"9/11" Truth Tellers-One MORE Suspicious Death

-Wendy Burlingame, Daughter of Pentagon Pilot, Dead-

-By Pamela Schuffert presenting investigative journalism from a
Christian perspective

**The whole tragedy of "9/11," when it occurred, struck most
Americans with a terrible impact, emotionally and mentally.**

For some of us, however, that impact was heightened when we received
reports of personal friends, relatives, acquaintances, etc. being
involved in the death tolls. I was horrified when I began to read reports
immediately following "9/11" (while researching the NWO agenda in
Oahu, Hawaii, at the time it occurred.) I couldn't believe it at first when
I read that the ***PILOT OF THE PLANE THAT ALLEGEDLY HIT
THE PENTAGON*** was none other than ***"Chip" Burlingame.***

THE BURLINGAMES! Both the Burlingame family and mine were
USAF. The Burlingame parents and my parents were long term friends.
We were stationed together in several locations, including Offutt AFB
in Omaha, NE and also lived later in the Northern Virginia area outside
Washington DC.

I had gone to school with pilot Chip Burlingame's brother, BRAD
Burlingame, and his sister DEBBIE Burlingame, in Betz Elementary

School in Bellevue, NE outside Offutt AFB. When both of our families moved to Alexandria, VA area later, the Burlingames and several of their children (Mark, another son) came and visited our home, in fact.

And when Mr. Burlingame Sr. was dying of cancer, it was my mother that his wife called for prayer. She knew my mother and I were strong Christians who believed in the power of God and prayer.

As the years following "9/11" progressed, more and more information came forth to the American public revealing that ***THIS WAS ANOTHER INSIDE JOB***, with ***HIDDEN MOTIVES*** and ***AGENDAS*** involved. And so the ***"9/11 TRUTH TELLERS"*** emerged."

Also coming forth were those suspicious family relatives of 9/11 victims who perished in both the planes and the buildings, demanding to ***KNOW THE TRUTH***. And one of those demanding to know the truth was Wendy Burlingame, ***THE DAUGHTER OF PILOT CHIP (Charles) BURLINGAME***, who lived in the Galaxy Towers condominium in NJ.

The following is an excerpt from a news report after the tragedy happened. ALWAYS remember when reading an article like this, that ALL such news is CENSORED for content by the White House, Pentagon, CIA and related agencies, especially when pertaining to major events like "9/11" and all related news. Beware of "official government explanations" and news media boas/blackout covering up government complicity and related black ops.

the daughter of the pilot of the hijacked jet that crashed into the Pentagon on 9/11, authorities said this afternoon. Wendy Burlingame, 32, was the daughter of Charles F. Burlingame III, who was the pilot of American Airlines Flight 77 on Sept. 11, 2001.....She was found dead in her apartment, apparently of smoke inhalation, after a fire started inside her bedroom sometime Monday night. Fire officials said Burlingame and her boyfriend attempted to douse the fire using water from a sink, but it quickly spread out of control. The boyfriend made it out of the apartment, ***but the door closed and locked behind him and he couldn't get back inside.*** Burlingame and her two dogs -- identified by the Humane Society as a 4-year-old female pitbull and a 3-month-old pitbull puppy -- were found dead inside..."

Wendy knew that something strange and suspicious had happened to her father Chip, and wanted to ***KNOW THE TRUTH.*** She refused to remain silent and became quite outspoken.

FIELD MCCONNELL is a "9/11" TRUTH-TELLER/

RESEARCHER, retired from the USAF. I met with him personally while traveling to research and document for my investigative journalism. Due to his knowledge about "9/11" and years of investigation, I had him on several of my radio broadcasts.

McConnell told me and my radio listeners what happened, in fact, to the plane piloted by Chip Burlingame, that ***ALLEGEDLY*** hit the Pentagon. ***THE PLANE NEVER HIT THE PENTAGON!*** He

revealed how instead it had been ***remote piloted out over the Atlantic Ocean and incinerated*** with high temperature explosives which were remote detonated, and utterly destroyed.

And when his daughter Wendy, sensing that foul play had occurred in her father's death, continued to ***DEMAND AN EXPLANATION*** and a probe of what really happened, ***SHE DIED UNDER MYSTERIOUS CIRCUMSTANCES AS WELL.***

For example, how ***COULD*** a door close behind him and ***ACCIDENTALLY*** remain locked...keeping the alleged "boyfriend" from returning back inside to rescue Wendy? It takes conscious effort, especially when fleeing in panic, to STOP and make SURE the locking mechanism is engaged before exiting and deliberately closing the door shut.

Was this man a bona fide boyfriend, or an infiltrator sent in by the intelligence community to keep close tabs on the daughter of the Pentagon pilot? ***WAS*** her suspicious death a setup to silence her demands that THE TRUTH COME FORTH about her father's death?

Field shared how she perished in 2006, in a mysterious fire in her condominium unit. Strangely, he added, none of the ***OTHER*** condominium units were affected, but only hers. Field revealed that it was extremely HIGH TEMPERATURE as well.

This has led many "9/11" Truth investigators to wonder if the military had used exotic 21st century death weapons possibly linked with microwave, directed energy, pulsed or laser weapons being developed, to destroy her and her condominium. And to wonder IF the alleged

News media bias/blackout is continually publishing White House/

the American people may NEVER know the full truth due to
government cover-up.

I am personally convinced, as are many other Americans, that
ANYTHING IS POSSIBLE.
