SOLUTIONS

Politicians and everyone NEED TO CONCENTRATE ON LIFE, LIBERTY AND CONSTRUCTION instead of the satanic NWO agenda of death, enslavement and destruction! America needs to rebuild our infrastructure and crossover into clean 21st century technologies nationwide. That process would employ every able bodied person in our nation with livable wages immediately!

I am for a rapid return to the foundational principles this country was established on.

<https://www.facebook.com/SonsOfLibertyRadio/photos/a.210934395644997.51021.118893408182430/671473912924374/?type=1&theater>

The ultimate reasons our quality of life is suffering is due to the religious worldviews of those ruling/ruining the planet and all life on it. The theory of evolution and resulting atheism are factually linked to eugenic fascism, abortion, etc. <https://www.youtube.com/watch?v=qMWGgY6wT30&list=PL7F9B57EBDCCEECF8> and it is these religions that are allowing people, in the minds of the so called "ruling elite", to become so greedy, blood thirsty and cruel that all the rest of us are losing our freedoms, rights, and our lives.

The demoralization (destruction of our Christian Heritage and Godly Values) of America was planned; the solution is obviously to return to our Creator immediately; that the masses were intentionally deceived and led away from. <https://www.facebook.com/notes/michael-swenson/the-planned-demoralization-of-america/632305113515118>

THE BILL OF RIGHTS

1. First Amendment issues – Congress shall make no law respecting the establishment or prohibition of religion
 1. It is therefore the absolute right of every citizen to practice the religion of their choice, to hold their beliefs, to speak their mind on any and all topics so long as practicing their religion is not murdering other people or otherwise raping, pillaging and plundering crimes of violence to persons or property
 2. In the educational setting it is the right of all persons, students and teachers to practice their faith openly without embarrassment or harassment; so long as the course curriculum and educational standard is not interrupted thereby for undue periods beyond a reminder to all present that it is a constitutionally protected right
 3. In government or the work place, it is the absolute right of all persons, political or otherwise to practice their faith openly without shame or repercussions
 4. In the residence or workplace, if such a location is inherently of one religious belief that specifically tells them to have no fellowship with persons committing acts such as adultery, fornication, homosexuality, it is the absolute right of that location to fire or prohibit such persons from seeking employment in that location. GET IT STRAIGHT PEOPLE, WHO YOU HAVE SEX WITH IS A CHOICE, AN ACT, not a protected attribute of existence, people have the right to “discriminate” against offensive actions to their faith if the inherent organization is all about that faith! COMMON SENSE PEOPLE, the Boy Scouts has the absolute RIGHT and DUTY NOT to hire pedophiles and homosexuals! Frankly, if we held the wicked judges accountable for going against such common sense in protecting children from openly professing predators; by making any of them ruling in such a way that allows such predation to occur to be held accountable for the crimes perpetrated by such homosexuals and pedophiles they encouraged to enter into such godly establishments; I do not think there would be such perversions of justice and improper conduct occurring from their benches any longer; despite what bribes were thrown their way to destroy this nation and it's godly heritage.
 5. Any all male organization of a Judeo-Christian foundation, has the absolute right to excommunicate, ban from employment, persons such as openly practice and profess a lifestyle CLEARLY PROHIBITED by their religion- THIS MOST DEFINITELY INCLUDES HOMOSEXUALITY! (Lev 19; Rom 1:26-32) The First Amendment protects moral activities

it does NOT protect satanism or islam or any worldview that calls for the murder of other citizens, or encourages rape, robbery, or other evil and lawless actions! teach the Truth! <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-1/633571873388442> and <https://www.facebook.com/notes/michael-swenson/satanism-fools-who-want-to-burn-forever-represent-a-threat-to-themselves-and-all/554580804620883> enough of the LIES! <http://www.facebook.com/notes/michael-swenson/no-more-brainwashing-no-more-lies-science-proves-who-god-is-part-1/518695411542756> and <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230> and <http://www.facebook.com/notes/michael-swenson/you-will-know-truth-truth-will-set-and-keep-you-free/551134041632226> and <http://www.facebook.com/notes/michael-swenson/islam-is-evil/560337004045263> and <http://www.facebook.com/notes/michael-swenson/the-dangers-of-remaining-ignorant-about-the-times-we-are-living-in/557410497671247> and <http://www.facebook.com/notes/michael-swenson/gain-and-restore-freedom/550796821665948>

6. Because sodomites are bringing the wrath of God upon themselves and the nation that embraces such behavior <http://www.pinkoski.com/sodom-a-gomorrah.html>, <https://www.youtube.com/watch?v=lf9yzHwOeUc> ; I propose marriage be legally defined and recognized as strictly between a man and woman, that no state recognizes "same sex unions", which is morally reprehensible behavior and a shame to any society. It is unbelievably SAD that this even needs to be addressed! <https://www.facebook.com/notes/michael-swenson/the-planned-demoralization-of-america/632305113515118>
7. The right to bear arms! <https://www.facebook.com/notes/michael-swenson/the-weapons-of-our-warfare/578505248895105>
 1. ALL citizens have the absolute right to bear arms! ALL means ALL!
 2. I encourage the open ability to bear on your person at all times the weapon of your choosing either in plain view or concealed.
 3. I would like to see mandated (with an opt out parental consent) as part of course curriculum as soon as children are strong enough to wield a weapon without injuring themselves, trained in the proper use; so that by the time they are 18, they can openly possess a weapon of their choosing and be proficient in it's use.
 4. The greatest crimes against humanity have always been governments that possess too much power over the people and the only way to keep this in check is to tell citizens openly they have the absolute right to defend themselves and

their loved ones with lethal force if necessary. I would make it publicly known “make my day” laws are clearly enforceable; that each citizen can defend their person and their family; especially in their homes from home invasions by anyone INCLUDING government! (NO MORE IRS MOB-LIKE BREAKING AND ENTERING YOUR HOME AND RESIDENCE WITH WEAPONS FOR NOT PAYING THE CRIMINALS IN CHARGE (CORRUPT GOVERNMENT, DRUNK WITH EXCESSIVE POWER) “PROTECTION”, “TRIBUTE”, “TAXES”! The government like all the rest of us should have to obtain a judgment for any and all money they claim is due and AT MOST have the ability to garnish wages IF AND ONLY IF, what remains is sufficient to live on! FRANKLY, ALL taxes upon citizens (not tariffs or trade taxation of foreigners or foreign made products) but ALL taxes by elected officials upon the electorate (resident citizens they SUPPOSEDLY represent) is a form of oppression and tyranny! In the United States and around the world COMPLETELY UNNECESSARY!

1.
 - i. My proposal – make all taxes permanently ILLEGAL! NEVER AGAIN TO BE PLACED UPON THE SHOULDERS OF CITIZENS!
2.
 - ii. NEVER ALLOW THE GOVERNMENT TO SELL TREASURY BILLS OR BORROW MONEY FROM ANYONE OR ANY ENTITY BECAUSE IT IS COMPLETELY UNNECESSARY! (and, as far as I’m concerned, TREASONOUS)
3.
 - iii. Make the Federal Reserve and all associated mints once again directly controlled by the US government in behalf of the people and restore the right to mint currency as necessary for the nation’s solvency
4.
 - iv. Inherent national natural resources “pay” for quality education, healthcare, firefighters, police powers, military, disability insurance, “welfare”, retirement pensions and other agreed social services!
5.
 - v. The IRS employees instead of being charged with monitoring the public would be in charge of monitoring government spending and giving the public accountability of our elected officials! (They would process the revenues of the natural resources and allocate funds to the various social services of government and NEVER again be breaking your doors down threatening your lives and that of your loved ones and to steal your home or business out from under you)! That is absolutely identical to criminal

mob-like behavior and is NOT to be tolerated by any civilized and sane society!

6. RE-ESTABLISH AMERICA AS IT WAS FOUNDED TO BE!

<https://www.facebook.com/notes/michael-swenson/original-intent-of-the-religious-clause-of-the-first-amendment/553723191373311>

1. Do away with Wallstreet, publicly traded stocks and options!

<https://www.facebook.com/notes/michael-swenson/treatise-on-greed-and-corruption/517410181671279>

1.
 - i. Multi-national entities have become so large and influential as to corrupt political officials to the suffering of billions of souls on the planet
 - ii. No way to hold the multi-nationals accountable behind armies of attorneys and personal anonymity
 - iii. No more price setting and fluctuation of commodities that form the foundation of economies like food and transportation costs (oil)
 - iv. In order to make money citizens have to provide products or services; keeping the public employed locally and nationally! Wallstreet allows the rich to simply loan money to multinationals taking jobs overseas and paying slave wages making living conditions worse for the vast majority of humanity but small businesses with conspicuous owners and managers are more easily held accountable civilly and criminally and morally to providing the people that work for them LIVING WAGES! (Doing away with the excessive greed of CEOs making billions and tens of millions while they layoff employees)
5. Essentially dissolve and ban by law all the criminal activities of the satanic NWO!
<https://www.facebook.com/notes/michael-swenson/warning-weve-been-invaded-and-infiltrated-our-nation-is-under->

[attack/566322743446689](https://www.facebook.com/notes/michael-swenson/566322743446689) ARREST/DEPOSE THE TRAITORS AND TERRORISTS AT ONCE! and stop the planned agenda of global enslavement and depopulation IMMEDIATELY!

<https://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101> and

<https://www.facebook.com/notes/michael-swenson/police-state-prison-big-business-modern-slavery-by-design/619672408111722>

2. Create consumer watch advocacy entities, like the FTC should be, only this would be a conglomerate of attorneys of all kinds of specializations that represent the poor and oppressed to fight the wealthy entities until there is once again a balance between consumers and manufacturers or service providers. SPECIFICALLY to fight corruption in:
 1.
 - i. Medical malpractice and especially hospital homicides
 2.
 - ii. Insurance frauds where insurers deny claims of the chronically or terminally ill because they know the person will be dead or is too sick to fight them
 3.
 - iii. Insurance frauds (life insurance) that don't seek out beneficiaries of policies but make it the responsibility of claimants when the policy was paid for already
 4.
 - iv. Billing frauds like Verizons' and other phone companies mystery charges, duplicate billing, duplicate collections etc. they've been busted for ONLY instead of paying government fines, they have to PAY the victims (consumers)
 5.
 - v. Collections frauds where a consumer disputes a debt only to have another collection agency tack on more fees and continue as if it wasn't disputed in the first place would be held criminally and civilly liable
 6.
 - vi. I would like to make it mandatory that no credit reporting agency can report a derogatory claim without verifying with the consumer FIRST, and any disputed CLAIM forced into immediate arbitration provided as part of this social service to protect consumers from the wealthy oppressors of today. (James 2:1-6-9)
 7. DEPROGRAMMING - our entire society is suffering from intentional <https://www.facebook.com/notes/michael-swenson/566322743446689>

[swenson/brainwashing/643617432383886](https://www.facebook.com/notes/michael-swenson/mentally-challenged/575010789244551) because the FACTS proving who the One True GOD has been INTENTIONALLY SUPPRESSED! help people not to present themselves as <http://www.facebook.com/notes/michael-swenson/mentally-challenged/575010789244551> by teaching the Truth!<http://www.facebook.com/notes/michael-swenson/evidence-of-god-our-creator/568134419932188> and <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230>

1. It is necessary for all souls to realize whether they like it or not the GOD of the HOLY BIBLE is in fact the Creator and Ruler of His Universe. He has given us CLEAR INSTRUCTIONS for all aspects of life!

<https://www.facebook.com/notes/michael-swenson/no-more-brainwashing-no-more-lies-science-proves-who-god-is-part-1/518695411542756>

1.
 - i. As such when you are suffering, you must be honest with yourself and ask if your nation and the people all around you and perhaps even yourself has departed from following those instructions to your own detriment (Deut 28). If so, then REPENT and RETURN to GOD and following His Instructions and you will return to a state of blessedness. ALWAYS BE THANKFUL! DO NOT FORGET AND BECOME IDOLATERS!

2.
 - ii. If you and the general populace are honest, willing to work, following God's Instructions and you are suffering then it is definitely because greedy and corrupt persons are in places of public trust and are wickedly oppressing you either in their incompetence, ignorance and negligence or by evil intent. GET RID OF CORRUPT AUTHORITIES AND MAKE SURE ONLY PERSONS FULL OF THE HOLY GHOST ARE IN POSITIONS OF MANIFEST PUBLIC TRUST, POWER AND AUTHORITY!

3. NEVER AGAIN ALLOW YOURSELF TO BE BRAINWASHED INTO A SLAVE MENTALITY! - <https://www.facebook.com/notes/michael-swenson/the-planned-demoralization-of-america/632305113515118> (<http://www.blastthetrumpet.org/PublicLetters/AAAUpdatedPublicAlertsMattersofLifeandDeath/THE%20PLANNED%20DEMORALIZATION%20OF%20AMERICA.pdf>) and <https://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101>

1.
 - i. Paying taxes is a form of tribute to greedy, elite oppressors; anyone asking you to pay them tribute is saying you are subject to them; they are superior to and rule over rather than serve you

2.
 - ii. If as a society you ELECT as a whole to PAY for public services, then YOU should have a say so in how that money is SPENT! But as I've mentioned taxes to provide social services to run a country are completely unnecessary and are only a means to subjugate, control and brainwash the populace.
3.
 - iii. NEVER again allow "king of the hill" personalities to tell all the rest of humanity that they own all the oil, coal, water, food, sunlight and other natural resources God has provided for us all to steward and benefit from!
4.
 - iv. Wild animals and birds and insects build or find homes for themselves, they eat, drink, mate, and live without having to pay tribute to anyone or anything other than that everything that lives owes its' existence to Almighty GOD. (POINT IS, wild animals are FREE, but most of humanity has been turned into slaves!)
5.
 - v. When anyone tells you that YOU have to PAY for what they SPEND or BUY, that is INSANITY and outright OPPRESSION, so NEVER again let propaganda or corrupt politicians tell you that YOU have a "national debt", if those corrupt officials borrowed or spent money WHEN THEY OWN THE MINTS AND WERE EMPOWERED FUNDAMENTALLY TO PROVIDE CURRENCY AS NECESSARY FOR THE NATION'S SOLVENCY, then tell those persons who spent that money, THEY have to pay; not you and your children for their lunatic borrowing and spending when they didn't have to!
6.
 - vi. Our government has violated the First Amendment in establishing the religion of the metaphysical concept of origin being a "big bang" and "evolutionary" without one shred of scientific support to date. It is a religion fundamentally of a belief system adhered to despite scientific evidence to the contrary. <http://www.youtube.com/watch?v=GjvuwneORrE> The only theory of origin supported by the sciences is that of creationism and since that is the fact and truth of the Universe in which we exist; it is NOT a violation of the Bill of Rights to teach it. Telling lies to little kids that they came from monkeys and pond scum IS! NEVER AGAIN ALLOW YOUR CHILDREN TO BE BRAINWASHED BY INSANE LUNATICS WHO CHOOSE TO BELIEVE A COMPLETE LOAD OF CRAP OVER FUNDAMENTAL SCIENTIFIC TRUTH! If you do, then you all deserve to be rounded up like the animals you've been successfully brainwashed to believe you are and put in cages until you come into your right minds.
7.
 - vii. NEVER again allow the rulers to set prices of commodities! <http://www.youtube.com/watch?v=bMm7QYI7Bbg> These days the reason so many are suffering is that GREED at the highest levels has created MONOPOLIES causing suppliers to set prices rather than consumers and so by this corruption and greed we are no longer a free market society and is why the greedy elite bailed out their buddies while leaving mass millions of us to be driven out of our homes;

losing our entire life's savings in the process. Make it fundamental law that the poorest among you set the prices of basic dietary staples and the factors that affect overall costs of goods (such as transportation – oil)! Crossover by mandate from archaic, polluting, petrol burning engines, to quite, non-polluting hydro-electric and or solar powered motors for transit; instead.

1. Conversely, this means elected, intelligent officials must show proof that the poorest citizens are NOT starving homeless in the streets, NOT being euthanized, NOT being imprisoned, BUT
2. ALL citizens that are able to work, willing to work have enough of a LIVING WAGE to provide food, clothes and shelter for themselves!
3. Medical disabilities might not be TOTAL disabilities; as such more proactive assistance for such citizens needs to be implemented so those who still want to contribute and be productive are allowed to
4. the poor and demographics of a region should produce commensurate developments, improvements, when the poor are driven off like chaff before the wind to make way for the wealthy we have left off being a sane, representative society into caste oppression, enslavement, and human rights violations leading to outright oppression and eventually euthanization of any members of society perceived as having little or no worth by such persons as think such is acceptable behavior being adopted more and more worldwide. This mentality is fundamentally flawed as ANYONE can become ill, disabled, and reduced to poverty EASILY, so just because the sun is shining on you today doesn't mean you won't have a storm tomorrow; IN OTHER WORDS HUMAN WORTH IS FUNDAMENTALLY EQUAL! The moment any individual is considered less valuable than another in thinking and practice, we are headed to VERY DANGEROUS and even LIFE THREATENING trends! Therefore NO MORE RULERS (except GOD), only PUBLIC SERVANTS! Accountable to the public and treating even the poorest citizens with absolute respect as an equal human being!
<https://www.facebook.com/notes/michael-swenson/end-abortion-fund-life-and-wellness-not-death-and-destruction/611604255585204>
5.
 - viii. We must make equal opportunity education for ALL citizens by making it a right and public service of the nation to obtain at least an employable trade school degree. Higher education is the right of all citizens that show the aptitude (grades) and attitude (desire), thus we get passionate (and competent) persons pursuing higher degrees for more technical and responsible positions (such as doctors) rather than just those who can afford it! (In my opinion, all med students should be REQUIRED to obtain only B grades or above, any C should result in review as to why and possible dismissal!

(doctors are dealing with people lives! Incompetence can result in lifelong torture or death! They should be held to the highest standards; NOT becoming such just to become rich! And NOT going to med school just because mommy and daddy are wealthy enough to send them) In addition, our current system engenders corruption, nepotism and such in politics and law, by making law school excessively expensive and thereby omitting such persons as would have a natural inclination to sympathize with the poor and oppressed, the enslaved and imprisoned citizens of our society. Thus the greedy elite employ armies of attorneys further strengthening their oppression upon consumers, citizens causing rampant fraudulent billing, slanderous and libelous credit reporting, increasing impoverished citizens which are losing their rights and voice and even admittance to courts by these measures.

6. ix. No jobs – FIRE government officials! The only reason there are no jobs is by willful intent! (in connection with all the aforementioned) However, REGARDLESS, of greed, corruption, multinational enslavement of impoverished citizens worldwide, wallstreet (people thinking its okay to make money by laying off other people, reducing their wages, reducing their benefits, so they can make higher dividends without a conscience; rather than providing a product or service which is the fundamental foundation of a strong, working economy), yes, REGARDLESS of these major contributing factors, when there are no jobs of living wages IT IS THE ABSOLUTE FAULT OF POLITICIANS! All of history shows that politicians can create MORE THAN ENOUGH JOBS to employ the whole world! ONLY when authorities turn corrupt and selfish, caring about their personal bank accounts more than others, do such conditions occur! I list dozens of jobs that need doing around the world that could employ every able soul thrice over worldwide! Just the infrastructure needs in America could employ all persons now unemployed; so if there are no jobs, it is for the reasons people don't want to face:

<https://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101>

7.
 1. Population management- proven fact birth rates go down and death rates go up during economic crises
 2. Economic crises (depressions and recessions are INTENTIONALLY CAUSED) – this is extremely simple to do; those who own the mints and control banking processes like the feds, cause depressions/recessions just like they did repeatedly as often as desired by loose lending followed by a hangman's noose:

1. Step one – inflate real property values by giving 100-110% LTV (loan to value) to individual homeowners
2. Step two – provide plastic the same way casinos give people chips; so they detach from the concept that they are spending real money
3. Step three – provide legal ways to charge loan shark values like 35\$ fees for a 1\$ over draft or increasing the compounded interest rates after seducing a victim and entrapping them with a low introduction rate
4. Step four – inundate society with shows, advertisements, and other materialistic values to drive consumer spending above their means
5. Step five- AFTER giving plastic cards (inherently worthless), loose loans (100-110%LTV; again inherently worthless), loose paper money (again inherently worthless), they then get together with their rich buddies, laugh it up as they reduce wages, lay off jobs, withdraw loans, increase interest rates on all the worthless credit they gave to all the suckers that were created by the above steps, and after the poor, slave, suckers, poured their entire life's energy and savings into their homes, drive them off with foreclosures and thus the wealthy elite increase their REAL VALUE NET WORTH by getting YOUR REAL PROPERTY when all they actually provided was WORTHLESS credit of NO INTRINSIC VALUE WHATSOEVER! That all the manipulated masses spent on their advertised products and services and thus were completely scammed out of their houses and years of their hard work by these controlled and obvious measures, tried and proven historically AND currently.
6. In this manner, recessions and depressions, are used to control population rates, kill off the poor, sick, elderly and oppressed, and increase the ruling elite's real property holdings and net worth at the expense of the masses that they have so easily manipulated by these measures
7. Practice money management the way GOD tells you to and don't borrow from others; save instead for all you wish to purchase, if you borrow; you are choosing to be a slave. (Prov 22:7)

1. If you are a Christian or of the Jewish faith you know it is against God's commandments to loan with usury to anyone of the faith, but many are doing just that by participating in wallstreet, note buying, and even direct hard money loans (Ex 22:5, Lev 25:36,37; Deut 23:19, 20)
2. Christian landlords COULD show compassion to your tenants under such oppressive circumstances that exist at present and reduce your rents thereby potentially alleviating brothers and sisters in the faith and having mercy upon the poor and needy
3. If you DON'T give generously to those in need when you have abundance it is most certain that one day you will be in need and yet no one will help you! (Gal 6:7) conversely, Christ promises great blessings to the cheerful giver (Lk 6:35-38)
4. Some ministries' methods of taking "pledges" is setting up something almost as solemn as a vow; rather than just accepting contributions, they use a "pledge" method to make a person feel guilty if they are unwilling or unable to continue contributing to such ministries using this method which borders on Christ's warnings not to make promises, or swear, or talk of the future as if it is certain without mentioning God's will. (Jas 4:13-17; Mt 5:34-36) It's acceptable to accept offerings and tithes, it is not acceptable to falsely accuse benefactors, contributors or partners of making a pledge in the process. (I mention this because it is linked to the problem of Christianity adopting too much materialism and greedy practices of the worldly persons cleverly manipulating citizens) It's not as bad as citizens being defrauded by our government out of billions through the illegal income tax (16th amendment never ratified - <http://www.youtube.com/watch?v=O6ayb02bwp0>), but all attempts to enslave and obligate another person into indefinite donations is practicing distasteful manipulation rather than honest charity. POINT- Christians need to transform the world for the better; not be transformed by the world for the worse!

5. Jobs can be created incessantly by national projects and vision of proper stewardship of the earth; by public servants (government) auctioning publicly on local, state and national levels whatever tasks that need doing (like the dozens I list on blastthetrumpet.org). (unfortunately, now due to political corruption, often government contracts are not made public at all but sold to their rich, corrupt, greedy buddies in business (of profiteering at the expense of all the rest of us). The criminals in politics and business partnerships that now exist simply embezzle all the funds such as the massive missing funds annually in the Pentagon, military/industrial complex, Halliburton so called rebuilding of IRAQ that was clearly just blown on luxurious partying <https://www.google.com/#q=halliburton+missing+billions+that+were+supposed+to+rebuild+iraq> and <https://www.google.com/#q=halliburton+employees+caught+blowing+millions+that+was+to+rebuild+iraq> by many corrupt persons all well documented but NO ONE is holding all these criminals accountable! Citizens MUST unite and realize the true POWER is in sheer numbers of unified protests by MILLIONS nationwide; not a few thousand here and there)! That way government down sizes from being a direct employer and funds the free competitive market. Where does the money come from? (aforementioned, natural resources, national products and services, people (elected officials/public servants) mint currency as necessary for national solvency/productivity – YES! IT REALLY IS THAT SIMPLE!)
6. RECAP –to avoid suffering and be blessed
 1. Teach all children the truth that they were created by God with careful thought and intent (1Pet5:7; Is 44:2; Jer 1:5; Jer 29:11-13)
 2. Teach all children the instructions for life as found in the Holy Bible (Deut 4:1-14; 6:1-7)

3. Then you will have enlightened citizens in all walks of life (including politics, law enforcement and healthcare)
4. When suffering read Deut 28 publicly and objectively observe to see if you are cursed or blessed thereby; if you and your nation has strayed from the One True GOD and His Instructions for life REPENT! Before you all suffer even more or perish!
5. If you and the general populace is living as GOD instructs and you are being persecuted by corrupt authorities; then you either have NOT repented but are practicing sins behind closed doors OR you are not praying for your leaders as instructed OR you have not ENOUGH honorable citizens to arrest criminals WHEREVER they may be (even politicians, judges, war criminals, treasonous officials, etc.)
6. Teach your children (and all citizens everywhere) to LOVE AND OBEY GOD! And the rest of these problems we face will vanish!

SELFISH, ARROGANT, WICKED globalists whose vision for the rest of us is death, destruction and enslavement, and INSTEAD all humanity unite together worldwide to build a utopian life for us all!)

For some reason, people are getting sick and dying and yet still do not perceive this peril.

[https://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-](https://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101)

[accident/544721958940101](https://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101) All who are still healthy need to take a good look at how many are getting sick from diseases that never existed in our past and realize that you are indeed in grave peril if you do not unite and effect changes for the better immediately. I suggest that people tend to rebel against all kinds of legal mandates; however, tend to respond positively if rewarded for their actions. I suggest governments implement monetary (significant) rewards for all who compost their organic waste; for all who separate their inorganic waste.

Waste management needs to be internationally focused on because like it or not the waste of nations affects all of us globally (all that we think, say and do affects one another globally to greater or lesser extents). As such, technology for waste sorting into recyclables needs to be implemented and until then massive hiring of individuals to do the task. Any material not recyclable needs to be incinerated in waste disposal refineries. I would like to see such refineries be solar incinerators constructed of giant magnification lenses that concentrate enough heat to melt even metals almost instantaneously. The heat from these refineries run steam powered turbines for electricity.

<http://www.greenfudge.org/2010/04/14/danish-incinerators-are-shining-examples-of-clean-energy-and-waste-disposal/>

these need to be modified and improved until there are zero toxic emissions in the refining process and all that remains are recyclables. I would like to see restaurants given monetary incentives for using all organic waste for composting in nearby agricultural endeavors.

<http://pro.moneymappress.com/EADZERO39/LEADQA53/?h=true> I have a few questions, I'd love to put to Dr. Moors; one of which is the claim that graphene filters can even filter out radiation, then WHY HASN'T IT BEEN USED TO SOLVE THE FUKUSHIMA DISASTER? and part of me ponders, how he can be counselor to ALL these conflicting nations? Anyway, seeing is believing; if the graphene filters actually work and are low cost, abundant and don't need constant replacement then fresh water crises worldwide are over! (and ground floor investment golden) IF! man I wish I could see those filters in action and run a few tests on them myself!

I would like to see free heirloom seeds provided to all citizens to combat this new attack on ecosystems and our lives through the ignorance of genetic modification and giant monoculture farms.

<https://www.google.com/#q=gmos+and+monocultures+threaten+ecosystems+worldwide> All citizens who plant and maintain fruit and nut trees on their property and annual gardens rewarded monetarily. If I hear one more person ask where does money come from; I'm tempted to slap em because they are NOT using the brain GOD gave them. Money is paper and ink, or electronic credits these days. There is enough money to do whatever people agree to do on planet earth; the only reason you think there isn't is that the mints that print the money have been commandeered by very evil, selfish, greedy people who horde it all to themselves to live in luxury and enslave all the rest of us.

This is not what I have seen in Divine Revelations but it is far closer to the mark of the kind of civil engineering mankind needs at this time:

<https://www.youtube.com/watch?v=PizMuqZUWbY>

What I saw was superstructures so enormous they can house 25-50 thousand souls comfortable with all modern services, completely self sufficient in all respects, integrated new waste processing and aquaponics in an tiered farm that provides food for the residents. tomatoe plants and corn stalks the size of trees! These are NOT dreams! These are POSSIBLE TO BUILD RIGHT NOW!!!!!!! but we have visionless leaders or their vision and solution is to destroy our world and billions of souls, which is not only pathetically ignorant; it is demonically wicked!!!!!!! Opening up green space by building these self sufficient 21st century structures; will enable room to put in modern infrastructure and level archaic and wasteful techs and structures.

Not only do your best to tell others what GOD has done for you but support efforts to make sure everyone on earth has a Holy Bible! <https://www.bibleleague.org/> or fund radio broadcasts, television broadcasts, missionaries of the Gospel of Yahoshuah, aka Jesus Christ! I would like to see those who can engineer a solar powered digital bible in all the major languages of the world (even if each version is a separate device to keep costs down) that audibly reads the Holy Bible on demand to the user. I would like it to have a scroll bar that shows the Word of God in their language as it reads to them. (the device could also help cure illiteracy in the very best of ways) and be used to reach people where populations don't have access to quality education and printed Holy Bibles.

[Michael Swenson](#) When people in this nation were raised with Christian ethics; there was not such a huge disparity between the employer and employee. Small businesses caused both to work closely together and so became familiar with the needs of both to have a successful operation. this generally ensured a livable wage; as even apprentices were paid for learning the skills necessary to work in their chosen profession. But with remote investing, large corporate structures, in a purely profit driven enterprise, such is no longer the case. Corporations actually founded schools of indoctrination and make people actually PAY them (instead of the apprentice system that once existed) and pay them SO MUCH that citizens are turned into indentured servants whereby they have to work for these same ultra-wealthy persons in their corporations and ACCEPT whatever wage is offered. So the greedy wealthy by GREED have turned our entire nation into slaves in this process of creating indentured servants. When people complain about wages; they replace them with another starving slave; while the laid off slave ends up in their corporate prisons full of such slaves who dared to rebel against this GREEDY system

they have socially engineered. <http://www.thenation.com/prison-profiteers#> and <http://www.globalresearch.ca/prisons-are-big.../5328757> Face it the corporate structure has become a criminal enterprise whose nature of existence creates ultra wealthy despots at the expense of creating slaves of the masses and destroying the planet; raping, pillaging, plundering greedily for profits and cutting every expense (including all the measures to prevent environmental degradation that now neglected by GREED are causing mass extinctions worldwide - <http://www.youtube.com/watch?v=JHj7XkhMjJE> The wealthy, without Christ, turned to pure GREED in capitalism, and have proven a livable wage MUST be mandated by law in such a society; where money is the god, and in such a detached business structure between the employer and employee. Which is why I propose change making such structures illegal among other changes the greedy have put in place destroying the lives and enslaving the rest of us. <http://www.facebook.com/notes/michael-swenson/solutions/516489485096682>

Michael Swenson one of the solutions I suggest for better education is to create an international database where elders can share important topics they have learned in life. This would be accomplished by having a semester class in secondary education where young people had to write a thesis on at least one such elder they interviewed. They could go to senior housing facilities or just someone in their neighborhood or many until they found one they thought worth documenting. Frankly personal recording devices, cameras, phones, etc. are so common now the database could not just be searchable text but audio-visual so that anyone all over the world could learn from elders. In this way generational knowledge could be preserved instead of lost in an endless doom of repeating history. <http://scontent-b.xx.fbcdn.net/.../1382149...>

[Michael Swenson](#) Why I don't support: <http://www.realjoeyou.com/>

I'm sorry, I am certain my own proposals are much better than continuing to think that trusting criminals with one penny of our earned wages is going to solve the crises. You really should have read my own proposals rather than thinking we are going to solve anything by tweaking the corrupt system; especially by REDUCING already below slave poverty wages to the vast majority of retirees. TRY AS HARD AS POSSIBLE to realize we can have livable wages for all disabled and elderly persons in America (and the world) if we will just recapture the right to mint our own currency instead of continuing to borrow from those who are causing the recessions and depressions and stealing the money we deposited in the first place! I have read the proposal and it will in no way solve the problem (we have to address mismanagement of funds before sending any more funds into the hands of those absconding with them; we need the public to understand that they must take back the mints! in other words; instead of thinking that you must accept slave wages, slave benefits and poverty retirements; you realize YOU DICTATE TO GOVERNMENT YOUR BENEFIT PACKAGES; just like they now give themselves; because they are in control of the money; instead of we, the people, as our nation was founded to be). You should have read the links cited above; so you accurately understand the underlying issues of WHY we are being told there is not enough money for retirees, for healthcare, for the SLAVE POPULATION; while they luxuriate themselves in unprecedented wealth; before replying: <http://biblehub.com/proverbs/18-13.htm> and <https://www.facebook.com/notes/michael-swenson/solutions/516489485096682>

Michael Swenson The main reason each of us needs to be concerned about the rape of the world for natural resources; is that greed is killing entire ecosystems. That means people clearing millions of acres of wildlife all over the planet are effectively not just causing mass extinction events for unrelated species; but are leading to (apart from Divine Intervention) to irreversible damage to our planet. The collapse of ecologies, whether oceans, whether rain forests, represent the death of our planet. When there are no more species but what we cultivate and domesticate left, mankind is then on the brink of global famines and their own extinction. Our planet is essentially an interconnected living organism comprised of interwoven symbiotic relationships upon which all life depends. What few want to address in their cruel observations when they say dominant species survive; is not really what the evidence shows us. What the evidence really is showing us is that selfish greed, is a threat to ALL life on the planet; including our own. Unless mankind learns to concentrate on agriculture and aquaculture; while leaving planetary ecosystems in good health, then at some point in the not so distant future, we will witness such hell on earth as entire nations starving and in that process cannibalism and anarchy. It is imperative that global education begin worldwide to focus on the LIFE of our planet, and on agriculture and aquaculture, even urban tiered farming solutions, underground transit to free up green space on the surface. concentrated superstructures for habitation and business to free up commutes (roads) and more green space between the superstructures to clean up air. crossover to hydro-electric and solar, minimize fossil fuel burning. return to old school methods of fishing (single lines as opposed to dredging, mass netting) clean up the filth out of the oceans, forage DON'T CLEAR the remaining rain forests! Forage instead for the medicinals and keep the variation of speciation or mankind will fall to the doom of the weakness of monocultures. restore honey bee populations, by criminalizing pesticide use and gmo modifications that are a threat to all life on the planet (if it kills microbes, it is TOXIC, poisonous food, if it kills insects, or larger organisms, IT IS NOT SAFE TO EAT) Instead find out that there are natural solutions, plants that have natural resistance to pests and learn to implement them by integration into protecting diversified crops. Until mankind returns to our Creator, none of your chemical methods as vain attempts to reduce pestilences due to the curse will work; all you will succeed in doing is poisoning the planet and yourselves in the process. People don't want to face that SIN leads to DEATH AND DESTRUCTION; but that is the FACT! Until mankind repents, none of the solutions you attempt will succeed in sustaining your own lives. So REPENT turn to our Creator AND then you will receive knowledge, wisdom and understanding how to PROPERLY STEWARD LIFE (including your own; for all mankind) on planet earth and beyond. International bans on GMOs, cross-over to hydro-electric for all transit, use the fossil polymer resources to make solar power, clean energy. solar boosted vehicles with hydro-electric motors! Educate people in the meantime, that if everyone choose to have as many kids as possible in a lifetime, the whole world will soon be so full of people (especially if they are not involved in agriculture and aquaculture that all that will be left to eat is each other!) PLEASE don't create hell on earth! LEARN FROM OUR CREATOR EVERYONE!<https://www.facebook.com/.../saved-by-grace/584215104990786>

Grow Food Not Laws. In this video Luke Rudkowski of WeAreChange speaks with Jason and Jennifer Helvenston, gardeners who were targeted by the state. Are Americans losing their right to grow their own food peacefully on private property? The U.S. and Florida constitutions protect property rights from arbitrary invasions. After taking the fight to the government and winning the city has withdrawn their demands to tear up a beautiful garden. These peaceful vegetable farmers are sharing their knowledge with others, for more information visit <http://patriot-gardens.com/>

Meet Urban Organic Farm - a one acre farm in a 50,000 sq. ft. abandoned brewery in St. Paul, Minnesota. The farm uses aquaponics and grows fresh, organic produce year round. The plants are grown in water that gets its nutrients from fish. The waste from fish is pumped to the plants, the plants' roots are suspended in the water and filter out the nutrients from the fish, and the water is filtered one more time and put back in the fish tank. The farm's first harvest consists of tilapia and five kinds of produce: green kale, red kale, Swiss chard, parsley and cilantro. As the operation expands, so will the variety. Less than an hour from farm to store. The future is organic and GMO Free!

Aerogel, also known as frozen smoke, is the world's lowest density solid, clocking in at 96% air. If you hold a small piece in your hand, it's practically impossible to either see or feel, but if you poke it, it's like styrofoam. It supports up to 4,000 times its own weight and can withstand a direct blast from two pounds of dynamite. It's also the best insulator in existence.

HOW TO BEAT THE 1%

Iceland Did It, So Can We
BANKERS JAILED, POLITICIANS REPLACED, NO SHOTS FIRED

2008 - CITIZENS FORCE THE RESIGNATION OF BOTH THE PRIME MINISTER AND THE EFFECTIVE GOVERNMENT.

2010 - THE PRIME MINISTER WAS INDICTED, OVER 200 CRIMINAL CHARGES WERE FILED AGAINST THE BANKERS, AND ALL OF THE FORMER CEOs OF THE 3 BIGGEST BANKS WERE ARRESTED. OTHERS WERE FORCED TO LEAVE THE COUNTRY.

2010 - AN ASSEMBLY IS ELECTED TO WRITE A NEW CONSTITUTION TO AVOID ENTRAPMENTS OF DEBT. TWENTY-FIVE CITIZENS ARE CHOSEN – "WITH NO POLITICAL AFFILIATION". THE ONLY QUALIFICATIONS FOR CANDIDACY ARE ADULTHOOD AND THE SUPPORT OF 30 PEOPLE.

2010 - THE MAIN BANK OF ICELAND WAS NATIONALIZED.

2010 - THE NEW GOVERNMENT FORGAVE DEBT EXCEEDING 110% OF HOME VALUES.

WHO TAUGHT YOU TO HATE YOUR HAIR

Malcom X speach, 5 MAY, 1962

"Who taught you to hate the texture of your hair? Who taught you to hate the color of your skin, to such extent that you bleach to get like the white man?
Who taught you to hate the shape of your nose, and the shape of your lips?
Who taught you to hate yourself, from the top of your head to the soles of your feet?
Who taught you to hate your own kind—who taught you to hate the race that you belong to, so much so that you don't wanna be around each other....?"

degradation causes diseases and extinction events, wars cause wounds and deaths, not all can be seen, organ damage, trauma, brain damage, etc. unjust laws cause asset forfeiture of innocent citizens not just criminals (like in my case i lost an empty mobile home park hundreds of thousands of dollars lost all because a city thinks its okay to charge for services such as water, sewage, electricity, garbage, etc. EVEN IF THE LOT IS VACATE and NO SERVICES ARE BEING USED!) So I lost tens of thousands of dollars in hookup fees; while the city filed liens against my property, prospective buyers wait for foreclosure or for change in ownership because the city makes owners look bad when they do such tactics (theft of estates and real property due to massive political corruption). I lost it all as a result and sure enough buyers closed on the property as soon as foreclosure. (in other words, they could have made me the same offer but waited because they thought due to the city's illegal actions, that I was not a person of integrity; to do business with). The realtors made money, the city scammed me, the land sold for the same value i was asking; but i lost everything. homelessness, is caused by many factors and not all of them are the fault of the homeless themselves. This is a proper way to handle homeless persons; get them off the streets, counsel them, help them to become financially responsible; find out what disabilities they have. (many are so disabled they don't even know how to file the paperwork in their own behalf). people always say tax dollars this, tax dollars that, but i guarantee, if you became ill, or disabled, and no justice because you couldn't afford attorneys (like so many); you would be grateful not to be left dying in the streets. there is a lot of waste of government spending, but helping citizens retain honor and dignity, when circumstances bring them low, is not one of them. every citizen society helps restore to being productive is one less hungry, naked, desperate person on the planet who might resort to crime; just to survive. programs like this should be worldwide.

What a concept.

"In 2005, Utah figured out that the annual cost of E.R. visits and jail stays for homeless people was about \$16,670 per person, compared to \$11,000 to provide each homeless person with an apartment and a social worker. So, the state began giving away apartments, with no strings attached. Each participant in Utah's Housing First program also gets a caseworker to help them become self-sufficient, but they keep the apartment even if they fail. The program has been so successful that other states are hoping to achieve similar results with programs modeled on Utah's."

Lets move from "Consumption" to "Production".

Lets be honest here.. It is only sustainable agriculture and diversified community farms that will feed everyone. Do not listen to the Mainstream-Media. They are run by the very people pushing for this control. They will do anything in their power to make you believe that we "need" GMOs and food corporations like MONSANTO when there is plenty of food to go around, except they can't get "Paid" for it all. So where does it all end up instead? The trash. Have you ever thought why it's illegal to grow your own food and pass it out to the needy for free? Or even collect rainwater on your property? It's because they wan't you to be dependent on them and the system. A population that is capable of taking care of themselves is not what the ruling class want. There is absolutely NO SENSE behind these laws... So lets make a change this spring. Lets move from consumption to production and pass it out to the people around us who need it most.

"Small acts when multiplied by millions of people can change the world." =))

QUEEN OF THE SUN: What Are the Bees Telling Us? is a profound, alternative look at the global bee crisis from Taggart Siegel, director of THE REAL DIRT ON FARMER JOHN. Taking us on a journey through the catastrophic disappearance of bees and the mysterious world of the beehive, this engaging and ultimately uplifting film weaves an unusual and dramatic story of the heartfelt struggles of beekeepers, scientists and philosophers from around the world including Michael Pollan, Gunther Hauk and Vandana Shiva. Together they reveal both the problems and the solutions in renewing a culture in balance with nature.

Michael Swenson <https://www.youtube.com/watch?v=vpITUBX0FV4...> The principles you are describing in this video; regarding "anarchy" is actually describing the fantasy of utopia. These same thoughts have been expressed by many idealists over the centuries. If your ideas of anarchy were possible, don't you think we could point to it somewhere on earth? Let me put it this way, in a world where there are wars, violence, bloodshed, slaughtered victims we see that utopia is simply not possible as long as THAT many people exist WHO ARE NOT CAPABLE of "defending themselves". "Government" is only oppressive WHEN OPPRESSORS are in power! If YOU were in power "government", would you not use that power to LIBERATE the people? In other words INSTEAD OF ASSUMING GOVERNMENT INHERENTLY ROBS AND OPPRESSES PEOPLE, why not consider the VERY REAL POSSIBILITY of RIGHTEOUS persons in power! Those who would liberate the masses from debt, rather than enslaving them! Those who would "bail out" the poor citizens; rather than the greedy banks! People have spent millenniums trying to do things exactly like you fantasize! IT IS THE WAY GOD INTENDED IT TO BE! <https://www.biblegateway.com/passage/?search=1+Samuel+8> The truth of the matter is, that when such "anarchy" has existed is that they organized themselves into "government" which is why such exists in every nation! In other words, what you are saying about people "organizing themselves" and

taking care of evil doers forcefully, etc. IS EXACTLY DESCRIBING GOVERNMENT (while thinking you are describing the lack thereof); what you are describing is a government of the people, by the people and for the people; in the NAME of "anarchy". For example, you use an excuse that social welfare would occur without government, when the whole reason it exists is because people with generous spirit realized they could not reach everyone, everywhere in need (people were begging and starving to death, dying homeless in the streets, in nations that have no such social services STILL have people dying in the streets, (so until you can point to a society who has no such policies in place WITHOUT government, your arguments are proven invalid and moot) The GOOD that "government" does is often overlooked by people that are STRONG, HEALTHY, YOUNG and able to be "independent" but when reality hits the fan and they get injured or very sick, they suddenly realize their "friends", "family" and all those "generous impulses" they THOUGHT other people had for them can and often do VANISH! (good intentions never put a morsel of food before anyone, only good ACTIONS) When you get to the point where you can FACE REALITY, then you will realize that your ideas of "anarchy" are simply describing beneficial governance, self governance, cooperative governance, proper social relations and interactions with others. (anarchy is a very inappropriate term for everything you have described in this video - which is simply an ideal form of government - like every time you showed a person cooperating to help someone else; especially when you showed someone paying someone to help them defend against robbery (that is describing a mercenary, that is describing "police and militant powers" in the most simplistic terms, your entire notion of "anarchy" is nothing more than righteous governance. "Government" also consists not just of "robbers" and "thieves" but such RIGHTEOUS people that organized themselves to form "civil rights", "social services", etc. THE PROBLEMS we are facing is NOT "government"; which is just a tool, a system to get people to communicate and implement social solutions on a larger scale than your "anarchy island", in that case if the island was full of wicked and selfish people or if those WICKED PEOPLE in power (the only ones that had weapons), then they would oppress and rob the other islanders! Even GOD Almighty is all for "self governance" and "cooperation" like you are describing; but He tells us THAT WILL NOT HAPPEN UNTIL: http://biblehub.com/1_corinthians/15-24.htm And that will only happen when the people all over the world unite against the evil oppressors currently "robbing" them. And allow the Creator of the Universe to place His Wisdom, Knowledge, Understanding and Virtues in every soul, such that people will not need to "defend themselves" or "cooperate to defend those who cannot defend themselves" because there won't be an evil impulse, thought, word or deed in anyone, anywhere; but all will be friends and dwell peacefully together. (utopia and peaceful coexistence is IMPOSSIBLE, until inner peace and righteousness reigns in every soul; everywhere). I like your ideas, GOD intends to have what you are describing, (which is the natural inclination of righteous coexistence and properly stewarding the earth all the days of incarnation); BUT I reiterate, that will NOT happen, until everyone, everywhere KNOWS GOD, Loves GOD, and each other! <http://biblehub.com/jeremiah/31-34.htm> FINALLY, if you think anarchy is even possible on a small scale, you need to talk with all the hippies that participated in communes in the 60s and 70s and you will find IT IS HUMAN NATURE that INEVITABLY one or many rise into leadership, controlling etc. and how fast those fantasies fade into reality. (you all are idealists, living in fantasies, instead work with REALITY, and that is EVEN IF YOU COULD SUCCEED in wiping away ALL "governments" currently in power, you all would get together, then you would talk and even if you took turns, someone would rise up as an orator, someone would rise up as a facilitator, some would teach

this and some would teach that, some would be really good at construction, some at gardening, some at handling weapons, some at healthcare, and before long all of the sudden you would realize "government" has automatically formed faster than you can possibly imagine. What your real problem is not a tool, not a system, not an institution, it is EVIL in the hearts, minds and souls of others. The only way to get rid of that tendency to oppress, steal, rob and do evil things against others is for the Power of our Creator to fundamentally transform them, or for YOU who ALL SAY SO LOUDLY you can govern yourselves to PROVE IT and depose those thieves and robbers forcefully, like your animations show. (Watch what happens if you actually succeeded in deposing those current powers, WITHOUT immediately keeping law and order. (ever seen how fast riot and looting occurs every time government and police powers are not present? - just look at disasters all over the world! As soon as they occur people start raping, murdering, looting, etc. you all need to pull your head out of the clouds, and face reality. And I reiterate UNTIL YOU ARE ABLE TO EITHER ARREST AND STOP EVERY EVIL DOER ON EARTH, OR introduce them to our Eternal Creator to be fundamentally transformed into righteous souls, government will be necessary, but it needs to be comprised of persons who actually SERVE THE PEOPLE instead of oppressing them!

Instead of just talking about our need for a balanced budget while powerful politicians ignore the will of the people and dig us trillions of dollars more into debt, we have a way to force DC to listen. A provision within the Constitution gives states the power to call a convention for the purpose of proposing amendments to the Constitution – like a balanced budget amendment.

Check out this video to learn more about how this process works. Three states have already passed legislation calling for a Convention of States. Now it's Virginia's turn!

Please check out this blog post and take time TODAY to contact the Virginia lawmakers listed in the post and ask them to vote YES on the Convention of the States legislation in Virginia (SJ 269 and HJ 497):

<http://www.patheos.com/.../contact-these-virginia-legislator.../>

- Sarah Palin

PS – For more information, check out Mark Levin's book "Liberty Amendments" and read his post here debunking the false claims from critics of this process:

[Michael Swenson](#) the world is suffering from corruption in politics, oppression and greed upon the masses and the masses are fighting each other rather than uniting against the corruption in politics oppressing us all. <https://www.facebook.com/notes/michael-swenson/the-worlds-most-wanted-criminals-part-1/674604029285226> the public funds terrorism against themselves by buying illegal drugs from drug cartels that then buy politicians and law enforcement off to operate; thus cartels of known rapists and murderers remain at large due to the drug addicts of the world who fund their operations. <https://www.google.com/search>... and buying crude oil products from sharia nations has enabled otherwise unthinking and deceived muslims to amass wealth to purchase weapons and again bribe politicians to facilitate their invasion against innocent citizens who didn't realize they were funding their own enslavement and deaths in these ways. The solution is for the masses to unite, arrest and depose the criminals and traitors who are in fact allowing both drug trafficking, cartels to operate; while they pinch relative petty users to increase their multi-billion dollar modern slave populations in prisons. And to cross over from fossil fuel waste burning to hydro-electric so we dont send muslim delusionary terrorists, who think it is their destiny to enslave or murder everyone who doesnt bow to their demon allah and perverse false prophet muhammad, one more penny. <https://www.facebook.com/notes/michael-swenson/police-state-prison-big-business-modern->
