"living fossils" <https://www.facebook.com/photo.php?fbid=899139900104625&set=gm.502029029937933&type=1&theater> found even in the so called "lowest levels" or earliest records of the fictional "geologic column" are but one of many, many observable facts that soundly disprove evolutionary imaginations taught in the name of science in public indoctrination/brainwashing institutions.

Simply ask anyone to identify anything, even one thing, that has no antecedent in all the universe. If not even one idea, imagination, let alone what is observed in all the universe, exists without a cause, then it is completely preposterous to suggest the universe and all it contains, causeless came. If NOTHING presently observed exists without a cause, then we KNOW there is a CAUSE for EVERYTHING.

Furthermore, ask anyone to identify anything, even one thing, observed in all the universe that is without beginning (causeless) and without end (indestructible). IF NOTHING OBSERVED is causeless or

eternal, then EVERYTHING MUST exist by an ETERNAL CAUSE that is not observed by our physical perceptions but is nonetheless understood by our unobserved intellect and knowledge. That Eternal CAUSE must be present to explain not just the origin but the ongoing observations of all creation. (Eternal, Supreme, Divine Intelligence, Power and Life that not only initiated Creation; but sustains and presents it as the observable universe moment by moment) That Eternal Cause is GOD and provably the GOD who has made Himself known to us in all Creation and in declaring Himself in the contents of the HOLY BIBLE <https://www.facebook.com/notes/michael-swenson/god/719346771477618>; as my notes cited above and below explain in sufficient detail to convince any rational mind of such Truth.

If "atheism is a religion, like off is a TV channel", why are they starting churches?

Evolution and Atheism Intertwined Religions of the Insane

1. in-san-i-ty

/in'sanitē/

Noun

1. The state of being seriously mentally ill; madness.
2. Extreme foolishness or irrationality.

Synonyms

madness - lunacy - craziness - derangement - dementia

1. fool

/fool/

Noun

A person who acts unwisely or imprudently; a silly person: "what a fool I was to do this".

Verb

Trick or deceive (someone); dupe.

Adjective

Foolish or silly.

Synonyms

*noun.*

simpleton - dolt - tomfool - ninny - nincompoop

*verb.*

cheat - deceive - dupe - bamboozle - hoodwink - kid

*adjective.*

foolish - daft - goofy - fatuous - idiotic - asinine

I write the following in the hope that if there are to be any future generations of mankind they will consider the act(s) of intentionally deceiving/brainwashing innocent children a felony crime because it fits the definition of aggravated assault and should be punished with incarceration.

<https://www.facebook.com/notes/michael-swenson/brainwashing/643617432383886>

I also hope that if there are to be any future generations of mankind upon the earth that never again will such mass lunacy take hold of them but will know and acknowledge our Creator from whom we all come and by whom we all exist openly from the time they are born and forever.

aggravated assault

Web definitions

a reckless attack with intent to injure seriously (as with a deadly weapon)

*A person is guilty of aggravated assault if he or she attempts to cause serious bodily injury to another or causes such injury purposely, knowingly, or recklessly under circumstances manifesting extreme indifference to the value of human life; or attempts to cause or purposely or knowingly causes bodily injury to another with a deadly weapon. In all jurisdictions statutes punish such aggravated assaults as assault with intent to murder (or rob or kill or rape) and assault with a dangerous (or deadly) weapon more severely than "simple" assaults.*

This is not an attempt to reason with the truly insane religious adherents to Darwin's Theory of Evolution and atheists as it is impossible to reason with an irrational mind which is argumentative proof that childhood brainwashing has caused them irreversible serious harm outside of Divine Intervention and supernatural healing, but is written to expose what has happened to them has been intentional and has successfully turned them into fools. Their madness is obvious to all persons still in their right minds by God's grace; but my many vain attempts to reason with them show that the brain damage by programming in our public education system is so severe they are simply incapable of rational thought and understanding simple concepts any longer.

"The Law of Cause and Effect states that every material effect must have an adequate antecedent or simultaneous cause. The mass of a paper clip is not going to provide sufficient gravitational pull to cause a tidal wave. There must be an adequate cause for the tidal wave, like a massive, offshore, underwater earthquake ("Tsunamis," 2000, p. 1064). Leaning against a mountain will certainly not cause it to topple over. Jumping up and down on the ground will not cause an earthquake. If a chair is not placed in an empty room, the room will remain chairless. If matter was not made and placed in the Universe, we would not exist. There must be an adequate antecedent or simultaneous cause for every material effect. Perhaps the Law of Cause and Effect seems intuitive to most, but common sense is foreign to many when God is brought into the discussion." -

### **"Aristotle on Non-contradiction**

*First published Fri Feb 2, 2007; substantive revision Wed Jan 26, 2011*

According to Aristotle, first philosophy, or metaphysics, deals with ontology and first principles, of which the principle (or law) of non-contradiction is the firmest. Aristotle says that without the principle of non-contradiction we could not know anything that we do know. Presumably, we could not demarcate the subject matter of any of the special sciences, for example, biology or mathematics, and we would not be able to distinguish between what something is, for example a human being or a rabbit, and what it is like, for example pale or white. Aristotle's own distinction between essence and accident would be

impossible to draw, and the inability to draw distinctions in general would make rational discussion impossible. According to Aristotle, the principle of non-contradiction is a principle of scientific inquiry, reasoning and communication that we cannot do without." - <http://plato.stanford.edu/entries/aristotle-noncontradiction/>

## "Law of noncontradiction

From Wikipedia, the free encyclopedia

*This article uses forms of logical notation. For a concise description of the symbols used in this notation, see List of logic symbols.*

In classical logic, the **law of non-contradiction** (LNC) (or the **law of contradiction** (PM) or the **principle of non-contradiction** (PNC), or the **principle of contradiction**) is the second of the three classic laws of thought. It states that contradictory statements cannot both be true in the same sense at the same time, e.g. the two propositions "*A is B*" and "*A is not B*" are mutually exclusive." -

[http://en.wikipedia.org/wiki/Law\\_of\\_noncontradiction](http://en.wikipedia.org/wiki/Law_of_noncontradiction)

- 1) Something must exist to act upon anything else.
- 2) Something cannot act upon itself before it actually exists.

By these two obvious principles the Universe did not create itself or bring itself into existence.

**Creation did NOT bring itself into existence!** (despite the absolute madness these fools have embraced <http://www.youtube.com/watch?v=fWq0lahNNyY> AND [http://www.youtube.com/watch?v=vlvZ\\_oqV1w](http://www.youtube.com/watch?v=vlvZ_oqV1w)) It is obvious to all sane persons; but religious adherents to Darwin's Theory of Evolution and Atheism have proven incapable of grasping this simple truth. The ones who have not gone completely raving mad; drooling on themselves in their own waste; can still acknowledge the use of their primary perceptive abilities such as seeing, hearing, touching etc. and yet at the same time while acknowledging the existence of creation through their use adamantly deny the existence of the Creator. They fail to grasp even with whatever critical thinking that might still remain to them how this violates the above two scientific laws. **Laws that are so critical that without them; as Aristotle put it "...we could not know anything..."**. This fact proves these persons have gone insane and become fools just as our Creator tells us. <http://biblehub.com/romans/1-22.htm>

But to be more specific regarding how it is being forced upon children during the years of their development and growth intentionally <http://www.foxnews.com/opinion/2014/01/14/first-grader-told-to-stop-talking-about-bible/?intcmp=latestnews>, I will discuss some of the most obvious problems showing the madness they embrace and yet are seemingly incapable of realizing it.

1) The Big Bang Theory - no matter how many times you ask them just what exploded and where did it come from they cannot declare it; let alone agree on it. Nevermind that it fails to explain why so many celestial objects are rotating, spinning, revolving instead of just flying outward from the explosion. And nevermind that in all of known history we have never once observed an explosion anywhere making something more complex but by ubiquitous evidence and definition disintegrates something complex into less complex, smaller particulates.

ex·plo·sion

/ik'splōZHən/

Noun

1. A violent and destructive shattering or blowing apart of something, as is caused by a bomb.
2. A violent expansion in which energy is transmitted outward as a shock wave.

Synonyms

burst - detonation - blast - outburst - outbreak

Their initial premises on the theory of their own existence (and that of the whole universe) is obviously ludicrous as NOT ONE of them can explain this very first principle of the complete load of crap they

believe in let alone then acknowledge the truth that what they believe in is clearly religious in nature and in no way "scientific". But these fools want everyone else to believe their chosen insane worldview is just that.

2) Abiogenesis - According to the worldview of these adherents to metaphysical concepts in the name of science fools, life came from inorganic substances that coalesced and became the first single living cell. This occurred from the something that they cannot define; nor tell us where it came from; that exploded in the void of space; which is an environment that we know from observation is so hostile that it brings virtually instantaneous death to all known life forms on our planet; especially and even to single celled organisms.

3) And their religious belief in the name of science goes on... that from that single cell all the myriad of species we know today came into existence. Plants became animals, animals became plants, fish became reptiles, reptiles became fish, some fish became mammals, some mammals became fish, and somewhere in the figments of their wild imaginations bananas became the chimps that eat them which turned into the fruit bowl upon their necks within their cranial region for what should be a brain. Nevermind in the fossil record not ONE transitional form exists. Nevermind the fossil record clearly disproves the so called "geologic column" which is just fiction created by Charles Lyell, who was a lawyer; not a geologist. Nevermind that every attempt by evolutionists to claim they found the missing link has failed though they have searched frantically in all the world. Nevermind all of the things they still force on innocent children has been proven fraudulent with regards to so called "human evolution". <http://www.nwcreation.net/evolutionfraud.html>

No matter how you slice it or dice it everything these persons believe and claim is scientific fact has been proven FALSE not only by the sciences; but by ubiquitous evidence. No one in all of history has seen macroscopic evolution. All the mutations ever recorded by toxins, radiation, have not resulted in new life forms but death to the mutation. Any actual modifications that have taken place have happened by intentional alteration of genetic material which took many advances in science even to discover; let alone record some of that information encoded in the genetic makeup of species. Information that is so complex and lengthy it has taken supercomputers to even attempt to store the data. This presentation has a way of showing just how ludicrous atheism and evolutionary religions really are: <https://www.youtube.com/watch?v=mtBz1roiQR8>

In short, virtually everything the persons who call themselves evolutionists and especially atheists believe in regarding the origin of the Universe and of Life in general has been proven by the sciences; they want everyone else to think that they champion, as FALSE. They are incapable of seeing it all as the

load of crap that it is and mock people who try to bring them out of their insanity and obvious brainwashing.

When professors of evolutionary theory are confronted about all the lies published in text books for children in our public schools they acknowledge that they know what is being taught the children is false. [http://www.youtube.com/watch?v=b8GgrUposII&list=PLImVnuWDQ6\\_JNBH7TGMLVV5Pd6OgmOrF7](http://www.youtube.com/watch?v=b8GgrUposII&list=PLImVnuWDQ6_JNBH7TGMLVV5Pd6OgmOrF7)

Furthermore, some evolutionists; when confronted, have at times even stated why they are lying to the children as <http://archive.org/details/DarwinsDeadlyLegacy> aptly points out. <http://www.youtube.com/watch?v=4mxXICZ9mXo&list=PL7F9B57EBDCCEECF8> and even more astutely <http://www.youtube.com/watch?v=j7XR9yH2ETk> (teaching your kids to think they are nothing more than animals and to act like it; to satisfy their own perversions [https://www.google.com/search?q=teachers+having+sex+with+students+and+minimal+sentences&rlz=1C1GIGM\\_enUS535US535&oq=teachers+having+sex+with+students+and+minimal+sentences&aqs=chrome..69i57.18404j0j8&sourceid=chrome&espv=210&es\\_sm=93&ie=UTF-8](https://www.google.com/search?q=teachers+having+sex+with+students+and+minimal+sentences&rlz=1C1GIGM_enUS535US535&oq=teachers+having+sex+with+students+and+minimal+sentences&aqs=chrome..69i57.18404j0j8&sourceid=chrome&espv=210&es_sm=93&ie=UTF-8)) and <https://www.facebook.com/notes/michael-swenson/the-planned-demoralization-of-america/632305113515118>

Remember that our modern public education was taken out of the Church into government control by Rockefeller and such wealthy oppressors/exploiters of the masses like him. [http://en.wikipedia.org/wiki/General\\_Education\\_Board](http://en.wikipedia.org/wiki/General_Education_Board) In other words, our so called education system was set up by the ultra wealthy to socially engineer the masses and force their own opinions upon them regardless of scientific facts or truth. <https://www.facebook.com/notes/michael-swenson/brainwashing/643617432383886> These same wealthy persons who exploit and intentionally enslave the masses <http://www.youtube.com/watch?v=oygBg6ETYIM> ; need slave mentalities; and have socially engineered it successfully as the existence of evolutionists and atheists prove. <https://www.youtube.com/watch?v=meIg-TyDm-g> In this debate the evolutionist makes a statement that no way does a single pair of horses etc. produce all the variations we see today, but that is because he is drawing his conclusion from a false premise and lack of knowledge. <http://biblehub.com/genesis/7-2.htm> notice all clean animals had SEVEN pairs and unclean had one pair. <https://www.youtube.com/watch?v=lktmmd7YnD8> Further the math behind population growth rates of species easily arrives to current population numbers on earth from just thousands of years ago, while the evolutionary claims of long time would have filled this world with species beyond the total living and fossilized remains "BILLIONS" OF TIMES OVER. (evolutionary "deep time" claims is disproven by mathematics) And he furthermore must be lacking knowledge behind observations of the silver fox: <https://www.youtube.com/watch?v=ZEOjlsUd7j8> widespread variations in short time proves the BIBLICAL ACCOUNT; NOT evolution! (evolutionists think creationists are denying variations within the kinds WHEN WE ABSOLUTELY DO NOT; what we are OPPOSED TO is teaching that a single cell produced all the billions of multi-celled organisms on earth today or that cats became dogs or a common carnivore produced both when the DNA for each KIND felines vs. canines is radically different. horse kinds can breed and produce other horse kinds - <http://www.dailymail.co.uk/news/article-2118901/The-strangest-zoo-Britain-See-zedonk-zorse-Zonkey-cross-bred-horses-show.html> but a donkey and cat no, a cat and walrus no, etc. the KINDS can breed and produce variations, but a single cell CANNOT and DID NOT ADD DNA INFORMATION TO ITSELF TO BECOME A MULTI-CELLED ORGANISM (no matter how many "scientists" choose to foolishly espouse such incredible nonsense!) If evolution were true (it is NOT) but IF then throw out entropy! and if what they teach regarding the origin of life is true, then throw out the Law of biogenesis! Another snide comment by the evolutionist is that all the public universities teach evolution and none teach creation while IGNORING HOW THAT CAME TO PASS, (they systematically FIRED creationists), and removed prayer and the BIBLE from public education through corrupt persons in the courts; formerly for the majority of public education in our nation they would have laughed (and still should at the nonsense of evolutionary theory) all one has to do is look at

the funding behind public education to see that these people have INTENTIONALLY placed such fools in public education to brainwash the masses!

Attempting to censor even the mention of God in public education, automatically leads to promoting ignorance, lies and deceptions. Who or what defines what is knowledge? and who or what defines what is truth? it can't be popular agreement; as we see great numbers of people have been in error in history even though they were in agreement. all the superseded scientific theories [http://en.wikipedia.org/wiki/Superseded\\_scientific\\_theories](http://en.wikipedia.org/wiki/Superseded_scientific_theories) also show that it cannot be defined by those the masses may esteem as their most intelligent. <http://biblehub.com/romans/1-22.htm> Without an ULTIMATE AUTHORITY, "truth" and "knowledge" clearly remains purely subjective in the minds of observers. (Mentally imagining and vainly, intentionally putting "God" out of mind, has the effect of attempting to do away with the very definitions of absolutes; does away with the ability to KNOW and UNDERSTAND TRUTH). Doing away with GOD results in endless debates, uncertainty, ignorance, and ultimately leads to insanity <http://biblehub.com/romans/1-28.htm>, suffering, death and destruction. <http://biblehub.com/hosea/4-6.htm> The only way to absolutely be certain about KNOWLEDGE and TRUTH is to KNOW GOD, because HE DEFINES and is THE SOURCE of KNOWLEDGE and TRUTH! <http://biblehub.com/john/14-6.htm> and <http://www.facebook.com/notes/michael-swenson/evidence-of-god-our-creator/568134419932188>

I hope very soon people all over the world will cast off the many deceptions in the world and Repent and Call Upon the One True GOD, our Eternal Creator, LORD and Savior!!!!!!!

<https://www.facebook.com/notes/michael-swenson/how-to-know-truth-in-a-world-of-lies/622590531153243> and

<https://www.facebook.com/notes/michael-swenson/the-eternal-creator-can-be-known/495815193830778> In the meantime, I ask people who do know our Creator to pray that

He will either save the many insane fools the brainwashing in our public education system has produced and supernaturally give them all sound minds or remove them from the earth so they don't cruelly do so to innocent little children of the coming generations of mankind. Many of those who cling to their religions of evolution and atheism; I have personally noted, are the modern sodomites (which is exactly why the Messiah says they refuse to come to Him and be

enlightened <http://www.biblegateway.com/passage/?search=John+3%3A15-21&version=KJV>); so their transformation or removal is absolutely necessary before they destroy the whole world in their madness. They are already intentionally ignoring all the warning signs. [http://www.youtube.com/watch?v=e\\_nlAswAEG0](http://www.youtube.com/watch?v=e_nlAswAEG0), <http://www.youtube.com/watch?v=z1TS9C2bi-0>, [http://www.youtube.com/watch?v=t6WVZJ\\_CFHQ](http://www.youtube.com/watch?v=t6WVZJ_CFHQ),

<http://www.youtube.com/watch?v=lf9yzHwOeUc>. The Theory of Evolution (used in public education to brainwash children by the satanic NWO to keep them from KNOWING GOD - <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-1/633571873388442> and <https://www.facebook.com/notes/michael-swenson/satanism-fools-who-want-to-burn-forever-represent-a-threat-to-themselves-and-all/554580804620883>) is not only

FALSE <http://www.youtube.com/watch?v=Gjyuvne0RrE&feature=youtu.be> but is DANGEROUS and responsible as a worldview for the most bloodshed on earth of all worldviews in the entire history of mankind <https://www.youtube.com/watch?v=4mxXICZ9mXo&list=PL7F9B57EBDCCEECF8>. Not only is this LIE called the Theory of Evolution sowing death and destruction in all the world; it's deceptive evil is robbing souls of fulfilling their Divine Purpose and leading them into the everlasting flames of damnation (a deception that not only destroys physical beings; but attempts to destroy souls); as they dwell in such stupidity they are a danger to themselves and all life on the planet.

<http://www.facebook.com/notes/michael-swenson/stupidity/527894057289558>

The use of Psy-Ops on innocent children who have grown up and are demonstrating they are incapable of rational thought any longer proves that brainwashing/programming is a weapon that causes great bodily harm (to the brain). [https://www.google.com/webhp?sourceid=chrome-instant&rlz=1C1GIGM\\_enUS535US535&ion=1&espv=2&ie=UTF-8#g=cia%20mass%20mind%20control](https://www.google.com/webhp?sourceid=chrome-instant&rlz=1C1GIGM_enUS535US535&ion=1&espv=2&ie=UTF-8#g=cia%20mass%20mind%20control)

This damage is so severe that even when the whole world is fulfilling dreadful prophecies of their own destruction they remain oblivious and in denial.

<https://www.facebook.com/notes/michael-swenson/conspiracy-theories-or-plain-truth/662377083841254> and <https://www.facebook.com/notes/michael-swenson/end-times-verse-by-verse/625795230832773>

In other words, intentional brainwashing, is life threatening to the victims fulfilling the definition of aggravated assault clearly. For those of us who know better the self-deluded, willfully ignorant, or otherwise deceived are not just a threat to their mortal bodies and other life forms on the planet but to their everlasting souls. <http://biblehub.com/matthew/24-22.htm>, <http://biblehub.com/revelation/20-15.htm>.

If any mortals survive the coming desolations, make certain the little children are never lied to by the complete nonsense of "The Theory of Evolution" and atheistic insanity; like what has occurred in recent history and is still in process, despite all the sciences have done to try to bring them out of their strong delusion, to this day - Yes, we who KNOW our Creator and are taught by the Creator directly beseech you, NEVER ALLOW THIS TERRIBLE CRUELTY FORCED UPON INNOCENT LITTLE CHILDREN IN THE NAME OF AN EDUCATION TO HAPPEN EVER AGAIN! [http://biblehub.com/1\\_john/2-27.htm](http://biblehub.com/1_john/2-27.htm) If there is anyone

anywhere still sane enough to care about your own soul as it exists now and into eternity you must act as quickly as possible and obey this commandment from our Creator right away!:

### **Acts 2:38-39**

King James Version (KJV)

38 Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost.

39 For the promise is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call.

An evolutionist replied: "So talking snakes, making a women from a rib bone, virgin birth, putting every kind of animal on a boat, turning water into wine, walking on water is believeable but, a species evolving from one from into another is unbelievable? I can see your point."

so another atheist writes: "The one thing I will say, and this will be it, is that I will never believe in the Bible as it was written by man from stories handed down for generations. We already know that one sentence passed down through 20 folks will be completely changed. Holy Bible which has been scientifically proven to be the most accurate reference book in the whole world; its literary authenticity surpassing all other historical records of mankind BY FAR; then you really can't believe anything your senses perceive at all and have found yourself in a state of irrational madness. the Holy Bible, the most literary accurate record on earth BY FAR has been published and translated among all major languages and dialects on earth; so much so that even small tribes WHO HAD NO WRITTEN LANGUAGE AT ALL were given a HOLY BIBLE in their written language; which was created for them; JUST SO THEY COULD HAVE GOD'S RECORD! If you disdain the Holy Bible you are doing so to

your own peril and in great ignorance as to the magnificence of it's unique qualities! It has been inerrant in thousands of prophecies to date, it has scientifically encrypted messages (the Bible Code series by Drosnin and you can even get the software that shows encrypted messages even dates of current events that have taken place in recent history), it has thousands of original manuscripts pre-dating all others in the whole world to compare its modern translations to, it is the only book in the whole world that if you were able to destroy completely could be reassembled just from all the quotes to it from other books and reference materials in history, its historicity scientifically proven and actually utilized by archaeologists to discover long ago buried cities such as Jericho and the walls that fell; Noah's Ark; Sodom and Gomorrah's ashen ruins, and countless other artifacts, cities and sites in the world, it is a Book like NO OTHER and deserves more than just the marxist' philosophy brainwashed into children these days as a brush off. In Josh McDowell's Evidence that Demands a Verdict series there are so many unique aspects as to why the Holy Bible is the Greatest Book in the World BY FAR that an entire apologetic set the size of encyclopedias have been written regarding those aspects. I would challenge anyone who thinks to so casually sweep aside the Holy Bible to even read a few chapters of <http://www.angelfire.com/sc3/myredeemer/Evidence.html>

(this is NOT about free speech, this is about printing libelous false accusation about our Creator and his followers) A class action suit should list everyone personally involved in the publication and distribution of this pamphlet and should be enforced to bankrupt them completely!)

ultimately, the rubbish of atheism and theory of evolution has demonic/satanic origins and funding behind propagating such evil nonsense: <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-1/633571873388442>

atheism is in fact another form of satanism - <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-2/633572213388408> it is another anti-christian worldview that is responsible for oppression, death and destruction everywhere that religion/worldview predominates. it attempts to elevate self as the sole determiner of right and wrong; which automatically creates chaos, death and destruction as people disagree and then vie for domination in the resulting might makes right mentality. Any attempt at doing away with Truth, our Eternal Creator, is a form of deception; deception is a tool of satanil: atheism is factually a form of satanism.

There is no doubt that atheism is satanic in origin, thought and practice; as are the prolific lies of the popular evolutionary paradigm being forced upon mass millions of innocent children.

<http://biblehub.com/john/8-44.htm>

<https://www.facebook.com/467083139976777/photos/a.468456309839460.112956.467083139976777/727109717307450/?type=1&theater> - just because people CLAIM to be irreligious; doesn't mean in practice that they actually are. atheists are demonstratively some of the most religious people on the planet. <https://www.facebook.com/notes/michael-swenson/too-many-are-turning-science-into-a-religion/711197568959205>

I submit the existence of God Almighty is scientifically provable; so help people not to present themselves as <http://www.facebook.com/notes/michael-swenson/mentally-challenged/575010789244551> by teaching the Truth! <http://www.facebook.com/notes/michael-swenson/evidence-of-god-our-creator/568134419932188> and <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230>; therefore, atheism and evolution actually consist of people who believe in unprovable fiction; metaphysical fantasies and the like; or what is otherwise known in their most derogatorily expressive connotations of "religion". (atheists/evolutionists are the worst examples of everything they claim to deplore about "religion"; as they so often wantonly announce to anyone willing to listen to their facile gibberish.)

If only all such delusions and deceptions were actually forcefully banned internationally! (or rather people FINALLY came to the knowledge of TRUTH!) - <https://www.facebook.com/bluenationreview/photos/a.268624786652737.1073741828.268311603350722/293004187548130/?type=1> freedom of religion as defined in our constitution was never intended to become what it is (a defense for criminal behavior and propaganda): <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-2/633572213388408> i am for freedom to do righteously; including arresting those doing wickedly. (that means all those brainwashing little kids with fiction turning them into irrational "atheists" in the first place: <https://www.facebook.com/notes/michael-swenson/brainwashing/643617432383886> if we were actually concerned only about teaching Truth; helping people not to present themselves as <http://www.facebook.com/notes/michael-swenson/mentally-challenged/575010789244551> by instruction of facts instead of fiction in our public schools <http://www.facebook.com/notes/michael-swenson/evidence-of-god-our-creator/568134419932188> and <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230> we wouldn't even have terms like "atheists"; let alone the state genocides that have resulted in the deaths of hundreds of millions as a result. (read the cited notes for the historic facts). I personally am NOT for freedom to distribute genocidal literature, NOT for freedom to incite human atrocities, NOT for freedom to intentionally deceive, rape, harm little children; but many "religions" of the world encourage such horrific atrocities; including the evil that is <https://www.facebook.com/notes/michael-swenson/islam-is-evil-and-any-worldview-that-calls-for-genocides-and-extreme-violence-to/560337004045263> now being forcefully indoctrinated in various places all over the world and even here in America!

<https://www.facebook.com/notes/michael-swenson/what-is-happening-to-america/573663929379237> the founders intended (being predominantly Christian) that people would be free to choose their denomination of Christianity and Spirituality under the One True God, our Creator, they in NO WAY intended to spawn devil worship that is so evil that it would have meant their own enslavement, torture and demise! <https://www.facebook.com/notes/michael-swenson/original-intent-of-the-religious-clause-of-the-first-amendment/553723191373311> So please be careful and more knowledgeable about supporting "freedom of religion" as it has been perverted to promote all kinds of <https://www.facebook.com/notes/michael-swenson/satanism-fools-who-want-to-burn-forever-represent-a-threat-to-themselves-and-all/554580804620883>. People fail to understand how anything that leads them away from knowing our Creator (including atheism) automatically results in suffering, death and destruction. (God has given people the freedom to choose to do righteously or wickedly; but no one is free from the consequences of those choices); so for my part I am all for banning the insanity of <https://www.facebook.com/notes/michael-swenson/evolution-and-atheism-intertwined-religions-of-the-insane/492209810857983> as historically and currently all over the world it results in lawlessness, corruption and oppression and even persecution and death of innocent persons.

In response to all the ridiculous lawsuits filed by atheists to remove crosses, ten commandments, etc. why don't people countersue every atheist that complains and turn their own complaints against them? WE ARE OFFENDED THAT THEY DO NOT HAVE A CROSS ON THEIR LAWN! THEY DO NOT HAVE A CROSS over the vast majority of land on earth! There LACK of FAITH in the ONE TRUE GOD is OFFENSIVE! The ABSENCE of religious expression of Christian symbols in a Christian nation is HIGHLY OFFENSIVE! and if the courts continue to favor atheists, satanists, islamists, and all other worldviews over Christianity, then DEBENCH THE JUDGES PERMANENTLY FOR VIOLATING THE HIGHEST LAWS OF OUR LAND (that are so clearly subverting our Constitutional Rights with such treasonous acts)!

<https://www.facebook.com/notes/michael-swenson/original-intent-of-the-religious-clause-of-the-first-amendment/553723191373311>

<https://www.facebook.com/notes/michael-swenson/americans-and-citizens-of-the-world-freedom-and-life-comes-from-god/748905988521696>

We should not let ignorant (people lacking so much knowledge that they fail to acknowledge or have any rational explanation for the existence of the universe; that is they have no logical, rational, reasonable explanation for what we all observe ubiquitously), insane or wicked persons shape our culture by claiming to be "offended" every time they see a cross or hear someone acknowledge our Creator. If being offended is all it takes to change the world, then know that I am personally offended by all things satanic, including and especially those so willfully ignorant that they believe in evolution and atheism. <https://www.facebook.com/notes/michael-swenson/satanilevil-god-of-this-world-vs-the-one-true-god-of-all-creation-part-2/633572213388408> I am offended by every person at every location

on earth that does NOT honor the One True GOD, all buildings and places that does NOT bear a reminder of the Most Awesome Display of Love and Great Sacrifice for us all (the Cross of Christ)! If the insanity of atheism is valid to bring law suit over seeing a cross, then Christians can; by that same incredibly irrational intolerance, bring law suits at all locations where a cross isn't displayed and claim that those locations are establishing the insanity of atheism! If there is any reason to be offended on earth, it is virtually everything an atheist, thinks, says and does!

<https://www.facebook.com/video.php?v=10153084284774899>

Some people would STILL ask "HOW is atheism and the theory of evolution a religion?"

<https://www.facebook.com/notes/michael-swenson/the-religion-of-evolution-versus-the-science-of-creation/729829070429388>; due to a lack of reading comprehension of all that has been stated thus far and in regarding the definitions of religion. Atheists have a set of beliefs (irrational, illogical and insupportable, but nevertheless beliefs) about the origin of the universe, the origin of life, and choose to willfully ignore any facts or evidence contrary to those beliefs. In so doing, each and every atheist is willfully making themselves the "supreme being", gods and goddesses in their own mind that shape reality according to their own self-delusions (willfully turning eyes and ears away from reality and facts). They support just about any theory or idea that comes along that in any way seems to ratify any part of their chosen cognitive dissonance (they exist and some still are sane enough to acknowledge the universe exists; but they insist on denying the logical and rational facts proving as to WHY it exists - <http://www.facebook.com/notes/michael-swenson/evidence-of-god-our-creator/568134419932188>), in a vain attempt to try and go on believing "there is no God". Thus they make an idol out of any "scientist" or any idea or thought that would seem to pose confirmation bias for their delusions. That is a belief system that takes monumental faith indeed! Likewise, there is not one shred of evidence in support of the constantly changing theory of evolution (constantly changing because of all the actual science that disproved it as originally stated) and so it morphs constantly in a vain attempt to try and hold on to another belief system or worldview or religion that takes the ONE TRUE GOD out of their consciousness; willfully to place any idol of their choosing in His stead (in this case darwin or even the theory itself becomes the idol or supreme being for them; providing them with their religious beliefs that they cling to; despite ubiquitous evidence to the contrary.) Idolatry is such because such religious persons make idols out of themselves or others or objects or ideas, ANYTHING but rationally and reasonably acknowledge the reality of our Eternal Creator. <https://www.facebook.com/notes/michael-swenson/too-many-are-turning-science-into-a-religion/711197568959205> and <https://www.facebook.com/notes/michael-swenson/religion-in-the-name-of-science/710078699071092> and <https://www.facebook.com/notes/michael-swenson/blasphemy-and-idolatry/568026456609651> So, by definition, both atheism and the theory of evolution are religions; religions that are perhaps the most irrational and insupportable ever in the history of the world.

#### THE PSYCHOLOGY OF ATHEISM

"In postulating a universal Oedipus complex as the origin of all our neuroses, Freud inadvertently developed a straightforward rationale for understanding the wish-fulfilling origin of rejecting God. After all, the Oedipus complex is unconscious, it is established in childhood and, above all, its dominant motive is hatred of the father and the desire for him not to exist, especially as represented by the desire to overthrow or kill the father. Freud regularly described God as a psychological equivalent to the father, and so a natural expression of Oedipal motivation would be powerful, unconscious desires for the nonexistence of God. Therefore, in the Freudian framework, atheism is an illusion caused by the Oedipal desire to kill the father and replace him with oneself. To act as if God does not exist is an obvious, not so subtle disguise for a wish to kill Him, much the same way as in a dream, the image of a parent going away or disappearing can represent such a wish: "God is dead" is simply an undisguised Oedipal wish-fulfillment."

#### EVOLUTION COULD NOT DO THIS

The ichneumon wasp (*Thalessa*) looks so delicate that the slightest wind ought to blow it over. Yet it lands on a hard tree trunk, and begins thumping with something that looks as delicate and frail as the leg of a daddy longlegs. But that antennae, thinner than a human hair, happens to be a high-power extension drill. The drill is about 4½ inches [11.43 cm] long, so long that it curves up and down as the small insect thumps on the hardwood with it. After thumping for a time, the tiny creature somehow knows it has found the right place to start work. Drilling begins. This little wasp uses that delicate feeler to cut its way down through several inches of solid, hard oak wood! This is totally unexplainable. Scientists have tried to solve the puzzle, but without success. The second miracle is what the wasp is drilling for; the larvae of a special beetle. How can it possibly know where to start its drill, so as to go straight down (it always drills straight down)—and reach a beetle larvae? Scientists cannot figure this out either. Somehow the initial thumping told the tiny insect that a grub was several inches down, and that it was the kind of larvae it was looking for. The ichneumon wasp lays its eggs on just one larvae, that of the Tremex. When those eggs hatch, they will have food to grow on. Then, before they grow too large, tiny ichneumon wasps come out through that original hole

### Biblical Creation

NO PROOF FOR APE TO MAN EVOLUTION. BONES HAVE BEEN PROVEN TO BE OF A TRUE APE, OR A MAN

The evolutionists claim that man came from apes, & have collected fossil "evidence," to prove it, right? Wrong! The fossil evidence that they have are either man or ape, not an intermediate species. There is no common ancestor of both man & ape (missing link). Some of the fossils in which they use for example as possible ancestors of man include: Ramapithecus, Oreopithecus, Dryopithecus, Limnopithecus, Kenyapithecus, etc. The "pithecus" stands for "ape". Therefore, these fossils are of the ape family. These creatures lived about 14 million years ago (according to evolution). The most important of these is Ramapithecus. The total evidence of this creature consists of only several teeth & jaw fragments.

So in the end we have a lot of human bones, and chimp bones, but NOTHING in between. Where is the evolution?

**Trent Steele** I'm a Christian and who wrote this may want to reconsidered how they are arguing their point. First, evolution isn't a religion. It is simply a theory based off numerous observations and experiments. It is not saying there is no God. Science only deals with the natural, not the supernatural. The reason being is the supernatural is not testable or falsifiable. Science's goal is just to understand the natural phenomena that occur. It is not out to disprove religion, and it can't. The next problem I have with this article is you can reverse it to go against religion. What is to stop them from saying that you are the brain-washers? That you are committing aggravated assault against children by teaching them something that they consider false and harmful. Another problem I saw is you attacked the big bang theory. This theory was created by a Christian and actually can be used to support religion. God creating the universe would have happened in an instant. Lastly, my biggest problem with this is it not written in a Christian like manner. It uses insults, has an angry tone, and is attacking others. Christians are supposed to be loving, understanding, and patient. How is this supposed to convert non-believers? This will only make them reject religion. It makes us come off as ignorant hateful people. This is a weak argument.

**[Trent Steele](#)** There is no superhuman agency/agencies, devotional/ritual observances, or moral code conducting human affairs involved with evolution. There are those who believe it without it being a 100% proven, but their goal isn't for it to be blind faith. Just because it fits one part of someone's definition of religion doesn't make me see it as a religion. I also saw that they used wikipedia as a source. Using poor sources such as these lowers the credibility of what you are writing. I didn't read the whole thing either. This is due to me giving up on it as something worth reading. I am a Christian and makes me sad that someone thinks being hateful will help us. Regardless if you think evolution is a religion or not, There is still all the other problems I found with this, whatever this is.

[Michael Swenson](#) you really need to work on your reading comprehension. The theories/worldviews/religions (evolution, big bang, supporting the religion of atheism CLEARLY ADDRESS "a set of beliefs concerning the cause, nature, and purpose of the universe") and are presented NOT with natural processes but clearly supernatural ones. (especially since there is not one shred of evidence to support them) So on the one hand while attempting to do the impossible (claim creation came into existence without our Creator) scientists are postulating that nothing created everything (read the notes, this is their OWN WORDS; not a false accusation). Furthermore, they postulate that "natural" causes brought about abiogenesis, that a single life form like a bacteria, protozoa, had within itself the capacity to transform itself into all life forms on the planet that have ever existed. Furthermore, evolutionary "scientists" today are claiming that fungi, and other lower life forms, actually prognosticate the future, anticipating what is necessary for their survival and then effect species wide macro-scopic transformations. (again read the notes for the cited evidence) It does no good to CLAIM you don't believe in a supernatural cause; while most definitely espousing one. Your own attempts at a rabid defense for your own worldview shows the same clearly religious fervor both atheists and evolutionists posses.

[Trent Steele](#) I don't think you realize that I'm not trying to argue that whoever wrote this is write or wrong, but that the overall effect of it makes Christians come off as ignorant, angry people. I 'll also add arrogant to the list. If I as a believer see these problems with it, how much more so will non-believers? I am recommending that they rewrite in a more christian like manner with the problems that stuck out to

me kept in mind. I find it odd that the thing I pointed out that supports religion is something that you are going out of your way to prove as false.

[Michael Swenson](#) Because you did not follow any of the cited references before commenting as you have; in defending ideas/theories/worldviews/religions (even if you think they are presented by Christians) that are false, defending overtly false doctrines; while attacking fundamental truth; shows you have a very misplaced idea of Christian ethics; while attempting to criticize my own). You have no idea the scope of the audience(s) involved; unless you are thinking you are GOD Himself and are able to predict the future accurately; who will read and who will not and how they will respond. Your concerns are duly noted and discarded as nothing you have said is based on any facts; only your clearly stated adverse opinion to declared fundamental truth. for example, how do you say nicely that attempting to claim there is no God while viewing the universe (actually saying and believing that "nothing created everything"; and everything else that goes along with the religions of atheism and evolution) fits the definition of insanity? YOU assume that pointing that out is hateful; but I could argue sugar coating the truth when people are in a state of madness; due to overt brainwashing, is even more so. In addition,

you made false statements and felt no remorse in falsely accusing and misunderstanding another person who follows and serves Christ; issued no apologies; only continued animosity to my efforts; which are to address the arrogance of presumed intellectual superiority (like you have so aptly demonstrated) and say that such unsubstantiated beliefs (like atheism and evolution) DO NOT JUSTIFY that pride in their so called intellects; as our Creator states:<http://biblehub.com/romans/1-22.htm> and <https://bible.org/seriespage/fool-proverbs-261-11> You took the position without reading of ASSUMING there are not facts to support the premises and arguments in my notes. You even assumed wrongly that science has nothing to do with the supernatural or cannot observe supernatural events; when we live in a supernatural universe fundamentally and what is labeled as "natural" processes that scientists observe constantly can arguably be called supernatural! <http://biblehub.com/ephesians/4-6.htm> and <http://biblehub.com/colossians/1-17.htm> Furthermore, you denigrated our own worldview that is based on TRUTH and facts; in likening it to as something that could be construed as evil as forcing the fiction of evolution on children; which has led to the religion of atheism; like no other theory, worldview or religion on earth. The two religions (that persons like yourself attempt to separate) are observably and factually linked and some of the evidence is cited in the notes (help people not to present themselves as <http://www.facebook.com/notes/michael-swenson/mentally-challenged/575010789244551> by teaching the Truth!<http://www.facebook.com/.../evidence-of.../568134419932188> and <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230>); that you haven't read, and yet feel worthy to criticize out of ignorance. You have no idea; unless GOD reveals it to you, what the future holds; or the intent of the writer. You have stated only YOUR VIEW and false accusations based on your chosen opinion; rather than facts. You; while calling yourself a Christian, argue in favor of scientifically disproven theories. When one of the marks of a Christian is to love Truth and eschew falsehood and deceit of every kind. <http://biblehub.com/romans/12-9.htm> and <http://biblehub.com/john/16-13.htm> so your ultimate objection is not whether or not the note is truthful; just in how you have perceived the delivery of it. To which I can only say; <http://biblehub.com/hebrews/4-12.htm> and <http://biblehub.com/hebrews/12-11.htm> and [http://biblehub.com/1\\_corinthians/1-19.htm](http://biblehub.com/1_corinthians/1-19.htm). These persons espousing these beliefs and they are beliefs (atheism and evolution); are perhaps some of the most arrogant persons you will ever encounter and just PERHAPS the ALMIGHTY is using someone in an attempt to humble them for their own good and SALVATION; before that arrogance (misplaced as it is over utter foolishness) sends them to the everlasting flames of damnation. (Often anger serves to motivate some people to actually THINK to attempt to do some research in an attempt to defend their views (and in the process discover other views, knowledge); as such, you may think telling the truth in this manner is hateful, bigoted, prejudicial, or whatever you like; but the Almighty knows it is done out of fervent love as a desperate attempt to reach even the most hard-headed, stubborn fools in the world today. But every time you were corrected concerning your false allegations, you rejected them and failed to acknowledge them; so perhaps you are correct; that the impulse in others to perceive hatred is so strong; they don't care if what is written is true or not. That does not change our responsibility or duty to declare it. If you read the Holy Bible throughout, you will find the prophets did some things I'm sure your self-righteous piety would criticize; like naked prophets <https://www.google.com/search...> and many other things our Creator inspired His Messengers to do. Likewise, if you find false doctrine; it is fitting to say so; but to say you have no grievance with

facts; just the way they are presented; is to be one of the many religious persons who strain at gnats; while swallowing camels. The heart of the message is to get people to REJECT atheism and evolution as the pure nonsense that such worldviews are; and to do so in a way that shines a mirror of how MANY of these people arrogantly hold all religious people in derision. It is a way of saying to them that their attempts at denigrating all of us; their attitudes of self-presumed intellectual superiority are MOST unjustified and that between the Biblical Worldview and theirs; theirs is the one they SHOULD be holding in their displayed contempt.

**Michael Swenson** I'll admit that at least part of my own carnal personality is seen in the writing of this note. You say you perceive anger in it. And I openly acknowledge such and rightly so!<http://biblehub.com/psalms/7-11.htm> the worldviews of atheism and evolution are responsible for some of the most numerous genocides and worst atrocities in the history of the world; not to mention horrible attacks on infants now underway worldwide in devaluing human life to be little more or even of less value than animals. So much so, that mass murdering doctors and nurses are in hospitals not just killing infants, but adults and hacking them up for their body parts<https://www.facebook.com/notes/michael-swenson/end-abortion-fund-life-and-wellness-not-death-and-destruction/611604255585204>; of which I PERSONALLY was slated as a desired victim. The way they tried to murder me by intentionally giving me three units of incompatible blood has left me in pain so excruciating every day that even though I love GOD more than you can possibly imagine; I still at times have to fight for even the will to remain incarnate; in order to fulfill my duties before going Home. These mass murdering doctors and nurses; if they were true Christians; full of the Holy Ghost; would not have done what they did to me; but arrogant atheists who think they are intellectually superior look down on the masses and especially "religious" people so much, they easily justify murdering them to decrease what they think of as the surplus population (because as your own comments suggest) the arrogant supposition; WRONG THAT IT IS; that religious persons are not intelligent; enables them to think in their survival of the fittest mentalities; that they are doing the world a favor by murdering people they THINK are stupid. (or so beneath them- in eugenic fascism like Hitler <http://www.facebook.com/notes/michael-swenson/depopulation-by-intent-or-accident/544721958940101>) So my personal anger at forced indoctrination that has people thinking such total CRAP (as atheism and evolution) is in any way "scientific" or scientifically supportable and thereby generating eugenic fascists of such incredible arrogance that has caused hundreds of millions to suffer and die in global genocides to this day <https://www.google.com/search...>; AND for which I have PERSONALLY SUFFERED hellishly; is from my perspective, MOST justified. end that insanity as quickly as possible. If YOU know how to do so; rather than criticizing my own passionate attempts; PLEASE, by all means DO IT!

**Michael Swenson** Those in the Faith of YAHOSHUAH AM MESCHIACH, aka JESUS the CHRIST, often are set forth as spectacles in the eyes of the world (and even some "Christians"; who don't realize that GOD uses such Messengers to plow the hard ground, take the heat, be hated, sacrificed, maltreated, so others in the Faith aren't perceived as so "radical" or "extreme" and don't have such an arduous time of it in their own witness[http://biblehub.com/2\\_corinthians/12-15.htm](http://biblehub.com/2_corinthians/12-15.htm) and so please don't question the intent of heart, the methods, of brothers and sisters in the faith; if their doctrine is true and supportable by facts; rather follow Christ yourself and if you are able; do so much the better)[http://biblehub.com/1\\_corinthians/4-9.htm](http://biblehub.com/1_corinthians/4-9.htm) at times such Messengers due to their own humility were despised by those who did not know better; <http://www.biblegateway.com/passage/...> their methods and motives questioned; rather than just realizing <http://biblehub.com/ephesians/5-13.htm>. (If instead of being judgmental, you actually take the time to read my notes, watch the videos, follow the links cited and referenced; you will discover end time truths and knowledge found nowhere in mainstream media or the mainstream church; such revelations that show the calling of God upon this ministry plainly). I encourage you and all to remember the reason our LORD was and is hated by the world. <http://biblehub.com/john/7-7.htm> I find far too many "Christians" these days ready to criticize others in the Faith; while they buddy up to this world.<http://biblehub.com/james/4-4.htm> They think their false piety of religiosity is winning them converts; when the world needs to hear TRUTH (not sugar coated or watered down)! especially concerning two of the most damaging and wicked worldviews/religions the world has ever known; like atheism and the theory of evolution.

**Trent Steele** This is my last point I want to make about your argument. You can disregard everything I pointed out before, and there is still one thing wrong. It is not feasible. You want to make the teaching of evolution illegal, but you also want it recognized as a religion. If it is a religion then you can't make it

illegal. We have freedom of religion. Something has to change about your argument because it defeats itself.

[March 19, 2014 at 7:05pm](#) · [Like](#)

**[Michael Swenson](#)** Now this last point at least shows some thought to the issue. Thank you, I appreciate that point. I have addressed the intent of the First Amendment in this note:<https://www.facebook.com/notes/michael-swenson/original-intent-of-the-religious-clause-of-the-first-amendment/553723191373311> and I am wanting to make it illegal to be taught in public education as science. Rather it should in the future find it's way under the history of the many superseded so called scientific theories; or better... how religion crept into public education under the guise (in the name) of "science". Not all "religions" or worldviews are protected under the First Amendment; those that promote genocides such as islam, satanism, and such wicked speech that advocates to conquer our nation (and all nations) such as certain religions...<http://www.facebook.com/notes/michael-swenson/islam-is-evil-and-any-worldview-that-calls-for-genocides-and-extreme-violence-to/560337004045263> and <http://www.facebook.com/notes/michael-swenson/the-dangers-of-remaining-ignorant-about-the-times-we-are-living-in/557410497671247> and <http://www.facebook.com/notes/michael-swenson/blasphemy-and-idolatry/568026456609651> and <http://www.facebook.com/notes/michael-swenson/warning-weve-been-invaded-and-infiltrated-our-nation-is-under-attack/566322743446689> can no more shelter them than any dogma can shelter rapists, robbers, murderers, and worse from justice. So to say that all people are inherently religious in nature (short of having virtually no beliefs at all, or at least none that they feel are worth advocating or defending); is not to say ANY ACTION (including those that cause brain damage; like black ops methods of mass brainwashing; forced indoctrination) can be condoned simply because it is linked to the occult; satanism or some other religious worldview. I cover the whole gamut of such arguments (being unfortunately all too used to them) in these notes: <http://www.blastthetrumpet.org/documents/PoliceState.htm> (all those cited in that note). Crimes are crimes, and doing crimes; in the name of any religion, will not excuse the criminals from the consequences of their crimes. (especially of the most damaging nature to others; like intentional brainwashing put in place by very wicked persons in the name of mass social engineering).

**[Trent Steele](#)** So if we get the government to recognize it as a religion, then it has to be banned from schools.

[March 19, 2014 at 7:25pm](#) · [Like](#)

**[Michael Swenson](#)** no, I am not advocating religions or the knowledge of religions be banned from public education. I am saying that specifically the fiction of the theory of evolution should not be taught as science. If religion is banned from schools, then knowledge is banned from schools. If there is any forum for education (including "religions") it should be public schools. (not banned, supported or forced to adhere to - just knowledge of; like knowledge of cultures, world history; from an objective view). What I advocate teaching to everyone; especially children is factual truth; not perceived truth; not wishful thinking; not conjectures or hypotheses, just facts. The facts presented in my notes; especially <http://www.facebook.com/.../evidence-of.../568134419932188> and <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230> support the Biblical Account verse by verse in places of the text and if I had the right team we could do so with virtually the entire Bible (except for such prophecies as yet to be fulfilled). If the scientific evidence supports the Biblical Account and it does; then that is what should be taught; instead of intentionally rewriting history, and suppressing that evidence to propose complete fiction like the evolutionary tree(s) - they have morphed numerous times; in a vain attempt to try and continue to justify the theory that should have been discarded as rubbish when it was first postulated) and the so called geologic column, etc. Suppression of the giant skeletons found all over the world; while they show animations of apes becoming humans (because they have no actual evidence to support the disproven theory) is still being forced on innocent children. I want truth to be taught. And since truth crosses all kinds of terminologies; including the term of "religion" and religious connotations; I do not want religion banned just because a worldview or even

a single factual, truthful concept could be categorized under, associated with or labeled as such. What I do want banned is teaching fiction of any kind as scientific fact or in the name of science.

NEWS | Christian Professor Faces Job Discrimination After Conversion from Atheism

A professor of criminology at the University of North Carolina, Dr. Mike Adams, has filed a suit against the university saying he has been routinely discriminated against for his publicized and Christian based views on social issues since his conversion to Christianity in 2000. Before his conversion, Dr. Adams was regularly awarded for his work and promoted. This reportedly ended after he converted to Christianity, and in 2011 a U.S. court of appeals ruled that there was sufficient evidence in Dr. Adams case to warrant a trial. The case is part of a wider anti-Christian culture that has permeated academia for decades.

*A better question would be,*

**"Why not?"**

### Atheists claim...

1. that truth is relative.
2. to adhere to no certain standards of morality.
3. that morality is subjective.

No intelligent 4-year old believes he can toss these puzzle pieces into the air and have them come down completely assembled... no matter how many times he tries it. But an Atheist believes the entire universe did even more than that!

Atheism is a joke but only Satan laughs.

## RELIGION IS NOT THE #1 CAUSE OF VIOLENCE AND WAR!

Liars often claim that religion is the #1 cause of violence and war in the history of humankind. Evidence proves them wrong!

An interesting source of truth on the matter is the *Encyclopedia of Wars*. It chronicles some 1,763 wars over the course of human history. Of those wars, only 123 have been religious in nature, which is an astonishingly low 6.98% of all wars. However, when one subtracts out those waged in the name of Islam (66), the percentage is cut by more than half to **3.23%**.

**NON-religious motivations and naturalistic philosophies bear the blame for nearly all of humankind's wars, over 93%!**

### Non-Religious Dictator Lives Lost

Joseph Stalin - 42,672,000  
Mao Zedong - 37,828,000  
Adolf Hitler - 20,946,000  
Chiang Kai-shek - 10,214,000  
Vladimir Lenin - 4,017,000  
Hideki Tojo - 3,990,000  
Pol Pot - 2,397,000

### Answers for atheists

"Love your neighbor as yourself. Love does no wrong to others; therefore love is the fulfillment of the law."

-Romans 13:9-10

If everyone in the world followed Jesus Christ's teachings, this would be a world of peace and love, without violence, without hate and without war.

On the other hand, it has been estimated that in less than the past 100 years, governments under the banner of ATHEISTIC communism have caused the death of 259,432,000 human lives.

For instance:

Non-Religious Dictator Lives Lost

Joseph Stalin - 42,672,000

Mao Zedong - 37,828,000

Adolf Hitler - 20,946,000

Chiang Kai-shek - 10,214,000

Vladimir Lenin - 4,017,000

Hideki Tojo - 3,990,000

Pol Pot - 2,397,000

Therefore, the #1 cause of violence and war in human history has been “NON-religious motivations”.

# Cognitive Dissonance

“Sometimes people hold a core belief that is very strong.

When they are presented with evidence that works against that belief, the new evidence cannot be accepted.

It would create a feeling that is extremely uncomfortable, called cognitive dissonance.

And because it is so important to protect the core belief, they will rationalize, ignore and even deny anything that doesn't fit in with the core belief.”

# THE CHANCE OF THE GAPS FALLACY

“Statistical reasoning must be capable of eliminating chance when the probability of events gets too small. If not, chance can be invoked to explain anything. Scientists rightly resist invoking the supernatural in scientific explanations for fear of committing a god-of-the-gaps fallacy. Yet without some restriction on the use of chance, scientists are in danger of committing a logically equivalent fallacy—one we may call the “chance-of-the-gaps fallacy.” Chance, like God, can become a stop-gap for ignorance.

Dear atheist,  
Christians don't believe in a "sky-fairy", whatever that might be, and if you believe that is what theism entails it's no wonder you're an atheist. We just simply don't believe that human minds capable of rational thought and aesthetic and ethical judgement are simply random collocations of molecules existing in a Universe randomly thrown out into time and space going nowhere, meaning nothing, and slowly succumbing to entropic heat death.

**Michael Swenson** Men of God like Hovind, Comfort, Ham in their evangelistic zeal should not be swept aside so casually when their organizations involve not just their own opinions but valid scientific arguments from not just accredited scientists but from internationally famous ones, the fathers of sciences and even Nobel prize winners. Conversely, there is no scientific support for the theory of evolution, there is no scientific support for atheism. There is nothing wrong with the cosmological argument, except for those who fail to understand the proofs of the truth of the premises involved. There is more than enough scientific evidence for the existence of God and proof that God is the One Declared in the Holy Bible. <http://www.facebook.com/.../evidence-of.../568134419932188> and <http://www.facebook.com/notes/michael-swenson/the-sufferings-of-christ-a-treatise-on-repentance-and-forgiveness/556880667724230> Educate yourself more, before attempting to instruct others. [Michael Swenson](#) <https://www.youtube.com/watch?v=meIg-TyDm-g> In this debate the evolutionist makes a statement that no way does a single pair of horses etc. produce all the variations we see today, but that is because he is drawing his conclusion from a false premise and lack of knowledge. <http://biblehub.com/genesis/7-2.htm> notice all clean animals had SEVEN pairs and unclean had one pair. Further the math behind population growth rates of species easily arrive to current population numbers on earth from just thousands of years ago, while the evolutionary claims of long time would have filled this world with species beyond the total living and fossilized remains "BILLIONS" OF TIMES OVER. (evolutionary "deep time" claims is disproven by mathematics) And he furthermore must be lacking knowledge behind observations of the silver fox: <https://www.youtube.com/watch?v=ZEOjlsUd7j8> widespread variations in short time proves the BIBLICAL ACCOUNT; NOT evolution! the evolutionist claims he has evidence that whales evolved from animals that lived on land and that he can prove it, BUT NEVER DOES; BECAUSE THERE IS NO SUCH EVIDENCE! <https://www.google.com/webhp?sourceid=chrome-instant...>

They came up with one chance in 10 to the 40,000th power (that's 1 with 40,000 zeros after it). Since there are only about 10 to the 80th power subatomic particles in the entire visible universe, the physicists concluded that this was "an outrageously small probability that could not be faced even if the whole universe consisted of organic soup."—SHOW ME GOD, by Fred Heeren.

“Overall, what the field of protein evolution needs are some plausible, solid hypotheses to explain how random sequences of amino acids turned into the sophisticated entities that we recognize today as proteins. Like if you think atheists should stop quoting actors and comedians as if they are qualified authority on religion. Pop culture celebrities reflect the prevailing biases of their time and have their own political agendas. If atheists claim to be objective and rational, shouldn't they consult actual academics who specialize in these topics?

This is an "argument from authority" logical fallacy: "look at all these Christian Nobel Prize winners! They must know what they're talking about so God must exist!"  
And by that logic it means since Stephen Hawking, the smartest man on the planet, is an atheist, then he must be right and god doesn't exist right?  
It's so CUTE seeing apologists try to puzzle out how basic logic works!

This bigoted atheist thinks being a Christian and being rational are antithetical. Does he/she not know that the fathers of modern science like Copernicus, Galileo, Kepler, Newton and Boyle were all Christians?  
According to 100 Years of Nobel Prizes a review of Nobel prizes award between 1901 and 2000 reveals that (65.4%) of Nobel Prizes Laureates, have identified Christianity in its various forms as their religious preference [9] Overall, Christians have won a total of 78.3% of all the Nobel Prizes in Peace [10] 72.5% in Chemistry, 65.3% in Physics [10] 62% in Medicine, [10] 54% in Economics [10] and 49.5% of all Literature awards [10]

Here's a perfect embodiment of militant atheist irrationality and dishonesty. This militant atheist misconstrues what we said on our recent post and commits the strawman fallacy by attacking an argument that we never made. Notice we never said that because many great scientists have been Christians, Christianity is true. Rather, we addressed and refuted the bigoted assertion of another militant atheist who asserted that being a Christian and being rational are antithetical by citing these great scientists who were Christians.

How far will militant atheists go to rationalize their own bigotry and prejudice?

"The truth is that Irreligion is the opium of the people. Wherever the people do not believe in something beyond the world, they will worship the world. But, above all, they will worship the strongest thing in the world. And, by the very nature of the Bolshevist and many other modern systems, as well as by the practical working of almost any system, the State will be strongest thing in the world. The whole tendency of men is to treat the solitary State as the solitary standard." G.K. Chesterton argues that democracy is only possible among a people who believe in God. How could a material, inanimate, unintelligent, unconscious force produce an intelligent living, breathing being? It takes a living, intelligent being to create a living, intelligent being. Non-life does not produce life. You could leave the barren side of a mountain exposed to wind, rain, the forces of nature, chance and millions of years of time and you would never get a Mount Rushmore, let alone a living, breathing human being. Why? It takes intelligence. You need intelligent intervention.

It would take great intelligence to create a robot that operates like a human, and even more so, it takes intelligence to create a real human being.

## FACTS OF THE RESURRECTION

**FACT #1:** After his crucifixion, Jesus was buried in a tomb by Joseph of Arimathea.

**FACT #2:** On the Sunday following the crucifixion, Jesus' tomb was found empty by a group of his women followers.

**FACT #3:** On multiple occasions and under various circumstances, different individuals and groups of people experienced appearances of Jesus alive from the dead.

**FACT #4:** The original disciples believed that Jesus was risen from the dead and were willing to go to their deaths for the fact of Jesus' resurrection.

The Illogical Atheist

### [The Illogical Atheist](#)

AN EXCELLENT RESOURCE page on the historicity of the Resurrection

12 Historical Facts (Most Critical Scholars Believe These 12 items)

1. Jesus died by crucifixion.
2. He was buried.
3. His death caused the disciples to despair and lose hope.
4. The tomb was empty (the most contested).
5. The disciples had experiences which they believed were literal appearances of the risen Jesus (the most important proof).
6. The disciples were transformed from doubters to bold proclaimers.
7. The resurrection was the central message.
8. They preached the message of Jesus' resurrection in Jerusalem.
9. The Church was born and grew.
10. Orthodox Jews who believed in Christ made Sunday their primary day of worship.

11. James was converted to the faith when he saw the resurrected Jesus (James was a family skeptic).
12. Paul was converted to the faith (Paul was an outsider skeptic).

#### What Do Most Scholars Believe?

In *The Case for the Real Jesus* by Lee Strobel (p. 112), Mike Licona said, "[Gary] Habermas has compiled a list of more than 2,200 sources in French, German, and English in which experts have written on the resurrection from 1975 to the present. He has identified minimal facts that are strongly evidenced and which are regarded as historical by a large majority of scholars, including skeptics. We try to come up with the best historical explanation to account for these facts. This is called the Minimal Facts Approach."

William Lane Craig (sadly, a non-OSASer) does confirm Habermas recorded 1400 scholars (both skeptics and non-skeptics alike) whom 75% agree the tomb was empty and nearly all agree the original disciples truly believed they had seen Jesus alive from the dead bodily, for a vision wouldn't convince the disciples of resurrection.

Gary Habermas said (2009) on the John Ankerberg Show, "I just did a count recently of what scholars say. First of all you can count guys on one hand of the 2400 sources since 1975 on the resurrection [in] French, German, English...who think apparent death [is true]. When scholars respond they still cite David Strauss. I think we would all like to have that kind of influence in our writings. His critique has been around almost 200 years." Habermas was referring to Strauss's argument that Jesus wouldn't look much like a risen Messiah to the disciples all battered and bruised.

Habermas and Licona co-authored the award winning book, *The Case for the Resurrection of Jesus* (2004). Historian Paul Maier said the book's response to naturalistic explanations for the resurrection "are the most comprehensive treatment of the subject anywhere." Philosopher J. P. Moreland said the book presented what "may be the most thorough defense of historicity of the resurrection."

[Answers in Genesis](#)

Vestigial organs have long been one of the classic arguments used as evidence for evolution. The argument goes like this: living organisms, including man, contain organs that were once functional in our evolutionary past, but that are now useless or have reduced function. This is considered by many to be compelling evidence for evolution. More importantly, vestigial organs are considered by some evolutionists to be evidence against creation because they reason a perfect Creator would not make useless organs.

ADJUST THE THEORY AS GO ALONG**

"A geologist at the Berkeley Geochronology Center, [Carl] Swisher uses the most advanced techniques to date human fossils. Last spring he was re-evaluating *Homo erectus* skulls found in Java in the 1930s by testing the sediment found with them. A hominid species assumed to be an ancestor of *Homo sapiens*,

"erectus was thought to have vanished some 250,000 years ago. But even though he used two different dating methods, Swisher kept making the same startling find: the bones were 53,000 years old at most and possibly no more than 27,000 years— a stretch of time contemporaneous with modern humans."

They do this in order to practice the sins of their choice, thinking those sinful ways are something enticing and desirable only to find out when they go down that dark path how empty and void of anything of value they really are. So having destroyed all hope and finding nothing of true and lasting value in their sinful ways, they become empty and void of any rationale to go on living. A scientific research study published in the The American Journal of Psychiatry found that:

"Religiously unaffiliated subjects had significantly more lifetime suicide attempts and more first-degree relatives who committed suicide than subjects who endorsed a religious affiliation. Unaffiliated subjects were younger, less often married, less often had children, and had less contact with family members. Furthermore, subjects with no religious affiliation perceived fewer reasons for living, particularly fewer moral objections to suicide. In terms of clinical characteristics, religiously unaffiliated subjects had more lifetime impulsivity, aggression, and past substance use disorder."

Moreover, a research study from the World Health Organisation revealed that "nine of ten of the nations with the highest male suicide rates are strongly irreligious nations with the highest levels of

atheism, while countries with the lowest male suicide rates are highly religious nations with statistically insignificant levels of organic atheism."

"I have faith in history books. I rely on that information in my conversations and my writing." Danny O'Brien.

Napoleon wisely said that mankind will believe anything as long as it's not in the Bible.

Your faith is in history books, but what they say can't be completely relied upon. It can only be believed. Can you give empirical proof that anything happened before 1800 (something we don't have to receive by blind faith)?

The Bible is unique in that the Author promises to reveal Himself to all who obey its words (see John 14:21) and guide them through its pages (see John 16:13). He personally confirms the truth of His Word.

### [Answers for atheists](#)

WHEN ATHEISTS WERE THE MAJORITY!

An extremely sad historical fact!

It is estimated that in the past 100 years, atheist governments have caused the death of somewhere between 40,472,000 to 259,432,000 human lives.

For instance, Joseph Stalin was a famous atheist, leader of the Soviet Union from the mid-1920s until his death in 1953.

The total number of Christian victims of Soviet state atheist policies, has been estimated to range between 12-20 millions.

The Soviet policy toward religion was based on the ideology of Marxism-Leninism, which made ATHEISM the official doctrine of the Soviet Union. Marxism-Leninism has consistently advocated the control, suppression, and the elimination of religion.

From 1932 to 1937 Joseph Stalin declared the 'five-year plans of atheism' and the League of Militant Atheists was charged with completely eliminating all religious expression in the country. Many of these

same methods and terror tactics were also imposed against others that the regime considered to be its ideological enemies.

The Soviet state was committed to the destruction of religion, and destroyed churches, mosques and temples, ridiculed, harassed, tortured and executed religious people; flooded the schools and media with atheistic teachings, and generally promoted atheism as the truth that society had to accept by force.

# ATHEISM

Time is a human's most valuable resource. So what do Atheists do with it? They waste it looking for forums where they can argue that God doesn't exist. That's right, they expend their most valuable and scarce commodity thinking about and talking about something they claim doesn't even exist. That is completely irrational behavior.

### [Quantum Prophecies](#)

Once upon a time there was nothing. Then there was something. Then something became alive! It originated from inanimate pond-scum and then it grew in complexity. It defied the principles of information theory and software engineering by self-programming the most complex algorithms in the known universe. Then through chance, time and necessity, that previously inanimate pond-scum also created quality control and repair mechanisms & complex communication systems (most of which exceeded our level of understanding) which harnessed digital languages and decoding systems (and it stored the information in the memory banks) which were governed by a control system with proofreading and adaptive coding. Then a process called natural selection chose the most suitable organs and limbs (and a bunch of other stuff) and it worked alongside mutations, which also occurred, and they helped. Then after a real long time bacteria turned into butterflies and frogs turned into snakes and apes, then finally, yes finally MAN CAME and MAN was GOOD. He was relieved that nature was capable of creating the multi-level encryption and multiple semiotic coding systems within his body.

Then, one day, along came the Neo-Darwinists, and they were dogmatic. When it was discovered that no physical or chemical process can give rise to life or the information within living systems, they became frustrated and poked fun at the Christians and accused them of believing in silly fairy tales. They tried desperately to hide behind intellectuals, they misused and misunderstood science and appealed to peoples ignorance. Sadly, they couldn't provide a rational theory (which consisted of a plausible

mechanism, a level of prediction and empirical evidence) to illustrate how life and information systems can originate. Many of them couldn't accept that their worldview had been operationally falsified. The end.

Progressive loss of DNA sequences from terminal chromosome deficiencies in *Drosophila melanogaster*.

This article has been cited by other articles in PMC.

Abstract

Terminal deficiencies at the tip of the X chromosome can be induced at a high frequency (0.2-0.3%) by irradiating *Drosophila* females carrying a homozygous mutator ( $\mu$ -2) with low doses of X-rays. These terminal deficiencies are unstable, since over a period of 3 1/2 years DNA sequences were lost from their distal ends at a rate of 75 bp per generation, presumably due to the absence of a complete wild-type telomeric structure. Breakpoints of these deletions in the 5' upstream regulatory region of the yellow gene, giving rise to a mosaic cuticle pigmentation pattern typical of the  $\gamma$ 2 type, were used to define the location of tissue-specific cis-acting regulatory elements that are required for body, wing or bristle pigmentation.

- 1. Evolution is a fact**  
(Unicellular organisms gradually morphing into all life on Earth is as much fact as the tooth fairy riding the Easter bunny to Narnia)
  - 2. Evolution has mountains of evidence**  
(more like mountains of bull, erroneous speculation, and mountains of faith in naturalism)
  - 3. If you don't believe in evolution then you just don't understand it**

  - 4. All scientists believe in evolution**  
(except for THOUSANDS that do not believe in it, [www.dissentfromdarwin.org](http://www.dissentfromdarwin.org))
  - 5. The flu virus is proof of evolution**  
(biologists don't even consider viruses to be living organisms you ignorant evo-disciple)

Sponges haven't evolved! "A team of researchers with members from China, the U.S. and France has identified an ancient sponge found in a geologic formation in southern China and have dated it to [supposedly] 600 million years ago [60 million years before the Cambrian started], ...the team claims the sponge is the oldest ever found and likely represents a group of descendants that is an ancestor of all sponges.

...The team has named it Eocyathispongia qiania and note that it is made up of hundreds of thousands of cells and is formed in three tube-like chambers that are affixed to a common base, with cell structures

that resemble those in modern sponges. They also found surface cells that indicate pores, again, like modern sponges, which control water flowing into the organism." (Oldest known sponge found in China, Mar 10, 2015)

Creatures that are supposedly extinct are not extinct, they've just been given different names for example: On the left we have the supposedly extinct "Belemnobatis Sismondaei" a fossil carbon dated at [supposedly] "148 million" years old... and on the right we have a modern Shovelnose Ray "Rhinobatos productus" Same size. Same skeletal structure. Same body

shape. <http://www.halleethehomemaker.com/.../03/shovelray-640x170.png>

Same as trilobite and horseshoe crab. Which have suffered a loss.

"Horseshoe crabs are famous for having changed little in morphology since they first show up in the fossil record [supposedly] over 400 million years ago (!): they are thus called "living fossils". (In fact, the title of Richard Fortey's new book on living fossils is Horseshoe Crabs and Velvet Worms. Well, living species are remarkably similar in general external features to their long-dead (and extinct) relatives, but there are distinct differences, and of course we know nothing about the difference in their internal features, nor in the structure of the DNA of ancient species (go here for more criticisms of the notion that horseshoe crabs are living fossils). Nevertheless, there is surprising "stasis" of morphology over a very long period of time, and we're not sure why that is. ...What has happened, evolution-wise?

Obviously, an entire set of limbs, the outer member of each biramous pair, has disappeared somewhere during the evolution of modern horseshoe crabs. We don't know exactly why this happened, or, if it was due to selection, what form of selection would favor such loss. But the authors do speculate about the

genetic basis of the loss. ...Regardless of its cause, the difference in limb number between ancient and modern horseshoe crabs shows that what are regarded as "living fossils" may well be at one extreme of "changeability" among long-lived groups, but they have by no means remained completely unchanged." (Horseshoe crabs aren't really "living fossils")

<http://whyevolutionistrue.wordpress.com/.../horseshoe-crabs-.../>

"The basic arrangement of limbs in euarthropods consists of a uniramous head appendage followed by a series of biramous appendages. The body is divided into functional units or tagmata which are usually distinguished by further differentiation of the limbs. The living horseshoe crabs are remnants of a much larger diversity of aquatic chelicerates. The limbs of the anterior and posterior divisions of the body of living horseshoe crabs differ in the loss of the outer and inner ramus, respectively, of an ancestral biramous limb. Here we report a new fossil horseshoe crab from the mid-Silurian Lagerstätte in Herefordshire, United Kingdom (approximately 425 Myr B.P.), a site that has yielded a remarkably preserved assemblage of soft-bodied fossils. The limbs of the new form can be homologized with those of living *Limulus*, but retain an ancestral biramous morphology. Remarkably, however, the two limb branches originate separately, providing fossil evidence to suggest that repression or loss of gene expression might have given rise to the appendage morphology of *Limulus*. Both branches of the prosomal limbs of this new fossil are robust and segmented in contrast to their morphology in Cambrian arthropods, revealing that a true biramous limb was once present in chelicerates as well as in the mandibulates." "Conventional neo-Darwinian theory views organisms as infinitely sensitive and responsive to their environments, and considers them able to readily change size or shape when they adapt to selective pressures. Yet since 1863 it has been well known that Pleistocene animals and plants do not show much morphological change or speciation in response to the glacial–interglacial climate cycles. ...none of the Pleistocene pit samples is statistically distinct from the rest, indicating complete stasis from 35 ka to 9 ka. The sole exception was the Pit 13 sample of dire wolves (16 ka), which was significantly smaller than the rest, but this did not occur in response to climate change. ... None showed directional change; all were either static or showed a random walk. Thus, the data show that birds and mammals at Rancho La Brea show complete stasis and were unresponsive to the major climate change that occurred at 20 ka, consistent with other studies of Pleistocene animals and plants." (Size and shape stasis in late Pleistocene mammals and birds from Rancho La Brea during the Last Glacial–Interglacial cycle, Quaternary Science Reviews, Volume 56, 21 November 2012, Pages 1–10)

<http://authors.library.caltech.edu/36172/>

<http://www.sciencedirect.com/.../article/pii/S0277379112003289>

"Sure enough, there was complete stasis with no statistically significant size or shape changes through the entire interval, even during the peak glacial when cooler and drier conditions might predict that they would have larger body size (Bergmann's Rule) or shorter limbs (Allen's Rule). Why stasis is so prevalent in the region is still not completely understood. It may be, as Bruce Lieberman and Niles Eldredge have suggested, that most species are much more broadly adapted than we realize, and can live in a wider variety of climatic settings without a noticeable difference in size or proportions than we used to think. Either way, it shoots down the oversold idea from Neo-Darwinism that organisms are delicately adapted to small environmental changes and adapt in response to every little blip in climate, as in the famous example of the Galapagos finches." (MYSTERIES OF THE TAR PITS by DONALD PROTHERO, Mar 27 2013)

<http://www.skepticblog.org/.../.../27/mysteries-of-the-tar-pits/>

"After six years of work and publication, the conclusion is clear: none of the common Ice Age mammals and birds responded to any of the climate changes at La Brea in the last 35,000 years, even though the region went from dry chaparral to snowy pinon-juniper forests during the peak glacial 20,000 years ago,

and then back to the modern chaparral again. ...

In four of the biggest climatic-vegetational events of the last 50 million years, the mammals and birds show no noticeable change in response to changing climates. No matter how many presentations I give where I show these data, no one (including myself) has a good explanation yet for such widespread stasis despite the obvious selective pressures of changing climate. ...

Such stasis, along with the examples documented from nearly all other Pleistocene mammals and birds, argues that organisms are not as responsive to environmental change as classical neo-Darwinian theory predicts." (Stasis in Pleistocene mammals and birds, Oct. 26, 2012)

"In four of the biggest climatic-vegetational events of the last [supposedly 50 million years, the mammals and birds show no noticeable change in response to changing climates. No matter how many presentations I give where I show these data, no one (including myself) has a good explanation yet for such widespread stasis despite the obvious selective pressures of changing climate. Rather than answers, we have more questions." (Donald Prothero)

The fossil record

<http://www.answersingenesis.org/articles/ee2/fossil-record>

"In the evolutionary story, environmental change, or the development of new environmental niches, drives evolution as organisms adapt to new environments. So they argue that living fossils are the creatures whose environment did not change. However, in the evolutionary view Earth has sustained multiple global catastrophes (but not a global flood; the Bible speaks about that!) and multiple ice ages. How could there be any place on earth that has remained static, including no change in predators? And living fossils occur across the spectrum of life; and they are very common.

Combine the observations of stasis and the scarcity of transitional fossils (there should be millions of them) and you have to ask, "Where is the fossil evidence for evolution?" (Don Batten, Evolutionists can't dodge 'Living Fossils')

### [Atheism on the Slide](#)

Many atheists accuse Christians of only being Christians because we were born into and grew up in the church. That of course is refuted instantly because I grew up in a non-religious home, became an atheist and now I'm a Christian.

I don't think they realize that that same fallacious argument can be turned on them, concerning their beliefs in evolution. Of course I wouldn't recommend it because it would be the same exact fallacy that they commit. But, it is true that although this may not be the case for all atheists, but many only believe in evolution because they've been indoctrinated into it from childhood. From their little cartoons, all the way up to high school and college, they've been taught that it's indisputable fact and that it is not to be questioned.

Atheist call creationists "non-thinkers" That never question what we were taught. That's odd because most creationist I know are creationists because we did question what we were taught. We didn't grow up learning about it in school. In fact, I didn't even know about creation research until later on in life. We had to actually go out and search for information that is generally hidden from many people.

"Evolutionary theory teaches the ancestors of gorillas interbred with the ancestors of humans and chimps, and human ancestors and chimpanzee ancestors interbred, with humans descending from the hybrid population. The Bible clearly forbids humans interbreeding with animals, saying it's a perversion [distortion or corruption of the original course, meaning, or state of something]. How do Theistic evolutionists reconcile this?

The ancestors of gorillas supposedly interbred with the ancestors of humans and chimps: <http://www.newscientist.com/.../bonobo-genome-hints-at...> Chimpanzee and human ancestors supposedly interbred: <http://www.nature.com/.../060515/full/news060515-10.html> "Neither shalt thou lie with any beast to defile thyself therewith: neither shall any woman stand before a beast to lie down thereto: it is confusion." ~ Leviticus 18.23 (KJV)

The word "confusion" [Hebrew word: tebel], means perversion, unnatural bestiality; the violation of nature, or the divine order. The word "perversion", means distortion or corruption of the original course, meaning, or state of something, sexual behaviour that is considered abnormal and unacceptable.

Some other translations: "And you shall not lie with any animal and so make yourself unclean with it, neither shall any woman give herself to an animal to lie with it: it is perversion." ~ Leviticus 18.23 (ESV)

"Don't have sex with an animal and violate yourself by it. A woman must not have sex with an animal. That is perverse." ~ Leviticus 18.23 (MSG)

"Also you shall not have intercourse with any animal to be defiled with it, nor shall any woman stand before an animal to [a]mate with it; it is a perversion." ~ Leviticus 18.23 (NASB)

"Do not have sexual relations with an animal and defile yourself with it. A woman must not present herself to an animal to have sexual relations with it; that is a perversion." ~ Leviticus 18.23 (NIV)

"Nor shall you mate with any animal, to defile yourself with it. Nor shall any woman stand before an animal to mate with it. It is perversion." ~ Leviticus 18.23 (NKJV)

**[Michael Swenson](#)** I never said atheists were immoral. I said atheism is amoral.

Just as a person can stand on the Charles bridge while denying it exists, so a person can behave ethically while denying any possible rational basis for ethics.

So atheists exercise the blindest faith, simultaneously denying that there is any purpose for the universe and all it contains while claiming they (or anyone else) can be "good".

Everyone knows this is absurd, except the atheists who insist they are no different from everyone else.

# THE POPES OF ATHEISM

**King James Bible** 2 Timothy 3:6

**For of this sort are they which creep into houses, and lead captive silly women laden with sins, led away with divers lusts,**

## GENTLE PEDOPHILES

"reports of child abuse cover a multitude of sins, from mild fondling to violent buggery...just because some pedophile assaults are violent and painful, it doesn't mean that all are. A child too young to notice what is happening at the hands of a gentle pedophile will have no difficulty at all in noticing the pain inflicted by a violent one."

[Michael Swenson](#) per Anthony Jan Yap "1. Fossils are tangible. It can give us an idea if evolution ever took place. But does the fossil record shows evolution? Absolutely not. From Charles Darwin, to S. Gould, to Richard Dawkins, they all admit that the fossil record does not show any signs of evolution. Only the lay evolutionists who knows nothing about the matter believes that the fossil record proves evolution. In fact, if you read Charles Darwin's book, you will find that his greatest problem with his theory is the fossil record because it speaks AGAINST evolution. Read Darwin's book so you will get an idea.

But let me give a sample:

"It is as though they [fossils] were just planted there, without any evolutionary history. Needless to say this appearance of sudden planting has delighted creationists. ...Both schools of thought (Punctuationists and Gradualists) despise so-called scientific creationists equally, and both agree that THE MAJOR GAPS ARE REAL, that they are true imperfections in the fossil record. The only alternative explanation of the sudden appearance of so many complex animal types in the Cambrian era is divine creation and both reject this alternative." - Richard Dawkins, *The Blind Watchmaker*, pp. 229-230, emphasis are mine

Now I don't care what "special pleading" (a fallacy, pathetic excuse) that Richard Dawkins made after he said those things (he even admitted in that same book that he is doing a special pleading fallacy). The fact is he admits the reality that the fossil record speaks highly AGAINST evolution.

2. Genetics is observable indeed. But does it show evolution? NO. A big fat NO. In fact, it also speaks highly AGAINST evolution. Our genes are DETERIORATING negatively, not evolving at all. To evolve a frog into a reptile requires addition of NEW functional and purposeful information in the DNA such as the programming for the positioning of all the scales, new organs, and so on. This is impossible to achieve by deteriorating the genome or by chance. It is the same with hoping that a WindowsXP operating system would turn into a Windows8 operating system via natural data loss and copying errors in the hard drive (assuming that you keep on copying the hard drive and destroying the original to simulate a realistic

living population). Yet the programming for DNA (even for just the eye) is far, far too complex than a Windows8 software. But what will you get from that hard drive if you extrapolate forward? You will get a dead software that will not even boot up and that's what will happen to us in the future. So therefore, genetics is the most powerful evidence that Evolution is not happening today nor even possible.

3. Geology and Archaeology you said? Dinosaur fossils are found with soft-tissues (meat), blood, osteocytes, and even some remnants of DNA. Furthermore, they still contain Carbon14 (detectable half-life of only 90,000 years max) inside. These things don't even last a million years, especially if they are just laying there in the dirt. Carbondating shows that dinosaurs are only around 10,000 to 50,000 years old. That's a mortal blow to the theory of evolution. And all the evolution scientists could offer as an excuse is that fraudulent Iron Preservation (by Mary Schweitzer et al). It was found that they lied, there was no iron on so many samples (they just cropped those images of areas with iron). Even if there was, it can't even preserve the proteins for millions of years. It was a hastily made-up excuse to silence the lay evolutionists who would just accept any explanation, no matter how stupid it is, just to defend their precious Evolution. I don't care what the textbooks says. They are all relying on assumptions. But this right here is empirical evidence that trumps all evolutionary assumptions of millions of years.

In light of those very solid evidences, it is clear that Evolution did not happen in the past (fossil record), is not happening now (genetic deterioration), and will never even happen (genetic complexity).

But I know evolutionists won't understand these things because evolutionists cling to imaginary evidences that don't even exist or on fraudulent evidences that they deliberately made while Creationists rely on honest empirical science. Evolutionists are science deniers. "

Mr. Mikhail Mashin, the director of the ZIL, has built a thriving business on the refutation of this particular Dawkinsian myth. Under Soviet rule, ZIL made cars, but the competition ZIL faced from Western automotive manufacturers after the fall of the Soviet Union forced the company to creatively explore other markets. ZIL now manufactures church bells because there is a booming business in church construction due to the fact that from 1917 to 1969, the atheist Soviets destroyed "thousands of churches, monasteries and convents across the country":<http://www.washingtontimes.com/.../apr/24/20040424-105838-4.../...>

"The Secularization Experiment included not only a wide range of coercive tactics intent on driving the individual from any public expression of religion but also a denial of meeting places for religious groups.

In seizing all private property, Communist Party officials were able to determine the fate of all churches, mosques, and synagogues. In 1914, before Communist rule, there were approximately 54,000 functioning Russian Orthodox Churches; by 1941, only 4,200 churches remained open. In 1941, less than 8 percent of the Russian Orthodox Churches functioning in 1914 were still in existence. The number of Russian Orthodox Churches then grew during World War II as restrictions on church activities were briefly lifted; this number subsequently shrank as postwar antireligious policies reemerged. Monasteries and convents were also closed in great numbers; by 1964, only ten Orthodox monasteries and convents were still in existence from the hundreds that functioned before Communist rule. Churches were not only closed but, as an additional insult to the religiously devout, the structures were often converted into Communist offices or other buildings. Most dramatically, Communist officials remade the beautiful St. Petersburg cathedral of Our Lady of Kazan into the Museum of the History of Religion and of Atheism, which provided exhibits to demonstrate the "folly" of religion. In many cases, exquisite church buildings were simply demolished. The ornate and architecturally unique Cathedral of Christ the Savior was blown up to make way for a proposed shrine to Lenin. ... Church bells were confiscated and melted down for their precious metal, and holy relics were ransacked. ... These acts of vandalism display not only a hatred for religious ideology but also an intense loathing of the existence of religious artifacts." - Paul Froese, *The Plot to Kill God: Findings from the Soviet Experiment in Secularization*. # Antony Flew Became a Theist

Shortly after the 2000 debate on the John Ankerberg show with Gary R. Habermas—leading scholar and foremost expert in world on the resurrection of Jesus, **the leading and most published atheist scholar of the 20th century Antony Flew renounced his atheism.** Antony Flew never did give his life to Christ but became a deist (a theist who rejects a personal God). **He passed away April 8, 2010.** This only goes to the point not whether theism is true or not but which theism, and very rarely does someone give their life to Christ at such an advanced age.

Flew said the reason he became a theist was because of the complexity of the cell. *Whereas, I accepted Jesus was, is and always will be God by realizing all things sum up in Christ through observing the unsatisfied searching of another person. It would take the equivalent of a hundred thousand encyclopedias to explain all the workings of the cell; or all the books in the entire Library of Congress, or all the knowledge we currently have about the universe.*

However one may want to define life, it is hard to fathom how non-life can spontaneously turn into the simplest replicating life, let alone how unconscious processes with no mind, will, emotion, conscience, communion and intuition can produce these qualities and attributes for sentient life to exist. Can two rocks banging together for a very long time generate beings with self-consciousness and able to say, "I think, therefore I am." If it sounds absurd it probably is.

A 27-million-year-old fossil tooth could be the "missing link" between modern elephants and their ancestors, scientists have concluded.

Restoration of the new Proboscidean species, Eritreum melakeghebrestosi, compared with the modern elephant ancestor, Gomphotherium angustidens.

Researchers led by Jeheskel Shoshani of the University of Amara in Eritrea recently discovered the lower part of a mandible in the northeast African country of Eritrea. **The unearthed tooth had a structure intermediate in shape between modern and ancient elephants.**

"This is really pointing toward the Horn of Africa as being a real hot bed for the evolution of elephants," said study team member William Sanders of the Museum of Paleontology at the University of Michigan, Ann Arbor.

Extreme variation - However, they are both still canines.

"Officials with the American Kennel Club are trying to decide what to call the new breed of dog that is, somehow, a cross between the tiny Chihuahua and the very large Great Dane." (New dogbreed: Chidane-dane or Great Mexican?)

<http://ponderingsfrompluto.wordpress.com/.../new-dogbreed-ch.../>

The IGF1 gene plays a role in body size for dogs, in small dogs [like chihuahuas] the activity of the gene is suppressed, which inhibits growth.

Chihuahuas have "... a particular piece of DNA sitting in their sequence, next to the gene that codes for the hormone insulin-like growth factor 1 (IGF1). The IGF1 gene plays an important role in body size for dogs. ... The "small dog" variant suppresses the activity of the gene, inhibiting growth." (How DNA sequence divides chihuahua and great dane, The Guardian, 6 April 2007)

<http://www.guardian.co.uk/scien.../.../apr/06/uknews.sciencenews>

"The domestic dog exhibits greater diversity in body size than any other terrestrial vertebrate. We used a strategy that exploits the breed structure of dogs to investigate the genetic basis of size. First, through a genome-wide scan, we identified a major quantitative trait locus (QTL) on chromosome 15 influencing size variation within a single breed. Second, we examined genetic variation in the 15-megabase interval surrounding the QTL in small and giant breeds and found marked evidence for a selective sweep spanning a single gene (IGF1), encoding insulin-like growth factor 1. A single IGF1 single-nucleotide polymorphism haplotype is common to all small breeds and nearly absent from giant breeds, suggesting that the same causal sequence variant is a major contributor to body size in all small dogs." (A single IGF1 allele is a major determinant of small size in dogs, April 2007)

<http://www.ncbi.nlm.nih.gov/pubmed/17412960>

"...the work of Sutter et al. [21], who used a genome-wide survey and association analysis in the Portuguese water dog to identify a QTL (quantitative trait locus) on chromosome 15 that sorted with body size. In particular, IGF1 (insulin-like growth factor 1) was suggested as a candidate gene for body size variation in domestic dogs and variation at 116 SNPs (single nucleotide polymorphisms) for 526 dogs clustered into two major groups, small and large breeds. Gray et al. [20] expanded upon these findings

by using specific molecular markers (SNPs, microsatellite loci, insertion/deletion of a SINE element and nucleotide sequences) to characterize the segregation of domestic dogs into two major groups, small and large body size. As shown by their study, most small breeds of dog have two unique markers (SINE element insertion in intron 2 of the IGF1 gene and a SNP allele) not found in either wolves or large breeds." The chihuahua is evidence of the devastating affects of sin in God's creation!

Like other "pure breed" dogs, Chihuahuas suffer from problems that are specific to their breed, Some of those are:

> A major problem that affects them is the Patella luxation [loose kneecaps], where the kneecap of the dogs rear legs slip out of the grooves.

>They can suffer from Hypoglycemia [low blood sugar disease].

> As Chihuahuas have a very small mouth there can be an overcrowding of the teeth.

>They can suffer from Hydrocephalus [characterized by a build up of fluid around the brain].

> Collapsing trachea could be a problem [the symptoms include coughing, shortness of breath, and exhaustion].

> Molera, which is a soft spot on the top of their head [similar to a human baby's soft spot], but most Chihuahuas don't outgrow it, so care must be taken when petting or handling its head.

> As Chihuahuas have large protruding eyes they may develop an eye problem known as dry eyes. And due to their large eyes and as they are closer to the ground, they are more prone to eye injuries than many other breeds.

The most extreme example of dog breeding is the Bulldog, which suffers many defects:

<http://www.bulldoginformation.com/bulldogs-hereditary-defec...>

"[S]ome modern breeding practices — including inbreeding and breeding for “extreme traits,” like the massive and short-faced head of the bulldog — are detrimental to the health and welfare of dogs."

...“There is little doubt that the anatomy of the English bulldog has considerable capacity to cause suffering,” Dr. Nicola Rooney and Dr. David Sargan concluded in one of the reports, “Pedigree Dog Breeding in the U.K.: A Major Welfare Concern?” “The breed is noted to have locomotion difficulties, breathing problems, an inability to mate or give birth without assistance. . . . Many would question whether the breed’s quality of life is so compromised that its breeding should be banned... [The Bulldog] is the most extreme example of genetic manipulation in the dog-breeding world that results in congenital and hereditary problems. ..bulldogs are significantly more likely than other dogs to suffer from a wide range of health issues, including ear and eye problems, skin infections, respiratory issues, immunological and neurological problems and locomotor challenges..” (Can the Bulldog Be Saved? "Giant George, a 43-inch-tall Great Dane ...holds two world records: tallest living dog and tallest dog ever." compared to "the smallest living dog is Boo Boo, a long-haired female Chihuahua [who is] just 4 inches tall" (15 pets with Guinness World Records, AUGUST 24, 2013)

<http://www.mnn.com/.../15-pets-with-guinness-worl.../tallest-dog>

Even though most (if not all) dog breeds are the result of artificial selection by humans, they show that a huge variation can be achieved within a species/kind. If the different dog breeds were found as fossils, we may have assumed they were different species. I wonder how many fossils which are classified into different species, are actually the same species/kind?

Dogs are a good example of deterioration within a population, and most breeds emerged within within the last two centuries; therefore, long periods of time are not required for extreme variation within kinds/species.

"Since the formation of breed clubs and official breed standards only happened in the 1800s, it's really surprising that we've found such a high degree of distinction between different breeds," said geneticist Leonid Kruglyak....." (John Pickrell., Dog DNA Study Yields Clues to Origins of Breeds, National Geographic News, May 20, 2004)

[http://news.nationalgeographic.com.au/.../0520\\_040520\\_dogbre...](http://news.nationalgeographic.com.au/.../0520_040520_dogbre...)

"Because the mixed dog breeds draw from a broader genetic pool, they are not prone to genetic illness that is predictable in many pure breed dogs." (Mixed Dog Breeds - Mixed Breed

Dogs, [doggieparadise.com](http://doggieparadise.com))

"As expected, however, the level of genetic diversity within any single breed is considerably less than the species as a whole [10]. Most breeds demonstrate a pattern indicative of two population bottlenecks—domestication and breed formation [9],[11]. In support of that, Gray et al. modeled the demographic history of wild canid populations and domestic dog breeds and showed that domestication resulted in a 5% loss of nucleotide diversity, while breed formation caused a 35% loss" (Abigail L. Shearin., Elaine A. Ostrander., Canine Morphology: Hunting for Genes and Tracking Mutations, Plosbiology, March 2, 2010)

<http://www.plosbiology.org/.../i.../10.1371/journal.pbio.1000310>

Short segments of genes from the gray wolf, were found in every sample of the dogs' genetic information. However, the nucleotides that make dogs look different were only found in a few areas of the DNA. Many if not all dog breeds are the result of artificial selection by humans, which has created gene bottlenecks through selectively breeding different dogs for different traits, which explains why only a few areas on the genome are responsible for how dogs look. Diversity is lost in this process [i.e. lots of those nucleotide puzzle pieces get eliminated]. "Domestic dogs exhibit tremendous phenotypic diversity, including a greater variation in body size than any other terrestrial mammal, [however only a small number of genes actually account for different phenotypes] ...we show that the remarkable diversity of form in the dog, in contrast to some other species studied to date, appears to have a simple genetic basis dominated by genes of major effect." (Boyko AR, Quignon P, Li L, Schoenebeck JJ, Degenhardt JD., A Simple Genetic Architecture Underlies Morphological Variation in Dogs, 2010)

Researchers "analyzed genetic signals of diversity and relatedness in a special region (the hypervariable

region) of the mitochondrial genome of ancient dogs from the Americas. ...The researchers found four never-before-seen genetic signatures in the new samples, suggesting greater ancient dog diversity in the Americas than previously thought." (Study of ancient dogs in the Americas yields insights into human, dog migration, January 7, 2015)

"Rather than gaining new cognitive abilities that wolves never had, such as so-called "theory of mind" required to learn complex tasks by watching others perform, dogs may have undergone an evolutionary tradeoff: losing some of the ability to learn from their own kind, but gaining the ability to learn from humans. ...The jury is still out on whether dogs have lost a mental ability." (Who's (Socially) Smarter: The Dog or the Wolf?, 28 May 2013)

"It might be easy to forget that our dogs are the descendants of wolves, but not after seeing this! They're dogs, alright. You can see it in the tail wag." (She Was Approached By A Pack Of Ferocious Wolves. And What They Did To Her Is Unbelievable, February 24, 2015)

<http://boredomtherapy.com/woman-wolf-reunion/...>

"Today, the wolf is the largest of wild canids. But [supposedly] 8 million years ago there was a dog species that would have dwarfed any wolf. *Epiyon heydeni* was as large as a lion, and it sported jaws armed with massive premolar teeth and as powerful as those of a hyena, which could crush the bones of its prey almost effortlessly." (Giant dogs of the past, 22/10/2014)

<http://chasingsabretooths.wordpress.com/.../giant-dogs-of-th.../>

"Darwinian evolutionists propose that genetic variability is the result of random mutations that have accumulated gradually over millions of years. In contrast, creationists generally assume that God made all useful genetic information during the creation of the world. Both largely agree that groups such as the Family Canidae evolved from a common ancestor, and the rapid development of variety during the domestic dog breeding, was simply the result of shuffling preexisting genes. This common genetic theory fails to explain the rapid production of the significant diversity when presented with the assertion that the wolf was a pure breed while in nature. A purebred organism is a genetic homozygote for the characteristics in question, and will therefore pass its traits to every offspring produced. In other words, wolves only give birth to wolf pups, but from them a tremendous genetic and morphologically diverse number of dogs have been isolated in a relatively short period of time."

"Arguably, the wolf did not already possess the variability we now find among the domestic dogs. Instead, diversity began to increase following domestication, which effectively removed the selective pressures that kept the animal true to form. It would appear that selection must persistently remove new alleles to keep a bloodline pure. That assertion is adequately demonstrated by the need to continuously remove variants from registered breeds in order to maintain desired traits."

In fact, the Australian cattle dog breed was bred from a collie type dog, dalmatian and dingo.

" In dogs, the domestication bottleneck involved at least a 16-fold reduction in population size, a much more severe bottleneck than estimated previously. A sharp bottleneck in wolves occurred soon after their divergence from dogs, implying that the pool of diversity from which dogs arose was substantially larger than represented by modern wolf populations. We narrow the plausible range for the date of initial dog domestication to an interval spanning 11–16 thousand years ago," (Genome Sequencing Highlights the Dynamic Early History of Dogs, January 16, 2014)

<http://journals.plos.org/plosgenetics/article...>

"The origin of domestic dogs is poorly understood [1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14 and 15], with suggested evidence of dog-like features in fossils that predate the Last Glacial Maximum [6, 9, 10, 14 and 16] conflicting with genetic estimates of a more recent divergence between dogs and worldwide wolf populations [13, 15, 17, 18 and 19]. ...We use the directly dated ancient wolf genome to recalibrate the molecular timescale of wolves and dogs and find that the mutation rate is substantially slower than assumed by most previous studies," (Ancient Wolf Genome Reveals an Early Divergence of Domestic Dog Ancestors and Admixture into High-Latitude Breeds, June 2015)

<http://www.sciencedirect.com/.../article/pii/S0960982215004327>

"Its radiocarbon age of 35,000 years conflicted with the already published age of 15,000 years for dog divergence. How did the Current Biology study authors handle this? Easy—they simply dialed down the mutation rate to make it match their radiocarbon age [they re-calibrated it]. They wrote, "The mutation rate must be substantially slower in order to be compatible with the age of the Taimyr individual."1 Of course, this language implies that their carbon age is "the age.

Instead of explaining why or how the details of several other teams' DNA sequence analysis algorithms may have missed the mark, these scientists simply fiddled with the mutation rate to match their carbon date." (Dog Fossil Study Shows Wobbly Dating Practice, June 8, 2015)

[Atheism on the Slide](#)

Recently we've been getting dozens of trolls who are enraged about a meme that I made that says: "Atheism, the religion With the least amount of evidence to support it".

So because of that, I'm going to keep asserting that atheism is a religion, because it most certainly is. The fact that atheists churches are a thing is proof enough.

Some more proof:

-Atheist symbols. Can't have a religion without symbols.

-Atheist evangelists. The late Pastor Hitchens, Arch Bishop Dawkins, Youth Leader Nye, and all of the millions of atheists who actively try to spread the atheist "gospel".

-Atheists who hold their atheism at utmost importance. Most serious religious people hold their religion as among the most important things to them. Atheists have made it clear that their atheism is a critical part of their identity and how they view life and reality in general.

SIMON GREENLEAF DIED October 6, 1853. Born on December 5, 1783, Greenleaf was an agnostic, some say atheist, who believed the resurrection of Jesus Christ was either a hoax or a myth. No stranger to truth, and to the proof of the truth, Greenleaf was a principal founder of the Harvard Law School and a world-renowned expert on evidence.<sup>1</sup> Challenged by one of his students one day to "consider the evidence" for the Resurrection of Jesus Christ, Greenleaf set out to disprove it, but ended up concluding that the Resurrection of Jesus Christ was indeed fact, not fiction.

[Jase Lamont](#) [Human evolution is a FAIRY TALE STORY! p](#)

atheists have officially lost the argument as far as Christianity, the Bible, theism, and God is concerned.

Totally frustrated by the mounting scientific evidence against their point of view and the increasingly sophisticated arguments of theists, atheists are simply imploding emotionally and intellectually. Almost all of their comments and responses on Facebook and other web pages has now been reduced to:

- 1) Generalized insults and put-downs of Christians and theists;
- 2) Generalized insults and put-downs of theist sites;

- 3) Generalized insults and put-downs of the people who run theist sites;
- 4) Flinging angry obscenities and blasphemies at theists wherever they can;
- 5) Presenting totally shallow, unsubstantiated, evidence-poor "counter-arguments" that they insist are based on "science" and "reason", but are instead based on nothing more than emotional bias, scientism, rational contradictions (that for the most part they can not -- or will not -- see), secularistic propaganda, narrow-minded dogmatic atheist ideology, and outright lies.

Atheists stubbornly insist that they are right about everything and wrong about nothing, and that theists are wrong about everything and right about nothing. This is the tactic of one who is intellectually desperate: simply ignore everything that your opponents say, and in response keep repeating the same irrational atheistic mantras over and over again (that unfortunately have been thoroughly disproved by science, reason, and common sense). And when called out on these dishonest, disingenuous tactics, turn around and insist that it is the THEISTS who are actually doing this!

Another favorite trick of atheists nowadays is, if you have published a book on theism, get all your atheist buddies to write in dozens of fake "reviews" of the book (even if you haven't read it!) so as to lower its rating on Amazon.

Never mind that most of these "reviews" consist of little more than personal put-downs of the author (and theists in general), rather than any real critique of the book's content. And when you DO make some attempt at a critique of the book's content, then make sure you use plenty of generalized (so-called) "counter" arguments, such as "You're wrong!", "You're stupid!", and "You don't know what you're talking about!"

But the real proof of the utter frustration and childish desperation of the atheist camp today is their latest tactic, which is to create false Facebook pages with the most vile, obscene, and blasphemous names that they can think of (with the complete cooperation of the equally dogmatic atheists who run Facebook), and then troll Facebook "liking" everything on theist pages, so that the crude Facebook names will show up everywhere. This kind of thing is the last-ditch tactic of the desperate, the totally frustrated, and the defeated. By doing this kind of thing, the atheists on Facebook have conceded that the intellectual argument for atheism is over -- now it's time to get down and dirty, and just use every morally underhanded dirty trick we can think up in order to "get back" at those theists for making us look like intellectual fools.

Yep, the real argument is over. All that's left now is for the atheists out there to totally come apart at the seams and end up in a rubber room somewhere.

New Atheist fundamentalist Sam Harris was quoted saying this horrendous line. Imagine if I said that if had the choice to rid the world of atheists or rapists, I would choose atheists. That would be abominable. This is NOT the view of majority atheists, but of the radical New Atheists. It is probably a major reason why atheism is on the decline.

This is one of the racist comments that Darwin made. One of the excuses atheists will try and use is that Darwin was referring to animals, not humans.

So my questions are: Where in Darwin's time can anyone show us where different animals were referred to as races? And can they also list which one's that were civilized and which ones were savage? Also remember that Darwin's book was named "Origin of Species" not Origin of races. And the second part of the title did refer to race making the theory racist and therefore was later removed to cover that up.

---

## [Evolution is a Lie](#)

Evolution is based in racism...

I posted this before but I am posting it again because no atheist responded to this. And the reason is because the pic makes a point that cannot be refuted. So there are 3 question to ask:

- 1) Can the atheist show where in Darwin's time that the word "race" was commonly used to refer to different types of animals?
- 2) Can you name the types of animals consider civilized?
- 3) Can you name the types of animals that were savage?

Not being able to answer these questions shows that atheist are willing to openly lie for evolution and cover up it's real goals which is to exalt one race over another. And to cover up that Darwin and all his friends who helped him with evolution were nothing more than KKK thinking people who would do anything to promote the white above all other races,

Don't believe me? Every scientifically used human evolution chart always ends in white man as the final product and the highest evolved race of humans. Exactly how was this determined?

Could it be that every person involved inventing this idea were white as well? More silence will only speak more volumes about the truth of all this. ~ Issac

Evolutionary paleontologist G.G. Simpson had no time for this “pussyfooting”, as he called it. He said, “In fact, that earlier ancestor would certainly be called an ape or monkey in popular speech by anyone who saw it. Since the terms ape and monkey are defined by popular usage, man’s ancestors were apes or monkeys (or successively both). It is pusillanimous if not dishonest for an informed investigator to say otherwise.”

**[Michael Swenson](#)** Setting aside the Divinely Inspired HOLY WRIT, FACTUAL HISTORY, the scientifically supported contents of the HOLY BIBLE, for those who profess evolutionary rubbish ARE in fact following FANTASY, FABLES, FICTION!!! and their dogmas of facile twaddle are PREDOMINANTLY connected to the same gibberish as abiogenesis, and a causeless universe. <https://www.facebook.com/notes/michael-swenson/the-modern-evolutionary-paradigm-is-not-science-it-isnt-even-good-science-fictio/747467775332184> it is ALL complete CRAP, total rubbish FORCED on children in coerced indoctrination and HAS NO BASIS WHATSOEVER in reality! evolutionists post a meme of bones and CLAIM it is a transitional species because it has both lungs and gills, IT LOOKS EXACTLY like a dead salamander because that is what it is! BUT in the FANTASIES of evolutionists, it is hundreds of millions of years old and is prescribed another name to fool themselves and others; rather than what it really is, JUST ANOTHER salamander! <https://www.google.com/search...> ALL OF EVOLUTIONARY crap is that SAME kind of IMAGINARY NONSENSE. NO ONE in the RIGHT MIND believes a single cell magically morphed NO MATTER HOW MANY COUNTLESS AEONS you assign to it (also in your WILD FANTASIES) into all known species today. THOSE THAT DO ARE FACTUALLY DEMONSTRATING JUST HOW DANGEROUS MASS BRAINWASHING REALLY IS; because it leaves all such victims in <https://www.facebook.com/notes/michael-swenson/denial-of-reality/874509385961355> so severely, that it not only makes them look unbelievably STUPID but totally delusional! <https://www.facebook.com/notes/michael-swenson/creation-v-evolution-please-use-your-intelligence-to-recognize-intelligence/566154943463469> and <https://www.facebook.com/notes/michael-swenson/evolution-and-atheism-intertwined-religions-of-the-insane/492209810857983>
