down). [It is] the hard-working farmer [who labors to produce] who must be the first partaker of the fruits. Think over these things I am saying [understand them and grasp their application], for the Lord will grant you full insight and understanding in everything. Constantly keep in mind Jesus Christ (the Messiah) [as] risen from the dead, [as the prophesied King] descended from David, according to the good news (the Gospel) that I preach. [Ps. 16:10.] For that [Gospel] I am suffering affliction and even wearing chains like a criminal. But the Word of God is not chained or imprisoned! Therefore I [am ready to] persevere and stand my ground with patience and endure everything for the sake of the elect [God's chosen], so that they too may obtain [the] salvation which is in Christ Jesus, with [the reward of] eternal glory. The saying is sure and worthy of confidence: If we have died with Him, we shall also live with Him.

If we endure, we shall also reign with Him. If we deny and disown and reject Him, He will also deny and disown and reject us. If we are faithless [do not believe and are untrue to Him], He remains true (faithful to His Word and His righteous character), for He cannot deny Himself. Remind [the people] of these facts and [solemnly] charge them in the presence of the Lord to avoid petty controversy over words, which does no good but upsets and undermines the faith of the hearers. Study and be eager and do your utmost to present yourself to God approved (tested by trial), a workman who has no cause to be ashamed, correctly analyzing and accurately dividing [rightly handling and skillfully teaching] the Word of Truth. But avoid all empty (vain, useless, idle) talk, for it will lead people into more and more ungodliness. And their teaching [will devour; it] will eat its way like cancer or spread like gangrene. So it is with Hymenaeus and Philetus, Who have missed the mark and swerved from the truth by arguing that the resurrection has already taken place. They are undermining the faith of some. But the firm foundation of (laid by) God stands, sure and unshaken, bearing this seal (inscription): The Lord knows those who are His, and, Let everyone who names [himself by] the name of the Lord give up all iniquity and stand aloof from it. [Num. 16:5; Isa. 26:13.] But in a great house there are not only vessels of gold and silver, but also [utensils] of wood and earthenware, and some for honorable and noble [use] and some for menial and ignoble [use]. So whoever cleanses himself [from what is ignoble and unclean, who separates himself from contact with contaminating and corrupting influences] will [then himself] be a vessel set apart and useful for honorable and noble purposes, consecrated and profitable to the Master, fit and ready for any good work. Shun youthful lusts and flee from them, and aim at and pursue righteousness (all that is virtuous and good, right living, conformity to the will of God in thought, word, and deed); [and aim at and pursue] faith, love, [and] peace (harmony and concord with others) in fellowship with all [Christians], who call upon the Lord out of a pure heart. But refuse (shut your mind against, have nothing to do with) trifling (ill-informed, unedifying, stupid) controversies over ignorant questionings, for you know that they foster strife and breed quarrels. And the servant of the Lord must not be quarrelsome (fighting and contending). Instead, he must be kindly to everyone and mild-tempered [preserving the bond of peace]; he must be a skilled and suitable teacher, patient and forbearing and willing to suffer wrong. He must correct his opponents with courtesy and gentleness, in the hope that God may grant that they will repent and come to know the Truth [that they will perceive and recognize and become accurately acquainted with and acknowledge it], And that they may come to their senses [and] escape out of the snare of the devil, having been held captive by him, [henceforth] to do His [God's] will. (2 Timothy 2:1-26 AMP)

TODAY IS THE LAST DAY TO HELP **STOP** DOW'S 2,4-D GMO CORN & SOY.

Beyond the imminent **threats** to **clean water and health**, 2,4-D does not have a history of safe use, but rather of one **drift** accident after another. 2,4-D will **kill** most other plant life, impacting **non-GMO and organic farmers**. Non-GMO cotton, soybean, tomato, grape and fruit tree growers will all be put **at risk**.

Dow's crops will cause "**a profound increase**" in the use of 2,4-D herbicide - **polluting** the environment, **poisoning** us, and chaining farmers to the treadmill of ever-increasing toxic chemical use.

GIVE DOW THE SOUR GRAPES.
USE YOUR VOICE. TELL THE USDA:
REJECT 2,4-D CORN & SOY CROPS.

WHAT'S WRONG WITH 2,4-D HERBICIDE AND DOW'S 2,4-D GMO CROPS? One word: Everything. Beyond threats to clean water and health, 2,4-D has a notorious history of drift, killing most plant life that it touches and putting non-GMO and organic crops at risk. And when damages occur, as usual, the agrichemical/biotech companies get off Scott-free. Rather than forcing organic gardeners and farmers to defend themselves against 2,4-D drift, the USDA needs to change its priorities, get out of bed with Big Ag, and start working to protect our environment and help farmers farm without poisons. TODAY IS THE LAST DAY for public comment. We need your voice. Please tell the USDA to reject Dow's 2,4-D GMO crops.

Lesson: The Real Facts of the Holocaust (SAR)

What many people do not realize are the twists to history that are being taught to our children through an enforcement of repetition, and penalty/ failure when not repeated as taught. A prime example of this would be the Holocaust. Several Americans live under the illusion that six million Jews were killed by Jewish hating German Nazis. What most people do not know, is that is a huge twist on historical events. Hitler himself was a Khazar Jew, and the grandson to the top elitist Rothschild. His mission was to rid the elitist Khazar Jews of the innocent "real" Jews, who were causing financial and political burden to the elitist movement. This was not at all a matter of "white supremacy," it was a matter of "elitist supremacy." Lionel Nathan Rothschild (22 Nov 1808- 3 Jan 1879) had an illegitimate son with a servant at the Rothschild mansion. This child was named Alois Hitler (7 June 1837-3 January 1903). Alois Schueckelgruber married Clara Poltzi. Alois officially changed his last name with the Austrian ministry to Hitler. Hitler was his mother in laws maiden name, making him known to be illegitimate. They had three sons, Gustav, Adolf (Adolf Hitler), and Paula. Evelyn De Rothschild, owner of the US Fed is the great grandson of Lionel Nathan Rothschild. He is the man who controls the politicians today. This leaves us with an Elitist Khazar Jew descendant of Hitler running and operating the mechanics of the world, and

mainly our own country. This of course leads to false interpretations of the Holocaust to be taught to our children the same as all historical government corrupted events. It has been statistically proven that the real number of Jews killed during the Holocaust is between 500,000 and 1 million. Thomas Dalton PhD Describes how the six million figure is not plausible when the war ran for 5.5 years, roughly 2000 days from Sept 1939 – April 1945. This means there was a needed death count of 3000 people per day every day and must have burned, buried, or disposed of these bodies as well. Camps, shootings, and ghettos are said to be the three main causes of death to the proclaimed 6 million Jews. There are no records to show how these numbers would be made possible that totals 6 million. The number 6 million is symbolic and predates WW2, used frequently to talk about Jews in distress. Several impossible harsh terms are spread about the deaths of the Jews. One theory was that they would fit up to 2000 Jews in a closed room, some underground and dumped cyanide pellets on them. This is senseless, the rooms had neither windows or ventilation to vent that poisonous gas, the pellets would also generate the poison for hours, killing anyone who went inside, and it would also be impossible to clear the number of bodies generated in a timely manner. Some camps have a single gas chamber with 2 metal chambers for the gas pellets but just 2 meters away are 5 delousing rooms for clothing and bed linens each with a well engineered cyanide gas circulation machine. It makes no sense to use such a method to kill people when a proper one existed in the very same building. And for that, cyanide gas killed only about 1 million Jews all at Auschwitz, by contrast 2 million were killed by exhaust from diesel engines. Not only is this even less possible than workable pellets but it is not reasonable to kill anyone in any reasonable amount of time with exhaust. There is not enough carbon monoxide in it. Some say there were gasoline engines with higher monoxide levels in it but this does not solve the amount of practical problems of inefficiencies of pumping engine exhaust of any kind into a sealed room. Killing thousands a day is one problem, but disposing of the bodies is another. The crematoriums were all designed with individual person ovens. Each takes about an hour to burn one body. All of Auschwitz had only 50 ovens. 50 times 20 hours equals only 1000 bodies per day, and that is at the largest camp. Some camps had 0 ovens hence all of the bodies we are told were burned in open air. But this is also impossible. They would have to burn 6,500 bodies per day. With this much smoke, it would be visible from aerial view. Out of all of the photos of the holocaust only one photo shows even a single smoking crematory chimney. Four photos show small fires burning from one very small corner of the camp. Evidence of mass burning is strikingly absolute. It is true that there are witnesses who viewed several deaths all over the around them, but this rate would be reasonable to also equal the 500,000- 1 million Jew death count. This is a perfect example of how media has become so corrupted that the current school systems are creating permanent history out of complete propaganda. It is very rare to find an American who knows the real numbers involved with the Holocaust. This same method is being used in countless pinpointed areas of history all over the world. This is also a clever tactic used to turn societies against each other, as well as guide a mentality of a mason generated mass culture in the future.

STUDY SHOWS: ORGANIC, GRASS-FED COW'S MILK IS HEALTHIER THAN CONVENTIONAL MILK

“There’s really no debate - when you feed dairy cows more grass, you improve the fatty acid profile of milk. You also increase the protein level.”

HAVING A GLASS OF MILK THIS MORNING? If so, it's a good idea to switch out the conventional milk for milk from organic grass-fed cows. Organic milk really is better for you says study author Charles Benbrook, a research professor at the Center for Sustaining Agriculture and Natural Resources at Washington State University. The WSU researchers tested nearly 400 samples of organic and conventional milk over 18 months. "There's really no debate around the world - when you feed dairy cows more grass, you improve the fatty acid profile of milk. You also increase the protein level," Benbrook says. On the other hand, cows fed a corn-based diet produce milk that's higher in omega-6 fatty acids. Add that conventional cows are fed pesticide-laden GMO grains and pumped up with hormones and antibiotics - that just can't be good.

"By no stretch of the imagination can these people be described as independent scientists. On the contrary, all have vested interests in the acceptance of GM crops by the public and policymakers. Their views should be treated with the same skepticism we would apply to any sales pitch. CST (The Council for Science & Technology, advisor to the British Prime Minister) apparently cannot find any scientists independent of the industry to support its case for GM crops. This is not surprising, since GM crops have failed to live up to the hype and are mainly delivering herbicide resistant superweeds, insecticide resistant superpests, and worrying findings in animal toxicology studies." - Claire Robinson, Editor at GMWatch

This leads us to ask... has anyone looked at the conflicts of interest of the U.S. and Canadian "scientists" that support GM crops?

Distinguished NYU Professor of Risk Engineering, NASSIM TALEB, recently raised eyebrows when he said genetically modified organisms (GMOs) have the potential to cause “an irreversible termination of life at some scale, which could be the planet.” The Precautionary Principle - which is what Taleb calls his warning - is all about managing risk, not about waiting for it to surface. The fact that GMOs are a systemic entity is undeniable. We don’t, as Taleb says, argue that a game of Russian roulette is safer with each empty barrel we find. It is, in fact, more dangerous.

● **BREAKING NEWS: NEW STUDY** **Detection of Glyphosate Residues in Animals and Humans**

- Cows kept in genetically modified free regions had significantly lower glyphosate concentrations in their urine compared with cows under conventional husbandry.
- Glyphosate was detected in different organs of slaughtered cows including intestine, liver, muscles, spleen and kidney.
- Glyphosate was significantly higher in humans fed conventional food compared with predominantly organic food.
- Chronically ill humans had significantly higher glyphosate residues in urine than healthy humans.
- Glyphosate residues cannot be removed by washing and they are not broken down by cooking. Glyphosate residues can remain stable in foods for a year or more, even if the foods are frozen, dried or processed.

The infographic features a cow on the left and a human silhouette on the right. Red lines connect the text points to the cow and human. At the bottom, there are logos for 'GMO FREE USA' and 'GMO FREE CANADA', along with social media links for 'www.gmofreeusa.org' and 'www.facebook.com/gmofreeusa'.

BREAKING NEWS: NEW STUDY: Detection of Glyphosate Residues in Animals and Humans. CHRONICALLY ILL HUMANS HAD SIGNIFICANTLY HIGHER GLYPHOSATE RESIDUES IN URINE THAN HEALTHY HUMANS. The presence of glyphosate residues in both humans and animals could haul the entire population towards numerous health hazards. Presence of glyphosate in urine and its accumulation in animal tissues is alarming even at low concentrations. Studying the impact of glyphosate residues on health is warranted and the global regulations for the use of glyphosate may have to be re-evaluated.

Antibiotics in our food? Yep - no prescription required. In 2008, Monsanto filed their application to patent glyphosate as an antibiotic. The patent was granted in 2010. Studies show that glyphosate kills beneficial gut flora. 70%+ of our immune system resides in our gut. Kill the good stuff and the bad stuff can make you sick, overweight, or BOTH. BAN ROUNDUP. BOYCOTT KELLOGG'S! We verified Kellogg's use of GMOs when we sent Froot Loops to a genetic testing lab. The corn in Froot Loops is 100% Roundup drenched, pesticide producing GMO corn. Not only has it been sprayed with Roundup, the most toxic of 9 herbicides and pesticides recently tested, but it is registered with and regulated by the EPA because the corn itself is a pesticide. It produces Bt toxin from inside every cell of the plant and kills insects that bite into it. Food that kills? If that corn were on the shelf at Home Depot, it would have a label on it with an EPA pesticide registration number, as do all of the other pesticides on the shelf. But because the EPA has no jurisdiction over food labeling, Kellogg's is feeding children Roundup drenched and pesticide producing GMOs without their parents knowledge or consent. Help us grow the boycott - don't forget Kellogg's-owned Bear Naked, Pringles, Keebler, Kashi, Cheezits & Girl Scout Cookies! Yes, Kellogg's is one of two processors for Girls Scout Cookies. Tell Kellogg's why you're not buying it - they need to hear from you. Tell them you want all Kellogg's products to be NON GMO Project Verified. The customer is always right!

**What The Cancer Industry
Does Not Want You To Know
About Chemotherapy and Radiation**

- Radiation-induced secondary cancers have exploded in the last two decades due to radiation treatment
- 90% of chemotherapy patients die 10-15 years after treatment and the cause is never attributed to treatment
- More than 50% of all cancer patients suffer significant treatment-related toxicity.
- Chemotherapy does not eliminate breast, colon, or lung cancers yet chemo drugs are still used on these cancers.
- Patients who undergo chemo are 14 times more likely to develop leukemia and 6 times more likely to develop cancers of the bones, joints, and soft tissues than those patients who do not undergo chemotherapy.
- Chemotherapy drugs directly damage DNA
- Chemotherapy actually boosts cancer growth
- 68% increase in Chemo drugs since 2003
- 75% increase in cancer projected by 2030

97 Percent of The Time, [#Chemotherapy](#) Does Not Work And Continues To Be Used Only For One Reason

Doctors and [#pharmaceutical](#) companies make money from it. That's the only reason chemotherapy is still used. Not because it's effective, decreases morbidity, mortality or diminishes any specific cancer rates. In fact, it does the opposite. Chemotherapy boosts cancer growth and long-term mortality rates. Most chemotherapy patients either die or are plagued with illness within 10-15 years after treatment. It destroys their immune system, increases neuro-cognitive decline, disrupts endocrine functioning and causes organ and metabolic toxicities. Patients basically live in a permanent state of disease until their death. The cancer industry marginalizes safe and effective cures while promoting their patented, expensive, and toxic remedies whose risks far exceed any benefit. This is what they do best, and they do it because it makes money, plain and simple.

Most people treated with chemo, made of toxic mustard gas, die quietly within 5 years. Medias never talk about this hard fact, they suppress it. Everyone with cancer that takes this toxic treatment, quickly discovers it's poisonous side effects. Why do people blindly fall for this endless lie without learning the hard facts about alternative cures like cannabis oil?

USE OF HIGHLY REACTIVE CHEMICAL ADDITIVES TO IMPROVE

AFTERBURNER PERFORMANCE AT ALTITUDE*

By John P. Wanhainen and Joseph N. Sivo

5118

SUMMARY

24056

An investigation was conducted in an altitude test chamber to evaluate the use of highly reactive chemicals injected into a turbojet afterburner to promote the combustion process, which was inhibited by water vapor from compressor-inlet injection. The chemicals evaluated were commercial hydrogen and aluminum trimethyl. The aluminum trimethyl was used as an additive to the afterburner hydrocarbon fuel, and the hydrogen was injected separately into the piloting zones of the afterburner. Engine-inlet water-air ratio and hydrogen fuel flows were systematically varied to determine the effects of the degree of contamination by water vapor and the amount of chemical additive on afterburner operating limits and combustion efficiency. The afterburner-inlet conditions simulated flight at a 98,000-foot altitude and a Mach number of 3.0.

Addition of small amounts of hydrogen increased the combustion efficiency over the entire operating range of the afterburner with more pronounced effects at the low equivalence ratios. Afterburner operating limits were greatly extended by the injection of hydrogen. Stable operation of the afterburner was obtained at an equivalence ratio of 0.26 with a hydrogen flow of 3 percent and no water vapor present in the afterburner-inlet air. A 14-percent concentration of aluminum trimethyl in the afterburner hydrocarbon fuel resulted in only marginal improvement in afterburner performance.

"We would not purposely add arsenic to the water supply. And we would not purposely add lead. But we do add fluoride. The fact is that fluoride is more toxic than lead and just slightly less toxic than arsenic." ----Dr. John Yiamouyiannis

[Probably the best example of the presence and power of Evil, it's Human Abuse, and Mind Control. Anyone pushing this is either a Psychopath, Social dominator, or Authoritarian follower. A minute amount of Common Sense is needed to see through fluoridation, it's more toxic than lead! Similar to the propaganda that says it is safe to inject Mercury into babies and pregnant women. If the dental and medical leaders really cared about dental health we wouldn't be eating Junk Food, (and having medical men promoting sugar) but instead, we would be eating the correct diet and have perfect teeth like the people Weston Price discovered and wrote about (and fewer dentists). It's not just in the water. Fluoride can attach to Aluminium to enter and accumulate in the brain as a powerful brain toxin (1)--- think vaccines, other drugs such as Antacids, SSRI, drink containers and cooking utensils. The poisoners know that, just the fact the governments still let people cook on aluminium is a crime in itself. Fluoride also increases the uptake of lead.]

"In point of fact, fluoride causes more human cancer death, and causes it faster than any other chemical."--Dean Burk -- Congressional Record 21 July 1976

"They (ACS) lie like scoundrels."----Dean Burk, Ph.D., 34 years at the National Cancer Institute. —
The Truth Will Set You Free

Dr Dean Burk National Cancer Institute says his Fluoride study links to increase cancer risk -

"When you have power you don't have to tell the truth. That's a rule that's been working in this world for generations. And there are a great many people who don't tell the truth when they are in power in administrative positions."

---Dr. Dean Burk former head of National Cancer Institute Research.

Glyphosate Found in Mothers' Breast Milk: <http://orgcns.org/1fYibPx>

“For years Monsanto has claimed that glyphosate, the key active ingredient in its Roundup-brand herbicide is ‘safe’ because the human body excretes it,” said Ronnie Cummins, national director of the OCA. “This pilot study is the first of its kind to prove that Monsanto is wrong. In fact, this preliminary study shows that glyphosate accumulates in our bodies, and mothers are now passing the toxin on to their infants via breast milk.” Read more: <http://orgcns.org/1fYibPx>

Wake up to whats really in 85 percent of foods sold in the USA!!

Genetically modified organisms, or [#GMOs](#), are created when a gene from one species is transferred to another, creating something that would not be found in nature.

Food items that contain GMOs are unlabeled in America. Why so sneaky? The European Union has banned GMOs, as have Australia, Japan, the UK and two dozen other countries that recognize that a lack of long term studies and testing may be hiding disastrous health defects.

GMOs require massive amounts of pesticides, herbicides and fungicides. These things are poisons, and should not be eaten or allowed to run off into our water supply. But they are, every day, by companies who care far more about the bottom line than they do about your health, your environment or your children's future. The bottom line is that genetically modified organisms have not been proven in any way to be safe, and most of the studies are actually leaning the other direction, which is why many of the world's countries have banned these items whose DNA has been genetically engineered. In America, they aren't even labeled, much less banned, so the majority of the populace has no idea that they are eating lab-created DNA on a daily basis.

FLUORIDE

DID YOU KNOW???

In 1955, Crest became the first fluoride toothpaste.

Fluoride calcifies the pineal gland, otherwise known as your 3rd eye which literally has rods and cones, just like your other eyes!

Fluoride is so toxic that it considered Hazardous Waste by the EPA.

Hitler fluoridated the water in the concentration camps to sedate the prisoners.

Fluoride is the same ingredient in rat poison and Prozac

According to Dr. Bill Osmunson, there's the same equivalence of fluoride in an 8 ounce glass of fluoridated tap water as there is in a "pea sized" amount needed to call the Poison Control Center, as recommended on the back of any fluoridated toothpaste.

This is another term for chemtrails which are used by the United Nation and its governments/business partners to spray toxic metals and chemicals into the atmosphere in an attempt to stop global warming.. that's if climate change can't be stopped any other way. "The sad irony here is that the FDA, which does not regulate fluoride in drinking water, does regulate toothpaste and on the back of a tube of fluoridated toothpaste ... it must state that "if your child swallows more than the recommended amount, contact a poison control center."

The amount that they're talking about, the recommended amount, which is a pea-sized amount, is equivalent to one glass of water.

The FDA is not putting a label on the tap saying don't drink more than one glass of water. If you do, contact a poison center...

There is no question that fluoride — not an excessive amount — can cause serious harm."

"For wicked men are found among My people, They watch like fowlers lying in wait; They set a trap, They catch men. Like a cage full of birds, So their houses are full of deceit; Therefore they have become great and rich. They are fat and sleek, and there is no limit to their wicked deeds. They refuse to provide justice to orphans and deny the rights of the poor. Shall I not punish them for these things? declares the LORD, and shall I not avenge myself on a nation such as this." - Jeremiah 5:26-29

(they work with courts to indefinitely confine and torture innocent people, enemies of state) and in connection with public indoctrination and chemical lobotomizers have the means to enslave the masses, sterilize the masses, dumb down the masses, etc. <https://www.facebook.com/notes/michael-swenson/our-creator-told-us-in-the-holy-bible-all-nations-would-be-deceived-by-pharmaceu/511466405598990> and <https://www.facebook.com/notes/michael-swenson/brainwashing/643617432383886> interrogation techniques are developed, intimidation techniques, tortures are all part of CIA black ops activities for controlling and enslaving the masses: <https://www.google.com/webhp?sourceid=chrome-instant...> by this evil field and human experimentation they discovered that not just drugs in our water, chemicals in our food, hygiene and medication, but even low level frequencies through television could be used to brainwash and control the masses. <https://www.youtube.com/watch?v=VllwRgSECcw>

EPA APPROVES NEW BEE KILLING PESTICIDE

HELP.

Cyantraniliprole is toxic to bees and causes liver toxicity and thyroid instability in mammals. Approved for almonds, berries, leafy vegetables & milk.

The EPA approved yet another bee toxic systemic pesticide called cyantraniliprole, and set allowable residue limits on almonds, berries, leafy vegetables and milk. The EPA also approved it as a seed treatment (stay away from those treated seeds!) so it may show up on GMO seeds in the future. Some formulas of this toxic pesticide combine it with neonicotinoids. Cyantraniliprole has been proven to be toxic to bees and also causes liver toxicity and thyroid instability in mammals. The approval of cyantraniliprole raises serious concerns. The EPA, (or should we say Exceptionally-Incompetent Pesticide Agency) has just set itself up for another lawsuit. Be safe. Grow your own. Buy organic.

FLUORIDE

DID YOU KNOW???

In 1955, Crest became the first fluoride toothpaste.

Fluoride calcifies the pineal gland, otherwise known as your 3rd eye which literally has rods and cones, just like your other eyes!

Fluoride is so toxic that it considered Hazardous Waste by the EPA.

Hitler fluoridated the water in the concentration camps to sedate the prisoners.

Fluoride is the same ingredient in rat poison and Prozac

According to Dr. Bill Osmunson, there's the same equivalence of fluoride in an 8 ounce glass of fluoridated tap water as there is in a "pea sized" amount needed to call the Poison Control Center, as recommended on the back of any fluoridated toothpaste.

If you don't know who these 3 men are, RESEARCH THEM. All 3 of them have discovered a different treatment for cancer, and all 3 of them have been made a target by the Govt and Big Pharma for their trouble. They DO NOT want the public to know they've been stonewalling Cancer cures.

Here's a little info on one of the cures - (The one Rick Simpson is promoting)

The US Government has known since 1974 that Cannabis cures Cancer. In '72 Richard Nixon wanted a larger budget for his war on drugs. He thought that if he proved Cannabis caused lung cancer like cigarettes do, he would get the support he needed. He gave the Medical College of Virginia 2 years to do a study on the effects of THC on the body. In '74 the study was completed. It turns out, THC when ingested in highly concentrated forms (such as eating Cannabis oil) will attack any mutated cells in your body while strengthening and rejuvenating the healthy cells. They found the PERFECT cure for Cancer. It worked fast, it worked well, it worked on many different forms of Cancer in ALL stages and it had ZERO harmful side effects. (Unlike Chemo which deteriorates your entire body and kills 1 in 5 patients) Not only that, but it dissolves ALL forms of tumors and can even combat superbugs like MRSA. When Richard Nixon saw the results of the study he was FURIOUS. He threw the entire report in the trash and deemed the study classified. In 1976 President Gerald Ford put an end to all public cannabis research and granted exclusive research rights to major pharmaceutical companies, who set out — unsuccessfully — to develop synthetic forms of THC that would deliver all the medical benefits without the “high.”

We only found out about the study a few years ago thanks to dedicated medical and law professionals who filed Freedom of Information Requests. The Govt lied for many reasons.. One of the main reasons is

Pharmaceutical Companies. They spend billions every year lobbying to keep Cannabis illegal because they make TRILLIONS off Cancer drugs and research. They are already well aware that Cannabis cures Cancer. (They cant legally patent a 15,000 year old plant) They have a great con going at the moment. Cancer patients and their loved ones will spend their entire life savings or even sell their houses and businesses in order to pay for Chemotherapy and other Cancer treatment drugs. Alot of the time they spend all that money and their loved one dies anyway. If the public found out that the Govt has been lying for over 40 years, that MILLIONS of lives could have been saved and that the dying could grow the cure they need in their backyard... The public would be going nuts over it.

If you want to know more, you should Google 'Cannabis Cures Cancer'. Upon further research you will see that there are thousands of published scientific studies, articles, books and documentaries on the subject. Id start with the film 'Run From The Cure'. Its one of my favorites.

Help us spread awareness about the plight of the bees!

“Yes, hive mites are a factor. There is no doubt that there are about eight factors in the honey bees’ decline. But the [Harvard] researchers were very vocal about saying that they feel that neonicotinoids are making bees more vulnerable to those problems. 85% of the world’s plants depend on pollination. 5,609 SCHOOLS AT RISK OF TOXIC PESTICIDE EXPOSURE IF EPA APPROVES NEW GMO PESTICIDE

AN EWG ANALYSIS SHOWS HUNDREDS OF THOUSANDS OF CHILDREN ACROSS THE USA WILL BE AT RISK OF INCREASED EXPOSURE TO A NEW TOXIC 2,4-D BASED HERBICIDE IF THE U.S. EPA APPROVES IT FOR USE ON DOW'S NEW 2,4-D AND GLYPHOSATE-TOLERANT GMO CROPS.

IN ITS ASSESSMENT, THE EPA CALLED FOR 200-FOOT BUFFER ZONES TO PROTECT NON-WEED PLANTS FROM THE PRODUCT BUT GLOSSES OVER THE HEALTH RISKS TO CHILDREN.

IF YOU'RE A PLANT, THE EPA THINKS YOU MIGHT BE IN DANGER EVEN AT A DISTANCE OF 1,000 FEET. AND IF YOU'RE HUMAN? DOW SAYS "IT'S SAFE."

5,609 schools within 200 feet of farm fields may soon be blanketed with massive amounts of a toxic defoliant linked to Parkinson's disease, non-Hodgkin's lymphoma and reproductive and immune system problems. That's the finding of a new [Environmental Working Group](#) analysis that shows that hundreds of thousands of children across the country will be at risk of increased exposure to the harmful chemical compound 2,4-D if the U.S. EPA approves a new weed killer mixture called "Enlist Duo" created by Dow AgroSciences. When it comes to dousing crops with noxious chemicals, the EPA focused on buffer zones for plants, not people, according to the agency's recent risk analysis of Enlist Duo, which is a combination of 2,4-D and glyphosate. This is HUGE news and no one is talking about it. The Lancet, the world's oldest and most prestigious medical journal, recently published a report classifying Fluoride as a dangerous neurotoxin. The report puts Fluoride in the same category Arsenic, Lead, and Mercury.

We are literally being mass medicated with a dangerous chemical that disrupts the health of our brains, especially in children. Many of us have suspected this for a long time, but it is insane to see the worlds top medical journal confirming it.

Don't believe what I have written here. Read the report for yourself and share with everyone you know.

CNN have disclosed the same:

<http://edition.cnn.com/.../.../health/chemicals-children-brains/>

And Harvard have recently published a study proving that fluoride lowers IQ in children:<http://themindunleashed.org/.../harvard-study-confirms-fluori...>

Distinguished NYU Professor of Risk Engineering, NASSIM TALEB, recently raised eyebrows when he said genetically modified organisms (GMOs) have the potential to cause “an irreversible termination of life at some scale, which could be the planet.” The Precautionary Principle - which is what Taleb calls his warning - is all about managing risk, not about waiting for it to surface. The fact that GMOs are a systemic entity is undeniable. We don't, as Taleb says, argue that a game of Russian roulette is safer with each empty barrel we find. It is, in fact, more dangerous.

GMO CORN FAILS IN BRAZIL. FARMERS DEMAND REFUND FROM MONSANTO, DOW, SYNGENTA & DUPONT. "The caterpillars should die if they eat the corn, but since they didn't die this year producers had to spend on average 120 reais (\$54) per hectare (2.47 acres)... at a time that corn prices are terrible," Ricardo Tomczyk, president of Aprosoja farm lobby in Mato Grosso state, said in a statement. The farmers had to spray up to three coats of additional pesticides after the scourge remained. Large-scale farming in the bug-ridden tropics has always been a challenge. In Brazil, the dependence on the GMO seeds have left the agricultural industry vulnerable to pest outbreaks and increasingly reliant on the use of toxic chemicals to battle them. Tomczyk, speaking on behalf of the farmers, said that farming with conventional seeds is not a viable option for those Aprosoja-MT represents. "There are barely any non-GMO seeds available... it is very uncomfortable that the [agrichemical] companies are blaming the farmers," Tomczyk said. Aprosoja hopes to reach a negotiated agreement with the seed companies, but if all else fails farmers may sue to get reparations for pesticide costs, according to Tomczyk.

The Livingston family battled food sensitivities and other health problems before they made the trek to Bolivia. They were concerned that the food in a developing country would make them sick. What they found is unbelievable. Instead of making them sick, they got better. No GMOs. No Monsanto. Coincidence?

"It is amazing how frozen in fear I am about ordering food because of the nonstop worry of getting sick. A mom of 4 just has no time for constant health problems. When we arrived in Ixiamas, I discovered that bread is a cheap staple (1 Boliviano for 2 pieces of bread the size of large dinner rolls). Also, since the bread was made with only butter, lard, and flour -no milk! – I decided to try it. It tasted good and I felt fine. After this surprising success, I tried the milk from a friend's cow. No symptoms! I could not believe it! It seemed I was able to eat everything here!"

BREAKING: Monsanto's unapproved GE Roundup Ready Wheat was found growing in Montana in July. Approved open field trials had been conducted during 2000-2003. The legacy remains. This incident follows a similar incident that involved a different variety of Monsanto's unapproved GMO Roundup Ready wheat in Oregon. The Oregon incident wreaked havoc on our wheat exports. After a follow up study, the USDA now reports that no further contamination was found in Oregon. Open field trials cannot be contained. This leads us to ask: where will the NEXT incident of unapproved GE wheat contamination be found?

Portfolio 21, a Mutual Fund that specializes in environmental investing, recently published a report titled "The Case Against GMOs." As you would expect, Portfolio 21 has taken a lot of heat for their report but they are standing by it. Their conclusion: "All things considered, the risks associated with GM agriculture outweigh the benefits. While genetic modification as a tool is neither inherently negative or positive, the history of its use indicates that the GM product is largely deployed to increase the short-term profits for agricultural biotech companies at the expense of consumers, small farmers and the environment. Industrialized agriculture is enough of a sustainability challenge on its own, and examples from across the globe illustrate the extra level of distress that comes with adding genetically modified organisms into the system." Thank you, Portfolio 21! Invest responsibly. Dump the biotech!

INSECTICIDAL GMOs & WEEDKILLER FOUND IN KELLOGG'S FROOT LOOPS

Independent lab tests confirm that Kellogg's Froot Loops cereal contains high levels of insecticide-producing GMOs and is laced with glyphosate, the main ingredient of Roundup weedkiller.

BREAKING: GMOs and Weedkiller Found in Kellogg's Froot Loops.

Put a GMO label on Kellogg's Froot Loops, and then add another that says WARNING: CONTAINS WEEDKILLER. READ the full report: <http://www.gmofreeusa.org/food-testi.../.../kelloggs-froot-loops>

As part of our new food testing program, Operation: Label GMOs, we sent Kellogg's Froot Loops to independent labs to test for GMOs and glyphosate, the so-called active ingredient in the herbicide used on the majority of GM crops. The tests confirmed what Kellogg's is trying to hide. The corn was 100% GMO corn, containing DNA sequences known to be present in insecticide-producing Bt and Roundup Ready corn. The soy contained DNA sequences known to be present in Roundup Ready GMO soy. If you don't find that appetizing, you surely won't savor the thought of eating weedkiller. Froot Loops also contained worrying levels of glyphosate as well. And they market this to children?? BOYCOTT KELLOGG'S!

Hold Kellogg's accountable. Sign the Petition: Kellogg's REMOVE GMOs and Get Non-GMO Project Verified: <http://www.thepetitionsite.com/.../kelloggs-remove-gmos-from.../>

[Jennifer Ayres](#) The God of the Bible required ritual blood sacrifices. It's the same God worshiped by Muslims (same stories and all in Islam,) and Christians (Jesus Christ is celebrated as a blood sacrifice,) so it's just best to start searching for the real creator who wouldn't require blood to be drawn in order to forgive a creation. Just read Leviticus.

delusionary and/or deceitful muslims like to CLAIM all the islamic terrorists attacks and islamic atrocities and human rights violations are not representative of isalm BUT: 1) muhammad did such atrocities 2) his followers did such atrocities 3) 1400 years of such atrocities all done by muslims 4) quran, suras, hadiths teach such atrocities 5) muslims are taught to lie to non-muslims 6) muslims are taught to murder non-muslims 7) the leader of islam taught and did such evil, the followers of islam throughout history to this very day also teach and do such evil THEREFORE:

conclusion! from the foundation of islam to this day it is clearly provably evil and satanic.

I saw thrones on which were seated those who had been given authority to judge. And I saw the souls of those who had been beheaded because of their testimony about Jesus and because of the word of God. They had not worshiped the beast or its image and had not received its mark on their foreheads or their hands. They came to life and reigned with Christ a thousand years. (The rest of the dead did not come to life until the thousand years were ended.) This is the first resurrection. Blessed and holy are those who share in the first resurrection. The second death has no power over them, but they will be priests of God and of Christ and will reign with him for a thousand years. Revelation 20:4-9

[Michael Swenson http://endtimeheadlines.org/.../a-word-of-warning-to-gay.../](http://endtimeheadlines.org/.../a-word-of-warning-to-gay.../) - understand ANY AND ALL churches condoning sodomy, sexual immorality of any kind, are NOT churches of JESUS CHRIST, but of the devil, satan!!!!!! <https://www.biblegateway.com/passage/...> Romans 1:20-32 Amplified Bible (AMP)

20 For ever since the creation of the world His invisible nature and attributes, that is, His eternal power and divinity, have been made intelligible and clearly discernible in and through the things that have been made (His handiworks). So [men] are without excuse [altogether without any defense or justification],

21 Because when they knew and recognized Him as God, they did not honor and glorify Him as God or give Him thanks. But instead they became futile and [a]godless in their thinking [with vain imaginings, foolish reasoning, and stupid speculations] and their senseless minds were darkened.

22 Claiming to be wise, they became fools [professing to be smart, they made simpletons of themselves].

23 And by them the glory and majesty and excellence of the immortal God were exchanged for and represented by images, resembling mortal man and birds and beasts and reptiles.

24 Therefore God gave them up in the lusts of their [own] hearts to sexual impurity, to the dishonoring of their bodies among themselves [abandoning them to the degrading power of sin],

25 Because they exchanged the truth of God for a lie and worshiped and served the creature rather than the Creator, Who is blessed forever! Amen (so be it).

26 For this reason God gave them over and abandoned them to vile affections and degrading passions. For their women exchanged their natural function for an unnatural and abnormal one,

27 And the men also turned from natural relations with women and were set ablaze (burning out, consumed) with lust for one another—men committing shameful acts with men and suffering in their own [b]bodies and personalities the inevitable consequences and penalty of their wrong-doing and going astray, which was [their] fitting retribution.

28 And so, since they did not see fit to acknowledge God or approve of Him or consider Him worth the knowing, God gave them over to a base and condemned mind to do things not proper or decent but loathsome,

29 Until they were filled (permeated and saturated) with every kind of unrighteousness, iniquity, grasping and covetous greed, and malice. [They were] full of envy and jealousy, murder, strife, deceit and treachery, ill will and cruel ways. [They were] secret backbiters and gossipers,

30 Slanderers, hateful to and hating God, full of insolence, arrogance, [and] boasting; inventors of new forms of evil, disobedient and undutiful to parents.

31 [They were] without understanding, conscienceless and faithless, heartless and loveless [and] merciless.

32 Though they are fully aware of God's righteous decree that those who do such things deserve to die, they not only do them themselves but approve and applaud others who practice them. all such preachers, pastors, teachers, and congregations joining the sodomites on earth will also join them in hell and the lake of fire if they do not repent!!!!!! A New Heaven and a New Earth

...7" He who overcomes will inherit these things, and I will be his God and he will be My son. 8" But for the cowardly and unbelieving and abominable and murderers and immoral persons and sorcerers and

idolaters and all liars, their part will be in the lake that burns with fire and brimstone, which is the second death." <http://biblehub.com/revelation/21-8.htm> I warn all men, women and children, REPENT of ALL sins and of the demonic madness of attempting to sanction any of them!!!!!!!

- **PROOF! A New Designer “AIDS”**

We at Max Resistance we’re shocked by this personal story of Karen Lambert, we are so pleased she contacted us to put her story forward and support her on this important journey.

Karen has fought this battle bravely with the main stream media refusing to acknowledge or report on this. Which leaves it up to us in the Alternate Media to spread her plight.

- **“Could I be you?” Karen Lambert’s Struggle with HIV-Negative AIDS**

- Chronic Fatigue Syndrome Advisory Committee (CFSAC) Meeting Day 2 June 14, 2012 11:30am to 12:15pm

~ <http://youtu.be/ubjGm5dlLpY>

- " I have Chronic Fatigue Immune Dysfunction Syndrome (CFS/CFIDS/ME) and HIV-NEGATIVE AIDS, idiopathic CD lymphocytopenia. With these two clinical diagnoses, I believe that makes me living proof that the AIDS-like CFS/ME is transmissible, something that the medical establishment seems unable to admit or to acknowledge. I also believe it makes me living proof that CFS and HIV-NEGATIVE AIDS are basically the same mysterious immune disorder.

Three years ago, after a heterosexual sexual encounter, I became seriously ill with what looks like the natural disease progression of AIDS. After an "acute infection" and a "period of asymptomatic health", I have fallen extremely ill to an unrelenting, progressively-worsening AIDS-like demise. I can pinpoint exactly when I was infected with my "chronic viral syndrome of unknown etiology" and because the "acute infection" stage was so distinguishable, I can also pinpoint exactly when my undiagnosed pathogen left my body and infected yet another host.

Whatever I am currently dealing with, it strongly resembles classic textbook HIV/AIDS disease. But, to add to my inquiry, I also clinically satisfy the CDC's criteria for the diagnosis of Chronic Fatigue Syndrome. " - by Karen Lambert

" The AIDS-like Disease Seldom Mentioned "

Increasingly, I have become concerned that my systemic diagnosis is caught up in the treacherous politics of CFS/ME and AIDS. Most people with CFS/ME do not like to talk about the many symptoms and immune abnormalities that they share with AIDS patients. I also suspect that most ailing patients would rather be told that they have the very mysterious CFS than to be told that they have AIDS.

I have a Master's degree. I am a director at my firm. I used to be a triathlete. I have never used IV drugs. I have never traveled abroad. I can count my sexual partners on two hands. Statistically speaking, I know that my undiagnosed infectious and communicable disease is not rare...so, you tell me, if they are not in the miscellaneous CFS/ME category, where are all these other immunosuppressed people?

Anyone with Chronic Fatigue Syndrome, who does not consider the possibility that CFS/ME will eventually progress to a NON-HIV AIDS diagnosis, is very well trumping their own ability to diagnosis the root cause of their illness.

Why isn't CFS/ME a reportable disease overseen by our public health department? Why are ME and CFS (i.e., the same exact disorder) suspiciously categorized as two separate illnesses on a worldwide level (i.e., by ICD codes)? Doesn't anyone else but me, very clearly see, the catastrophic cover-up going on here?

Why are we not reading about Non-HIV AIDS cases (and/or the AIDS-like nature of CFS) on the front pages of every newspaper in the world? And if CFS/ME is Non-HIV AIDS, then, depending on who you believe, there are anywhere between 500,000 – 14,000,000 Americans out there with a transmissible illness. If that is what it truly is, our new form of AIDS dwarfs the ‘original’ AIDS epidemic — tenfold!

I want honest answers for myself, for everyone who is suffering from this hideous illness, and especially for those who remain uninfected by my undiagnosed infectious and communicable disease.

As worrisome as my health is to me, I am extremely troubled by the strong likelihood that more people are being infected every minute that Non-HIV AIDS cases (like mine) are allowed to go undetected – especially if it turns out that AIDS and CFIDS/ME are basically the same disorder.

You can label my AIDS-like illness whatever you wish. I would even allow you to call it infectious-CFS, even though it is utterly beyond my realm of comprehension as to how the medical establishment can generically name an entire disease paradigm based on just one (of my numerous) symptom(s).

Regardless of how politics may try to dissuade or delude you, all you need to know is that my idiopathic immune dysfunction is infectious! It is contagious! And it is spreading, unleashed, in the world’s population!

I am not afraid to say that I have AIDS without HIV — idiopathic CD lymphocytopenia — my second official clinical diagnosis. I am equally as unafraid of saying the most obvious thing about CFS/ME: it sure does look like AIDS to me.

We talk openly about preparing for an impending Avian Flu pandemic. Why not talk about the HIV-NEGATIVE AIDS epidemic that already exists (and is spreading) amongst us?

If it takes courage to think and to say the things that I do, I hope that there will be a miraculous outbreak of bravery from coast-to-coast. I stopped fighting for myself a long, long time ago. I fight for humanity.

I demand a CFS/HIV revolution. Vive La Revolución.

Dr. Lorraine Day on Cptn. Joyce Riley’s military show THE POWER HOUR (09/12): “...HIV-Negative AIDS cases falsely reported and treated as CFS cases may be one of the biggest cover-ups...”

In 1992 (i.e., after Gulf War 1) “...Newsweek made an even more shocking announcement: ...CFS patients who had the same immune system deficiencies as the NON-HIV AIDS cases...”

Dr. Judy Mikovits stated on In Short Order (11/12) about CFS & Myalgic Encephalopathy (ME):
“...consider this as NON HIV AIDS.”

Chapter 33 of Hillary Johnson’s acclaimed book “Osler’s Web: Inside the Labyrinth of CFS” is entitled
“HIV-Negative AIDS.”

Neenyah Ostrom’s book “America’s Biggest Cover-up: 50 More Things...CFS & Its Link To AIDS” cites:
“Some CFS Patients May Be Non-HIV AIDS Cases.”

CFSgate = AIDSgate

The medical establishment will have you believe that Chronic Fatigue Syndrome/Myalgic Encephalomyelitis (CFS/ME) is some sort of mysterious illness, but it’s no mystery to me; CFS/ME leads to NON-HIV AIDS, idiopathic CD lymphocytopenia (ICL), a clinical diagnosis I possess.

How can the AIDS establishment continue with a stale “it’s caused by HIV” theory when there are ICL cases cited in medical journals dating back to 1992? While millions of ailing immunodeficient CFS/ME

patients get belittled and neglected, perfectly healthy HIV+ people are allocated billions of dollars in taxpayer money. How can it make sense to anyone?

In the U.S. last year, the NIH spent \$3.1 Billion of our tax money drugging perfectly healthy HIV+ people. Sick, ailing immunodeficient (some of us dying) CFIDS patients received \$6 Million. How can it make sense to you?

source:

report.nih.gov/categorical_spending.aspx

It's so easy to see that the medical establishment simply has these paradigms (CFIDS, HIV) inverted. AIDS patients are simply more CFIDS patients, who also happen to harbor a seemingly harmless virus, HIV. AIDS patients are just the tip of the CFIDS iceberg, and it's already well-documented that HIV is not the cause.

How else do you explain why there is no CFS/ME pandemic in the HIV+ population? CFS/ME does not discriminate. The answer is that there is; any otherwise perfectly healthy HIV+ person that is:

- 1) symptomatic,
- 2) better on ARV's, and/or 3) severely immunosuppressed (AIDS).....is a CFIDS patient.

Putting causal pathogens aside, simply rename CFIDS, ME, and AIDS all to be "low natural killer cell disease" and only diagnosis patients with "low NK cells" with it. Everyone would clearly see that:
CFIDS + ME + AIDS = low NK cell disease = one catastrophic pandemic * * not caused by HIV

Allied government sold-out global public health for sake of profit→ industry, oil, and Orwellian greed. If I weren't only 25% alive, I often wonder if I should 'Occupy' the White House.

Now that the mystery has been solved, could we please stop wasting time and re-allocate all HIV funding into CFIDS/ME/AIDS research?

Burkina Faso, Africa, Abandons GM Bt Cotton: In a move that could help decide the future of GM crops in Africa, Burkina Faso has abandoned GM Bt cotton. The country has begun a complete phaseout of the crop, citing the inferior lint quality of GM cultivars. This story of a major GMO failure is documented in a new briefing by Brian Dowd-Urbe, Assistant Professor in the International Studies Department at the University of San Francisco and Matthew A. Schnurr, Associate Professor in the Department of International Development Studies at Dalhousie University. The briefing appears in the journal African Affairs, which is published by Oxford University Press. The briefing traces the rapid decline of Burkina Faso's cotton crop following the introduction of GM Bt cotton. At the time, Burkinabè cotton was renowned for its high quality, the product of a highly successful non-GM breeding programme founded by the French government and spanning 70 years.

Another Monsanto failure...
